## Fifty citizens attend meeting; tree committee named

By LINDA LEWANDOWSKI  
Alfred Sun Reporter

ALFRED--Concerns about tree removal in the village brought out a crowd of over fifty residents to the Sept. 14 meeting of the Alfred Village Board.

Mayor Craig Clark announced the establishment of a committee to oversee the maintenance and condition of existing trees in order to assure the safety, health, regular judicious pruning, and possible replacement of trees.

Named to the committee are former mayor Gary Ostrower, Tom McDowell, Doug Clarke, Kasey Klingensmith, Trustee Joe Doesch, Cheryl Emmon, and Drew McInnes, with student representatives from each campus to be added. The current budget for maintaining trees is currently \$1000 a year, which may have to be increased to provide funds to hire an arborist consultant for recommendations and long-term planning. The first meeting of the Tree Committee is scheduled

for Sept. 21.

Further discussion from the assembled group ranged from zoning issues to the prevalence of skunks in the village, with John Ninos stressing the latter problem with the information that he has already removed seventeen of them from his properties.

The zoning issue of particular concern is a house at the top of Terrace Street which is out of compliance with the law. A variance from the Zoning Board of Appeals is needed to for the group to legally occupy the dwelling. If a ZBA application is filed, notification of the date of a public hearing on the matter will be publicized.

Neighbors of the property complained of ongoing noise, irresponsible behavior, and illegal bonfires by the current residents.

More discussion was generated by reactions to resident and landlord Jason Rodd's complaint of unfair treatment by the Vil-

lage Board in relation to his rental property on South Main Street, which has been cited for violations.

Trustee Virginia Rasmussen, liaison between the Codes Enforcement Office and the Board, explained the responsibility the elected officials have to oversee the conditions in the village, particularly in the highly visible Main Street Historic District, and the importance of enforcing the existing laws which are intended to keep the area attractive and well-maintained.

Hazards to pedestrians because of untrimmed trees blocking streetlamps at night, the need for better weather protection for both people and the posted notices in the bus shelter, and tax revenue assistance from the campuses are all subjects which will be addressed at next month's meeting when more information will be available.

In the ongoing repairs at the Terrace Street bridge site, the

work is scheduled to begin this week to complete the railing and stonework.

Appreciation was expressed to Mandy Burns and the Village Planning Board for the successful writing of the New York Main Street Grant. The Board acted to establish the search committee for a grant administrator; named to the committee are Planning Board member Justin Grigg, Mark McFadden, and Karla Back. Persons interested in serving on the Grant Advisory Board should contact the Village Office prior to the October meeting, when the appointments will be announced.

The Board authorized the following additional items:

Two police vehicle requests regarding putting the Police Jeep out for bids and parting out an impound vehicle which has had the VIN removed. The Board also authorized the mayor to sign the police grant contract.

The AU homecoming bonfire

on Friday, Oct. 1, 2010, in the open area between McLane Center and Davis Gym. All necessary fire and ambulance presence will be in place for the event.

In a final action, the Board unanimously approved the wording of a letter to the Environmental Protection Agency calling on this government agency to "conduct a comprehensive study on the impact to citizens, workers, communities and the natural world the corporate technology known as hydraulic fracturing," as the Board "believes that the practices employed in natural gas drilling are potentially hazardous to the waters, air, lands, infrastructure, flora and fauna, aesthetics, local economy, and public health of the people of New York State."

The October meeting of the Trustees will be held on Thursday, October 14, rather than on the second Tuesday of the month, as regularly scheduled.

## Allegany Arc 'losing'

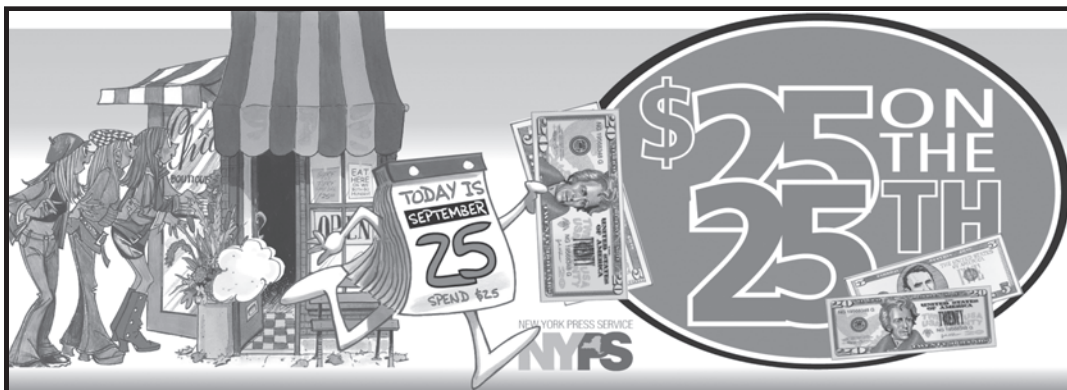

WELLSVILLE--Allegany Arc's Wellness Committee is holding a "Biggest Loser" contest for employees. Diana Gowdy, Wellness Committee Chairperson, says of the committee's outreach, "It is well known that healthy employees are often happier and more efficient at their job performance. Allegany Arc's Wellness Committee strives to bring great information, ideas, and programs to employees to help them live healthier lives. The Biggest Loser contest is one of many ways we're encouraging employees to get healthy."

Allegany Arc had 142 employees sign up to participate in the "Biggest Loser." Registration for employees was one non-perishable food item. Food was collected and donated to the Wellsville Salvation Army. Diana Gowdy continued, "The Wellness Committee's goal was to get as much participation from employees as possible without having unreasonable joining fees. We're pleased with the number of employees who are participating and happy to be able to donate food to such a worthy cause."

The contest runs from Sept. 1 through Dec. 15, 2010. Prizes will be awarded for First, Second, and Third place. Each site/department has a team captain and employees weigh in on a monthly basis. Winners will be announced at a future full-staff meeting. For more information on Allegany Arc, please visit our website at [www.AlleganyArc.org](http://www.AlleganyArc.org)

The young female Blue Heeler had disappeared from their Sherman Road home August 24 and, after surviving a gunshot sound to her hind leg, limped home Saturday, Sept. 11. (Photo provided)

Anook brings happy ending to Alfred Station family's tale

ALFRED STATION--The Sept. 9th printing of *The Alfred Sun* featured an article about a young female Blue Heeler whose disappearance on August 24th had sent her family into a frantic search covering three counties with over 1,000 missing dog posters.

By the end of the month, Anook MacCrea had as much publicity and her name was probably as well known as "Rick Whitney for Sherriff".

Anook disappeared from the MacCrea's Sherman Road home

on the evening of August 24th. She was spotted for sure only once, two days later, on Hartville Hill Road in Alfred Station. Kim, Fion, the Ringers, and many dedicated friends and family searched, called, hiked, and posted flyers relentlessly for the next two and a half weeks. Many many phone calls were received from people with kind words of encouragement and offerings of help.

At 5:30 pm on Saturday, Sept. 11, the MacCreas received two calls in a row from people who

had seen Anook running through Palmiter's pasture in Alfred Station. Kim, Fion and Rob drove to the bottom of the hill and walked back toward the house, but before they made it home Anook had limped into the yard and into Grandma Ringer's arms.

At some point along the way Anook had suffered a gunshot wound to her right hind leg which resulted in a toe amputation. Though disheartening to think that someone would risk felony charges to take a dog's life, Anook's instinct for survival brought her home safely a full 18 days after first disappearing.

Anook is gaining weight and her wound is healing. Anook and the MacCreas are truly grateful for the fantastic response from the community and thank everyone for helping to keep the faith!

Scene About Alfred

By SHERRY VOLK  
An occasional column inviting readers to identify the scene and appear at Tinkertown Hardware with the correct answer, the first of whom will receive a monster cookie. The identity of the event or scene will appear in the next edition of the ALFRED SUN.

On a sublime fall morning, I was walking on what we've always called Fraternity Road, above the Alfred University campus. I saw these three emerge from the apartments nearby and head for a car. When questioned, they said that what look like enormous arrows are atlatl darts. From left, Edward Thigpen, Caitlin Murphy, and Ryan Grohsmeyer, students at AU, were embarking on a trip to Letchworth State Park to engage in their unusual sport. They are trying to inspire interest in their club, Mastodon Atlatl Club and are recruiting interested students and others to enjoy this ancient occupation. Ryan allowed me to take a look at the darts and thrower he had made. They are beautifully made with natural materials and the thrower was made of the leg bone of a deer with a bit of antler set into it.

Back to blueberries after visit in Maine

Looks like I'm going to be vacillating between tomatoes and blueberries for awhile, having just returned from Stonington, our favorite place in Maine. Linda Greenlaw, an awesome fisherman in her own right, has turned to writing fiction-several books which can be found in The Box of Books library. I found a cookbook that she and her mother had written.

This recipe has many Maine ingredients-maple syrup, blueberries, goat cheese, cranberries. It is a delightful mix of wonderful tastes and very healthy.

The recipe book is called Recipes From a Very Small Island by Linda and Martha Greenlaw published by Hyperion.

