## TO THE CLASS OF 1940

Welcome :

It is, indeed, a pleasant task as the years roll by to welcome new classes to Alfred University. Your high school days are over and you are undertaking the adventure of college. You are undertaking this adventure, too, as Alfred begins its second century. I am glad that you have chosen Alfred as your school. I hope that you will like us and that Alfred will like you. In other words, I hope that you are the type of persons which this school can successfully lead in the attainment of real education.

I hope that you will have an enjoyable time here. Most students do. A touch of homesickness occasionally bothers one during these first weeks, but it is a disease never fatal and requiring the attention of no graduate of a medical college. I hope that the social life, the sports, the dramatics, the journalistic opportunities and other extra-classroom activities will claim their proper share of your time and interest. They are a real part of a well-rounded education.

I hope that you are getting into the right courses. If you are planning on

J. Nelson Norwood, M.A., Ph.D., President

engineering, art, teaching, business, social work, medicine, dentistry, law, or what-not, I hope you are fairly sure you are after what you really want. Now is the time to expend gray-matter on that issue. I welcome you to a lot of hard study and real intellectual growth.

I hope you will find many congenial spirits, and a very small circle of cronies. These cronies should be a very select group. They will largely determine certain types of your growth in college. If possible have a few who are a notch above you in standards and ideals. Remember that these friendships will in some cases last a lifetime. One of these friends may become your wife (or husband).

I hope you will plan to grow in right directions. You will grow, that is inevitable; that you cannot control. But how and toward what you grow is partly your business. I welcome you to the opportunity to grow into bigger and more worthwhile men and women. After all, whatever profession we may be studying to fill, we will have another supremely important job on our hands. We must not only know our business and acquire our needed skills to do something in life, but we must grow to be somebody. I welcome you to that task in this fine, old institution.

J. NELSON NORWOOD, President

## STORY OF ALFRED UNIVERSITY

To you young men and young women coming upon the campus of Old Alfred for the first time, coming to make yourselves Alfred's and Alfred yours; to you I say the questions will naturally arise: "How and when and why did Alfred University start," "What has it been?" "How has it become what we now see?" To be sure, there is a spirit and ideal here that you can learn about only by contact and experience with it; but glimpses at the story of its past can be given, which will aid you to learn of its spirit.

It was one hundred years ago the fifth day of next December that thirty-seven young people got together in an upper room in one of the eight or ten houses that made up Alfred Center, as it was then called, forming the select school, the seed of Alfred University. The teacher was a young man named Bethuel C. Church. He taught one winter, and was succeeded the second winter by a student from Union College, named James R. Irish. The school was already a success and people had said, "Go to, let us build a school building for our new school." This was done by the fall of 1837. The new building had 28 by 38 feet floor space and was ten feet high to the eaves. It was surmounted by a cupola which caused the students to dub it the "Horned Bug," but more dignified people called it "The Cadmus." It cost \$550.

In 1839, when Mr. Irish resigned, another Union student, famous in Alfred history, took charge and gave his whole life to the building up of Alfred University. When

the little select school was chartered as an academy in 1843, his title became Principal, and when it asked in 1857 for a college charter, but got a university charter, his title was changed to President. He died in the presidential harness ten years later.

Although "The Cadmus" was enlarged still bigger ideas were incubating. A tract of forest land was bought on the lower slope of Pine Hill (perhaps you are sitting somewhere on it as you read this) and was slowly made to resemble a campus. By 1846, three new buildings appeared on the hillside. Lumber and labor were cheap, much of both was donated, so that the total cost of these structures was \$16,000. There was North Hall, a dormitory, which had a checkered career. It stood about where the Steinhelm now stands. In 1868 it was sold to the school district and moved down to the present site of Kanakadea Hall and used as a school house. But its "moving down" propensities had not disappeared, for it was acquired by a private individual and moved still further down the hill and fitted up as a hotel. This private individual was Mr. William C. Burdick, who, in 1896 allowed the University to use the building as a dormitory. Later his heirs gave it to the school. Have you guessed it? Yes, that's it, its present name is—Burdick Hall.

Then, there was old South Hall, a girls' dormitory. It stood where the Social Hall now is, and went up in smoke one cold February morning in 1858. Middle Hall, a boarding place, and a home for some of the teachers, stood on that old cellar site south of the Steinhelm. Later it came to be the home of President Allen, and just after being wholly remodeled as a college dormitory, it was burned early in 1912.

Meantime the old Chapel (Alumni Hall, with the quill-pen weather vane), 1852, and the Brick, 1859, so-called to mark its contrast with all the other buildings, which were of wood, appeared. In due time (1863-66) was completed the William A. Rogers Observatory (now taken down) introducing the name of one of the most famous men in the field of science Alfred has ever possessed.

When President William C. Kenyon ended his labors in 1867, all eyes turned to a member of the faculty, Jonathan Allen, as his logical successor. Professor Allen had been a student in that first select school, and like some of his classmates, had paid his tuition by chopping six cords of four foot wood. He shrank from the task imposed upon him by the trustees, but proved that they and other friends had been right in naming him president, for under his direction Alfred University prospered, and his influence spread far and wide in the land.

In 1879 the unique and beautiful structure called the Steinhelm was finished. It represented many things, including a Rhine castle, the geological formation hereabouts, and in its interior finish, many local woods. The building and its collections were given to the University by its owners, President and Mrs. Allen.

At President Allen's suggestion, a suitable monument to President Kenyon was erected (1882) in the beautiful Kenyon Memorial Hall. The Gothic was a faculty member's home, and was purchased by the University in 1885.

President Allen managed Alfred's affairs for an even quarter of a century, dying in 1892. The late Professor A. B. Kenyon, as acting-president for a year, and Dean Ar-

thur E. Main as President for two years, brings our story to 1895, when President Davis began his long and successful service as builder of the New Alfred. Then came others of our familiar buildings: Babcock Hall of Physics (1897) (burned in 1929), the Ceramic School (1900), Kana-kadea Hall (1908), the School of Agriculture (1909), the Carnegie Library (1912), the central heating plant (1917), Allen Memorial Laboratory (1923), Track and Field House (1929), Susan Howell Social Hall (1930), Bartlett Memorial Dormitory (1931), and the new Ceramic College building (1931). In November (1932), the Brick was largely destroyed by fire and remodeled in 1933. During 1934 the new Hall of Physics was completed. These buildings constitute the obvious Alfred of 1936. Again let it be remarked that knowledge of the inner Alfred—the soul of these buildings and campus—is a matter of slow growth in appreciation. Let me drop one hint. It is said that when South Hall was on fire in 1858, one of the loyal supporters of the school, accompanied by his wife, was riding to town in the old farm wagon. When the pair reached the crest of the hill west of the village and saw the flames and smoke, the wife exclaimed: "South Hall's afire! I see where I wear my old dress another year."

