

White Hall, Ill., Aug 16, 1905

Dear Professor

Your note at hand. It is lucky for me that I am lucky.

I will take up experimental work for St. Louis parties in St. Louis directly

I leave here. The pay is the same and no one to bother me.

I will let you know from time to time how I get along. I will have the privilege of looking about for the future as I do my work, this being in the terms.

Yours truly

Paul E. Cox
