Alfred University Online Photo Library - Gallery Server Pro

AU's faculty/staff photo library, Gallery Server Pro (<http://gsp.alfred.edu>) has expanded over the past year!

Hundreds of images have been added since Gallery Server Pro (GSP) was originally launched in the fall of 2015, and new ones continue to be added almost daily.

Below is a refresher for all faculty/staff.

This searchable photo library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, selected campus events, official AU Faculty/Staff portraits, and much more.

GSP images are in folders cataloged by semester, by month and by topic, and as new photo assignments are completed, selected images are cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

WHO CAN ACCESS GALLERY SERVER PRO?

GSP is accessible to any faculty or staff member who has been provided access by ITS. It is NOT accessible to students, or to the public.

TO ACCESS GALLERY SERVER PRO

1. Go to our.alfred.edu and hover over the left-hand side menu item "Faculty/Staff." The Gallery Server link is the 13th item listed in the fly-out menu.
2. Type in <http://gsp.alfred.edu> in your browser

Once GSP launches in your browser, you will need to enter your AU username (not full email) and email password.

IF YOU HAVE TROUBLE ACCESSING GSP

Those who haven't yet accessed GSP, must email Steven Bucklaew of ITS (bucklaew@alfred.edu) who will provide access and confirm it via email soon after he receives the request. It usually happens within minutes!

BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), we recommend you email Rick McLay (mclay@alfred.edu) or Judy Linza (linza@alfred.edu) with a brief description of which image(s) you are downloading, and where it is

going to be used.

DOWNLOADING AN IMAGE

There are two recommended downloadable formats:

1. Web optimized (low resolution but full size), and 2. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

ATHLETICS PHOTOS

Please contact Mark Whitehouse, AU's Sports Information director (whitehouse.alfred.edu) if you have any questions regarding access to and usage of athletics images.

If you have any questions about GSP, or if you have images that you would like to be considered for inclusion, please contact Rick McLay at mclay@alfred.edu or Ext. 2736.

ICU looking for presenters on cultural awareness workshops

Alfred University's Institute for Cultural Unity is looking for professionals interested in presenting twenty-minute talks on relevant topics as part of our "Wednesday Talk & Response" series. The institute is a source of diversity education and multicultural programming. The institute is a resource center that develops self-awareness and respect for others through the sharing of experiences and cultures. Through this, we hope to create a stronger community here at Alfred and expand our educational philosophy even further.

We would like to invite anyone who would be interested, to hold a short talk of no more than twenty minutes followed by small group discussion based on three questions of your choosing. Our focus areas include diversity, inclusion, tolerance, social justice or any topic that helps unites a community rather than divide. Topics will range from the timely "What is a Sanctuary Campus?" to the lighter "Why Beyoncé's Lemonade Matters?" (right before the GRAMMY Awards).

If you are interested in presenting a topic, or have any questions, you can contact me by e-mail at ic3@alfred.edu.

Thank you for your consideration.

Ecological Citizenship Workshop

Tuesday, February 28th, 5:15pm - 6:15pm

The Judson Leadership Center (next to Openhym at the corner of Ford St and Sayles St)

What does it mean to be an ecological citizen? In this workshop we will seek to answer this question by discussing what "ecology" and "citizenship" mean in the first place, how an individual or a community can build their ecological identity, and how that foundation can inform how we engage with the world. Everyone is welcome to attend regardless of their familiarity with the concepts above. All that is required is a willingness to share ideas and learn!

This workshop is part of my Honors thesis as well as my final step to graduate from the Women's Leadership Academy. Though I will be leading the workshop, it will be based in group discussion, and I will also be learning along with you. Visual material generated during the workshop will later be incorporated into a zine. Participants will be credited if they wish to be.

Free event

Snacks will be provided!

On-campus Dump and Run this semester!!!

I am thrilled to announce, that Alfred University will host an on-campus Dump and Run this semester!!!

Before you leave for the summer, consider donating unwanted items. It will help those in need and divert usable items from our landfills!

Below are some Tips you will find helpful.

Mission of Dump and Run

- * To reduce the amount of waste generated at colleges by extending the useful life of items no longer needed by students
- * Educate the campus about the problem conserve for future generations

How it is helping

- * Saving the school a small amount on trash hauling fees
- * Saving amount that goes to the landfill
- * Help others by donating unwanted items

Where we are going to put drop off locations

- * One in the lobby of every residence hall

When to start collecting

Collection of the Dump and Run will begin in April (a month before move out)

Experience German College, Culture, and Cars

Ever wonder what a day in the life of a German college student is like? (College is tuition-free, students are paid by their employer to go to school half the year and work the other half.) How humans and robots can work together? How businesses compete for customer market share globally? What it is like to be inside a medieval city? What makes Munich one of the most popular cities to visit in Europe? How the automobile evolved over the past 100+ years? What would it be like to see two of the most extensive car collections in the world?

All these will be covered in the Allen Term 2018 class on the German Auto Industry. If you are interested, come to an information session March 21 or 21 at 4:45 pm in Olin 301, or the Bergren Forum on March 23.
