### Calling All Engineers

Want an inside view into world-class manufacturing? How humans and robots can work together? How lean manufacturing/lean engineering works?

We have a unique opportunity to go "behind the scenes" and see BMW, Mercedes and other German industries. Plus, absorb German culture and go to a German university and compete with German students in a manufacturing simulation.

All this and more will take place Allen Term 2017. If you are interested, come to an information session Tuesday, September 6 at 4:45 p.m. in Olin 310.

### Observed and Imagined: Works on Paper by Mario Prisco

September 9- October 16, 2016: Tuesday - Friday 11am - 5pm

Opening Reception: September 9, 6-8pm

Location: Cohen Gallery 55 North Main Street Alfred

Cost: free

The Cohen Gallery will present recent figure drawings and fantastical watercolors by Alfred University Professor Emeritus and Dean Emeritus Mario Prisco from September 9 to October 16. For Prisco, observational drawing using the human form is a touchstone to his larger practice. His figurative work has always influenced essential decisions in his painting--the selection of objects, the relationship between parts, and the handling of edges. His series of watercolors displays fanciful and recurring motifs in imagined landscapes of bold colors and multiple perspectives. The distance he travels from the real to the surreal may seem extreme, but the artist would argue that the painterly skills and compositional connections between the two genres are implicit.

Mario Prisco was born in Brooklyn in 1930. After attending the High School for Music and Art in Manhattan, he went on to receive his BFA and MFA at Syracuse University. His teaching career included positions at Moore College of Art, where he established the Fine Arts Division, and the School

of Art and Design at Alfred. Prisco has had a long and successful career at Alfred. Among his many accomplishments were the creation of the design program and the establishment of sophomore drawing. He continues to attend the Thursday night open studio on campus.

### **ITS Equipment Lending Has Moved to the ITS Helpdesk**

ITS is pleased to announce that ITS Equipment Lending has relocated to the ITS Helpdesk on the lower level of Herrick Library. The former Lending office in Perlman Hall is now closed.

This new, convenient location will allow us to provide a better quality of service to the campus community.

If you have any questions, please contact the ITS Helpdesk at 607-871-2222 or [helpdesk@alfred.edu](mailto:helpdesk@alfred.edu).

### **Allow more time for AU Interlibrary Loans**

Scholes Library's Interlibrary Loan (ILL) assistant will be retiring July 28th. There are plans to cover Scholes Library ILL with staff from Herrick Library until a replacement is hired. However, our quick response time, of which we are justly proud, will necessarily be somewhat slower. So if you are planning to submit ILL requests, for either library, please send them in a little sooner. As always, we want to get you what you need, but we will be operating shorthanded for a while. In addition, during this time, Document Delivery will be suspended. Articles available from the Scholes Library print collection will need to be retrieved by the library user.

## New SPAM Filter

As many of you know we have been migrating to O365 over the last several weeks. Last night, we took a major step toward completing that migration by eliminating the use of our Barracuda firewall, which is the server/service that provided our SPAM filter.

With the elimination of Barracuda, Microsoft is now managing our SPAM mitigation services through Exchange Online Protection. This means that you no longer need to monitor your Barracuda account. However, you should redirect your attention to routinely checking the "Clutter" and "Junk mail" folders which are located on the left-hand pane of Outlook (or whatever email client you are using).

By default, Exchange stores frequently deleted-items (that you rarely open) in the "Clutter" folder. The "Junk mail" folder is more similar to the Barracuda, in that this is the location where SPAM is filtered. You can restore emails to your in-box from either of these folders.

If you would like more information or have a questions, please call the Help Desk at x2222.

## New Canvas Feature - Email Your Students

ITS is pleased to announce that faculty now have the ability to email their students from Canvas. This feature has recently become available, and has been enabled at the institutional level.

Individual instructors will need to update their default Conversation settings to send messages to email, rather than the internal Inbox in Canvas.

Instructions are attached. If you have any questions, please contact the ITS Helpdesk at 607-871-2222 or [helpdesk@alfred.edu](mailto:helpdesk@alfred.edu).
