PRESIDENT'S ANNUAL REPORT

To the Trustees of Alfred University:

The President has the honor to submit his thirty-fourth Annual Report, namely for the ninety-third year of Alfred University, beginning June 14, 1928, and ending June 11, 1929.

For the tenth consecutive year there has been a steady increase in enrollment in the College and Ceramic School, this year totaling five hundred four individuals, an increase of eight over the previous year.

The health of the student body has been generally good, no death has occurred, among the students. One death has occurred in the faculty, namely, Helen Isabelle Ellis, instructor in Biology.

Two members of the Board of Trustees have passed away, Herbert L. Wheeler, and Frank L. Greene.

Necrology

Herbert Locke Wheeler, D. D. S., Sc. D., was born in Corry, Pennsylvania, January 12, 1869, and died in New York City on March 19, 1929, just past 60 years of age. His parents, Lyman A. and Mary M. Wheeler, were both students of Alfred University in its early days. Dr. Wheeler was educated in the public schools of Massachusetts and Pennsylvania, and in the Philadelphia Dental College. His practice of dentistry extended over a period of nearly forty years. Twelve years of this time he has served as Professor of Dentistry in the College of Dental and Oral Surgery, New York City, and for twenty years he was Director of the dental service of Bellevue, and allied hospitals. He was active in the Dental Corp of the United States Army in various capacities, during the World War, among which was the presidency of the Examining Board which recommended commissions. He held many offices in State and National dental organizations, and was one of the most active and best known men, nationally and internationally, in his profession. He published many scientific articles in the field of dentistry.

In 1921 Alfred University conferred upon Dr. Wheeler the honorary degree of Doctor of Science. The same year he

was elected a Trustee of Alfred University, and has served since that time with a loyalty and enthusiasm for Alfred which has seldom been surpassed.

Frank Llewellyn Greene was born in Alfred, N. Y., July 31, 1851, and died at his home in Alfred April 13, 1929.

Mr. Greene was educated in Alfred Academy and Amherst College, graduating from Amherst in the Class of 1876 with scholarship honor. He was gifted with ability as a teacher and made the teaching profession his life work. From 1876 to 1884 he taught in various high schools in New York, Pennsylvania and Wisconsin. In 1884 he began his service as school principal in the city of Brooklyn, and continued for twenty-three years in that city.

In 1907 at his own request he was retired on the annuity list, and has since that time made his home in Alfred.

In 1907 he was elected a member of the Board of Trustees of Alfred University, and served faithfully and continuously until the time of his death.

In 1913 he was elected Vice-President of the Board and held that office until his death. In 1908 Alfred University conferred upon him the honorary degree of Doctor of Pedagogy.

In the death of these two loyal and able trustees, Alfred University has sustained a great loss. They were both deeply interested, faithful and efficient, and rendered a service which will long be remembered by their colleagues and the alumni and friends of the University.

Helen Isabelle Ellis, Instructor in Biology died of pneumonia in New York City, January 3, 1929, at 27 years of age.

She was born and reared in Alfred, and graduated from Alfred University in the Class of 1925. She was a young woman of quiet manner, high scholarship and fine character.

In the Autumn of 1925 she was appointed Instructor in English and Biology, giving one-half time to each subject. In the fall of 1928 she was given full time work in the department of Biology. She was rendering faithful and efficient service in this position.

Miss Ellis had gone with her mother to New York City for a few days holiday vacation when she was stricken with pneumonia and died within three days of the beginning of her illness.

She has left a wholesome and inspiring influence on the campus, and her memory will be cherished by all who knew her.

Registration

Registration in all departments of Alfred University for the Academic year 1928-1929 has been as follows:

College of Liberal Arts	336
Ceramic School	168
Agricultural School	63
Department of Music	104
(65 being college students)	
Department of Theology and Religious Education	12
(4 being college students)	
Summer Session	150
(59 being college students)	
Total	833

Of this total 128 are duplicates, leaving a total registration for the year of 705 individuals, which is an increase of 40 over the total enrollment of the previous year.

Faculty of the College of Liberal Arts

The following changes occurred in the faculty with the beginning of this year.

Joseph Seidlin, Rhode Island Professor of Mathematics, was granted a year's leave of absence for graduate study, and Rodney William Frary, B. S., was appointed Assistant Professor of Mathematics as substitute for Professor Seidlin.

Ada Becker Seidlin, Professor of Pianoforte, was granted a year's leave of absence, and Helen McCord Heers, B. Mus., was appointed Assistant Professor of Pianoforte as substitute for Mrs. Seidlin.

Harriet Lansing Peeke, A. B., A. M., was appointed Assistant Professor of English and Dramatics.

James Adelbert McLane, B. P. E., was appointed Assistant Director of Athletics and Assistant Professor of Physical Education.

Norman Henry Stolte, B. S., was appointed Instructor in Chemistry.

In January Miss Flora Scherer, B. S., M. S., was appointed Assistant Professor of Biology in the place of Helen Isabelle Ellis, deceased.

In February Austin D. Bond, B. S., A. M., was appointed Assistant Professor of Biology in place of Donald L. Burdick, resigned.

Other members of the teaching staff have remained as in the previous year, and all have continued to do faithful and efficient work.

Summer School

The growth of the Summer School was about 9 percent over the previous year. The enrollment was 150.

The conservative administration of the school has made it possible to do a high quality of work, and at the same time realize a small surplus of income over expenditure, and \$1,000 has again been turned over by the school to the general funds of the University.

Department of Theology and Religious Education

During the past year the faculty of the Department of Theology and Religious Education has remained as last year except that Mr. Neil D. Mills has been added as a part time teacher.

New York State School of Clay Working and Ceramics

The enrollment in the New York State School of Clay Working and Ceramic reached the past year 168, a small gain over the previous year.

The application of the Board of Managers for an additional building for the Ceramic School to cost \$175,000 was approved by the State Education Department, but the item was not included in the Governor's budget for this year. The request will be repeated and it is hoped that it may be included in the budget of the Governor for 1930.

An appropriation of \$15,000 has been made to cover the State's share in the 50 percent of the village sewer system cost which was assumed by Alfred University.

Six thousand dollars (\$6,000) has also been added to the amount appropriated by the State to Alfred University as compensation for instruction of students in the School of Ceramics in courses which are taken by them in the College of Liberal Arts.

One new instructor has been provided for in this school and a number of increases in salaries have been provided.

New York State School of Agriculture

The faculty of the School of Agriculture has remained the same as last year, and work has been continued as formerly with an increase of four on the student enrollment.

Professor H. L. Smith of the department of Animal Husbandry has been appointed Director of the Delhi State School of Agriculture for next year, and his position has been filled by the appointment of Mr. Paul Orvis, a graduate of the State Agricultural School at Alfred in the Class of 1921.

The Clawson Infirmary

The second year of the Clawson Infirmary has given added proof of its importance and usefulness to the University. The extent of its increased service is indicated by the fact that there have been 1278 student office calls as compared with 800 last year. Ninety-nine students have been bed patients as compared with 72 last year, and the number of days beds have been occupied by students this year is 393, as compared with 278 last year.

The total expense for maintenance this year has aggregated \$1,612.93, about \$200.00 more than last year— one-half of which is increased cost of heat.

This year completes the two year agreement of Dr. Clawson to pay the salaries of the Superintendent and Assistant nurse. That cost must hereafter be assumed by the University. A proposed addition of \$4.00 per year to the Medical and Infirmary fee brings it to \$10.00 a year per student, and is estimated to add \$2,000 to the income of this fund. This amount it is expected will cover the cost of maintaining the Superintendent with assistant nurse.

The President calls the attention of the Board again to the generosity and wisdom of Dr. Clawson in establishing the Clawson Infirmary, and maintaining its nurse service at his own private expense for the past two years.

University Physician

Dr. Raymond O. Hitchcock has served as University Physician a second year and has rendered able and efficient service in this capacity. There has been an increase in student office visits to the University Physician of from 265 last year to 451 this year, and an increase of house

visits from 163 last year to 351 this year. Under the terms of our agreement with Dr. Hitchcock, which is the same this year as the previous year, the increase in office and house calls has increased the cost of medical services to the University from \$1,035.00 last year to \$1,467.00 this year. The health service for our students has never been so well provided for as it is under our present arrangement. The expense of its maintenance, however, seems likely to require more income than the proposed student fee of \$10.00 per student for this purpose will provide.

Improvement to the Central Heating Plant and Distributing Conduits

During the summer vacation extensive repairs were made on the central heating plant and conduit system under the direction of the committee on heating equipment and operation, of which Mr. N. E. Lewis is Chairman. The committee employed Mr. Frank Sutton of New York City as consulting engineer and laid a new conduit tunnel from the central plant to Ladies Hall and one from the central plant to Babcock Hall.