Incidents like this enable us to sense more vividly the meaning of a stanza of Alma Mater which runs:

"She was founded in toil, cemented with blood,  
And nurtured through yearnings and tears.  
Her treasure, the hearts of brave heroes  
who stood  
Undaunted throughout trying years.  
Each stone was a prayer and her battle-  
ments there,

Have memories of purposes strong.  
Staunch daughters and sons are her monu-  
ments fair,  
And they lift up the grateful song."

1933 saw another important page written into the history of Alfred University. The long term of President Davis came to a close (1895-1933) and Dr. Paul E. Titsworth was appointed to take his place. The school mourned the death of this truly great leader, a scant few months later. He made his short presence keenly felt and was loved by all those who were fortunate to know him. Dr. J. Nelson Norwood was appointed President in his place, and is undertaking to carry on the work of his illustrious predecessors.

## ADMINISTRATION RULES

### REGISTRATION RULES FOR THE COLLEGE OF LIBERAL ARTS

Students will register at the Registrar's office on registration days. A fee of five dollars (\$5.00) will be charged for late registration.

Students are expected to register for no more than 17 hours, but if a student has an average standing of B in the preceding semester he may register for 18 or more hours upon the approval of the Dean and Registrar.

Physical Training and Assembly may be taken in addition to the maximum of 17 hours.

Regulations concerning standings to be maintained by students to entitle them to the privilege of registration the following semester:

Freshmen are required to have an average scholarship index of 0.

Sophomores are required to have an average scholarship index of 0.15.

Juniors are required to have an average scholarship index of 0.25.

Seniors are required to have an average scholarship index of 0.30.

For graduation it is required that a student have an average scholarship index throughout his course of 1.00.

Scholarship indices are explained in the catalogue of the College of Liberal Arts.

Students desiring to drop a subject for which they have registered, must obtain permission from the instructor, and report to the Registrar's office.

No subject can be dropped after the first week of the semester. For exceptions see grade "W" below.

## REGISTRATION RULES FOR THE COLLEGE OF CERAMICS

The procedure for registration in the Ceramic College is the same as that for the College of Liberal Arts and all the registration rules mentioned above hold equally for Liberal Art and Ceramic students except the regulations concerning standings to be maintained by students to entitle them to the privilege of registration the following semester. In the College of Ceramics they are as follows:

Freshmen are required to have an average scholastic index of 0.50.

Sophomores are required to have an average scholastic index of 0.75.

Juniors and Seniors are required to have an average scholastic index of 1.00.

A student, whose average cumulative index falls in a range between the average index mentioned above and an index of 0.50 less than that average index, shall be placed on probation for the following semester. If at the end of the probationary period the average cumulative scholastic index fails to come up to the requirement for his class he shall be dismissed for low scholarship.

A student, whose average index at the end of a semester falls below the range specified for probation, shall be dismissed because of low scholarship.

For further rules see the catalogue of the New York State College of Ceramics for 1934-35.

### ASSEMBLY

On each Thursday morning at 11:30 o'clock, there is a College Assembly at which an address or entertainment is given. One-half a semester hour credit will be allowed for attendance at Assembly, provided absences do not exceed three for the semes-

ter. No excuses for absence from assembly are granted.

### STANDINGS

The standings of students are reported to them only by letters, and not by percentages.

"A" signifies excellent or superior work; "B" signifies good work or above the average; "C" signifies average or fair work; "D" signifies poor or unsatisfactory work, and is the lowest passing mark; "E" signifies conditioned failure which may be made up by re-examination, or other conditions imposed by the instructor; "I" signifies that work is unfinished; "W" signifies that course has been dropped; "F" signifies failure, which may be made up only by repeating the course in which the grade was received.

A condition or "E" grade shall be given whenever a student has failed to do work of a passing grade, but has done sufficient work to be able to complete the course without repeating the class work. A condition may be removed any time during the following semester. Upon report from the instructor that the condition has been removed, the office will change the grade from "E" to "D".

An *incomplete* (designated by the letter "I") shall be given to the student whose work has been of passing grade but who has not completed the full amount of work required by the end of the semester. An incomplete may be removed during the following semester, when the student has satisfactorily completed the required work.

The grade "W" will be given to all students who drop a course after the first week of the semester and within two weeks prior to the beginning of final examinations providing the consent of the instructor is secured. If a student drops a course with-

in two weeks of examination time, the final grade shall be "F". The "W" shall count as (-1) in determining an index. A student may be excused from these penalties by vote of the faculty for good and sufficient reasons.

When a student has failed to complete one-half of the work required in a course, the final grade will be "F" and not "I".

An incomplete or a condition which is not removed during the next following semester of residence in the college, shall automatically be changed in the office to a failure (F) grade.

No credit is given, except by special vote of the Faculty, for one semester of any course which the instructor has designated to be pursued for a full year.

#### EXAMINATIONS

Final examinations are held at the close of each semester. Occasionally, written tests are held during the semester. Fees will be charged for all examinations taken by those not regular members of classes or for examinations or announced hour class tests taken at other times than those appointed. The fee for a special examination to take the place of a final examination is \$5. The fee for any special test to take the place of an announced one-hour class test is \$1.

When the student wishes to take a special examination or class test, he shall bring to the instructor a receipt from the University Treasurer, saying that the fee for the special examination or test has been paid. This receipt must be countersigned by the Dean (or by the Registrar in the absence of the Dean) to show that permission has been obtained to take the special examination. No special examination will be given by an instructor unless this re-

ceipt, properly countersigned, has first been presented.

#### ATTENDANCE REGULATIONS

Sec. 1. Regular attendance at class exercises is expected. In the event of absence for any reason the student is expected to make up the work to the satisfaction of the Instructor. If, and when possible this arrangement should be made before the student absents himself from class.

Sec. 2. Excuses for absences will be granted for the following reasons only:

a. Necessary absence incurred by one representing the University on official business such as participation in athletics, dramatics, student conferences and debates, provided arrangement has previously been made with the Dean.

b. Illness, provided the student arranges with the University physician or infirmary superintendent, secures a satisfactory statement from the officials concerned and files same within one week after the absent period.

c. Serious illness at home or other imperative matters necessitating the student's absence, provided such absence is arranged for with the Dean within one week from the date of the absence.

Sec. 3. Absences per semester for each course may be permitted without penalty not to exceed the number of credit hours. Two tardinesses may be reported as an absence. No absence, however, may be taken by any student on the day immediately preceding or following any college recess.

Sec. 4. Seniors and Juniors who have formed the habit of regular attendance and have not previously been disciplined for

violation of rules limiting absences shall have the privilege of voluntary attendance at classes on days other than those which immediately precede or follow any college recess. If, in the opinion of the Dean, this privilege is detrimental to the welfare of any student that student shall forfeit the privilege.