Simon's Favorite New England Salad  
With Berries and Goat Cheese

- Salad: 4-6 c. greens  
1 T. maple syrup  
1 tsp. Dijon mustard  
½ c. olive oil  
salt & ground black pepper  
2/3 c. crumbled goat cheese

Vinaigrette: 3 T. Balsamic vinegar  
20 sugar snap peas  
2/3 c. fresh blueberries  
2/3 c/ dried cranberries  
2/3 c. walnuts

For the dressing whisk together the vinegar, maple syrup, and mustard in a small bowl. Whisk in the oil and season with salt and pepper to taste. Spread the greens on a platter or individual plates. Top with the sugar snaps, berries, walnuts, and cheese, then drizzle with the vinaigrette and serve.

I Am Alfred: a look at the people who call it home

By ASHLEY KEHOE  
*Alfred State College  
Director, Civic Engagement and  
Student Leadership Programs*

As a new resident of Alfred and the Director of Civic Engagement and Student Leadership Programs at Alfred State College, it is my role to actively and intentionally engage students in community initiatives.

Some of our student leaders and I have been coordinating the "I Am Alfred" Campaign. We have been collecting photos and stories of Alfred residents, to demonstrate and celebrate the diversity of our community, which we are calling the "I am Alfred" campaign.

I have gotten some truly stellar, inspiring, and interesting responses to our questions:

**TIM BANCROFT, D.Min.**  
*SPHR (Doctor of Ministry, Senior Professional in Human Resources Certification),  
Alfred 7th Day Baptist Church*  
**How long have you lived or worked in the Alfred community?**

I have been as pastoral leader at the First Seventh Day Baptist Church of Alfred since 2000. It should be said that my wife, Rev. Patricia Bancroft, is the installed pastor. I am the president of the congregation and adult education facilitator. I live and work in nearby Wellsville. I am employed as an employee assistance program counselor and human resource consultant for ESI Employee Assistance Program Group.

**What about living or working in this community brings you the most joy?**

TIM BANCROFT

The aspects of being a part of the Alfred community that brings me the greatest joy are the cultural events. The choral and instrumental concerts, the art shows, the theatrical performances, wee playhouse reader's theatre, and the summer carillon concert series. I appreciate how members of our academic communities and local residents come together for all of these events.

**What are your hobbies and pastimes?**

Two of my hobbies and interests were started in Alfred: learning the elementary proficiency of playing the shakuhachi flute (which I do with the support and critique our parrot, Mr. Budinsky) and participation in our local Zen meditation sitting group, Falling Leaf Sangha, which meets in Miller Performing Arts on the AU Campus on Sunday evenings.

Court gets failing grade

Dear Editor,

The Justice of Peace court system in New York State continues to be a "travesty of justice" more often than not especially for the innocent. As a former village trustee who served as the court liaison for two terms in the early 2000s I attended many JP Court sessions. I have also attended meetings at regional government conferences designed for justices of the peace. What follows is my account of a JP Court session that I attended on Sept. 13, 2010.

I attended court in Alfred, NY with my son. On June 21, 2010 my son had received a ticket for talking on his cell phone but he wasn't. I am told that it was and is easy to get your cell phone record to prove when you are on your cell phone. So he got the proof that he wasn't on his cell phone. So when he went to court at his appointed time in July he said that he wanted a trial and was arraigned. The judge informed him that since he wanted a trial his next court date would have to be on a night when an assistant district attorney would be able to attend. His next court date was set for Sept. 13, 2010. So I went with him to court on that night.

When he went to sign in with the court clerk she had no knowledge of him having to be in court. We sat and observed the court while the assistant district attorney guided the judge through several court cases. Finally as the assistant district attorney was about to leave my son stood up and was recognized by the judge. He identified himself and his situation. The judge had no knowledge or recollec-

tion of him either. The judge asked who arraigned you and my son said "you did." The assistant district attorney had no knowledge of the case either. The arresting state trooper of course was not in court. At this point my son said, "Why am I here?" To which he did not get an answer. After a pause the judge dismissed the case. My son got nothing in writing which worries me based on how this court appeared to operate. On Sept. 15th I called the Alfred Town Court and they promised to send my son written proof of the dismissal of the case.

Odds and ends: First the assistant DA said that in this kind of trial she was not required to be present as the judge had stated. Second the arresting officer would not take my son's cell phone at the scene and immediately verify he was not on it. Regardless of the outcome I have a suspicion that the state trooper gets credit for an arrest and giving a ticket regardless of the outcome and he wanted the credit!

From what transpired in Court on Sept. 13th it is apparent that those involved with the court don't know enough or keep good enough written records but they probably know how easy it is to prove that you are not on your cell phone time wise.

The example that I experienced and described here illustrates how a pretty good system can be turned into a very frustrating experience for the innocent by incompetent public servants. I am 74 years old and have been involved in Justice of the Peace Court cases like this since the 1970s and I have had it! Thank God for our constitution and the right to face your accusers as guaranteed in our constitution! (My son lives in this area and has no idea that I am writing this.)

## FROM THE DESK OF DAVID PULLEN

By DAVID PULLEN  
*Allegany County Legislator*

EDUCATION AND EMPLOYMENT EMPHASIS

The September 13th meeting of the County Legislature was unique in several respects. It began with the Pledge of Allegiance led by former Army Specialist Cecil Jenison. Following the invocation and approval of meeting minutes Chairman Crandall made a presentation of recognition to Cecil Jenison for his military service. Cecil Jenison then received another presentation from Literacy West Director Lisa Lee and Genesee Valley Central School Superintendent Ralph Wilson. This was a presentation of his high school diploma. Cecil Jenison had dropped out of school to enlist in the military at age 19. He has recently completed his requirements for his diploma. His dedication to life-long learning is exemplary. He is one of the few individuals to receive two standing ovations from the Legislature. Chairman Crandall then issued a proclamation declaring the week of September 13-19, 2010 as Adult Education and Family Literacy Week.

Robert Christian, Executive Director of the Allegany County Area Foundation was granted Privilege of the Floor to report on its recent activities. The Foundation continues to make grants to students pursuing higher education, and to various organizations around the County sponsoring community benefit programs. Chairman Crandall presented the Area Foundation a check for \$500 from the "Flower Fund" of the County Legislature. These non-tax funds are raised by the Legislature and used for discretionary purposes.

The Board then considered six resolutions. One resolution appointed Benjamin Lipscomb to the County Planning Board. Another resolution approved the sale of 6 tax sale properties. The third resolution corrected errors on the 2010 county/town tax rolls for several towns. The fourth resolution accepted and carried over funding from the federal ARRA program for the County Workforce Investment Board. The fifth resolution transferred funds between accounts in the Office of Development.

The sixth and final Board resolution involved approval of a five year Collective Bargaining Agreement with the Public Employees Federation ("PEF") Union that represents management level employees of Allegany County. It was retroactive for 2008 and 2009, while also covering 2010, 2011 and 2012. It provides a 2.5% wage increase for each year. However, it also increases the contributions of most current employees toward the cost of their health insurance. In addition, it requires new employees to make significantly larger contributions toward their health insurance coverage. It eliminates retiree health insurance for new employees. This contract represents a compromise, and like most compromises, neither side is completely happy with all of the provisions. Over the long term it will provide significant savings to Allegany County, while providing fair and reasonable wages and benefits to current and future employees.

The Collective Bargaining Agreement was approved by a vote of 12 to 1. Ironically the sole dissenting vote was cast by Legislator Norman Ungermann. The irony relates to the fact that this Union unit was organized only after he declared on the Floor of the Legislature that we could change the wages and benefits of non-union employees "with the stroke of a pen." While technically accurate, Legislator Ungermann's statement was ill advised and reckless. The Legislature has spent the past three years negotiating an Agreement that should never have been necessary. In my opinion Legislator Ungermann's conduct has cost the County thousands of dollars in negotiation fees, and thousands of dollars more in increased wages and benefits. Hopefully he will show more discretion and wisdom in the future.

Politics has been described as "the art of the possible." In today's economic climate I would have favored a contract that included no pay raises, while increasing employee contributions toward health insurance. However, New York State's Taylor Law requires that we negotiate with unionized employees, and prohibits public employers from changing wages or benefits without the agreement of employees. The new contract represents the culmination of hard bargaining by both the County and PEF. It represents what was possible. It does not represent perfection, but it does represent progress.

Frank Crumb's Dream Subscription Campaign Update

86 down, 39 to go

Back in 1884, a simple item appeared in the Sun that said, "Wanted, one thousand subscribers to the Alfred Sun." It's been 125 years since legendary Sun Editor Frank A. Crumb, with the Sun from 1883 to 1951, set the millenary goal.

Not knowing of Frank Crumb's Dream, I, too, had set a goal of 1000 subscribers when I joined the paper in 1976. That goal was finally reached in January 1999. But we want to keep Frank's dream alive.

The late Eugene T. Van Horn, who owned the newspaper from 1951 until 1973, told us one time that circulation peaked in the 1960s at 700. It's now over 900. We've added 82 new subscribers since Jan. 1, 2009.

Get connected to this community. If you would like to contribute to Frank Crumb's Dream, send your name and address or that of a loved one together with your check payable to "Alfred Sun" to: Frank Crumb's Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802. Thank you!

# Eagle project completed at Almond Lions Park

*Special to the Alfred Sun*

ALMOND--Jake Shilling of Alfred's Troop 19 began his Eagle Project in May and completed it August 28 at Almond Lions Community Park just in time for the Soccer Season.