A new pump room was erected adjacent to the power house, and a new pumping system was installed. This improvement was made at a cost of about \$24,000, and has resulted in much greater heating efficiency.

A Chief Engineer has been employed by the committee and three firemen, working on eight hour shifts during the cold weather. There has been a substantial increase in the labor cost of operation, but a decrease in the fuel and water cost in proportion to the amount of service rendered.

Track and Field House

Last June the Trustees decided to erect a front building in connection with the indoor track house erected some one-half dozen years ago.

Without detailed plans and specifications it was estimated that this addition could be made for approximately \$20,000. A conference was held after Commencement with William J. Smith, of Architects Childs and Smith, Coach Heers, J. J. Merrill, Chairman of the Athletic Advisory Board, and L. C. Whitford, Builder. In this conference various features were discussed as important for the proposed building including

provision for heating the old building as well as the new with an adequate steam system; changing the construction of the track, and enlarging it to extend under the new building; changing the basket ball court with necessary changes in roof construction; and providing lavatories; showers; locker equipment, etc., after which Mr. Smith proceeded to prepare plans.

Mr. L. C. Whitford was employed to erect this addition on the cost plus 10 percent basis as he had previously built Laboratory Hall and repaired and improved Alumni Hall. This arrangement was made before completed plans and specifications had been received from Childs and Smith, and Mr. Whitford started the work as soon as the plans for excavation and footings were made, so as to have the building ready for use if possible by the Thanksgiving recess.

The additions to the building, noted above, when included in the plans and specifications of Childs and Smith, made this addition a much more expensive proposition than was contemplated, by the Board of Trustees at the time of the annual meeting last June. It seemed, however, necessary and wise to proceed with this construction according to plans of the architects as it was imperative to have some physical training building properly heated and equipped at the earliest possible date. The building was dedicated and open for use with the beginning of the second semester. It is a very creditable and valuable addition to our University plant. Although its cost has exceeded \$50,000, it furnishes an excellent equipment for the money expended. It lacks, however, some important features for a Gymnasium. It has no swimming pool. A second basket ball court should also be provided, so that girls may practice at the same time that the other court is being used by the men.

This building is permanently and substantially constructed and will render an important service in our Athletic Education for many years. We are fortunate to have so good an equipment now since the burning of Babcock Hall will necessitate the slowing up of our plans for erecting a gymnasium building. The value of building with permanent construction such as this is emphasized by the fact that the floor of the old track house in use only about six years has begun to decay and will have to be replaced with a new floor at an early date.

Babcock Hall

On February 19th Babcock Hall of Physics was completely destroyed by fire, the cause of which is unknown. Babcock Hall housed the Babcock Professorship of Physics, and the George B. Rogers Professorship of Industrial Mechanics. It also provided class rooms and laboratories for these departments; a class room for Mathematics and one used interchangeably by other overcrowded departments. Emergency and temporary arrangements were made for these departments in other already overcrowded buildings on the campus. In justice to these departments and to our standing as a college, it is impossible to continue these temporary arrangements through another year. A portion at least of Babcock Hall must be reconstructed and ready for use by the time college opens the middle of September.

Babcock Hall was valued at \$30,000, and was insured at 80 percent of its valuation so that we received \$24,000 of insurance on the building, and \$4,000 of insurance on the contents.

For economy and to reduce fire hazard our Architects, Childs and Smith, recommend that the shops be constructed separate from the main building, in a fire proof annex, one story, factory type, and that the main building of Babcock Hall be rebuilt on the old rectangular foundation, omitting the front projection and the rear projection. It is estimated that \$50,000 would be required to replace Babcock Hall with the old construction and architecture. The building was cheaply built and poorly designed for modern uses. It would be a waste of money to reproduce it at that cost.

With the addition of \$25,000 or at a total cost of \$75,000 it is estimated that a main building on the old foundation can be erected two stories above the basement, and a shop annex the same length, namely, 116 feet long by 38 feet wide, on the basement level, can be built in factory type separated from the main building by an alley 12 feet, so that Babcock Hall and shop annex would double the capacity and efficiency of the old building, and make the whole of fire-resisting construction and good architectural design. This site is adapted to this enlarged program, and no other place on the campus is so well fitted to our uses as this location.

The President recommends that the Trustees authorize the construction of the shop annex during the summer vacation,

with the view of having it ready for use when the college opens, and that a campaign be pushed as vigorously as possible for raising the additional \$50,000 necessary to complete the main building with the hope of letting the contract within a few months, as soon as subscriptions for that purpose will warrant. About \$5,000 has already been pledged toward this reconstruction fund.

**Director of Religious Activities and Pastor of the Student
or Union Church**

In previous meetings the Trustees have discussed the desirability of obtaining the services of a pastor of the Student or Union Church who shall be Director of Religious Activities of the University, including the Student Christian Associations.

In the Autumn meeting an appropriation of \$1,000 was voted toward carrying out this program, with the expectation that financial assistance would be given through the University Committee of the Council of Church Boards of Education in a cooperative religious work program. It was, however, found impracticable to inaugurate this program before the opening of another college year.

The Baptist denomination has pledged toward this movement \$500.00 per year, and the Presbyterian denomination has pledged \$400.00 per year. The Methodist denominational officials have pledged cooperation, but have not indicated the extent of their financial help.

A careful and systematic search has been made during the year to find an available man who would be adapted to this position. Three men have been brought to the college to spend a few days, address the students, and preach on Sunday; a Baptist, a Methodist, and a Presbyterian. After these visits the Executive Committee of the Union Church unanimously recommended that James McLeod, the Presbyterian candidate, be elected pastor of the Union Church, and be recommended to the Trustees as Director of Religious Activities on the campus.

At a meeting of the Union Church in which the three candidates above mentioned were voted upon, Mr. McLeod received 102 votes out of 107, or almost a unanimous vote. The President recommends that Mr. McLeod be appointed Director of Religious Activities, Chaplin and Student Pastor

at a joint salary of \$2,700, and an unfurnished house, and that an appropriation of at least \$1,000 be made toward his support.

Mr. McLeod was born and reared in Buffalo. He received his college education at Middlebury College, Vermont, and is just graduated this month from the Yale Divinity School. He is highly recommended as a man and a scholar, and his personality seemed to the Executives of the College and of the Church to fit him well for this position.

Merrill Field

In 1900 a group of Trustees and citizens contributed funds for the purchase of an athletic field. This field was purchased of the late Frank Sisson, and deeded to Alfred University. Mr. Sisson reserved a one rod strip of land at the south end of the field for a runway or lane connecting his pasture lot east of the field with his homestead lot west of the creek.

In 1924, Mr. Merrill of this Board volunteered to improve the field by grading; the construction of a field house; improving the track, etc. In order to follow out his program he needed an extension to the length of the field and purchased from Mr. Lewis Tucker, land 75 feet south of the Sisson line. He obtained from Mr. Sisson a lease for five years of the 16 foot strip with privilege of grading same and removing trees, and incorporated it in the field. After about two years Mr. Sisson died and his family has moved to California. The University has now been notified that at the expiration of the lease this strip of ground will not be released, and that it will be sold only in connection with the sale of the entire property on both sides of the creek. A price of \$4,500 was asked for this property.

After extensive study of the matter by the Executive Committee and a considerable correspondence a reduction in price has been made to \$3,700. The University has no use for this property west of the creek, or for much of the hillside east of the field. It is very important, however, that we should possess the 16 foot strip and some land east of the line of the field in order to provide a drive around the field, adequate parking space, and to utilize the land purchased by Mr. Merrill from Mr. Tucker.

The only alternative of the purchase of the entire pro-

erty by the University seems to be the removal of the field and field house further to the north with extensive grading and change of the bed of the creek. This would necessitate abandoning the south end of the field with the newly purchased land, and place the track and field entirely north of the 16 foot strip. A cost of \$1,500 to \$2,500 is variously estimated for this change in the field and field house location. Such change, however, would greatly damage the field. It would leave the present bleachers at one end of the field instead of near the center. It would eliminate all possibility of a drive around the field and parking space, and would greatly impair the beauty and usefulness of the field.

The Sisson property is assessed at \$2,000, and it seems probable that the land on the west side of the creek could be sold for from \$2,000 to \$2,500 when a purchaser can be found. The President is of the opinion that in view of the large personal expenditures and splendid improvements made on the Merrill field, that it is undesirable to try to change the location of the field, and he would therefore recommend that the Executive Committee be authorized to purchase the entire property and to sell as soon as possible the portion of the property on the west side of the creek, reserving a driveway just west of the creek for use at some future time in connecting Merrill field with the proposed new athletic field to be built on the site of the old Terra Cotta Plant, which has already been purchased by the University for athletic purposes.

