Managed Student Printing Program

In the spring semester of 2011, ITS computer labs and AU's libraries are going to implement a Managed Printing Program for students. The purpose of this initiative is to reduce unnecessary printing in public computer labs on campus.

Using a print management software program called PaperCut, AU will assign each student a set number of free printed pages per semester. After a student has exceeded the number of free prints, he or she may add money to his or her account and continue printing. At the end of the semester, the student will be charged for the extra amount.

For more information, please visit the Managed Student Printing Program Web page.

Familiarize Yourself with Safety Tips

The Alfred Police Department has reported an increased number of assaults within the village. While no one has been seriously injured, the Office of Public Safety would like you to take a moment to review the following safety tips.

If you see any suspicious activities please report it to 607.871.2108 or 911. Public Safety also provides a campus escort service. To request an escort call 607.871.2108

While in the Village of Alfred:

- * Alfred University students are statistically safer than the average residents, who in Alfred, with its relatively low crime rate, are safer than residents in most other villages. However, this community is not without some incidents.

- * Students need to be aware of their surroundings.

- * Travel in groups of two or more (the buddy system).

- * Let a roommate or friend know where you are going and when you plan on returning.

- * Carry wallets in front pants pocket.

- * Use bags, pocketbooks etc. that zipper well. Avoid placing your bag on backs of chairs or under the table; carry your bag close to your body, tucked in the bend of your elbow. Avoid bags that clasp or snap shut.

- * The best time to use ATMs is during the daylight hours. Avoid carrying large amounts of cash. Minimize the number of credit cards carried.

Safety if you're going out to a bar or party:

- * Do not go out alone. Always go out in groups of 2 or more and travel in well-lit and populated streets.

- * Tell your friends/roommates if you're leaving, with whom, where you're planning to go and when you plan to return to your room.

- * Do not accept open drinks (alcoholic or non-alcoholic) from others who you do not know or do not trust; this includes drinks that come in a glass.

- * At parties, only accept drinks in closed containers: bottles, cans or tetra packs.

- * Never leave your drink unattended or turn your back on your table.

- * Do not drink from open beverage sources like punch bowls, pitchers or tubs.

- * Keep your eyes and ears open; if friends appear to be "too intoxicated" for what they have consumed, leave the party or bar immediately, and return to your room or seek medical attention. Do not return to the bar or party!

- * Be alert and aware of your surroundings at all times.

- * Know where you need to go and the safest way to get there.

- * Trust your instincts! If you sense something is wrong, get away from the situation.

Ever Have a Chance Encounter

Ever been far away from Alfred and had a chance encounter with a fellow alumnus, former faculty member, former roommate, campus staff member? We'd like to hear stories about the time you just happened to have an encounter with someone connected to Alfred University.

Some of your stories might be used in an upcoming edition of Alfred Online, our e-magazine. Send your stories to Debbie Clark at clarkd@alfred.edu by Monday, Nov. 15. Photos would be great too. Thank you.