There are new DOT brown PARK signs on Main Street near Marvin Lane to alert people where the park is. Then you will notice a new blue and gold sign for the Almond Lions Community Park at the intersection of Main Street and Marvin Lane. Another blue and gold sign is at the entrance to the park with a concrete block planter around the base of the sign.

The park road and parking lot were graveled. The soccer fields have ten new twelve-foot benches for the players. The children's park has two new benches with backs for parents' to sit on while watching the children play. The existing scoreboard hut for the little league field received a fresh coat of stain.

All of this work was done in stages. Signs and benches were constructed off site then brought to the park when completed. Putting up the signs, staining the hut and graveling the road were big work days at the park. More than 60 volunteers put in over 600 hours of labor. More than 40 businesses from Alfred, Almond, Andover, Hornell and Wellsville donated to the project in the form of equipment, food, materials and monetary donations.

"I would like to extend a thank you to all who participated in so many different ways to help make my Eagle Scout Project a success. Thank you for all the generosity and support, for all the fun and learning. It is my hope that all who visit our ever improving Almond Lions Community Park will enjoy it as

## Uncle Alfred's Sub Shop joins college partner program

ALFRED--Uncle Alfred's Sub Shop has joined the Alfred State College Campus Partner program. The program allows students to use their Campus Card debit account at area businesses who participate in the program.

The off-campus Campus Partner program is a partnership between the college and area businesses that is managed by Auxiliary Campus Enterprises and Services (ACES). This is the third year of the program and Uncle Alfred's Sub Shop is the

eleventh vendor to join.

"We're excited to have Uncle Alfred's join our partner program," said Stephen Schnorr, ACES Executive Director. "With just three weeks into the semester, the program has put over \$60,000 into the local economy. This is a significant increase over the 2009 opening weeks, and we couldn't be more pleased with the program."

The program was the brainchild of retiring ACES Executive Director, Thomas Massara.

"It helps students by giving them access to purchasing power, even if their cash resources are scarce," Massara said. "It also provides a bridge to local merchants who need student business to keep their doors open."

The Campus Partners are: The Terra Cotta Coffeehouse, Little Sicily's Pizza & Restaurant, Fox's Pizza, The Collegiate, Alfred Pharmacy, Pizza King, Short's Deli (2 locations), The Hott Spot, Hot Diggity Dogs, and Uncle Alfred's Sub Shop.

## 'Simple Gifts' opens 'Appalachia Rediscovered'

By ELAINE HARDMAN  
*Alfred Sun Reporter*

Partnerships are roots that nourish a flowering society. Alone we can do but in a partnership we do double, triple or more.

Simple Gifts is a partnership of 2 women, a dozen stringed instruments made to pluck, strum, hammer or bow, a bellows and some recorders that take a simple breath and pull it into a vibrant rainbow of sound. Simple Gifts, Karen Hirshon and Linda Littleton, gave their music to enthusiastic reception at the David A. Howe Library with funding from one of its partners, the Allegany Arts Association.

One element of the concert was the open sharing of information about the instruments and the music which included tunes from Irish, American, Klezmer, Gypsy, Balkan and Indian roots. There was even a lesson in how to play the smallest and most easily acquired instrument – the soup spoons.

Hirshon and Littleton have been partners in music for 13 years. They said that when people get along and make good music, it's hard to quit. They form an "alternate universe" and it feels, and sounds, like home.

After the program, Aydrianna Weimer said, "The concert was great. I especially liked that they

knew different tunes and styles and they smiled a lot."

Aydrianna, a 4th grader in Wellsville who plays recorder and intends to play flute soon, claimed the Shruti box as her favorite instrument. The Shruti is an Indian instrument that consists of reeds powered by a foot operated bellows. Hirshon said that the instrument is designed to be used during meditation but that it sounds great when it accompanies a flute and that's how she first heard it.

Simple Gifts was the first program in Appalachia Rediscovered – a 2 month project funded in part by another Library partner, the Allegany County Area

Foundation. Programs include academic lectures, concerts, films, classes, art exhibits and other events to address social, political, economical, environmental and cultural issues that have formed and continue to transform this thirteen-state region.

The full list of programs is at [www.Davidahowelllibrary.org](http://www.Davidahowelllibrary.org) (click on Appalachia Rediscovered on the left.) but here's a partial list -

## 'Relatives' exhibit to open at Fountain Arts Center

BELMONT-- The Fountain Arts Center is proud to present an artistic collaboration between two unique Houghton College alumni artists.

The exhibit, titled "Relatives," is a visual commentary on how biology and aesthetics share a common thread, and shape our relationship with other animals.

It features the video explorations of college professor Dave Huth, and the exceptional photography of Houghton College graduate, Kaylan (Reynolds) Buteyn. Appearing in both formats are friends, family, pets, other animals, including reptiles and amphibians, and fowl from the collection of the Buffalo Audobon Society.

Both Buteyn and Huth have captured the essence of relationships between homo sapiens and non-human animals. The images they have produced are playful, thought-provoking, and exquisite.

They awaken the artistic muse of the biologically-minded, and pique the scientific curiosity of

the artist.

Dave Huth is an assistant professor of visual communication and media arts at Houghton College. He excels in digital media, and is constantly researching new ways to push the creative envelope of videoblogging and digital storytelling.

Kaylan Buteyn is a recent graduate of Houghton College with a degree in communication, concentrating in media arts and visual communication. She currently resides in Georgia, but her roots are in Angelica and Houghton.

Portraits and rural landscapes are the primary subjects of her photography, which can be seen at her studio Two Fern Photography.

In addition to displaying her work, Buteyn will be doing a benefit for a former classmate, Marcus Hoshal, who was recently diagnosed with leukemia. A portion of the proceeds from any sales of her work will be donated to Hoshal to help with medical expenses.

The artists will greet guests at the opening reception of the exhibit oat 7 p.m. Friday, Sept. 24.

"Relatives" can be seen at the Fountain Arts Center Gallery at 42 Schuyler St., Belmont,

through October 30.

Below is a photo from the exhibit simply titled "Kay."

# Mueller Mullings

By **MATT MUELLER**  
*Alfred Sun Columnist*

A LETTER TO ALFREDIANS

My mullings today arise from a recent unfortunate/fortunate incident. Asked to write a letter to the editor about it, I knew my epistle would be either inappropriately lengthy or short. Rather than concentrating on others’ neglect, I craved adequate space to offer gratitude for my rescue.

While walking in Alfred, I follow two principles. “Leave things better than I find them.” “Offer assistance to anyone appearing in need, following through if it is not rejected.”

I carry bags in which to haul away casually discarded cans and bottles. If a 5 cent deposit was paid for an item, I wash it, return it for cash, and donate the money to the Box of Books Alfred Public Library. I recycle “no deposit” containers weekly at the Allegany County Solid Waste Transfer Station on Satterlee Hill in Alfred Station.

Frequently, I pick up trash distributed by the wind, humans, scavenging birds, or animals. The latter two groups often liberate and liberally distribute food-flavored items from plastic trash bags that humans have not placed securely in a tightly covered garbage can as required by law.

I also shift potentially harmful objects from sidewalks, streets, and adjacent properties. These may be branches, toppled trash barrels, or gravel spattered from my driveway onto the sidewalk.

On Monday, September 13, while walking a friend’s dog, I foolishly tested the hazardous quality of a collection of driveway runoff. It was a widespread accumulation of dirt, gravel, and stones issuing from the 23 Sayles Street property into the junction with Terrace Street. I concluded it must not be dangerous to tread on, as no one nearby cleans it up.

My feet immediately lost traction, never touching the paving beneath the clattering clutter. I pitched face forward on top of it. Luckily, the brim of my hat bent downward, so that my glasses were knocked askew but my face was not cut. One knee was skinned through my slacks. Although I was able to move into a sitting position, I could not gain a footing to stand up.

Two helpers immediately entered the scene. A young woman driving a car up the Terrace Street hill saw my dive and pulled over to the nearby curb. A vigorous young man in the seat beside her jumped out to offer help. I metaphorically leapt at his assistance. After he succeeded in raising me to a solid footing, we exchanged first names, his being Walner.

Despite my grimy appearance, mouthful of gritty dust, and customary decrepit bearing which obviously alarmed him, I assured him that I was all right. I gave the same response to the driver’s similarly disbelieving question.

By coincidence, Walner and I crossed paths again, both later that day and the next morning. Each time he enquired about my well-being. After giving reassurances, the second time I asked for some personal information about him. He told me that he is a junior in the School of Art and Design at the New York State College of Ceramics at Alfred University, with a particular interest in metal casting.

These clues led me to further details about this upstanding man who stood me up, literally. Unwittingly, he is an adherent of my above cited principles.

According to a February 1, 2010, AU news release, Walner Edmond was born in the United States, raised in Gettysburg, PA, and his family is Haitian. He learned a week after the January 12 earthquake which struck Haiti that his father had survived. The fates of other relatives and friends were still unknown.

An article by Jericho Shackelford in the AU student newspaper, “Fiat Lux,” dated February 13, 2010, related the success of “Pour for Haiti,” in raising \$5000. Walner was one of the organizers of the all-day, multi-faceted event, sponsored by the Foundry Guild and held at the National Casting Center in Alfred Station.