Athletics

The general athletic situation at Alfred has been greatly stimulated, particularly in track and cross country by the erection of the track house. Our cross country teams have twice gained the championship of the Middle Atlantic States, and a third time won the decision of the Judges which was later reversed on a technicality; this year's track team competing with the colleges of the Middle Atlantic States at Haverford College stood second lacking only three points of winning the meet. In six events Alfred stood first and broke a number of records. Last Saturday in the National Inter-Collegiate Championship meet at Chicago, Alfred University's representative, Wilbur Getz, won the national championship in the one mile run in four minutes, 19.25 seconds;

breaking all former Alfred records and coming within two seconds of the highest National Collegiate record ever made.

In football our record last year was better than the previous year, although, it was not equal to some years in the past, in point of victories won. It is believed that with the present athletic equipment and some reorganization of football schedules, and a better co-operating campus support there is a good prospect of winning a fair percentage of the games scheduled.

There has been some agitation about making a change in the personnel of Athletic Coaches, but after a careful study of the entire situation it has been thought wise to continue the present personnel for another year in the belief that on the whole no improvement could be made by a change.

Trustee Assistance of Faculty Members for Graduate Study

The Trustees made an appropriation of \$1,000 available in July 1928 for the assistance of faculty members to the extent of \$200.00 each for graduate study. Five members of the faculty availed themselves of this assistance during summer school of last year, and greatly appreciated the opportunity given for graduate study. It was believed by the Trustees that with the present comparatively small salaries we could use wisely this amount of money in encouraging our faculty members to better equip themselves for their work. The President has received requests from four members of the faculty who did not have this assistance last year, and one who did have it for assistance the coming year. Recommendation is hereby made that the same amount be available for the assistance of faculty members for graduate study the coming year.

Deferred Obligation Plan

A plan was adopted by the Trustees effective in the fall of 1927 to give deferred obligation privileges, where necessary, under the Harmon plan for all increases in tuition above \$150.00. This resulted in the granting of such deferred obligation last year to about thirty students in the amount of \$2,500. This year deferred obligations have been granted to about the same number of students, totaling \$3,800. This increased amount is explained by the fact that tuition charges have increased \$50.00 this year. At the present time we have accepted student obligation for over \$6,000 in the two years.

Happily the current income of the University has been such that it has not been necessary for the Treasurer to borrow from the Harmon Foundation against this deferred obligation paper as was originally expected.

There is a still further increase of \$50.00 in tuition voted by the Trustees to take effect with the opening of the next college year. If our attendance for the next year holds up to something near the attendance of the present year, it will be possible to make a balanced budget for next year without borrowing against the deferred obligations even though they may increase for next year to \$4,000 or even \$5,000. In that case we will have, at the end of the third year, student paper aggregating over \$10,000 unencumbered by loans from the Harmon Foundation. If we are able to accomplish this result, it will more than justify the best expectations of Mr. Harmon, and of the Trustees when we entered upon this program of increasing tuition with deferred obligation where necessary. We have made constant increases in salaries during this time, and we will be able to continue an annual increase of \$100.00 per year for a number of years without endangering a deficit in current expenses.

Student Solicitation

The increased tuition charge up to the present time has not resulted in decreased attendance. It is possible, however, that with the additional \$50.00 increase to be made next year, there may be a falling off of attendance both in the number of freshmen enrolled, and in the return of former students. I do not anticipate such falling off, but it is entirely possible.

Statistics throughout the country indicate that the rapid increase in college enrollments which have characterized the past one-half dozen years has reached its peak. In many colleges of the Middle West the competition of State Universities, because of free tuition is most felt, and many college enrollments have decreased. In New York State we do not have this competition to the same extent. The high schools of the country are steadily increasing in size and in the number of their graduates, and I do not believe that we are likely to face a serious decline in college student enrollment.

However, we are at a strategic point, and next year will be a crucial year in the experiment of increased tuition. It is the opinion of the Treasurer, and the President concurs in

that opinion, that it would be a wise policy to employ two solicitors from our student body to canvass Western New York and Pennsylvania for desirable well qualified students. With an automobile two such men could cover a large number of high schools of Western New York and Northern Pennsylvania during the summer. An expenditure of \$1,000 in this way ought to produce a minimum of ten new paying students. Ten such students would pay a tuition of \$3,000, leaving \$2,000 net profit besides a large amount of valuable advertising.

The President recommends that the Treasurer be authorized to arrange for two such solicitors for the summer and to expend a sum not to exceed \$1,200 in such an effort to secure Freshmen enrollments.

Current Finances

It is gratifying to report that for the 19th consecutive year the current revenue of Alfred University has been sufficient to meet the budget of the year without a deficit in current expenses. This is the more gratifying when we recall that there is an increase in the budget of the past year of \$15,000 over the preceeding year. The total budget for this year is \$286,725, and seems likely to reach next year a total of \$300,000. An increase of \$50.00 per year in the tuition charge for next year and an increase of \$6,000 compensation from the State for the teaching of ceramic students in University classes should enable the college to meet its increased budget and transfer a substantial sum to the Improvement Fund toward retiring accumulated obligations.

Accumulated Improvement Obligations

We have now an accumulation of obligations for improvements, some of them extending back about twenty years in the form of underwritings. In the last few years we have added the Central Heating Plant, with improvements during the past year to it amounting to \$24,000. We have built the Allen Laboratory Hall at a cost of over \$40,000, and we have restored and improved Alumni Hall at a cost exceeding \$40,000, and we have this year completed the Track House at a cost of over \$50,000. All of the improvements have been vital and absolutely essential to the progress of Alfred, and to its standing as a standard college.

These improvements have been forced upon us more

rapidly than it has been possible to raise funds to meet them, and the several accumulations now aggregate over \$125,000, and have been financed mainly by loans from the endowment. These obligations are wholly for improvements in buildings and equipment, and represent only a portion of the improvements that have been made within the past five years to say nothing of previous improvements within the period of twenty years. This is a substantial sum of obligations, but it is not large in comparison with the improvements that have been made, and with the cost that such improvements might easily have required had they not been made in the most economical way. I have recently seen a new Gymnasium that cost \$250,000 which is not as practicable for college uses as the Track House we now have. It is not good educational practice or good principle to borrow from permanent funds for improvements, and we should plan to repay these loans to endowments at the earliest possible date.

I suggest that in addition to active solicitation of new funds we plan to budget current income for the next few years in such a way as to be able to turn over from revenue into the Improvement Fund for the liquidation of these obligations from \$10,000 to \$15,000 per year. I think it will be entirely possible to accomplish this result with the increased tuition charges which we have voted, and with increased compensation from the State for instruction in college classes of Ceramic school students.

The Centennial Program

The burning of Babcock Hall gives a new emphasis and a somewhat changed program in the conduct of the Centennial Fund campaign. There is no doubt that we can capitalize our fire loss to a considerable extent in the solicitation of funds for the Centennial Program, including the rebuilding of Babcock Hall. Alumni and friends can easily be convinced of the urgency of the situation, and will I am confident generously respond to a wise and continuous solicitation for enlarged gifts under the present circumstances. No one will question the advisability of including the rebuilding of Babcock Hall on improved lines and with fire-resisting construction in the Centennial program, and the President recommends that this phase of the program be pressed during the coming year with all possible activity.

Acknowledgement of Gifts

The President takes pleasure in announcing the following as a list of gifts received by the University during the past year, most of which is applicable toward the Centennial Program Fund of One Million Dollars, which is to be completed in 1936.

Gifts to the University for the Year 1928-29

The reports of the Dean, the Registrar, the Librarian, the Curator of the Museum, the Dean of the Department of Theology and Religious Education, the Director of the Summer School, the Director of the State School of Clay Working and Ceramics, the Director of the State School of Agriculture, the Superintendent of the Clawson Infirmary, and of the University Physician are submitted herewith as a part of this report.

For the continuance of the divine blessing upon the labors and activities of Alfred University through another year, we all join in sincere thanksgiving.

With appreciation and gratitude for the loyalty and co-operation of the Trustees, the Faculty, and the Student Body, this ninety-third annual report is respectfully submitted.

BOOTHE C. DAVIS, President.

REPORT OF THE DEAN

To the President of Alfred University:—

My dear President Davis:

I hereby submit my report as Dean of the College for the year 1928-29.