#### Sec. 5. Penalties:

a. All students absent without excuse on the day next preceding or immediately following any college recess shall have their credit for that semester reduced an hour for each course in which the absence occurs.

b. Whenever any student, except those Seniors and Juniors who have the privilege of voluntary attendance, has reached the limit of absences permitted in any course this fact shall be reported by the Instructor to the Dean who will investigate and in the event of further absences shall use such disciplinary measures as may seem necessary.

c. If a student's physical condition, as indicated by the number of absences caused by chronic illness, is such that he is unable to do satisfactory work he may be required to withdraw from college.

Sec. 6. No excuses shall be granted for absences from assembly. Three absences from assembly per semester are allowed.

Sec. 7. Absence from any class on the first day of the semester shall be interpreted as late registration for which a fee of five dollars (\$5) is charged. Absences will be counted from the first session of the class at the beginning of the semester.

Sec. 8. These regulations are administered by the Deans whose decision is final.

### LIBRARY REGULATIONS

1. Library Hours—The Library is open for regular work from 8:30 A. M., until 12:00 o'clock, and from 1:30 to 5:30 P. M., on week days. It is also open from 8:00 to 5:00 P. M., on Saturday and Sunday, and from 7:00 to 9:30 P. M., every evening except Thursday and Saturday, on these evenings it is open from 7:30 to 9:00 P. M.

#### 2. Loan of Books:

(1) Books may be retained two weeks with the privilege of renewal. (Current fiction may be retained for one week without the privilege of renewal).

(2) A fine of two cents a day, holidays included, will be imposed for all books overdue.

(3) Students whose fines are in arrears must settle the same before receiving their final standings at the end of each semester.

(4) Books are transferable on cards at the desk. Borrowers are not expected to pass books from one to another without making the transfer at the desk.

#### 3. Reserve Books:

(1) Reserve books used in the library must be returned to the desk before leaving the room.

(2) Reserve books may be drawn from the library at 9 o'clock at night and must be returned not later than 10 o'clock the following morning. Failure to comply with this regulation on the part of any student will subject him to a fine of 25 cents. Continued failure to comply with the above regulation will result in loss of all library privileges.

(3) Reserve books drawn Friday must be returned Saturday afternoon at 3 o'clock, and those drawn Saturday night must be returned Sunday afternoon at 3 o'clock.

### ATHLETICS

All students, unless excused by the University Physician are required to do one semester hour in physical training each semester during the freshman and sophomore years, under the supervision of the Director. The required work of the freshman year shall include lectures and gymnasium practice. Sophomores shall elect either advanced gymnasium practice or athletic sports supervised by the Department of Physical Education.

See Eligibility Rules.

4. The use of intoxicants by any student is forbidden. As a condition precedent to the students being accepted and remaining in the University, it is understood that the use, possession, or transportation of intoxicating liquors is forbidden. Violation of this rule of the University is sufficient cause to terminate a student's connection with the University.

## RULES FOR STUDENT CONDUCT AT EXAMINATIONS

1. All books, wraps, etc., not needed for the examination must be placed in the front of the room.

2. Any communication between students must go through a professor or proctor in charge.

### CHEATING

Cheating in laboratories, tests and examinations will not be tolerated. The burden of proof will be on the student, who must avoid even the appearance of cheating. Individual instructors will handle cases of cheating as they see fit. Every effort will be made to see that every dishonest student is so labeled in letters of recommendation.

### THE MERIT SYSTEM

1. All officers and members of any student organization or activity in Alfred University or in the New York State College of Ceramics shall be classified according to a definite system of credits, the number of which shall be in proportion to the demand of each office upon the time of the student, as well as upon the honor of the position.

2. An index of 0.5 must be obtained at the end of each semester in order to hold

any office on the campus or participate in athletics during the following semester.

3. All teams, organizations, and groups, recognized as existing upon this campus, shall be conducted in accordance with the following eligibility rules:—

At the beginning of the functioning periods of these said bodies, the faculty advisors or executive heads shall submit to the Student Senate a list of those in whom they are interested. The Senate shall obtain their indices for the first preceding official index and notify the responsible parties of any who may not be eligible according to section two above, and any other rules in force at that time. At the request of the before mentioned parties the Senate shall ask the Dean to obtain the current indices of those previously found to be ineligible, and to determine if they are then eligible. All former ineligible, found to be eligible, shall be allowed to continue in that organization until again found ineligible. All those found ineligible shall not be permitted to represent that organization during the time in which they remain in such state.

4. The activities in which anyone may engage during *any one time* shall be limited to 15 units, subject to such requirements as are otherwise stated.

## FRESHMAN WEEK

Matriculating Freshmen will form the first ties of their acquaintance with Alfred in the week preceding the beginning of instruction. During this period, they will have an opportunity to gain an insight into the spirit of Alfred's purposes, ideals, and traditions, through an orientation program designed with that end in view.

Freshman Week will enable members of the incoming class to become settled in their places of residence, and find themselves, in a measure, before the varied activity of actual college begins. A sense of class fellowship and unity can be derived from the intimate associations of these in-

troductory college days, and when the Freshmen are finally welcomed at the annual reception held by the Christian Associations they will have actively stepped into their beginning of Alfred life.

## FRESHMAN POINTERS

1. Make up your mind before coming to college to go out for some extra curricular activity, and do not feel that it must be an athletic activity.
2. Don't think that religion will be out of place in college.
3. Your college career depends to a large extent on your first semester. The impressions you make on students and professors during this half year are the ones that are likely to remain permanently.
4. Give proper respect to upperclassmen; it will pay.
5. Don't waste money the folks provide.
6. Forget your prep school "wisdom".  
You are only a Freshman for a year.
7. Concentrate; work harder, but not so long.
8. Learn to work while others are around.
9. Put more stress on learning how to get information than the information itself.

10. Get acquainted with your professors.  
They are always willing to help and advise you.
11. Don't think it is a moral duty to take all of your cuts.
12. Obey the Freshman rules.

Finally and above all, remember that there can be no substitute for scholarship. Though you may be a three-letter man or president of your class or any other organization, unless your scholastic average be creditable, you have failed to derive the fullest measure of the benefit that should accrue to you as a student in Alfred University.

## CAMPUS RULES

### ARTICLE I

The Campus Rules shall be incorporated into the By-Laws of the Constitution of the Students' Association of Alfred University.

### ARTICLE II—FRESHMAN RULES

1. All Freshmen shall wear the regulation cap or toque (Freshmen girls the Beret) throughout the first semester, and during the second semester, until Moving-Un Day. Freshmen entering College the second semester shall wear the cap or toque in accordance with the above rules for the second semester and the first semester of the next year, unless excused by the Senate. Freshmen shall not, in any way, alter the appearance of the regulation cap or toque, which shall be worn conspicuously upon the head every day in the week including half holidays from 6 A. M. to 6 P. M., and at all home athletic contests, the exceptions being from 6 o'clock Friday night until Monday morning, vacations, and then not until the student is out of town. Also, during the first semester Freshmen men shall wear black ties, as shall Freshmen women when wearing apparel with which ties are worn. However, both Freshmen men and women shall be excused from wearing black hose after Semester vacation and black ties after Easter vacation.

