

## Kelleher '91's veterinary practice featured in a new National Geographic Wild series

9/24/14

Dr. Susan Kelleher, AU Class of 1991 (graduated in December 1990), writes that she and her staff are “very excited” about her veterinary practice being featured in a new National Geographic Wild series “Dr. K&s Exotic Animal ER” - beginning Saturday, Oct. 4. Susan owns and operates one of the busiest exotic animal care practices located in South Florida - Broward Avian and Exotics Animal Hospital.

“Everything but dogs and cats. If it will fit through the door, I’ll treat it!” is Dr. K&s motto. “And through the door they come. Rabbits, reptiles and birds of all shapes and sizes, foxes, ferrets, fish, marsupials, and even primates,” reads the show’s promotional material.

Susan says National Geographic filmed six, one-hour episodes at her practice in Deerfield, FL, between January and June of this year.
