Local, university police departments to host barbecue for students

Alfred law enforcement and safety officers want college students to meet their families. On October 25th, a family barbecue is being coordinated by Alfred University Public Safety, the Village of Alfred Police Department, and Alfred State's University Police as a way to bridge the national divide locally between law enforcement and the student community. The family-friendly event is intended for college students to view officers as real people with shared interests of family and safer communities. The event will occur from 5pm-6:30pm on Tuesday, October 25 at the AU Welcome Center (at the town's only traffic light).

The program is one in a series entitled "Shared Space" which finds opportunities for police and students to communicate in productive settings. Various pizza lunches, cookie drop-offs, and coffee hours have already brought students in positive contact with officers. The barbecue with families is the next step in building trust and respect within the Alfred community. Those students wishing to attend (as well as additional officers) are asked to complete an on-line RSVP form to help with personalized nametags and food orders.

Organ Spectacular Sunday at 3 pm

The AU Music Department will present Organ Spectacular IV, a concert to raise money for the community pipe organ, this Sunday, October 23. A string ensemble directed by Lisa Lantz will perform a Handel organ concerto with Laurel Buckwalter on organ. Vocal solos by Verdi, Liszt and Mozart will be performed by tenor Boris Van Druuff and sopranos Luanne Crosby and Rebecca Weaver respectively. Flutist Rachel Decker and vibraphonist Dustin Woodward will perform works by Faure and Locklair. Laurel Buckwalter will offer the Bach Toccata and Adagio in C Major. The AU flute choir will perform two selections.

The program which starts at 3 pm in the Alfred Seventh Day Baptist Church is the kick off event for a three year campaign to raise \$50,000 for the re-leathering needs of the organ. Due to a gift of \$18,600 from the dissolution of the Champlin Civic Betterment Association and other gifts, there is already \$25,472 in the Rosebush Organ Restoration Fund. The organ was installed in 1930 with substantial funding from the Rosebush family. The 86 year old leather is starting to give out so the organ needs much re-leathering in order to keep functioning. Supporters of the AU choral department which uses the organ often for concerts are encouraged to contribute.

AU Photo Library Online - Gallery Server Pro

AU has a new searchable photo library, Gallery Server Pro (<http://gsp.alfred.edu>), accessible to AU faculty/staff. This library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, to selected campus events. To access, please go to our.alfred.edu and scroll down the left-hand side to Faculty/Staff. Click on Faculty/Staff and scroll down to Gallery Server Pro.

Gallery Server images are cataloged by semester, by month and by topic, and as new photo assignments are completed, additional images will be cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

NOTE: The images have been carefully selected from more extensive photo sessions that include alternative views and formats (landscape vs portrait). Those images are archived separately and you will need to contact Rick McLay, director of Creative Services at 2736 (mclay@alfred.edu) to inquire about those additional images. There is also a separate folder dedicated to faculty/staff portraits, many of which were completed the week of Aug. 17, 2015.

BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts

in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), please contact Rick McLay (mclay@alfred.edu) or Judy Linza (linza@alfred.edu) with information on which images you are downloading, and where they are going to be used.

TO DOWNLOAD

Access to Gallery Server requires AU username/password to review images and to download in three formats: 1. Thumbnail (small image), 2. Web optimized (low resolution but full size), and 3. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

ADDING PHOTOS TO THE AU PHOTO LIBRARY

We welcome the opportunity to obtain images from faculty and staff. Though much effort goes into documenting as many things as possible on campus, it is impossible to cover it all. When there are events such as art shows, or special lab/classroom activities that faculty/staff are photographing, we would very much like to review those images so that the library is as comprehensive as possible. Please contact Rick McLay if you have images that you think should be considered for this.

ATHLETICS PHOTOS

Current images of athletics events are available at (<http://gosaxons.com>). By contractual arrangement with the professional photographer, there will be a charge for athletics images. Mark Whitehouse, AU's Sports Information director (whitehouse.alfred.edu), is the contact regarding usage.

If you have any questions or suggestions for photos you want cataloged and included, please contact Rick McLay at mclay@alfred.edu or Ext. 2736. If a student requests access, please contact Rick McLay.