\* 2. Freshmen are prohibited from wearing prep. school emblems, and monograms of any athletic association except that of Alfred. All Freshmen men and women must wear a regulation pin supplied by the A. U. C. A. which will bear their name. This pin must be worn for a period of

Allen Steinheim Museum

three weeks beginning with the opening of the school year.

3. Freshmen shall neither smoke, nor chew tobacco, except in private dwellings and Burdick Hall, and all University students including students of N. Y. S. A. and A. H. S. are prohibited from smoking on the campus. Freshmen working in public business establishments will be permitted to smoke behind the counter or in other private sections of that establishment. At the beginning of each school year a map of the campus shall be posted in some public place. Seniors, Juniors and Sophomores may smoke on the Athletic Field at any time and at the Davis Field House at any social event other than athletic contests.

4. All Freshmen and Freshmen Specials shall report for duty when so directed by a notice, posted at least twenty-four hours in advance of the time at which they shall be required to appear, and signed by the Campus Administrator. In the advent of a contingency, the Campus Administrator may be empowered by the President of the Student Senate, to obtain Freshmen labor without formal notice.

5. None but Seniors shall carry canes.

6. Freshmen shall be required to hold open the chapel doors every morning until the student body shall have passed out. This is to take effect after the first assembly. The student body shall pass out according to classes in the following order: Seniors, Juniors, Sophomores, Freshmen, Specials; the whole body standing at once upon the dismissal of chapel.

7. Freshmen shall be strictly required to observe all the rules of common courtesy, and shall show due respect to University Faculty and Upperclassmen by touching caps, giving preference in entering and leaving buildings, on the tennis

courts, etc. They shall also, when walking in company with an upperclassman, carry any books or parcels of said upperclassman.

8. Freshmen male students must carry and supply matches for upper-classmen.

9. Freshmen shall learn the Alma Mater and all Campus Rules, and shall be required to pass an examination on the same on or about October 15th, at the discretion of the Senate.

10. Freshmen must attend all College assemblies, excepting the regulated number of "cuts" allowed by the College Office, all mass meetings and such varsity athletic events held at Alfred. Application for excuse must be written and given to a Senator twelve hours before hand. (Exceptions may be made in emergencies).

11. a. All Freshmen are forbidden to wear knickers or white trousers at ANY TIME.

b. Freshmen male students are forbidden to wear mustaches at ANY TIME.

12. All Freshmen shall keep off the grass west of the Kanakadea and shall not trespass on that section of the Campus bounded by the cement walks leading to Alumni Hall and by Park and University Streets. Trespassing includes jumping across plots of grass. All Freshmen men and women are forbidden to date at athletic contests.

13. All persons are forbidden to trespass on that plot of ground included between the rear of the Library and Burdick Hall. Freshmen are required to seat themselves in the Freshman cheering section at all athletic contests.

14. Moving-Up Day shall be on the last Thursday before Decoration Day. After Moving-up Day members of each class moving up shall enjoy all the privileges of that class into which they have

moved, unless restricted by Student Senate or Campus Court decree.

15. Men of the Freshmen Class who violate such Campus Rules as set forth in Article II, shall be tried and sentenced by the Campus Court, whose members shall execute, or cause to be executed, all decisions rendered by that body.

#### ARTICLE III—CLASS CONTESTS

1. The only conditioned students allowed to take part in these contests are first year students. Upperclassmen shall not take part except as here-in-after stated.

2. The officials of all athletic class contests shall be upperclassmen in connection with the physical director. Legitimate contests shall consist of "pros", football, basketball (games by both men and women), debates, cross country, wrestling, track and baseball. (Men's and Women's basketball games and tennis matches, respectively to count as separate contests.)

3. The Freshman Class must challenge the Sophomore Class to the following contests: football, basketball, baseball, track, tennis, debates, cross country and wrestling.

4. If in any case the Freshmen fail so to challenge in these latter contests, it shall count a victory for the Sophomore class, unless by previous vote of both classes it is decided to omit such contests.

5. Persons made ineligible for any sport by semester grades may be made eligible by mid-semester grades.

#### STUDENT LIFE

There is a college committee on Student Life composed of both faculty and student members. There are four faculty mem-

bers, two of whom are elected by the faculty and two by the student body, and three students, one of whom is elected by the faculty and one by the student body and one by the Student Senate.

This committee shall be a regular medium of intercourse between students and faculty. It shall be its duty at all times to advise with the Student Senate and make suggestions to it bearing on matters of student conduct and self-government. The Student Senate will confer with this committee on any or all matters of student interest.

The committee had advisory supervision over all student social functions and amusements. It grants all dates for the campus social calendar and students desiring to promote any entertainment, party, class affair, dance, etc., must make application to the committee. All permissions granted shall at once be submitted to the Dean of Women who shall approve of the arrangements and chaperonage of such functions.

#### REGULATIONS FOR SOCIAL ACTIVITIES.

No student social function shall occur within one week prior to examinations, during the examination period, or during Commencement.

Each fraternity or non-fraternity organization may have a maximum of four or all-organization parties per year.

Each fraternity or non-fraternity organization may have small parties subject to the regulations which govern the large social functions. These parties end at 10:30 o'clock.

Arrangements for all social affairs must be made with the Dean of Women by Monday of the week in which the party is held.

Information must be given in regard to chaperones, date, place, and type of party. For small parties, the arrangements may be made later in the week, but not later than 24 hours before the party is held.

The chaperones for all parties must be chosen from the faculty unless by special arrangement with the Dean of Women.

If women are entertained at fraternity houses for dinner, or otherwise, a woman member of the faculty or the wife of a member of the faculty must be invited.

For each party a student committee of the organization must be responsible for carrying out the social regulations of the college.

No out-of-town dances are to be attended during the week except by special permission from the Dean of Women. During the week-end, out-of-town dances may be attended only if satisfactory arrangements are made with the Dean of Women. This applies also when visiting. (See sections 2 and 3 under Special Regulations.)

All social regulations apply to recess and inter-semester affairs as well as to those held during the college term.

#### SPECIAL REGULATIONS

1. Young women may not call or meet young men at the houses where men live.

2. When a woman is invited to visit at the home of a man, she must show to the Dean of Women permission from home and an invitation from the man's mother or other member of the family.

3. When a woman is invited to visit other than a college woman or other than a near relative, it is necessary to show the Dean of Women permission from home.

4. Any overnight absence must be arranged with the Head of the House. Students may spend the night in residence houses other than their own only on Friday or Saturday night, unless by special permission. No woman must be absent from her own house after a college party of any kind. Special permission to go to her own home after any such occasion must be obtained from the Dean of Women. If the permission is granted, the student must return to her own home and report in person before leaving.

5. Women returning to college from home or a visit must be at house of residence before closing time.

#### INFIRMARY REGULATIONS

1. Office hours at the Infirmary every morning at 9 o'clock except Saturday and Sunday. Students wishing to see Dr. Hitchcock must be at the Infirmary promptly at nine.