From the standpoint of scholastic work and our associated campus life the year has been without marked incident. On the whole it has been filled with substantial progress in a quiet, unobtrusive way. The usual good co-operation between administration and students has been evident.

Athletically the year has been an improvement over 1927-28. The football team gave a good account of itself and promises still better for next year. A feature of the basketball season was the holding of the first annual interscholastic basketball tournament. As a beginning it was a real success. While failing to regain the Middle Atlantic cross country championship, Alfred agreeably surprised itself and friends by taking second place in the Middle Atlantic track and field meet, and only failed by some four points in attaining first place. The season was featured by the fine work of Mr. Wilbur Getz of the senior class as a runner. He won the steeple-chase championship at the Penn Relay Races.

The wrestling teams did good service through the season. The completed track and field house is much appreciated by all the athletic interests. Its dedication in February was an outstanding event of the year in our weekly Assemblies.

The disastrous fire which destroyed Babcock Hall on the morning of February 19, was especially regretted as it occurred while you were away and while a certain responsibility for campus happenings devolved on me. However, it is to be hoped that a new building (or buildings) will soon take the place of the ruined Hall and that in the end our facilities will be greater even than those afforded by the old building.

It is a great satisfaction to students, faculty and administration, that we are to have a Director of Religious Activities added to our staff for next year. I am sure we all feel that in this move a long-felt need is being met.

One of the most insistent problems on the campus is that of the use of spare time. It is the opinion of the Deans, especially in light of the experiment of other colleges (such as Oberlin) that at least a partial solution could be found through a so-called recreation room, where men and women students might, under supervision, and at stated hours, have the social life impossible in the living house, and undesirable outside. The suggestion has been made that if other provision could be made for part of the English work, the south side of the Greene block could, with a minimum of expense, be made into a desirable recreation room. The students themselves have expressed their desire for such a room, and their firm conviction that such a provision would do much to eliminate undesirable means and places of entertainment. Furniture might include: floor lamps, comfortable chairs, tables, radio for music, (or piano) and, if possible, a fireplace.

The Committee on Educational Policy, appointed in the early spring of 1928, made a report this past spring and the recommendations contained therein, after considerable useful discussion by the faculty, were adopted. This action brings three changes in our college program. (1) Two survey courses will be offered to freshmen next year, one in the sciences and mathematics, and one in history and the social sciences. These will be substituted, if the student so elects, for required mathematics and freshman history, respectively. (2) A system of concentration groups is added to our old plan of majors and minors which are to be kept partly to meet the program of the State Education Department, and partly for other purposes. This will permit grouped study on the part of the student which may cut across departmental lines. (3) A revised plan of honor courses is authorized by which very carefully selected students will be encouraged to dispense with strict class attendance and strike out largely on their own account to inform themselves by reading, and conference with the instructor, in some field of interest, either the field of a regular course, or a more specialized project. The thought behind these proposals is (1) to introduce the student early in his course to as large a variety of fields of study as possible; and (2) to encourage more independent study and self-direction toward the end of the course. I am sure the experiment will be watched with interest.

In February, 1928, twenty-two students were dropped for poor scholarship. Last February three juniors, three sopho-

more and seven freshmen were dropped, a total of thirteen. These numbers are entirely comparable, I believe, even though last winter, as usual, several students eliminated themselves without waiting for the semi-annual examinations. It should be noted, too, that the smaller list of failures came from a somewhat larger student registration. The better showing last winter was due, in part, at least, to the more careful personnel work done with the freshmen and made possible by the employment of Professor Irwin A. Conroe as assistant to the Dean. Probably a somewhat more careful selection of freshmen was a factor. Professor Conroe has made himself very useful in this office in numerous ways, and I recommend that he be continued for next year.

The excellent, conscientious work of Mrs. Degen, Dean of Women, is entitled to highest praise. I feel that she is doing a most difficult and exacting duty unusually well.

May I call special attention to the item in the report of Registrar W. A. Titsworth, recommending the purchase of a photographic outfit intended for use in connection with student registration. Photographs would be very useful to the Deans in personnel work.

In conclusion, President Davis, may I express my thanks for the ready co-operation I have received from students, faculty and officers on the campus, and especially from yourself.

Respectfully submitted,

June 3, 1929

J. NELSON NORWOOD, Dean.

REPORT OF THE REGISTRAR 1928-29

To the President of Alfred University, Alfred, New York.

Dear President Davis:—

I have the honor and pleasure to submit the following report of work done in the Registrar's office for the college year beginning July 2nd, 1928, and ending June 12th, 1929.

I. Summer Session

On July 2nd, 1928, the fifteenth annual summer session was opened, closing on August 10th, 1928. There was a total registration as follows:

REGISTRAR'S REPORT

27

Regular Students	Men 84	Women 41	Total 125
Craft Students		25	25
Total	84	66	150

Geographical Distribution of Summer School Students

Connecticut	3	Maryland	2
Delaware	1	New Jersey	16
Finland	1	New York	106
Florida	2	Pennsylvania	13
Kentucky	1	Wisconsin	2
Louisiana	3	Total	150

The total registration shows about a nine percent increase over that of last year.

II. Registry of College Students

First Semester	College 326	Ceramic 165	Total 491
Second Semester	314	156	470
Total different names during year	336	168	504

III. Classification of Students by Classes

Class	College			Ceramics			Total

United Brethren	4	0	4
Evangelists	3	0	3
Adventist	1	1	2
All others	6	3	9
Total	400	104	504

VII. Distribution of Students According to Occupation of Parents

Farmers	65	Real Estate	9
Home-makers	44	Retired	9
Merchants	43	Garagemen	8
Railroad Men	23	Doctors	8
Engineers	20	Ministers	8
Contractors	19	Clerks	7
Managers	16	Oil-men	7
Carpenters	15	Orphans	7
Salesmen	15	Dentists	6
Mechanics	13	Foremen	6
Laborers	12	U. S. Mail	6
Manufacturers	11	Printers	5
Insurance	10	Miscellaneous (less than five	
Superintendents	10	in each)	83
Teachers	10		
Lawyers	9	Total	504

VIII. Miscellaneous

The following are the principal functions of the Registrar's office:

1. General correspondence.
2. Correspondence with prospective students.
3. Mailing catalogues to other schools and to prospective students.

4. Checking requirements for degrees.
5. Resulting correspondence with Seniors.
6. Evaluation of entrance credits.
7. Determination of advanced standing.
8. Preparation of registration and admission blanks.
9. Registration of all students.
10. Supervising the making of schedule of lectures and recitations.
11. Issuing of class cards.
12. Preparation of permanent record cards.
13. Recording on permanent records.
14. Recording of mid-semester grades.
15. Making and sending four reports of grades to parents.
16. Making and sending three reports of grades to students.
17. Figuring mid-semester and semester indices.
18. Making reports of comparative indices.
19. Writing tuition bills.
20. Making transcripts for students transferring.
21. Making out applications for college graduate certificates.
22. Preparing data for engrossing diplomas.
23. Keeping faculty minutes.
24. Making statistical records.

IX. Candidates for Degrees in Course

At a regular meeting of the College Faculty held Friday, June 7, 1929, the following persons were recommended for their several degrees.

BACHELOR OF ARTS

Frederik Jacob Bakker	Plainfield, N. J.
Helen Marguerite Barmore	Gerry
Dighton Grow Burdick	Alfred
Grace Mitchell Dassance	Wellsville
Marylyn Helen DeRemer	Andover
Ruth Patience Greene	Alfred
Harold Sisson Hamilton	Alfred
Vernon William Heiman	Clarence
Alice Caroline Holbert	Genesee, Pa.
*Francis Rea Hutchings	Manhasset
Maribelle Agnes Johnson	Gerry
Leah Milburn Jones	Avoca
Letha Marie Kemp	Shinglehouse, Pa.
Alda Sergeant Kemper	Dayton, Ohio

*As of the Class of 1928

Emma Drusilla Kernan	Scotia
John Enfield Leach	Salamanca
Harry Montral Levin	Paterson, N. J.
Lois Marian McCulloch	Tampa, Florida
Joseph George Merck	Queens Village
Harlon Clifford Newlands	Osceola, Pa.
Ada Mary Piantanida	West New York, N. J.
Mary Katharine Rogers	Daytona Beach, Fla.
Arlene Winifred Rust	Great Valley
Edwina Estella Smith	Bolivar
Erma Alta Sommers	Ellicottville
Mabel Elizabeth Swain	Hornell
Alfred Jeffrey Voorhies	Nile
Irene Lucy Wells	Friendship
Donald Roger Whitcomb	Belmont
Betty Janet Whitford	Westerly, R. I.