It included a silent auction and a quickly sold out lunch. Walner contributed work and helped with the pouring of aluminum blocks, sold for \$10 per mold. Half of the money raised was given to his effort to help his family. The remainder was donated to Doctors Without Borders, deemed relevant to the project’s cause.

DWB is a favorite charity of mine, so in your honor, Walner Edmond, I am sending it a check, specifying ”For Help in Haiti.”

Other local walkers may want to join me in thanking the Alfred Village Maintenance Crew who have disposed of the debris which caused my downfall.

Fund-raiser for Box of Books Library

# Tastings, Treasures, Tunes 2!

ALFRED--Tastings, Treasures, and Tunes 2? Yes!

Friends of the Alfred Box of Books Library are offering a repeat of last year’s enjoyable gathering for wine tasting, silent auction, and music. Be sure to circle Saturday, Oct. 9 from 7 to 9:30 p.m. on your calendar.

This convivial community event will again be held at the Alfred Village Hall Theater, and is not merely a wine tasting of several of the best Western New York wines. For those not interested in tasting wines, soft drinks will be available.

DeAnna Harriss, of West Side Wines and Spirits, will be on hand not only to pour wine, but also to make suggestions of pairing food with wines. Hors d’oeuvres and savories from the kitchens of several Alfred gourmet cooks will complement the drinks, and Alfred University’s Peter O’Connor will provide music.

## How can funding from library grant be used at BOB?

By **AMANDA BURNS**  
*Public Computing Center Director and Lead Trainer*

ALFRED--The new Public Computing Center at the Box of Books Library here in Alfred is a wonderful program and opportunity for our community. We feel honored to have been selected as one of thirty libraries in New York State to participate in this grant; however, the funds that have been graciously awarded to the library must be spent on goals specified in the official guidelines for the grant.

While this means that the grant award will provide the funds needed for the Public Computing Center staffing, purchase of new computer equipment, and technical assistance in order to have the Public Computing Center at the library, the grant funds cannot be used for all of the day-to-day operating costs for the Box of Books. The grant funds will cover the purchase of several new computers, but cannot be used for collection development at the library.

The Box of Books Library serves an important role in our community, and events such as the Annual Book Sale on Saturday, Sept. 25 or the Friends of the Library Wine Tasting fundraiser on Saturday, Oct. 9 are critical to help build our local collection, to provide funds for weekly programming and to fund the daily operations of the library.

As the director of the new Public Computing Center here at the Box of Books Library, I would like to personally thank everyone in this community for all of the time, and resources that they have given to keep our little library such a wonderful asset for our community. The library would not be what it is today without this generous support.

While I am looking forward to all of the programs and training opportunities that we will be able to provide to the community through the Public Computing Center, I know that after the two year grant has ended, the Box of Books Library will remain and will continue to grow thanks to the members of this community who do so much to support this local treasure.

The silent auction will offer numerous donated items to bid on, including various kinds of art, silver, fiber art, and glass items, as well as services, such as gourmet dinners. Every item will provide a “buy-it-now” price, allowing bidders to snap up a cherished item immediately.

Tickets for Tastings, Treasures, and Tunes 2, which are \$20 per person, are available at the Box of Books Library as well as through members of the Friends of the Library. In addition, tickets will be on sale at Alfred University’s Powell Campus Center on Thursdays from 11:30 to 1:30 from Sept. 16 through Oct. 7.

There are more reasons to support our local public library than can be enumerated here. It is a fact that our village does not have a community center. Perhaps with our vibrant Box of Books Library we don’t really

need one. Here is a place where visitors can go to experience a warm and friendly atmosphere, where friends can meet (and talk!), where children are always welcome, and where anyone is sure to find a good read and answers to just about any question.

But the Box of Books cannot survive on our tax dollars alone. Money raised by the Friends of the Library through ventures like Tastings, Treasures, and Tunes 2 is essential in helping to provide for many popular activities, including the weekly coffee group, youth meetings, reading groups, fun with Wii, family movie night, and various summer programs.

Join the Friends of the Alfred Box of Books Library in supporting these and other wonderful services. Buy your tickets, and come to Tastings, Treasures, and Tunes 2 for an enjoyable evening on October 9th.

### NOTES from the BOX OF BOOKS

This has been a busy this week at the Box of Books in preparation for the Annual Book Sale. Shelves have been weeded of titles that haven't circulated in the last 3 years, the tapes and VHS have been discarded to make room for the new DVD's and Audio CD's.

Please excuse the mess that may be piling up as the Book Sale approaches. Donations are still welcome the book sale is on Saturday from 10-4 on the lawn of the library. Donations can be dropped off that day, as can donations for the Friends Yard Sale. All donations are tax deductible, there is a form that you can fill out if you need a receipt. Thank you in advance to all who help make the book sale a success.

The Quilt is back and ready for people to come stitch for a bit. The hope is to have the quilt done so it can be auctioned at the Annual Tastes, Treasures and Tunes on Oct. 9. Wednesday nights are great times to stop in because we are open until 8 p.m.

**GURF MORLIX will perform Sept. 25 at Wellsville Creative Arts Center.**

**Singer/Songwriter Jim Page will be returning to perform at the Wellsville Creative Arts Center Saturday, Oct. 2 in Wellsville.**

## Jim Page to perform in Wellsville

WELLSVILLE--Jim Page will perform at 8 p.m. Saturday, Oct. 2, at the Wellsville Creative Arts Center. Come early for dinner (served 5-9 p.m.). Tickets are \$12 advance purchase/\$14 at door. Member tickets are \$10 advance purchase/\$12 at door. Jim will also be holding a Songwriter's Workshop in the afternoon from 3 - 4:30. Cost is \$25 (which includes a ticket to the evening show). Tickets may be purchased online at [www.WellsvilleCreativeArtsCenter.com](http://www.WellsvilleCreativeArtsCenter.com) or at the Art Center Coffee House. For more information visit the website or call 585-593-3000.

Born and raised in California, Jim Page began his singing and songwriting career in the 1970s on the streets of Seattle, creating topical, sometimes satirical songs that provoke thought and action among his listeners. Page, a youthful 60, has been compared to Bob Dylan and Woody Guthrie. Early in his busking career, he received a ticket for singing on the streets of Seattle, a watershed event that led to his campaign to get busking legalized in Seattle.

Jim has been on the scene for more than twenty years and his reputation continues to grow. Often

cited for his biting political pieces he is in constant demand by the social movements of the day. Over the years, Page has shared stages with Emmylou Harris, J.J. Cale, Bonnie Raitt, John Hammond and many other musicians.

"Jim's been writing great topical songs for as long as I can remember, bringing his acute wit and wry humor to a host of subjects that can really use both. In the tradition of Woody and Dylan, he cuts right to the heart with music you actually enjoy listening to. I'm a longtime admirer."

-- Bonnie Rait

"More reminiscent of the Woody Guthrie I heard as a boy than anyone I've listened to in the intervening years."

- Philip Elwood, San Francisco Examiner  
"Jim Page's songs get right to the point. He looks at the world clearly and reports what he sees with compassion, humor and a biting sense of irony. And boy! can he sing and play. If you're ever going to get the message, this is the messenger to get it from."

-- U. Utah Phillips

**Ernie and Andy Lawrence of Perry, return to Black-Eyed Susan Acoustic Café for a Sept. 25 performance of jazzy blues and acoustic folk music.**

## Ernie and Andy Lawrence to return to Angelica cafe

ANGELICA--"Ernie and Andy Lawrence... do their best to keep alive the tradition of American roots music... and when they write one of their own [songs], they're killers."

Jeff Spevak, music critic *Rochester Democrat and Chronicle*  
Black-Eyed Susan Acoustic Café is proud to welcome back father-and-son duo Ernie and Andy Lawrence on Saturday, Sept. 25. Café doors open at 4:30 for dinner with music beginning at 6 p.m. with Jim Schwartz and Friends. Ernie and Andy take the stage from 7:30-9:30 p.m.

The Lawrence's play jazzy blues and folk music with deep roots in the blues, and throw in some old country, gospel, and rock-n-roll. Each sings and performs on acoustic guitar, trading off the lead vocals and the lead guitar.

Proprietor Don Ash remarks, "Last year as they set up for their first performance at Black-Eyed Susan, Ernie told me, 'Be sure to let us know if we're too loud. We're howlers!' I wondered, howlers? That evening I learned that nothing could be further from the truth. Their warm vocals and fine guitar playing merged to make a very pleasing sound. They gave us a great program of American blues and folk. We're anxious to hear more of the same thing."

They have played at Rochester's Corn Hill and Park Avenue Festivals, the Naples Grape Festival, at the Wellsville Creative Arts Center, and have played shows for The Buffalo Friends of Folk Music and The Golden Link Folksinging Society. The Lawrence's have also opened for national acts in Buffalo and Rochester.

Black-Eyed Susan is open all day Saturday, from 11 a.m. to 11 p.m. for lunch, dinner, specialty coffees and desserts, with music beginning at 6 p.m. There is no cover charge, but guests are expected to contribute to the musician's tip jar. Reservations for dinner -- while never necessary -- are strongly encouraged.

### Coming Events at Black-Eyed Susan:

SATURDAY, October 2-- High-energy fingerstyle guitar with PETER COLLIN 7:30 - 9:30 p.m. Peter's virtuoso guitar work on both 6- and 12-string instruments has earned him praise as one of the finest finger pickers in the area. Influenced by such artists as Michael Hedges and Leo Kottke, Peter's style combines the best of acoustic rock, folk, blues, and popular contemporary music.