2. Students must have a written order from the Infirmary to see Dr. Hitchcock in his private office.

3. Only in an emergency is a student justified in calling Dr. Hitchcock directly.

4. Students calling at the Doctor's office without a written order will be charged the regular price, except in an emergency, that to be determined by the Doctor.

5. Students living in private homes must notify the Infirmary when ill and before calling the Doctor, except in an emergency.

6. Students in their own houses must notify the Infirmary and the nurse will visit them before an excuse can be given.

7. All excuses for illness will be issued at the Infirmary and must be filed at the Registrar's office not later than one week after the end of the absence period.

8. Students' visiting hours at the Infirmary are from 3 to 4 in the afternoon, and 7 to 8 in the evening.

9. After being admitted to the Infirmary students are not allowed visitors for the first 24 hours, without special permission.

10. Permission to visit the opposite sex must be obtained from the Dean of Women.

## PUBLICATIONS

THE FIAT LUX is the University paper, published weekly during the college year by a board of editors chosen by competition from the students. An editor-in-chief, usually a Senior elected by the staff, administers the policy of the paper in consultation with that body. Each college student automatically subscribes to the Fiat Lux when he matriculates, the cost of his subscription being included in the semester bill.

THE KANAKADEA is the University year-book published under the direction of the Junior class. It contains the annual record of all student activities, and the three-year history of the Junior Class, with individual pictures and records. The Kanakadea staff is headed by a Junior editor-in-chief and associates, selected by the class. A board of Junior section editors, selected by competition, together with representatives elected by each other class, and a number of assistants from the two lower classes, complete the staff.

THE SAXONIAN is the University magazine put out by the students.

## SUGGESTIONS FOR EFFICIENT STUDY

### I.—INTRODUCTION

This pamphlet is designed to aid you in acquiring the bodies of knowledge and in learning the methods of efficient study and thought that constitute a college education. Read carefully and repeatedly. Persistent and earnest application of the rules presented will make your work both easier and more effective.

### II.—SOME FUNDAMENTAL CONDITIONS OF EFFECTIVE WORK

1. Have a set time and place for study. Work becomes easier and more natural under such conditions.

2. Eliminate distractions, such as noises, conversation, interruptions. They waste energy and time.

3. Avoid excessive fatigue. Some symptoms of genuine fatigue are irritability, loss of interest, a tendency to worry over trifles, lapses of memory. Introduce occasional rest periods, say five minutes every hour, during a prolonged study, and use these periods to relax. The rest periods may profitably be more frequent on difficult tasks, such as memorizing formulae or vocabularies, less frequent on easy tasks, such as light reading.

4. Get sufficient sleep. Some individuals need ten hours, others can work effectively on less. Find your quota and maintain it. It is very unlikely that you can get along on less than eight hours. A good general rule is: go to bed early enough so that you wake up naturally and

in time to meet morning appointments without rushing. If, night after night, ideas run through your mind and keep you awake, it is probable that you are doing too much evening study. Try to finish at least your heavy assignments during the hours of the conventional working day.

5. Keep in good physical condition. Slight variations in health may materially affect efficiency. Of importance are adequate, balanced and regular meals, moderate physical exercise, proper elimination, fresh air. Tooth infections, sore throats, and fevers should receive prompt attention. Do not neglect "colds." A day in bed will often prevent a week of discomfort and lowered efficiency.

6. Avoid eye-strain. Pause frequently while doing close work and gaze for two or three minutes at distant objects. This allows the tiny ocular muscles to relax. Remove so far as possible all bright objects from the field of vision and allow no bright lights to shine directly into the eyes.

7. If your work is not interesting, try to make it so. Interest is a most important condition of efficiency. Relate your studies to some fundamental purpose or desire, such as the desire to succeed vocationally, the desire to win approval.

8. Believe that you can and should succeed in college. Adjust your plans and ambitions to your capacity, so that you may not fail and lose confidence. If you do fail, accept it as a lesson and not a discouragement.

9. Work. The rules given below are not a substitute for, but an aid to industry. Remember, you are investing four valuable years and considerable money in a college education, and your returns will be commensurate with your effort.

### III.—THE PREPARATION OF A READING ASSIGNMENT

Much of your college work requires the preparation of reading assignments.

1. Read the assignment through quickly as a whole. This gives you the general scheme and relates the parts to the whole.

2. Think over the material, attempting to recall and relate the facts presented.

3. Reread, concentrating upon the difficult parts and those that could not be recalled.

4. Repeat this process of trying to recall and re-reading the vague and difficult parts, until you can remember and clearly understand all the points made. Then outline these points in your own words from memory. This outline will further stamp in your mind the facts you need to remember, and can be used for review.

5. In reading textbook assignments, give particular attention to the chapter, section, and paragraph headings. They usually express concisely the points the author is trying to establish.

6. Do not neglect graphs, tables, or diagrams. They often express in brief form a great many facts.

7. Look up technical terms if you do not understand them. The special vocabulary of a science is of fundamental importance, and you cannot know that science without being familiar with its terms.

8. Learn to read scientific works with intelligent criticism. Ask yourself whether the author's evidence and methods of investigation justify his conclusions.

9. Acquire the art of rapid reading. Lengthy assignments are often given, in which you are expected to get only the general facts. To attain a fast reading rate, you must (1) desire improvement, (2) concentrate on the task, (3) make few stops with the eyes and as far as possible

only on salient words in a paragraph. The trick, which is acquired only by considerable practice, is to pass over the unimportant, get here and there an important word, and fill in the thought from your own mind.

#### IV.—THE WRITING OF REPORTS

1. Decide what the object or purpose of the report is to be.

2. Locate possible sources in books, periodicals, etc., and construct a bibliography.

3. Search the sources for pertinent material. Rapid reading is valuable here as it enables you to extract quickly just the material needed.

4. Take notes on the relevant material. Be sure your notes are adequate and correctly labeled. Use quotation marks when quoting, as it is easy to plagiarize unintentionally. File the material carefully and systematically in a note book or folder.

5. Read over your notes and try to organize the material as you wish to present it. This is an important step and necessitates considerable thinking.

6. Prepare a written outline of the points you have decided to make.

7. Assemble the facts you have gathered as bearing on each point.

8. Write the report from the outline and from those facts, using your own words for the most part, quoting only where the author's phraseology is particularly apt or impressive. Acknowledge all authorities by name, work, and place, either at the end of the statement, in footnotes, or at the end of the report.

9. Rewrite until the form of your report is thoroughly satisfactory.

The following are some common mistakes made in the writing of papers: (1) negligence in gathering data, (2) misin-

terpretation of an author's statement, (3) failure to plan and work out the report adequately before writing, (4) carelessness in presentation.