BACHELOR OF SCIENCE

Howard Lewis Adams	Ellicottville
Harold Boulton	Luzerne
Bingley Lyman Burdick	Wellsville
ValJean Fremont Burns	Springville
Nicholas Lord Casini	Garfield, N. J.
Nathan Dewitt Church	Ulysses, Pa.
Lee Babcock Cottrell	Brooklyn
Helen Mae Ellis	Stephentown
Samuel Leonard Feldman	Spring Valley
Charles Henry Field	Weehawken, N. J.
Wilbur Charles Getz	Lock Haven, Pa.
Robert Lawrence Goldin	East Randolph
Mitchell Heller	Spring Valley
Samuel Franklin Horowitz	Spring Valley
Howard Leo Howbridge	Friendship
Ingraham Humphrey	Lima
Daniel George Klinger	Dampa, Texas
Lloyd Winton Larson	Johnsonburg, Pa.
Paul Howard Lefkowitz	Spring Valley
Wayland Brown Livermore	Alfred
Robert Emmett McMahon	Belfast
Charles Goodno May	Webster Crossing
Alfred Savino Moscarella	Spring Valley
Alice Nathalie Palmer	West New York, N. J.
Raymond Lester Quailey	Staten Island
Warren Willis Rockefeller	Port Chester
William Bradford Sanford	Savona
Bernice Mable Sheetz	Alfred
Roger Jacob Sommer	Buffalo
Paul Clarke Stillman	Alfred
*Richard Henry Taft	Ticonderoga
Roger Sherman Thomas	Alfred

*As of the Class of 1928

REGISTRAR'S REPORT

31

David Meyer Tillim	Spring Valley
John Wilbur Turner	Bellona
Homer Warner Waid	Elmira
Waldo Earl Welch	Leonardsville
Pearl Arlene Woolever	Arkport

BACHELOR OF SCIENCE IN CERAMIC ENGINEERING

Arnold Bookheim	Albany
Roy Francis Burdett	Hornell
John Lloyd Call	Ruffalo
Harold Frederick Carpenter	Canisteo
Dean Hayes Fredericks	Flemington, Pa.
Gordon Elmer French	Rochester
Daniel Philo Gridley	Wellsville
Walter Thurston Hulse	Chester
David Lee Hyland	Honeoye Falls
William George Lewis	Watertown
James Philip Mulroy	Buffalo
Laurence Russel Shardlow	North Bloomfield
Kenneth Eugene Smith	Scio
William Treloar Tredennick	Johnstown, Pa.
Nathan Fred Tucker	Alfred
William Ward Welts	Salamanca
George LaRouette Williams	Cuba
Leland Ellis Williams	Hornell
Herbert Smith Willson	Addison

BACHELOR OF SCIENCE IN APPLIED A

Ruth Evelyn Claire	Alfred
Dorothy Adell Hawley	Rochester
Lillian Wald Holmes	Alfred
Evelyn Antoinette Koch	Queens Village
Ruth Virginia Lyon	Bradford, Pa.
Florence Sally Potter	Friendship
Milderena Lilian Saunders	Belmont
Rhoda Isabel Stearns	Warsaw
Clarice Marie Thomas	New Haven, Conn.
Adelaide Pearce Vores	New Haven, Conn.

BACHELOR OF SCIENCE IN CERAMIC

Gordon Evan Lewis	Wellsboro, Pa.
Raymond Bowler Witter	Alfred

SUMMARY

Bachelor of Arts	30
Bachelor of Science	38
Bachelor of Science in Ceramic Engineering	19
Bachelor of Science in Applied Art	10
Bachelor of Science in Ceramics	2

The work of the Registrar's office has continued with its regular routine. Mid-semester and final reports of grades have been sent to students. Tuition bills for the first and second semester have been made out and mailed and the usual recording of grades and making of transcripts has continued to be part of the regular work. The efficiency of the office has been materially increased during the year by adding a system for printing transcripts, which has been very useful, especially when making a large number of copies for one student.

At a recent meeting of the University Faculty it was voted to recommend to the University authorities that suitable photographic equipment be purchased, at a cost not to exceed seventy-five dollars. This will permit the Registrar's office to obtain small photographs to be put on student's records, and to be kept on file in the offices of the Deans and Treasurer. The cost of maintaining this equipment for the year will not exceed twenty-five dollars, and will probably be less after the first year.

The Registrar wishes to take this opportunity to acknowledge the efficient work of his secretary, Miss Ruth K. Titsworth.

Respectfully submitted,
WALDO A. TITSWORTH, Registrar.

COMPARATIVE TABLE OF ATTENDANCE

1919-1929

The following comparative table of attendance since 1919, shows the relative growth of the University:

	'19-'20	'20-'21	'21-'22	'22-'23	'23-'24	'24-'25	'25-'26	'26-'27	'27-'28	'28-'29

COMPARATIVE TABLE OF ATTENDANCE

REPORT OF THE LIBRARIAN

To the Board of Trustees of Alfred University:

I have the honor to submit herewith my 21st annual report covering the school year 1928-1929.

The following is in brief a duplication of my report sent to Albany:

According to our accession record bound volumes at the present time amount to 44,273.

Volumes added by purchase	697
Volumes added by gift	711
Volumes of fiction lent for home use	1999
Volumes of nonfiction lent for home use	5532
Number of unbound magazines lent	400
Volumes per capita of population served	24.6
Circulation per capita	6.2
Income per capita of population served	5.95
Expenditures per volume of circulation93
Total expenditures per capita of population served	5.82
Per cent of population registered62
Per cent fiction circulation is of total circulation25

Number of periodicals regularly received for the reading room, 165.

Frequent use is made of the inter-library loan privilege with the State library. Rare and valuable books now and then called for by library patrons are sent for from the State library. This makes a valuable supplement to our own collection.

The library is open for stated hours for the 52 weeks of the year. During the college year the library is open 58 hours a week. During the period of the summer school it is open every day and evening, at other times 8 hours per week.

The number of persons using the library for reading and study number approximately 500. Approximately 10,000 volumes are consulted during the college year.

The library staff numbers four. Two assistants and one reading room director. A college girl is employed during the year to replace books left on the tables. Frequently the

shelves are read and by this method the books are kept in their rightful place.

In May the N. Y. Library Institute for this district met with Alfred University Library. At this meeting 25 libraries were represented and five high school libraries. In all there were about 35 in attendance. Matters pertaining to library work were discussed by the state organizers and others who were asked to speak on special subjects.

Our library assistant, Mrs. Hurley Warren, has resigned her position to take effect at the close of the present school year. She with her husband, Rev. Hurley Warren, are soon to leave for the West where he has a position with the North Loup, Neb., church as pastor. For three years Mrs. Warren has rendered most valuable service to the library. Her place will be taken by Ruth P. Greene, who will graduate this year. She will give full time service to the work thus relieving Prof. Drake, who has very satisfactorily assisted at several evening openings.

Two new steel stacks have been installed this year. It is hoped to add two new stacks each year until all the wooden stacks have been replaced. We have at present four steel stacks in the basement. These stacks help very materially in caring for the ever increasing number of books and magazines.

Since my last report the library has published two bulletins—one number 17, being the Dedicatory exercises of the Track and Field House held at Alumni Hall on February 8, 1929. The second bulletin was number 2 of Book Chat a small paper published at irregular intervals by the staff of the library.

Three hundred sixty-six volumes of magazines have been bound during the year.

Several individuals have contributed books during this period. Among the largest donors are Miss Susan J. Remsen, Mr. and Mrs. Camenga, Rev. J. W. MacGovern, and Dr. T. L. Gardiner. The State of New York has contributed a large number of state publications.

Judging from the number of books loaned and referred to in the library, together with the calls for various pamphlets and reference material the library has closed a very successful year.

Respectfully submitted,

C. R. CLAWSON, Librarian.

REPORT OF THE CURATOR OF THE ALLEN STEINHEIN MUSEUM

To the President of Alfred University:

The following accessions have been added:—

Department of Natural History

Star-fish from Daytona Beach. Presented by Miss Mary Rogers.

A collection of Cecidia and Cecidozoa (Galls and Gall Insects) showing life-history of the latter. This collection is representative of western New York and will be augmented from time to time.

A collection of fruits of local flora.

Department of Geology and Astronomy

Samples of Clays from local excavations illustrating glacial lake deposits.

Samples of schists from local drift.

Samples of conglomerate recently formed in drift material.

A considerable collection of Corals, Trilobites and Brachiopods from the Hamilton formation at Eighteen-mile Creek. Presented by Mr. Rudolph Eller.

Local fossils including a Calamite also given by Mr. Eller.