THURSDAY, Oct. 7--ACOUSTIC OPEN MIC NIGHT hosted by Bob & Gena Decker. 7-10 p.m. All are welcome. Free admission. Café will open at 6:00 for light meals, espresso, desserts. Come out to hear some of the finest acoustic music Allegany County has to offer, in a casual, welcoming atmosphere -- and bring your instrument, too!

Alfred Twenty-First Century Group

By ANNE WENSLOW

A21CG Board Member

Today's column is mainly a big Thank You to Anne Acton who, after seventeen years, felt she needed to retire from the Executive Director position with A21CG. So, the Board of Directors and Executive Advisory Council want to acknowledge Anne's leadership.

During those years, she has made successful grant submissions that resulted in projects like the Streetscape, that brought pavers, new lighting, and beautiful Christmas decorations to Main Street, and the restoration of our historic Village Hall.

Anne has also been the 'clerk of the works' overseeing several house rehabs using grant monies and private investments.

The most recent restoration being the ongoing work at the 1887 Burdick-Saunders property (formerly the Klan Alpine fraternity).

The Town and Village of Al-

fred has benefited from her being the lead fundraiser and liaison to the community, business owners, private investors and institutions.

Also, the Board thanks all the volunteers over those years who helped Anne make the projects successful.

To Anne we all say --- THANK YOU --and enjoy your retirement adventure!

A search for a replacement is underway. The Board welcomes nominations for this position. However, during this leadership transition the responsibility for day-to-day operational activity has reverted to the Board of Directors.

Don Cameron has agreed to serve as Interim Executive Director. Fund raising and the continuation of work at the Burdick-Saunders property are our biggest challenges at this time. The Fall newsletter and request for financial support will be mailed

soon.  
Thanks for your support Marion Weaver, Woodie & Sue Lang, Steve & Pat Edwards, & Jeanne Hyland at Hair Care.

Members of the Board:  
Don Cameron, Tom Massara, Carlyn Yanda, Phil Prigmore, Anne Wenslow

The Welcome Center is at the Intersection of Alfred University and SUNY Alfred, at the stop light.

Ladies of the surrounding areas, in Allegany and Steuben Counties, are welcome to come to this function. Hostesses will be Mary Huntington and Amanda Snyder.

A Reading Club was organized February 1894 with the name "Amandine" (worthy to be loved) chosen to honor Amanda Burdick. In 1936 Amandine united with the Allen Civic Club.

The Forceythe-Willson Club, formed in 1909, was united with Allen Civic-Amandine Club in 2000. This club will meet Nov 3, Dec 2, 2010, Feb 3, March 3, and April 3, 2011 in the Parish House of the Alfred Seventh Day Baptist Church. A new zoning ordinance, defining and describing business, industrial and residence districts within the village limits was discussed Monday night by the Alfred village board...Several board members toured the south-east corner of the village with public works superintendent Robert Place to inspect areas, proposed for new housing developments. **TWENTY-FIVE YEARS AGO, SEPT. 19, 1985**  
**More than 7,500** persons last week received gamma globulin inoculations in Allegany County in an attempt for health officials to prevent an outbreak of Hepatitis A. Most of the 7,500 received shots at Alfred State College's Parish Health Center and Alfred University's Davis Gym. Still more were inoculated in Cuba's fire halls. Fifteen cases of the disease have now been confirmed in Allegany County, all originating from the South Main Street Sub Shop in Wellsville. **A new Planned** Animal Life (PAL) stand, which operates for the benefit of the Allegany County SPCA, replaces the one stolen and vandalized last winter. The former stand, which stood intact for almost 10 years, was found demolished behind Crandall Hall. The cash box was ripped off the table top and was never recovered. Because contributions were picked up regularly, little or no money was in the cash box at the time. The PAL stand was originated more than 10 years ago with the cooperation of Hazel Humphreys, who permitted the stand to be placed on the lawn of her book store, "The Box of Books," now the "Box of Books Library." **Sandra L. Hackett**, Almond, has been elected president of the Alfred State College Alumni Association. Her two-year term, announced by Andrea Bidell, director, Alumni Affairs and Annual Giving, began July 1. She succeeds Jeffrey K. Marshall '81.

**It has been said** that Seventh Day Baptist pioneers ventured west until they found good soil—then settled "just beyond it." That statement, one can argue, holds true for the S.D.B. founders of Alfred, who found fertile soil in the valleys in nearby Almond, then settled five miles beyond, on the hillsides of shale and fields of clay. But Seventh Day Baptists, perhaps reinvigorated each week by their Sabbath day's rest, are industrious, hard-working folks. One such enterprising S.D. was the Honorable John "Jack" Merrill. Born in Potter Hill, RI, he was the son of Dr. John Hill Merrill and Mary Ann Babcock. Jake was graduated from Alfred University in 1884 and from the Metropolitan School of Art in New York City in 1886. In 1887, he received a master's degree from AU. He married a classmate, Leona Burdick on August 13, 1891. She was a daughter of Alfred businessman Silas C. Burdick and Mary Taylor and granddaughter of William Clarke Burdick, who built the house at 71 North Main (now Delta Sigma Phi fraternity). According to the 1898 Alfred Sun, J.J. Merrill was the first to realize that local clay could be used to produce decorative items. He and Frank Vogan set up an operation in a \$75 building that relied on a horse to provide the power to mix the clay. They manufactured vases, urns and chimney pots. Joining him in establishing the Celadon Terra Cotta Works of Alfred in 1888 were D.S. Burdick and William D. Clarke, pillars of the Alfred community. They were joined by George H. Babcock, who helped develop the roofing tile trade. Babcock studied the European roofing industry and designed some 20 various shapes, for which he acquired American patents...An avid fan of Alfred University football, in 1900 (Merrill) donated a new football field where the first game was played in October 1901, a 6-5 loss to the University of Rochester...

**AU's football team** rebounded from last weekend's Homecoming loss to Ithaca by defeating host St. Lawrence, 21-7, Saturday afternoon. AU sophomore tailback Jesse Raynor (Weedsport) rushed for 77 yards on 16 carries and scored two touchdowns...

# Baptist World Alliance's Neville Callam will speak at Alfred Station church

ALFRED STATION--“Good Sabbath!” That is the way your friends and neighbors at the Alfred Station Seventh Day Baptist Church begin the Sabbath Worship Hour at 11 a.m. on what others call Saturday. You see Seventh Day Baptists express belief in the Bible Sabbath. That begins in modern terms in what we call Friday evening and ends at the beginning of Saturday evening. So it is natural to bring the congregation to worship the LORD Saturday morning and to invite our friends and neighbors to join with us.

This Sabbath during the 11:00 am Worship Hour sharing our Pulpit will be Rev. Neville Callam, General Secretary of the Baptist World Alliance. The Baptist World Alliance is an organization made up of Baptist Conferences and Unions with 40,000,000 constituents worldwide. The BWA’s mission is networking the Baptist family to impact the world for Christ. The BWA’s vision is described in the following statement; The Baptist World Alliance is a global move-

ment of Baptists sharing a common confession of faith in Jesus Christ, bonded together by God’s love to support, encourage and strengthen one another, while proclaiming and living the Gospel of Jesus Christ in the power of the Holy Spirit to a lost world.

This Baptist leader has a word for our time. Please join with us this Sabbath to Worship.

Sabbath School precedes the Sabbath Worship Hour at 9:45 a.m. In Sabbath School there is an opportunity to see how the Bible is relevant for today’s living. There are classes for all ages and Sabbath School is not just for children, we have 3 adult classes.

You will find the Church building located at 587 Route 244 in the thriving neighborhood of Alfred Station. We are blessed with being surrounded by neighbors who care about the community. If you would like further information about the Sabbath, salvation or Seventh Day Baptists, please call the church office at 607-587-9176.

# Just another day, going through the motions?

By LINDA STAIGER  
ALMOND-- Whenever Michelle Serra is our guest preacher you can bet that the children's message will be a good one. This week is was time for another Frog and Toad Adventure: Toad makes a list.

The list starts with getting up in the morning and goes through several regular items. As he gets up he crosses it off his list. Visiting Frog is on the list...so he

does. They go for a walk, but suddenly a strong wind comes up and whips the list out of his hand! Uh-oh--oh no..what was next on his list?

They walk back to Frog's house and Frog suggests that they go to sleep...Eureka!..Toad remembers that was last on his list so they go to sleep to begin another day. So was Toad just goin' through the motions?

So, do you ever get like Toad-

## THE GLORY OF AMERICA

Thursday, September 23

Educator, author, and poet, Emma Willard was a pioneer in achieving education for women. In 1843, concerning the duty of each American, she wrote:

“The government of the United States is acknowledged by the wise and good of other nations, to be the most free, impartial and righteous government of the world; but all agree, that for such a government to be sustained many years, the principles of truth and righteousness, taught in the Holy Scriptures, must be practiced. The rulers must govern in the fear of God, and the people obey the laws.”

-have your routines, but sometimes they get messed up? So, just why is it that we do the things we do? "Why do we come to church?" It's Sunday--that's what we do on Sunday? It's a habit. Your Mom made you go to church back in the day? Linda would be disappointed if you didn't come to choir?