#### V.—THE ART OF MEMORIZING

You will occasionally be expected to memorize material verbatim, for example vocabularies, formulae, definitions, and outlines. Use of the following principles will in such cases prove effective:

1. Desire to learn the material. Very little can be acquired without the *will* to learn.

2. Have confidence in your ability to memorize. Do not be fearful or anxious.

3. Put as much meaning into the material as you can. Try to associate it with things you already know.

4. Look for relationships in the material that will aid you in connecting the parts to one another and to the whole.

5. Do not attempt to learn the material completely at one sitting. Distribute your efforts.

6. Instead of trying to learn your material part by part, go over it as a whole, unless it is too long for one reading. That is, do not learn one part completely before passing to the next.

7. Try frequently to recall the material. Spend more time recalling than reading. Ten minutes of active recall is worth thirty of simple re-reading.

8. In re-reading give particular attention to the parts that could not be recalled.

9. After impressing the material on your mind, do not turn immediately to another task, but relax for several minutes in order to allow the facts to "set".

#### VI.—TAKING NOTES IN CLASS

1. Use a note book. Loose scraps of

paper are easily lost and are hard to organize.

2. Do not crowd your notes. You may want to insert additional comments later.

3. Do not attempt to write down everything said. Get the main heads with brief statements of subheads and illustrations. Write short, concise sentences, like the sentences in a telegram, rather than isolated words, which later may be meaningless.

4. Keep notes on different subjects in separate sections of your note book.

5. Organize your notes so as to bring out the relationship between facts.

6. Read over your notes as soon as possible after class, while the lecture is still fresh in your mind, and modify or expand where they do not seem clear or adequate.

7. Read over your notes on the last lecture just before class begins in order to prepare your mind for the new lecture.

## VII.—PREPARING FOR EXAMINATIONS

1. Set a high standard of proficiency for yourself.

2. Begin reviewing several weeks before the examination, spending two or three hours a week on each subject. This saves cramming at the end of the term and is far more effective.

3. In these reviews, go over your notes, reading rapidly those parts that you remember and understand, giving particular attention to those parts that seem difficult, vague or unfamiliar.

4. Reread the main points in your notes, and try to recall the material under each. Check to see if you have remembered everything. If not, work on the parts you forgot. Repeat this process until each main point readily suggests the thought included under it.

5. When reviewing textbooks, go over the section and paragraph headings and try to recall the material beneath each. Read the parts that cannot be remembered. Repeat until the material under each heading can be recalled and clearly understood.

6. Avoid studying immediately before an examination. You are more likely to produce fatigue and confusion than benefit.

7. Enter the examination rested, confident and unworried. A mild degree of excitement, like that preceding a game, is often helpful, but fear and anxiety are usually a hindrance.

8. Read all questions before starting to write. Jot down thoughts that occur to you as you read. Remember, five minutes of thought is usually worth more than thirty minutes of scribbling.

9. Make your statements as clear, brief, and coherent as possible. It is not the longest examination paper that gets the highest grade.—By Herbert Gurnee, Assistant Professor Psychology, Adelbert College Western Reserve University.

## COLLEGE SONGS AND CHEERS

### ALMA MATER

Nestled away 'mid the Empire State hills,  
'Neath the watch-care of sentinel pines,  
Where the murmuring song of the brook  
hums along.

And a favoring sun ever shines;  
In a valley so fair where the forest trees  
share

Dominion o'er hillside and glen,  
Stands the pioneer college of Western New  
York—

Alfred, the mother of men.

—Chorus—

Hail to thee, Alfred, thou guide of our  
youth,

Sweet, benign mother, all hail!  
Sing out thy anthems of duty and truth;  
May thy clear ringing music ne'er fail.

She was founded in toil, cemented with  
blood,

And nurtured thro' yearnings and tears,  
Her treasure the hearts of brave heroes  
who stood

Undaunted throughout trying years:  
Each stone was a prayer and her battle-  
ments there

Have memories of purposes strong,  
Staunch daughters and sons are her mon-  
uments fair,

And they lift up the grateful song.

—Chorus—

Others may boast of prestige and size,  
Of numbers and treasure and fame  
But Alfred's pride lies in manhood's clear  
eyes,

And womanhood's high stainless name.  
O Alfred, dear Alfred, thy fame will abide  
With Kenyon and Allen and Main  
With Davis the builder and Titsworth our  
guide,  
May Norwood her power maintain.

—Chorus—

### OUR COLLEGE A. U.

Alfred's our college, hail Old A. U.  
For the Varsity team give a cheer,  
Each manly player so sturdy and true,  
Fights on the team without fear,  
Encourage each fellow to play a swift game,  
And follow the ball best he can;  
And when the foes of old Alfred draw nigh,  
To fight for her prestige and fame.

—Chorus—

Come give a cheer for your College,  
Root for old Alfred A. U.  
Cheer her when she is victorious,  
Ever be loyal and true.  
Purple and Gold are her colors,  
Loyal in spirit A. U.  
Urge her men on to the victory,  
To the praise and the fame of A. U.

Aye and forever, be loyal to her,  
With the Varsity spirit let's sing.  
Strong on the line up, and swift in the  
backs,  
Shout 'till the loud echoes ring—  
With spirit and vigor for Alfred we'll cheer.  
Your whole heart put into the game,  
And when the foes of Old Alfred draw nigh  
We'll fight for her prestige and fame.

—Chorus—

## CHEER FOR ALFRED

We are out to cheer for Alfred,  
We will help her win the day,  
Make her gain athletic vict'ry,  
By our shouts of ray! ray! ray!  
Alfred, O!  
Purple and the gold triumphant,  
Waving 'neath a smiling sky,  
Make us say we'll fight for Alfred  
'Till the years have all rolled by.

## SONG OF CITIES

Sing a song of cities, roll dem cotton bale,  
Nigger ne'er so happy as when he's out of  
jail.  
Norfolk for its oysters, Boston for baked  
beans,  
Alfred for pretty girls, but for niggers  
New Orleans.

—Chorus—

I've been working on the railroad, all the  
live long day,  
I've been working on the railroad just to  
pass the time away,  
Don't you hear the cap'n shouting; rise up  
so early in the morn.  
Don't you hear the darkies calling, Oh  
Dinah, blow your horn?

Sing a song of colleges, tell you where to go,  
Harvard for its knowledge, Cornell for a  
row,  
Princeton's wealth, or Amherst's pride, for  
them naught do we care,  
For old A. U. is strong and true, and for  
her we'll do and dare.

—Chorus—

## WE'RE PROUD INDEED

We're proud indeed of you football men,  
Um, hum and a little bit more.  
We cheer for you with all our might,  
Um, hum and a little bit more.  
Although we can't be very eloquent, we'll  
tell you o'er and o'er,  
We love you true, indeed we do.  
Um, hum and a little bit  
Hum, and a little bit  
Um and a little bit more.

## ON SAXON WARRIORS

On Saxon warriors,  
The Purple and the Gold defend;  
On Saxon warriors,  
Ever on like men.  
Crash thru the opponent's line  
And victory will come our way  
Fight, Fight for Alfred,  
And she will win the day.