A set of Lithographic Limestone blocks formerly used by Karle Lithograph Co. of Rochester. Presented by Mr. William Heydweiller of Rochester, N. Y.

A specimen from Petrified Forest near Holbrook, Arizona.

A specimen of Gray Granite. The two above specimens presented by Dean Norwood.

A Tellurion illustrating parallelism of earth's axis. Given by Mr. Miles G. Luddington of Kent, N. Y.

Three wall maps showing Physiography of North America, United States and Europe. These were purchased.

A Celestial Globe. Purchased.

Department of History and Antiques

Pair of China Vases.

Vase of White Iridescent Glaze.

Purple Plate.

Blue Saucer.

Basket Work Dish. Donor—Mrs. Hough.

Skull Cap, Made by Girls of India, Donor—Abde Ally, Hyderabad, India.

A section of household water supply pipe of Soapstone from Westminster, Vt. Donor—Mr. W. D. Stanton.

The following improvements have been made in building: Toilet and hot water supply installed. Electric lights installed in basement and in office. Tables made for laboratory work in basement. Also, shelves and spaces prepared for storing and displaying rock collections.

As stated in last report steps have been taken to utilize the basement both for collections and laboratory work. This work has, however, been somewhat suspended on account of the Biology Department having to use the basement temporarily.

It is hoped that in the coming year the basement may be released to us and the full program put in force as formerly intended.

Greater use has been made of the museum collections this year than formerly by students and by teachers, especially of Art, Biology and Geology Departments.

As to the future it would be desirable to have electric lights throughout the museum, and about three display cases would add materially to the efficiency of the collections. Especially is it desirable to get our splendid collection of minerals out where they may be classified and better appreciated.

Respectfully submitted,

F. W. ROSS, Curator.

REPORT OF THE BOARD OF MANAGERS OF THE DEPARTMENT OF THEOLOGY AND RELIGIOUS EDUCATION

To the Trustees of Alfred University:

The Board of Managers met at the office of the President on Tuesday, June 11, 1929, at 9:00 o'clock. The following members were present:

Boothe C. Davis, Chairman

Orra S. Rogers

Curtis F. Randolph

A. B. Kenyon

Edgar D. Van Horn

Dean Main, by invitation

The Treasurer reported that the income for the department for the year had been sufficient to meet the expenses of the budget.

Dean Main reported that Neal D. Mills had assisted him during the year by teaching one subject for which he had personally paid him to the amount of \$100.00. He also reported that Rev. G. Chapman Jones, D. D., of Hornell had delivered a course of four lectures on Methodism for which he had paid Dr. Jones \$40.00. The Board voted to reimburse Dean Main the \$40.00 paid to Dr. Jones.

The budget was adopted as of last year adding \$200.00 to enable Dean Main to employ an assistant to help carry a portion of his work.

The matter of offering subjects required for the third year in the Theological course was discussed. It was voted that the policy adopted last year be continued for another year of limiting the subjects offered to the first two years of the Theological course.

Respectfully submitted,

BOOTHE C. DAVIS, Chairman of the Board.

DEPARTMENT OF THEOLOGY AND RELIGIOUS EDUCATION

To the President of Alfred University:

Twelve persons have taken studies in this department; four registered in the college and eight in this department.

Two have done faithful and efficient correspondence work.

Nearly all have in view some form of Christian and Church work.

One more college student registered but withdrew before completing the semester's work.

There was one interested auditor in the study of the Bible.

THEOLOGY AND RELIGIOUS EDUCATION REPORT 39

Subjects Given

Theological Survey	Church and Christian History
English Bible	Christian Sociology
History of Religions	Homiletics
Psychology of Religion	Pastoral Theology

Instructors

Rev. Arthur E. Main	Rev. Edgar D. Van Horn
Rev. Walter L. Greene	Mr. Neal D. Mills

One interesting feature of the year was a course of four lectures by Rev. Dr. G. Chapman Jones of Hornell on the "History, Doctrine, and Polity of Methodism."

Yours respectfully,

ARTHUR E. MAIN, Dean.

REPORT OF THE DIRECTOR OF THE SUMMER SCHOOL

To the President of Alfred University:

My dear President Davis:—

I have the pleasure of submitting the following report of the Summer Session of 1928.

The total enrollment was 150, classified as follows: Men 84, Women 66. This is an increase of about nine per cent over that of last summer. It is interesting to notice that the ratio of men to women, in the summer school, is getting to be about the same as that of the regular year session. When the Summer School was first started, the ratio of men to women was nearly one to two.

The geographical distribution of students shows that nine states were represented in the Summer School enrollment. The geographical distribution is as follows:

New York	106	Florida	2
New Jersey	16	Wisconsin	2
Pennsylvania	13	Delaware	1
Connecticut	3	Kentucky	1
Louisiana	3	Finland	1
Maryland	2		
			150

The financial condition of the Summer School now seems to be on a firm basis, as during the past year another payment of a thousand dollars has been turned over to the Board of Trustees and there is still a substantial balance on hand to meet the early bills of the 1929 session. The net gain, last year, was considerably less than that of 1927, but this is due largely to the fact that recent rulings of the State Department of Education, requiring that Summer School instructors teach less hours per week, necessitated the hiring of a number of new teachers. There was no lowering of salaries of the other teachers, even though many of them were doing twenty-five per cent less work. The total income, last summer, was greater than ever before, and there would have been a much larger profit had, not the expense for salaries been so greatly increased.

The time is now here when the Trustees should vote permission to the Director to raise salaries above two hundred and fifty dollars for the six weeks, which is the maximum amount now permitted. The Summer School salary is so much smaller in proportion to the salary paid during the regular year, that instructors feel that there should be a material increase in the near future. The Director recommends that the Trustees vote a salary scale for Summer School, somewhat in proportion to the salary scale now in use during the regular college year.

The prospects for the Summer Session of 1929 are excellent, and another prosperous session is expected.

Respectfully Submitted,

WALDO A. TITSWORTH, Director.

REPORT OF THE SUPERINTENDENT OF THE CLAWSON INFIRMARY

July 1, 1928, to June 1, 1929

To the President of Alfred University:

I have the pleasure of submitting the following report of the second year of the Clawson Infirmary:

TREASURER'S REPORT

43

TREASURER'S REPORT

TO THE TRUSTEES OF ALFRED UNIVERSITY:

Gentlemen:

The report of the Treasurer for the year ending June 30, 1929 is herewith transmitted to you under the following headings:

	Page
Combined Balance Sheet and supporting schedules	44
Combined Statement of Income and Expenditures	50
Condensed Statement of Endowment and Property	54
Endowment held by the Treasurer	55
Income Report—College of Liberal Arts	90
State Scholarships	107
Department of Theology and Religious Education	108
Betterment Fund—Underwriting Committee	114
Improvement Fund	115
State School of Clay-Working and Ceramics	122
State School of Agriculture	123
Athletic Association	124
Burdick Hall Boarding Club	126
Ladies Hall Boarding Club	126
Student Loan Fund	127
Summer School	128
Insurance	130
Proposed Budget for 1929-30	133
Auditor's Report	137

The Endowment and Property account shows a total of \$1,807,486.48 including funds held in trust for Alfred University by the Seventh Day Baptist Education Society, the Board of Trustees of the Seventh Day Baptist Memorial Fund, the Alumni Association of Alfred University, the property of the State Schools at Alfred University, and current assets. This is a net increase of \$199,952.64 and includes about \$25,000 in cash, the new Track and Field House, extensive additions and improvements to the Heating Plant, minor additions and improvements to various other campus buildings, and increased valuation of contents of buildings as reappraised by a committee of Trustees.

On February 19, 1929, Babcock Hall of Physics was totally destroyed by fire of undetermined origin. This building was carried on the books at a valuation of \$30,000 and contents at \$5,000, with insurance carried at these values under the 80% co-insurance clause. Full insurance was collected, viz: \$24,000 on the building and \$4,000 on contents.

Attention is called to the Insurance Report, Schedule 37, showing a total of \$932,740.00 fire insurance on buildings and contents, an increase of \$367,000 as compared with the 1927-28 report, in accordance with reappraisements made June 9, 1929, by a committee of Trustees.

At the request of the Athletic Advisory Board the Treasurer of the University was appointed Treasurer of the Athletic Association beginning July 1, 1928. The financial report for the year is incorporated under Schedule 32. A report of the athletic activities will be made by the Graduate Manager and printed in the year book.

The Budget Estimate for Maintenance and Operation of the University for the year 1929-30 is submitted with this report for the approval of the Trustees.

Respectfully submitted,

CURTIS F. RANDOLPH, Treasurer.

