Please, when you're parking your vehicle think of the others who need to park with you. Thank you for your cooperation.

### **Safety tips for walking on ice**

Please use extreme caution when traveling by foot or vehicle in and around the construction areas on campus. Pay special attention to the crosswalk area near the McMahon bldg. as well as the driveways

between Perlman Hall and Myers Hall and Powell Campus Center. The construction vehicles are doing their best to look out for pedestrians; however, they also need your help in paying attention to dangerous situations. Do not cross behind any construction vehicle or delivery truck unless you have been told to do so by one of the traffic spotters. If there is no spotter, you must cross in front of the vehicle after you have the driver's attention and their vehicle is stopped.

Due to fluctuating winter weather conditions, several roadways and walkways have slushy, snowy or icy conditions. Be prepared when walking outdoors in the winter and use caution at all times. Please read the accompanying flyer for details on winter travel preparedness.

Just a reminder, all accidents must be reported to Public Safety (607-871- 2108) or EHS (607-871-2190) immediately.

Thank you. Cherise Haase, EHS Manager