A newly formed group usually has enthusiastic people excited about it. The same as the early church when new believers were excited to meet! What makes Sunday better? For one, we can anticipate meeting with God. When we gather in His name He's with us in a unique way. The sanctuary is a safe place where we can be ourselves and share the "peace which transcends all understanding."

For another, we come to learn more about God. We learn something new or we can learn a new view of something already learned. And last, but not least, we come for the fellowship in our church family. We come to be reminded that we are not alone. We are needed by others--sometimes to be held accountable and challenged. We set all else aside and truly connect, encourage one another. We are made mindful of the things we did or did not do. We come together as part of something bigger and we are welcomed into a community of believers.

Do you know why you come to church? Next Sunday, see if you can make it more than "Just another Sunday." Come to be with God, to learn about Him and to fellowship with those who gather in His name. The Almond Union of Churches is one of many in this area that offers you a place for caring, learning and solace when it's needed. God bless you all.

**HORNELL**--The Hornell-Alfred Unitarian Universalist Society will meet from 3 to 5 p.m. Saturday, Sept. 23 at 198 Main Street across from the Hornell Cinema. UUs profess belief in no creeds or dogma. Does this mean they are free to believe anything at all? Walter Brown, a founding member of this group, will explore the reason most UUs attend church. His presentation will follow the steps many members of this denomination have followed in reaching their present theology.

A discussion will follow in which all who wish may share the evolution of their belief system. Coffee, tea and treats are served and all are welcome.

Unitarian Universalists, as a religious denomination, seek and work for tolerance, acceptance, respect, and peace. For more information call: 607-698-4508, 585-335-2623, or visit our blog at HAUUS.org

# Union University Church to fill a truck to assist in meeting food pantry needs

ALFRED--The Alfred Area Food Bank is facing a desperate need for food.

“During the month of August alone, 66 families were served, 8 of whom were new” says Luan Ellis, food bank coordinator. Not only are food donations down but cash donations are down as well.

So far this year they have received \$3,800 in contributions and have had to spend \$7,000 -

the extra was made possible because of reserves from the previous year. The money is used to purchase eggs, chicken, and bread from Stearns Poultry at low cost.

In order to help alleviate the need, the Union University Church has decided to launch a blitz-like campaign to fill Larry Casey’s truck with food for the Alfred Area Food Bank, and they are inviting community

members to join in the challenge.

Beginning immediately and running until Sunday, Oct. 3, we invite everyone to collect as much food as they can to see if we can fill the bed of Larry’s truck to the brim. Spread the word – ask your friends and neighbors to join in the effort.

While all non-perishable food items are welcome, the following are most needed: cereal, protein (beans, tuna, etc.), boxed meals, pasta, soups, and canned fruits.

Bring food items to the foyer of the Union University Church Center, Church Street, Alfred, during weekday mornings. Questions may be directed to the Church Office, 587.9288 or Lana Meissner, 587.9469, FMEISSNERL@ALFRED.EDU.

On October 3, our youth will “fill that truck” and help haul it to the Food Pantry.

Houghton College announced recently that it will add baseball and softball as intercollegiate sports beginning in the 2011-2012 season. The addition of these programs helps the college meet the standards of sports offerings for NCAA D-III membership, a move that is currently under consideration for the Christian liberal arts college located in Western New York. Houghton College is currently a member of the American Midwest Conference within the National Association of Intercollegiate Athletics (NAIA) and offers 10 intercollegiate sports to student-athletes: men’s and women’s basketball, men’s and women’s cross country, men’s and women’s soccer, men’s and women’s track & field and women’s field hockey and volleyball. The addition of baseball and softball will strengthen the spring athletic season and provide opportunities for more students to enjoy the rewards of athletic competition currently experienced by more than 200 Houghton athletes. Both sports will begin play with an abbreviated schedule in 2011-2012. If a determination is made to seek membership in the NCAA D-III, the application deadline is June 1, 2011.

## Influenza Clinics begin Tuesday, Sept. 28 in various Allegany County locations

BELMONT--The Allegany County Department of Health will be holding Seasonal Influenza Clinics starting Tuesday, Sept. 28 at various sites throughout Allegany County. Remember you cannot get influenza from the flu shot. The vaccine is made from killed or inactivated influenza viruses, which render it incapable of causing infection.

WHO: All people 6 months of age and older should get the influenza vaccine. It is important to REMEMBER that:

- Influenza is spread by coughing, sneezing, direct physical contact (e.g., handshakes), contact with objects such as doorknobs, hand rails, and telephones.
- Individuals are contagious for 1-4 days before the onset of symptoms and about 5 days after the first symptoms.
- About 50% of infected individuals do not have any symptoms but are still contagious.
- Good health habits are extremely important in the prevention of respiratory illnesses. To prevent the spread of germs:
  - Avoid close contact with people who are sick
  - Stay home from work or school when sick
  - Cover your mouth/nose with a tissue when coughing/sneezing
  - Wash hands frequently
  - Avoid touching eyes, nose or mouth
  - Practice good health habits:
    - o Get plenty of sleep
    - o Be physically active
    - o Manage stress
    - o Drink plenty of fluids
    - o Eat nutritious meals
- If you are moderately or severely ill when you are scheduled to receive the vaccine, your health care provider may suggest that you delay receiving the flu vaccine. Should this happen, do not forget to get your vaccine as soon as you are healthy.
- The fee for the vaccine this year will remain at thirty three dollars (\$33.00) per person. However, for those who are eligible, Medicare – Part B will cover this cost.
- All insurances will be billed (please bring insurance cards); sliding scale available if uninsured or underinsured

# AU football team defeats St. Lawrence, 24-16

CANTON--The Alfred University football team (2-0, 0-0 Empire 8) remained unbeaten with a 24-16 victory over host St. Lawrence Saturday afternoon—but after taking a 21-0 lead, it wasn’t so easy.

The Saxons took just five plays to score on their opening drive, with junior quarterback Tom Secky (Bemus Point/Maple Grove) tossing a 12-yard touchdown pass to senior tight end D.J. Loughlin-Pope (Corning East) to cap a 2:40 drive. Two plays earlier, sophomore tailback Chris Lopez (Rochester/Pittsford Sutherland) had a 38-yard run to the Saint 18-yard line.

AU went up 14-0 when junior

linebacker Nick Clark (Canis-  
teo-Greenwood) capped a nine-  
play 59-yard drive with a  
one-yard run with 4:23 left in the  
first. Sophomore defensive end  
Chris Steeves (Rochester/Gates-  
Chili) gave Alfred a three-touch-  
down lead when he intercepted  
a screen pass and returned it 65  
yards for a TD.

St. Lawrence pulled to within  
21-16 in the third but Alfred  
forced the Saints to punt on their  
final four possessions. After  
forcing a St. Lawrence punt with  
9:20 left in the fourth, Alfred  
drove 56 yards in 11 plays, with  
junior kicker Eric Rockwood  
(Allegany-Limestone) booting a  
34-yard field goal to close out  
the game’s scoring.

Alfred produced 311 yards of  
offense, but turned the ball over  
four times. Secky finished with  
169 yards on 17-of-32 passing  
and had two passes intercepted.  
Thon (46 yards) and Loughlin-  
Pope (44 yards) each caught  
three passes and Lopez finished  
with 66 yards on 16 carries.  
Freshman tailback Austin  
Dwyer (Hornell) rushed for 62  
yards on 12 carries.

The AU defense held the Saints  
to 229 yards of offense, includ-  
ing 92 on the ground. Junior end  
Marcellus Jones (Lancaster) had  
seven tackles, including two for  
loss and a sack. Sophomore  
tackle Mike Raplee (Dundee)  
had five tackles (one for loss), a  
sack, and a fumble recovery and

freshman linebacker Steve Ki-  
jowski (North Tonawanda) had a  
sack. Sophomore strong safety  
Reggie Pressley (Rochester/  
Gates-Chili) tallied six tackles  
and junior tackle Torrance Jones  
(Rochester/ Marshall) and senior  
linebacker Chad Pieri (LeRoy/  
Caledonia-Mumford) had five.

AU opens Empire 8 Confer-  
ence play at 2 p.m. Saturday at  
unbeaten Springfield (3-0). The  
Pride, which has outscored  
King’s, Husson and Wilkes by  
126-14 in its first three outings,  
is hoping to avenge last year’s  
49-28 loss at Merrill Field.

## Men’s soccer wins two games

The men’s soccer team (4-2-1,  
0-0-0 Empire 8) went 2-0 in two  
non-conference games played  
last week. The Saxons shutout  
both visiting Morrisville 1-0,  
and host Hilbert 4-0.

Freshman midfielder Jeffery  
Thomas (Canandaigua) scored  
with just under 10 minutes left in  
regulation to give the Alfred  
University men’s soccer team a  
1-0 victory over visiting Mor-  
risville State Wednesday  
evening on Merrill Field.

Senior defender Nick Schnei-  
der (Liverpool) assisted on the  
winning goal, which came at the  
80:29 mark. It capped a solid ef-  
fort by the Saxons, who domi-  
nated play for most of the game.  
AU (4-2-1) outshot the visiting  
Mustangs, 21-8, and held a 7-3  
advantage in shots on goal. AU  
junior goalie Elliott Thorpe  
(Highlands Ranch, CO/Thunder  
Ridge) made three saves to earn  
the shutout.