## OH, HERE WE ARE

Oh, here we are! Oh, here we are!  
You see us marching down the street.  
You hear our cry: "To do or die,  
We have the team that can't be beat.  
We have!" (shouted)  
So give a cheer, a lusty cheer,  
And let the echoes carry true,  
With a tramp, tramp, tramp,  
And a stamp, stamp, stamp,  
For the team of old A. U.!

## SONG OF THE BELL

By the roaring, roaring banks  
Of the old Kanakadea,  
Oft I've lingered in the springtime long  
ago;  
While the waters rushed along,  
And the hills took up the song;  
And a gentle voice was calling sweet and  
low.

—Chorus—

O, I hear the echoes ringing from the belfry  
on the hill,  
And the song inspires my heart to do and  
dare;  
Calling me to love and duty, calling me  
to faith and prayer,  
For the bell is ringing, ringing, ringing  
still.

When the autumn days were on,  
And a brilliant crimson show  
Where the Alfred hill-side glory met the  
sky,  
Voices whispered in the breeze  
While I sat beneath the trees,  
And communed with master minds of  
days gone by.

—Chorus—

O, the days of frost and snow;  
O, the coasters' ruddy glow;  
O, the evening's long delight with com-  
rades dear,  
When we talked on mighty themes,  
Or indulged in happy dreams  
Of our victories in the future hov'ring  
near.

—Chorus—

Now my hair is turning gray,  
For those days have passed away  
But their mem'ry lingers sweet and  
sweeter yet;  
And my fireside's evening cheer  
Seems to bring old Alfred near,  
And the faces which my heart can ne'er  
forget.

—Chorus—

## RAY RAY SONG

Way up in Allegany  
'Neath the shade of sheltering pines,  
There stands a little college  
That's for training noble minds,  
And when they get together  
On the gridiron, field or track,  
You hear the students give their yell  
And bring the victory back.

—Chorus—

Oh! Ray! Ray! Ray! Ray! Ray!  
Hear the students yell,  
Ray! Ray! Ray! Ray! Ray!  
Notes of victory tell,  
Oh! Ray! Ray! Ray! Ray! Ray!  
Better move along  
When you hear the students  
Sing their Ray! Ray! song.

Oh here's the little college  
That will help you do your best,  
Her girls are true, her men are strong,  
They always stand the test,  
And when they get together  
On the gridiron, field or track,  
They put their shoulders to the wheel,  
And bring the victory back.

—Chorus—

## ATHLETICS

At Alfred athletics are confined to Football, both Varsity and Freshman; Cross-country, Wrestling, Varsity and Frosh; Basketball, Varsity and Frosh; and Track. Every man in the class of 1940 is a potential athlete and should go out for some form of athletics. Come out for Frosh football practice. The class of 1939 has sent some good men to this year's Varsity; see what you can do. Freshmen making a team are awarded class numerals and certificates.

In addition to Freshman and Varsity athletics there are interclass competitions, both for the men and for the women, and intramural sports controlled by the Intramural A. A. and supervised by the Director of Physical Education. A trophy is provided in these intramural contests.

Alfred University should show something in the way of football this year, the result of improvements which have been progressing under the tutelage of Coach Cox. Night football has been a success at Alfred and will be continued for all home games this year.

Basketball, also should show some improvement this year with the material available. Two fine victories in the first two games were outbalanced by the larger scores of the opponents in the final games last year.

Cross-country is the most successful sport at Alfred as Alfred University has been a consistent winner in the State conference championships and has shown up creditably in the Middle Atlantic.

Track, also, has been successful, three State Conference titles having been captured and the team has been well toward

the top in Middle Atlantic Conference rating.

The wrestling team won five and lost one last year and hopes to be as successful this season because of new material and the improvement of last year's matmen.

Tennis includes a university tournament and matches with outside teams. The team makes a good showing despite the small number who turn out for the sport.

## ELIGIBILITY RULES

1. In order to be eligible to play on Athletic teams, a student must be regularly enrolled in one of the four college courses, or as a special student, and must take a minimum of sixteen semester hours per week, doing full work in a regular course as defined in the curriculum.

2. In order to be eligible to play on Athletic teams, a student must have attained in the last official index, a minimum index of 0.50. But those made ineligible by semester grades may be made eligible by mid-semester grades. In case of Freshmen eligibility will be lost at mid-semester by any individual whose index falls below 0.50. Immediately after every official index, those persons whose index is below 0.50 may have two weeks in which to raise the index to the necessary 0.50 before being dropped from the team. An official index is taken immediately after the close of each semester.

3. No student shall participate in inter-collegiate games until he shall have been in attendance for one full collegiate year subsequent to attaining the equivalent of Freshman rank in the College of Liberal Arts or in the College of Ceramics.

4. No student shall participate in inter-collegiate games for more than three years in the aggregate, and any member of the team who plays in any part of an inter-collegiate athletic contest does thereby participate in Athletics for the year.

5. No student shall play in any game under an assumed name.

6. A student who participates in Inter-collegiate Athletics and does not complete the work of that semester shall not be permitted to compete in the same sport in his next year of residence.

7. No person shall be admitted to any collegiate contest who receives any gift, remuneration, or pay for his service on the college team, except such team awards as may be authorized by the Athletic Council and Committee on Athletics.

8. No member of the faculty of Alfred University shall participate in any inter-collegiate or inter-scholastic contest.

9. The second team shall consist of only those men who have regularly participated in practice against the varsity. The second team shall be under the jurisdiction of the coach, and no group of men other than the above stated shall represent the University in any form of athletics.

## GENERAL REGULATIONS

1. The coach shall have complete jurisdiction of the team in all matters of conduct. He shall be required to suspend from the team, for a time commensurate with the offence, any person guilty of immoral, ungentlemanly, or unsportsmanlike conduct.

2. The Coach will report to the Committee on Absences immediately after an out-of-town game the names of the students, who have participated in the contest, and the time when they left Alfred and when

they returned to Alfred. This information is for the use of the Committee on Absences.

3. No body of students exceeding four in number (two in basket ball) shall take part in any games played out of town, outside of the regular schedule approved by the athletic committee.

4. Match games shall not be played on either Saturday or Sunday except by special permission of the President.

### HINTS ON FRATERNITY RUSHING

Rushing season is a difficult time for Freshmen. It is then you will need all your common sense. Snap judgments are easy to make, but often lead you into paths of action from which it may be difficult to withdraw.

Remember that a fraternity is only a small part of college and that a man has just as much chance to make a name for himself in college whether he belongs to a fraternity or not. Don't allow the alluring promises of fraternity to blind you to actual realities. Not always the ablest men in the class are sought for fraternity membership.