Net University Fund, Schedule 3	\$367,686 58

Schedule 5

THE SCHOLARSHIP FUND

The Scholarship Fund consists of money and securities given or bequeathed to the University, to be invested and kept invested, the income only to be applied toward the payment of the tuition fees of worthy students in Alfred University, or for some other specially designated purpose.

A Scholarship may be established conditionally on the payment of \$100; if a payment of less than \$100 is made as an initial payment for this purpose, it is classified as a "prospective Scholarship" and the income from such payments will be used for the general purposes of the University until such time as the payments aggregate at least \$100.

The income only of the special funds is used for the purposes designated by the founders of the funds.

The word "Dormant" indicates that the fund is subject to an "Income Gift Agreement."

The column below at the left shows the amount credited to the several funds on June 30, 1928, the column at the right the amounts credited on June 30, 1929, the column in the middle the names of the funds.

STATE SCHOLARSHIPS**Chapter 292, Laws of 1913**

Became a law April 16, 1913

State Scholarships were established by act of the legislature of the State of New York, by Chapter 292, Laws of 1913, became a law April 16, 1913, taking effect August 1, 1913

Five such scholarships shall be awarded each county annually for each assembly district therein.

Each such scholarship entitles the holder thereof to the sum of One Hundred dollars (\$100) for each year during which he is in attendance upon an approved college in New York state during a period of four years.

Alfred is on the list of such approved colleges.

Colleges are required, in February and September of each year, to submit to the Commissioner of Education a list of their pupils who are holders of State Scholarships. Payment is made by the State Treasurer to the Treasurer of the college, to be applied for the benefit of holders of State Scholarships who are in attendance, as follows:

1. So far as needed to pay his tuition for the current semester
2. To reimburse the college for his other indebtedness thereto.
3. To pay the remainder of his instalment to such pupil, or as he shall direct.

DEPARTMENT OF THEOLOGY AND RELIGIOUS EDUCATION

(Formerly Alfred Theological Seminary)

Endowment Report

The Theological Fund

By action of the Board of Trustees of Alfred University at the meeting held October 15, 1926, the name of "The Alfred Theological Seminary" was changed to the "Department of Theology and Religious Education."

This fund consists of money or securities given, bequeathed or devised to Alfred University, to be invested and kept invested, the income alone to be used, either for the maintenance of the Theological Department generally, or for some specific department of it. Prior to the fiscal year 1921-22, the investments of the Theological Fund were included in the University Fund report, Schedule 3, but beginning with the Treasurer's Report for 1921-22, the investments are reported separately, and the income from such investments credited direct on the Theological Department records, Schedule 27.

Boarding Clubs**Schedule 33****BURDICK HALL BOARDING CLUB REPORT**

(Organized September, 1919)

The boarding club, formerly located at Burdick Hall, known as the "Klan Alpine" having removed to a "Fraternity House" a new club was organized under the name "Burdick Hall Boarding Club." This club is operated on the co-operative or cost plan. The books and other records are kept by the University Treasurer who is known as the club "Cashier," and he is responsible for figuring the costs of board, making out and collecting the board bills, and for the payment of all expenses of the club. Board bills are rendered each week and expenses paid weekly. A deposit of \$10.00 is required from each member in order to furnish a working balance, this deposit being refunded when a member leaves the club. The University receives ten cents per day per member as rental of dining hall and equipment. The average cost of board in this club for the year 1928-29, was 85 cents per day or \$5.95 per week.

The total costs for the year were as follows:

Labor	\$ 2,325 95
Rent	852 10
Supplies	5,265 78
Total	<u>\$ 8,443 83</u>

Schedule 34**LADIES HALL BOARDING CLUB REPORT**

(Organized September, 1919)

With the return of the women students to the "Brick" after being located elsewhere for the year during which the Students' Army Training Corps occupied this building, the boarding department was organized on the co-operative or cost plan under the name "Ladies Hall Boarding Club." This club is managed and operated on the same basis as the Burdick Hall Boarding Club (Schedule 33).

The average cost of board in this club for the year 1928-29, was 80 cents per day or \$5.60 per week.

The total costs for the year were as follows:

Labor	\$ 3,446 53
Rent	2,013 40
Supplies	9,278 05
Total	<u>\$ 14,737 98</u>

The Summer School of Pottery

1928 Session

W. A. Titsworth, Manager

By authority of the Board of Managers of the New York State School of Clay Working and Ceramics, voted at a regular meeting held June 12, 1928, the laboratories and equipment of the Ceramic School were rented to W. A. Titsworth for the period July 2 to August 10, 1928, for the purpose of conducting a school of Pottery in connection and co-operation with the Alfred University Summer School, at a rental consideration of \$60.00, the school of Pottery to pay for gas and supplies used.

The fees from students in the School of Pottery are collected by the Treasurer of the Alfred University Summer School and are paid over to the school of Pottery. The receipts and disbursements are therefore included in the foregoing report of the Summer School at Alfred University, but for reference are listed separately as follows:

Receipts

AUDITOR'S REPORT

To the Board of Trustees of Alfred University:

Gentlemen:

I have examined the accounts and vouchers of our Treasurer for the fiscal year ending June 30, 1929, and the securities held by him on June 30, 1929. This report does not include the accounts of the State Schools, nor the various Clubs.

I have verified the cash in bank by evidence of deposit; the income from securities by an examination of such securities, the income from students by an examination of the record of bills rendered by the Registrar and the scholarship allowances granted them.

I have verified the Report of our Treasurer for the fiscal year ending June 30, 1929, to which this report is annexed consisting of the Endowment Report, Schedules 1 to 10, inclusive, and the Income Report, Schedules 15 to 26 inclusive, Schedule 27 and also Schedules 28, 29, and 36 by comparison with his accounts, and find such report correct in all respects.

The diligent efforts of our Treasurer in the collection of income, as well as the manner in which his accounts have been kept and his other duties performed are worthy of commendation.

Respectfully submitted,

HERBERT G. WHIPPLE, Auditor.

Dated, September 19, 1929

* Early years include Academy salaries as they were not reported separately then, but *tuition* given is college only as the tuition items were reported separately.

† 1915-16 Changed from 10 to 12 salary payments per year.

‡ 1918-19 Student Army Training Corps.

DEGREES CONFERRED

BACHELOR OF ARTS

Frederik Jacob Bakker	Plainfield, N. J.
Helen Marguerite Barmore	Gerry
Dighton Grow Burdick	Alfred
Grace Mitchell Dassance	Wellsville
Marylyn Helen DeRemer	Andover
Ruth Patience Greene	Alfred
Harold Sisson Hamilton	Alfred
Vernon William Heiman	Clarence
Alice Caroline Holbert	Genesee, Pa.
*Francis Rea Hutchings	Manhasset
Maribelle Agnes Johnson	Gerry
Leah Milburn Jones	Avoca
Letha Marie Kemp	Shinglehouse, Pa.
Alda Sergeant Kemper	Dayton, Ohio
Emma Drusilla Kernan	Scotia
John Enfield Leach	Salamanca
Harry Montral Levin	Paterson, N. J.
Lois Marian McCulloch	Tampa, Florida
Joseph George Merck	Queens Village
Harlon Clifford Newlands	Osceola, Pa.
Ada Mary Piantanida	West New York, N. J.
Mary Katharine Rogers	Daytona Beach, Fla.
Arlene Winifred Rust	Great Valley
Edwina Estella Smith	Bolivar
Erma Alta Sommers	Ellicottville
Mabel Elizabeth Swain	Hornell
Alfred Jeffrey Voorhies	Nile
Irene Lucy Wells	Friendship
Donald Roger Whitcomb	Belmont
Betty Janet Whitford	Westerly, R. I.