Senior Mark Nesbitt (Nunda/  
Keshequa) scored the first goal  
of the game at the 41:52 mark in  
the first half, giving Alfred a 1-0  
leading against host Hilbert.

The Saxons came out firing in  
the second half, scoring three  
unanswered goals to end the  
scoring at 4-0. Sophomore  
Frankie Mannino (Elmira Free  
Academy) started the second  
half charge just seven minutes  
into the second half, assisted by  
Schneider. Fourteen minutes  
later freshman Zachary Krane-  
feled (Millville, NJ) netted an  
assisted goal from junior Ean  
Kelleher (Plattsburgh). Sopho-  
more Stefan Nonnenmann (New  
Providence, NJ) closed out the  
scoring at the 87:37 mark, as-  
sisted by junior Justin Shardlow  
(Alfred Station/Alfred-Almond).

The Saxons out shot Hilbert  
30-11, while using a trio of  
goalies. Thorpe made two saves  
playing the first 59:49 of the  
game. Freshmen Jacob Bird  
(Auburn/Skaneateles) and  
Samuel Guy (Binghamton) split  
the remainder of the match,  
making two and one saves re-  
spectively.

The women’s soccer team (2-  
2-1, 0-1-1 Empire 8) dropped

Nazareth, Alfred senior goalie  
Shanna Ewoldt (Tuscon,  
AZ/Waubansie Valley) made 18  
saves, as the Golden Flyers out-  
shot AU 43-5.

Against Daemen, AU got on the  
board first with an unassisted  
goal from senior Elizabeth Gra-  
ham (Wellsville) at the 20:20  
mark, but surrendered four  
unanswered goals. The Saxons  
were outshot 29-1 as Ewoldt  
made 11 saves in net for Alfred.

over Morrisville, making five  
saves. He had two saves in 60  
minutes of action as he and two  
other goalies combined on a 4-0  
shutout of Hilbert. Thorpe was  
named the Empire 8 Conference  
Goalie of the Week.

Emily Crosby: The junior  
from Fairport had totals of 25  
kills, 31 digs, two assists and  
three service aces as the volley-  
ball team won all three matches  
played last week: at Hilbert and  
at home against D’Youville and  
Morrisville.

# Alfred State drops OT contest in Homecoming thriller, 20-17

ALFRED--Mike Lawandus connected on a 41-  
yard field goal in overtime as Erie CC defeated Al-  
fred State 20-17 in a wild Homecoming contest.

The Pioneers sent the game into overtime with  
a dramatic last minute drive. Cody Scepaniak  
(Vestal) drove a pile of tacklers into the end zone  
to close the Erie lead to 17-15 with 21.9 seconds  
remaining. He tied the game on the ensuing two  
point conversion by once again driving the pile  
into the end zone.

Erie won the toss and choose to play defense.  
They stopped the Pioneer overtime possession  
when Malik Thompson recovered a fumble on the  
13. Erie gained just one yard on their three plays  
in OT before Lawandus connected on the 41-yard  
field goal to send the Kat players into a frenzy of  
celebration.

Lawandus got the scoring started in the 1st when  
he connected on a 20-yard field goal capping a 13-  
play opening drive for the Kats.

Masanari Yamamoto (Tokyo, Japan) tied it up  
with 9:42 remaining in the 1st half when he kicked  
his first career field goal from 28-yards out.

Ben Pickard sent the Kats into halftime with the  
lead when he caught a 46-yard pass from Taylor  
Henry. The drive was fueled by a fake punt that  
kept the drive alive.

Caleb Meroski (Lake George) cut the lead to 10-  
9 with 9:19 remaining when he stormed 38-yards  
for his first career touchdown. The PAT attempt  
was missed wide left.

Henry connected with Taylor Miller on a 25-  
yard scoring strike with 12:45 remaining after a  
Pioneer botched punt to give Erie a 17-9 lead.

Meroski finished with 75 yards on 11 carries  
while Scepaniak had 52 yards on 19 carries.  
Scepaniak finished 10 for 24 for 133 yards passing  
with Corey McWilliams (Erie, PA/Fort Leboeuf)  
and Josh Griffin (Englewood, NJ) each catching  
three passes (Williams – 47 yards & Griffin -28  
yards). ASC’s offense finished with 245 yards but  
was slowed by three turnovers.

Sir Aaron Taylor (West Chester/Lincoln Hall)  
led ASC with 11 tackles while Randall Wilkie  
(Buffalo/East) and Damion King (Detroit,  
MI/Madison Heights) each had eight. Wilkie  
added a sack while King recovered a fumble.

## Baseball: 3-5

The baseball team could not muster much of-  
fense as they were swept by identical 1-0 scores  
by Monroe CC on Homecoming.

In the opener, the Pioneers were held to two sin-  
gles and allowed an unearned run in the 4th inning.  
Tyler Mann (Holland Patent) took the hard luck  
loss allowing just two singles in seven innings of  
work. He walked four and struck out four.

Monroe scored and unearned run in the 5th in-  
ning to propel them to the victory in game two.  
Mitchell Kippola (Ithaca) allowed three singles in  
seven innings of work for the Pioneers. He walked  
two and struck out three. ASC was held to just four  
hits but did have runners on first and second with  
the Tribunes recorded the final out of the contest.

## Cross Country: Men - Ranked #2, Women Ranked #9

The Alfred State College men’s cross country  
team won their second straight invitational taking  
home the crown at the FLCC Bruce Bridgeman In-  
vitational. The women’s team finished 2nd.

Alex Farrell (N. Tonawanda) led the Pioneers  
with a 3rd place finish. He crossed the finish line  
of the 8k in 29:35. Joe Seitz (Williamsville North)  
finished 4th (29:36), Frank Mastraccio (Rome  
Free) was 5th (29:36), and Tyler Pettit (Mexico)

was 6th (29:55). Ryan Demers (Mexico) rounded  
out the top five with an 8th place finish (29:59).

ASC, ranked #2 in Division III of the NJCAA,  
scored a 26 ahead of Mohawk Valley CC’s 57 and  
Broome CC’s 61. FLCC was 4th with 88.

On the women’s side Abbey Benton (Frews-  
burg) raced the 5k course to a 3rd place finish in  
22:24. Tara Murphy (Rochester/Wilson) was 6th  
(23:03), Alison Hadley (Mt. Mercy) was 12th  
(25:42), and Zinta Rutins (Silver Spring, MD) was  
16th (28:55). The Lady Pioneers, ranked #9 in  
NJCAA Division III, scored a 55 and trailed  
MVCC’s 22 points. FLCC was 3rd with 58 and  
Broome did not have a full team.

## Men’s Soccer: 1-1-2, 1-1-1 Region III Division III

Alfred State and Mercyhurst North East battled  
110 minutes to a 1-1 tie in the Pioneers lone action  
of the week.

Lucas Wales (Bath) gave the Pioneers the lead  
with 36:38 remaining in the first half when he  
notched his second goal of the season. Steven  
Hickey (Rochester/ Aquinas) picked up the assist.  
Mercyhurst North East wasted no time and scored  
twenty seconds later on a goal by Peter Towner.  
ASC and MNE traded chances as shots rang off  
the cross bar and scoring opportunities were not  
capitalized on. The best chance for ASC to win the  
game came late in the second overtime when Chris  
Zier made a save on a penalty kick.

ASC held a 23 to 14 shot advantage in the game.  
Dan Krajcir (Gloversville) made seven saves for  
ASC while Zier finished with six.

A scheduled game on Thursday was cancelled  
due to persistent lightning. The game will be made  
up on Sept. 29th.

## Women’s Soccer: 3-1, 2-1 Region III Division III

The Lady Pioneers won both of their contests  
this past week, downing Jamestown CC 2-0 and  
Mercyhurst North East 4-1.

Jenna Lynn (York) netted two goals in the win  
over Jamestown. Lynn scored a goal in each half.  
Her first came 13 minutes into the game after a  
scramble in front of the net. Her second came after  
getting a pass from Holli Pierce (Livonia). Mo  
Parks (Avoca) made five saves in net to record the  
shutout.

Ginette Cornett (Potsdam) got the Lady Pio-  
neers on the board just under twenty minutes into  
the game vs. Mercyhurst North East after getting  
a pass from Tiffany Fox (Canis-  
teo-Greenwood). Pierce made it 2-0 nine minutes later after getting  
a freeing pass from Fox. After a Mercyhurst North  
East goal, ASC regained their two goal advantage  
with 2:30 remaining when Lynn scored after a cor-  
ner kick by Makenzie Finnemore (Genesee Val-  
ley). Pierce added to the lead just under two  
minutes into the 2nd half when she netted her sec-  
ond goal of the day after getting a pass from  
Charise Nankivell (Hornell). Parks made ten saves  
in net for the Lady Pioneers.

## Volleyball: 6-4, 6-2 Region III Division III

34 assists, 17 digs, and nine kills while Kelley

HITS AND MISSES:

The Alfred University Saxons (2-0) kept their unbeaten slate going in the young stages of their Division III football campaign as they traveled north to top St. Lawrence, 24-16. Coach Dave Murray's squad was ahead 21-0 in the first half and closed out the non-conference contest with a victory. The road is sure to get tougher in weeks to come. Alfred is at Springfield (3-0) this Saturday for an E8 battle with the Pride averaging 42 points per game in their first three games.