During rushing season the Freshman is, for the moment, the object of very special attention. Don't be led to think that the treatment you receive will be continued for your special benefit the rest of the year. During the excitement and extra attention, do not judge too much from external appearances. Try to discern the real character of the group and the individuals. Try to decide for yourself which fraternity you really care for most, and where you will make the best friends, where you will fit best. Remember you will be bound up with your group for your whole college career. Many a fellow has made a hasty decision to regret it for four years.

Remember that each fraternity has its good and its poor qualities. Discriminate, and choose the fraternity that has the greatest common interest for you in every way.

If you are undecided which of two fraternities to join, do not be forced into a hasty decision. Take plenty of time.

If you favor a particular one and it does not rush you, but you are rushed by some other, think carefully before you decide to join or not. It might be better to wait.

Beware of the "Mudslinger." Don't let others do your choosing for you. This includes your Freshman friends.

## HONORARY SOCIETIES

### ALPHA TAU ALPHA

Alpha Tau Alpha is an organization providing an honorary affiliation for women members of the student body of Alfred University, who are participants in and actively interested in athletics. The purpose of the society is to promote athletic activity for women at Alfred. It also aims for physical beauty, high scholastic activity, ideal character, the development of organized co-operation and strong qualities of leadership and influence.

The candidate must be a member of the Sophomore, Junior or Senior class of Alfred University. Membership in this society is based on scholarship (an index of 1.0 is required), leadership, loyalty, sportsmanship and active participation in athletics.

### KERAMOS

At the American Ceramic Society Convention in Washington in 1932, the consolidation of the two Professional Ceramic Fraternities was accomplished. This union had been in progress since the previous convention for the reward of such action was perceived by all.

The purposes of the Fraternity are to promote a greater interest in Ceramics, to

encourage research, and to create an acquaintance between graduates of rival ceramic schools.

Membership is elective and is based on scholarship, interest in ceramics, and ability in engineering lines. Any upperclassman properly enrolled in the N. Y. S. C. C. and having an average index of 1.6 may be elected.

#### ETA MU ALPHA

Eta Mu Alpha is an honorary fraternity, the object of which is to promote better scholarship and a greater interest in the intellectual life of the University; to promote leadership and fair play; to support any movements in the interests of a greater Alfred, particularly those which will strengthen the intellectual life of the University.

Membership in this fraternity is based primarily on scholastic standing. All upperclass students who are properly enrolled in the College of Liberal Arts and Sciences and the New York State College of Clay Working and Ceramics are eligible to membership, providing they have completed their previous college work at a minimum index which is, for the Juniors, 2.4, and, for the Seniors, 2.2.

#### PHI SIGMA GAMMA

Phi Sigma Gamma is an honorary fraternity, formed to recognize those women who have rendered positive service to Alfred for at least two years.

Its purposes are: to be positive factors in Alfred's growth; to maintain and extend a spirit of co-operation and good-will between fraternity and non-fraternity groups; to uphold true Alfred traditions and express those ideals in their service toward Alfred. On the Campus, Phi Sigma

Gamma strives to create an incentive toward achievement for Alfred.

#### PHI PSI OMEGA

Phi Psi Omega is an honorary fraternity, chartered to form a bond between men in the two upper classes who have proven their loyalty to Alfred. The aim of the fraternity is to give the undergraduate, who because of activities and athletics, is unable to gain the coveted "honors," something to work for, a goal to be gained through service and loyalty to his Alma Mater.

The membership is limited to eleven. There is a scholastic requirement of two years with an average index of 1.5. The candidate must be a member of the Junior or the Senior class of Alfred University, or a graduate alumnus of this University. Membership will be based on scholastic record, college activities, and, most important of all, character.

#### PI GAMMA MU

Pi Gamma Mu is a national social science honor society whose fundamental purpose is to encourage and reward the undergraduate study of social science and to awaken interest on the part of young educated men and women in the scientific attitude toward social problems. "Social Science" is the national journal published by Pi Gamma Mu. The nominal eligibility requirement for membership is at least twenty hours of the social sciences with an average grade of over 85 per cent.

## CLUBS

**AMERICAN CERAMIC SOCIETY.** The Student Branch of the American Ceramic Society has a membership consisting of the students and faculty of the ceramic engineering department of the New York State College of Ceramics. The organization meets once every month to discuss ceramic problems which are usually presented by prominent men in the ceramic industry. The student branch is governed by the students themselves and its purpose is both educational and social in aspect. Through the organization the opportunity is afforded to the students of meeting and becoming acquainted with prominent men of the industries.

**THE CERAMIC GUILD** was founded in 1917 to provide for the social contacts which might stimulate the work of the art students. Since then, the number of members has increased; its organization has become more complex; its interest more varied, and its activities more traditional.

The Ceramic Guild was organized on the plan of the medieval guild. The various stages of membership—biscuit, apprentice, journeyman and master craftsman, are based on the achievements of its members. Its purpose is to provide the art student with the opportunity to produce pottery and to gain an amount of practical experience.

The Christmas Festival, which is held every year in December, is one of the major activities of the Guild. Each year this provides an aim toward which to work. Its object is to design, produce and exhibit pottery, relating both to its purpose and to its surroundings.

The Guild members' work takes an active part in many of the outstanding ceramic exhibitions in the country. Each

year the opportunity is extended to two or more members, who have shown both interest and work, to visit the exhibitions of contemporary manufacturers, thus enriching their experiences and making them capable of a better understanding of the ceramic art.

**DEUTSCHE VEREIN** is a club whose only qualification for membership is an interest in German. It holds weekly meetings, and aims to create an appreciation for German literature, life, and customs.

**THE ENGLISH CLUB.** Primarily organized with the purpose of studying contemporary literature, the English Club serves as the means of developing critical and appreciative reading of literature. Its informal discussions make its meetings entertaining, and give an opportunity for self expression.

**ALPHA THETA PHI** is an organization to promote the best in dramatics. Its members are elected from those who show the most ability for acting, and a try-out play is held the first part of each college year. At least once every year some suitable play is selected and given by the club.

**THE GLEE CLUB** is an organization consisting of sixteen men and a director, the positions being competitive. Each year the Club makes an extended trip, giving concerts under the auspices of various schools, clubs, and other organizations.

**LE CERCLE FRANCAIS** is a student organization formed for the informal study of French in its most interesting phases. At the weekly meetings of the society, members usually present papers on appropriate topics.

VARSAITY "A" CLUB is composed of men who have earned their major or minor "A's." Eligible candidates for membership must petition the club. Each man is elected to the Club by a majority vote. The purpose of the Club is to promote a greater athletic interest, and to encourage high school students to attend Alfred.

THE BLUE KEY. Its purpose is to greet the visiting teams, and any other visitors who might desire to learn about Alfred. Its membership is composed of one Senior and one Junior to be elected by each organization on the campus.

THE RADIO CLUB. The main purpose of the club is to further the interests of amateur radio in Alfred and the only qualification necessary for membership is an interest in radio. Classes in radio theory and code are given and a station, W 8 L H K, is maintained. During the 1934-35 season several foreign contacts were made.