In other Division III football scores of interest it was SJ Fisher drilling UR (49-21), Ithaca drubbing Widener by a 31-7 tally, Hobart running past Carnegie Mellon, Brockport easing by Western Connecticut and Cortland stomped hapless Buffalo State, 35-7. The Cardinals of Fisher and the Bombers of Ithaca are undefeated along with the AU Saxons. Also, Mount Union "nipped" John Carroll (A-A) ... 51-7.

The Syracuse Orange picked up another win in the football season as they beat Maine, 38-14. Maine?

The Fighting Irish of Notre Dame didn't grab win #2 on the season though as they fell to Michigan State in OT, 34-31. New coach, same late heroics by the opposing team. Haven't had chance to discuss disappointing season to date with Obie, yet.

Also in the undefeated ranks are the Hornell Red Raiders on the gridiron as they blasted Livonia, 41-7. Jordan Schwartz accounted for three TD's in the win as he had a 53-yard punt return and caught two, 32-yard passes for six points. Coach Gene Mastin's program is 3-0 on the season.

A team that might not see three wins this year (total) are the sad, sad Buffalo/Toronto Bills of the NFL. Is there currently a worse team in the league? Maybe St. Louis but they have a future at QB with Sam Bradford. The Bills don't have a signal-caller. Poor drafts galore have doomed this franchise that will need several years to get competitive again. The Bills weren't even competitive (at all) Sunday past versus the Green Bay Packers.

The Seattle Storm won the WNBA championship as they zipped thru the women's basketball playoffs undefeated. Lauren Jackson was named MVP to add to her regular season honors as well. Guessing teammates Sue Bird and Swin Cash are off to the World Championships, joining ex-UConn teammate Diana Taurasi, for Team USA in the Czech Republic.

The Minnesota Twins, Tampa Bay Rays and New York Yankees were in a virtual three-way tie for the best record in the AL (and MLB) as of Sunday past with the Rays-Yanks tangling for four this week in New York. Taking nothing away from the Twins, with AL Manager of the Year Ron Gardenhire at the helm, but just "a tad" tougher in the AL East to post the current mark of the Rays and Yanks. They play each other 18-times plus the likes of Boston, an improved Toronto club and a surging Baltimore team under manager Buck Showalter. The Twins get two patsies in Cleveland and Kansas City, an average Detroit team and an erratic ChiSox club. Having said that, should be a most entertaining post season.

In the NL it is a three-way battle now in the West with San Francisco, San Diego and Colorado all clustered at the top. The surging Rockies with Troy Tulowitzki leading the way. Two could go to the playoffs as the wild-card race is now close as the Braves have faded in Atlanta a little.

LA Dodger manager Joe Torre is out at the end of the year and "Donnie Baseball," Don Mattingly will replace him at the helm in the NL West. Torre is "retiring" for now and an ESPN gig probably is on the horizon. Mattingly is my all-time favorite Yankee and he'll be getting his first chance to manage a club.

Josh Kinney of Port Allegany (Pa.)/Quincy University Hawks had quite the year for the Memphis Redbirds in the "AAA" Pacific Coast League. The reliever posted 17-saves with a gaudy 1.80 ERA. All of this after coming back from Tommy John surgery. Memphis fell in the PCL finals to Tacoma, 3-0 after claiming the title last year. Kinney sports a 2006 World Series ring with the St. Louis Cardinals and is now a free agent. His college teammate, Josh Rabe began his

# Century bike ride set Oct. 2 to raise funds for Habitat

ALFRED—The Alfred University chapter of Habitat for Humanity and Genesee Valley Habitat for Humanity are co-sponsoring the annual Alfred Century Bicycle Tour at 8 a.m., Saturday, Oct. 2 beginning at the Almond Municipal Building, 1 Marvin Lane (just off Main Street, Route 21), Almond.

This 100-mile, round-trip ride is run on lightly traveled, predominately flat paved roads. All proceeds go to Habitat for Humanity.

A registration form is available online at: <http://www.bicycleman.com/racing-touring-wny/century-ride.htm>.

Registration is also available the day of the event beginning at 7 a.m. Cost is \$20. Forms are also available at local bicycle shops or you may send check or money order for \$20 payable to "AU Habitat for Humanity" together with name, address, and phone number to: Alfred Century Bicycle Tour, c/o AU Habitat for Humanity, 2219 PCC, Alfred, NY 14802. For further information or for registration form, e-mail: [snyderd@alfred.edu](mailto:snyderd@alfred.edu) or call 607.871.2823.

The first Alfred Century Ride was run in 1895 when a group of bicycling enthusiasts decided to

take the relatively flat trip to Olean and back. About 50 cyclists rode the same course in 1995, reviving the century tour on its 100th anniversary.

This year's trip will be the 16th modern ride. The tour is thought to be the longest-running century ride on a century-old course and is one of the longest running century rides to have had recumbents (that places the rider in a laid-back reclining position) entered each year since 1995.

The ride will start from the Almond Municipal Building and runs through Scio, Belmont, Friendship, and Cuba to Olean and back. The course will be marked at various locations for 25-mile, 50-mile and 100K (62-mile) rides for those who don't want to pedal the full 100 miles. Food and drinks are available every 10 to 15 miles along the way from convenience stores and grocery stores.

Participants will wind through hillsides naturally adorned with colorful fall foliage, and rolling farmlands along tranquil streams on a course that in 1895 was described as "all in all, a first class run."

When 10 Alfred Cycling Club "wheelmen" completed a cen-

tury (100 miles) bicycle ride one Sunday in September 1895 little did they know they were setting a precedent for cyclists a century later. In 1895, before the automobile had woven its way into the America's cultural fabric, bicycling was the rage — a popular sport, both with men and women.

The modern century bicycle ride got its start when Don "Bart" Bartalo, century re-enactment originator and co-organizer, was researching a history project on growing up in the Alfred area in 1895. He came across an 1895 *Alfred Sun* article that reported a "very successful" century ride held by the Alfred Cycling Club on Sunday, Sept. 22, 1895.

Bartalo came up with the idea of an historical re-enactment. He contacted Peter Stull, owner of The Bicycle Man, Alfred Station; Peter contacted David Snyder, editor of the *Alfred Sun*; and the rest is history.

Organizers said the purpose of the Alfred Century Bicycle Tour is to generate interest in the history of Alfred and Allegany County, to promote healthy recreation, and to raise funds for Habitat for Humanity.

## THE DUGOUT continued

new career this fall as head coach of the Division II QU Hawks! Both played their college ball for Pat Atwell (Andover).

Tim Mead's (Andover) Walsh men's soccer team in Ohio dropped a couple games last week and are now (4-3) on the season. Houghton beat Mead's club in Ohio, 1-0 in AMC league play. Walsh is at Roberts Wesleyan this Saturday afternoon at 3pm.

Christy Kaznowski continues her excellent frosh season for the Western Carolina Catamounts soccer (3-4-1) squad as she had the assist in a 1-1 tie with Francis Marion last week. The young Kaznowski also has recorded four goals to date and leads the team in scoring. Sure she learned none of this from the once-legendary Kaz!

The Vermont Catamounts women's soccer team continues to struggle as they lost to Colgate last week, 2-0 and are now (1-7) on the year. Jess Herbst (Webster Schroeder) and Haley Marks (Penfield) are off to American University in DC this Friday and then home with UMBC on Sunday.

Stephen Baker continues to shine for the UPenn men's soccer team as he tallied two goals in a win over Georgetown on Sunday past, 3-1. This coming after team lost their first game of year, 1-0 to Villanova. Both games in the Ivy League/Big East Classic. For his efforts, Baker was named Ivy League Rookie of the Week ... again. Parents John & Colleen in Philly-DC for the weekend taking in the games. "Guess" they no longer work.

The Buffalo Flash of the Women's Professional Soccer league (WPS) might play a few games in Rochester next season. Way too many minor-league clubs in Rochester as it is and not supported by enough!

A bunch of NYS vanity plates spotted: MTPTRBOX, OHBAS-KET, STORMY W, PET RESQ, DADEBABY and OUTPOUR.

Great win for the SUNY Geneseo women's soccer team on Saturday past as they beat Brockport to open up league play, 1-0. A Golden Eagles team that has had their number in recent years. Coach Wiley's squad is off to a 5-1 start and 1-0 in the league with conference encounters at home this weekend versus Potsdam and Plattsburgh. Geneseo has shutouts in all their wins. An excellent post-game cookout after the Brockport contest, arranged by Mame and Fitzy! Caught alot of the men's game after, overlooking the field, as Geneseo topped Union, 3-1. Solid day in Geneseo, spending some time with 3L, teammates, roommates, parents. Prior to game I ran into Sheri (Patrick) in the Wegmans plaza. Hadn't seen her in years. Good catching up with her. Daughter Morgan working at Wegmans.

Off and running this coming week on a (richly deserved) vacation. A soccer-golf vacation of sorts. Geneseo has games Friday and Saturday, then headed to Burlington (Vt.), a trip thru the Adirondack's, Utica-Whitesboro, Oneonta, New Paltz and hopefully Ithaca. Staying at homes along the way (note. Rawady) and perhaps watching six soccer games!