BACHELOR OF SCIENCE

Howard Lewis Adams	Ellicottville
Harold Boulton	Luzerne
Bingley Lyman Burdick	Wellsville
ValJean Fremont Burns	Springville
Nicholas Lord Casini	Garfield, N. J.
Nathan Dewitt Church	Ulysses, Pa.
Lee Babcock Cottrell	Brooklyn
Helen Mae Ellis	Stephentown
Samuel Leonard Feldman	Spring Valley
Charles Henry Field	Weehawken, N. J.
Wilbur Charles Getz	Lock Haven, Pa.
Robert Lawrence Goldin	East Randolph
Mitchell Heller	Spring Valley

*As of the Class of 1928

BACHELOR OF SCIENCE (continued)

Samuel Franklin Horowitz	Spring Valley
Howard Leo Howbridge	Friendship
Ingraham Humphrey	Lima
Daniel George Klinger	Dampa, Texas
Lloyd Winton Larson	Johnsonburg, Pa.
Paul Howard Lefkowitz	Spring Valley
Wayland Brown Livermore	Alfred
Robert Emmett McMahon	Belfast
Charles Goodno May	Webster Crossing
Alfred Savino Moscarella	Spring Valley
Alice Nathalie Palmer	West New York, N. J.
Raymond Lester Quailey	Staten Island
Warren Willis Rockefeller	Port Chester
William Bradford Sanford	Savona
Bernice Mable Sheetz	Alfred
Roger Jacob Sommer	Buffalo
Paul Clarke Stillman	Alfred
*Richard Henry Taft	Ticonderoga
Roger Sherman Thomas	Alfred
David Meyer Tillim	Spring Valley
John Wilbur Turner	Bellona
Homer Warner Waid	Elmira
Waldo Earl Welch	Leonardsville
Pearl Arlene Woolever	Arkport

BACHELOR OF SCIENCE IN CERAMIC ENGINEERING

Arnold Bookheim	Albany
Roy Francis Burdett	Hornell
John Lloyd Call	Buffalo
Harold Frederick Carpenter	Canisteo
Dean Hayes Fredericks	Flemington, Pa.
Gordon Elmer French	Rochester
Daniel Philo Gridley	Wellsville
Walter Thurston Hulse	Chester
David Lee Hyland	Honeoye Falls
William George Lewis	Watertown
James Philip Mulroy	Buffalo
Laurence Russel Shardlow	North Bloomfield
Kenneth Eugene Smith	Scio
William Treloar Tredennick	Johnstown, Pa.
Nathan Fred Tucker	Alfred
William Ward Welts	Salamanca
George LaRouette Williams	Cuba
Leland Ellis Williams	Hornell
Herbert Smith Willson	Addison

*As of the Class of 1928

BACHELOR OF SCIENCE IN APPLIED ART

Ruth Evelyn Claire	Alfred
Dorothy Adell Hawley	Rochester
Lillian Wald Holmes	Alfred
Evelyn Antoinette Koch	Queens Village
Ruth Virginia Lyon	Bradford, Pa.
Florence Sally Potter	Friendship
Milderena Lillian Saunders	Belmont
Rhoda Isabel Stearns	Warsaw
Clarice Marie Thomas	New Haven, Conn.
Adelaide Pearce Vores	New Haven, Conn.

BACHELOR OF SCIENCE IN CERAMICS

Gordon Evan Lewis	Wellsboro, Pa.
Raymond Bowler Witter	Alfred

HONORARY DEGREES

NATHAN EARL LEWIS, introduced by C. Loomis Allen.

Mr. Allen said:

Mr. President: Some one has said that "This is the Machine Age." Dr. Harry Emerson Fosdick in one of his late sermons characterized our present day living as "highly mechanized." Our present day comforts and luxuries are made possible very largely, by the process of converting the latent energy in coals, oils, gas and woods into active agencies such as power, light, transportation and communication; all for our use and enjoyment. Many men and women have assisted in the development of these agencies. No one individual has been solely responsible.

Serving on the Board of Trustees of Alfred University, there is a man who has been most instrumental in these developments. He was born in Ashaway, Rhode Island, educated in the public schools, graduated from the Hopkinton Academy, and after preparing for college at Stevens Preparatory School, he entered Stevens Institute of Technology in the Fall of 1897 and graduated in the Class of 1901 with the degree of Mechanical Engineer.

Obtaining employment with the Babcock & Wilcox Co., he served one year as draftsman and then was promoted to the Manufacturing and Erecting Department, where he served for three years. He then entered the Engineering Department where he was given three years training in fuel analysis and the principles of combustion. This position ne-

cessitated the supervision, as well as the actual handling and burning, of every class of fuel in their various forms and has taken him into every state in the Union, as well as the Dominion of Canada and the Island of Cuba. During the years of this experience, he was instrumental in the development of boiler furnace design and construction, as well as the design and construction of stokers for the burning of all types of fuels. Today he is considered an authority on combustion of all classes of fuels.

He is a member of the American Society of Mechanical Engineers, the Society of Naval Architects and Marine Engineers, The American Society of Testing Materials, and The Stokers' Manufacturers' Association.

Mr. President, it is my great honor and pleasure to nominate an engineer for the honorary degree of Doctor of Science, Mr. Nathan Earl Lewis.

President Davis said:

Son of Stevens, scholar, expert research engineer, promoter of industry, executive and public spirited citizen, in recognition of your scientific achievements in the field of engineering, and of your distinguished service to industry, and to education through your service to Alfred University, Alfred welcomes you to a place among her honorary Alumni.

By the authority of the Trustees of Alfred University, I gladly admit you, Nathan Earl Lewis, to the degree of Doctor of Science, *causa honoris*, in this University, with all the rights and privileges thereunto appertaining and in token thereof I cause you to be invested with the hood of this degree and present you with this diploma.

GEORGE ADDISON BOLE, introduced by Dr. Charles F. Binns.

Doctor Binns said:

President Davis: Seventeen years ago I accompanied you on a visit to Columbia University where we interviewed a young man who had just completed his work for the degree of Master of Arts. Responding to your invitation this young man joined the faculty at Alfred in the department of Chemistry, remaining here for nine years. During that time he be-

came interested in Ceramic Chemistry and accomplished some notable pieces of work.

In 1921 he entered the government service, first as chemist, then as superintendent of the ceramic station of the Bureau of Mines at Columbus, Ohio, and finally as supervisor of the entire work of the Bureau in Ceramics.

Six years later he was appointed research professor of ceramic engineering in Ohio State University and also secretary of the Ohio Ceramic Industries Association and director of the state experiment station.

He has been elected president of the American Ceramic Society for the current year.

In view of this successful career and of these conspicuous attainments, Mr. President, I have the honor and the great personal pleasure of presenting to you the name of George Addison Bole, Master of Arts, to receive the degree of Doctor of Science.

President Davis said:

Son of Geneva College and of Columbia University, skilled teacher of science, promoter of research in the field of chemistry and ceramics, distinguished President of the American Ceramic Society. Alfred University welcomes you after many years of service on its faculty and distinguished service elsewhere, to honorary membership in her Alumni.

By the authority of the Trustees of Alfred University, I gladly admit you, George Addison Bole, to the degree of Doctor of Science, *causa honoris*, in this University, with all the rights and privileges thereunto appertaining, and in token thereof I cause you to be invested with the hood of this degree and present you with this diploma.

CHARLES THOMAS GWYNNE, introduced by Dean J. Nelson Norwood.

Dean Norwood said:

President Davis: It gives me pleasure to nominate the next candidate for an honorary degree.

He was born in New York City in the middle 70's, of Welch parentage, and received his education in the elementary and high schools of New York City and East Orange, New Jersey. He early developed a variety of inter-

ests of high public importance: military, civic, educational, recreational, artistic and historical. But it is as a business man that he has climbed the highest. Starting with the Edison Phonograph Company in 1889, he continued with them some years, then for a time was with the United States Express Company. In 1894 he joined the staff of the Chamber of Commerce of New York, with which he has ever since been connected, serving successively in various responsible executive positions until, in 1924, he became executive vice-president and as such the salaried executive head of the organization.

This morning he has shown his scholarship, also, by the excellent doctor's oration delivered here.

This gentleman, Mr. President, promoter of civic betterment; high grade, useful citizen; experienced business executive, Mr. Charles Thomas Gwynne, I gladly nominate for the honorary degree of Doctor of Laws.

President Davis said:

Master of the science of Commerce, counselor of governments in industry, distinguished executive of the oldest Chamber of Commerce in the world, the New York State Chamber of Commerce, Alfred is honored by your presence today and by your scholarly Doctor's oration. In recognition of your high public service to the state, to the nation, and to the world, Alfred University welcomes you to an honorary place in her Alumni.

By the authority of the Trustees of Alfred University, I gladly admit you, Charles Thomas Gwynne, to the degree of Doctor of Laws, *causa honoris*, in this University, with all the rights and privileges thereunto appertaining, and in token thereof I cause you to be invested with the hood of this degree and present you with this diploma.

ORRA STILLMAN ROGERS, introduced by Judson G. Rosebush.

Mr. Rosebush said:

Mr. President, we now have a surprise for friends of the University, for in addition to the names presented on the program for an honorary degree, I now desire to bring another name to your attention.

A flood of memories almost o'ercomes me as I present this candidate for an honorary degree.

My first recollection of him dates back to the time when he was an under-graduate in this institution and I was a red-headed, freckle-faced boy in short trousers, and a member of his Sabbath-School Class. He was the one who induced me to join the local church. That was nearly forty years ago but in all the intervening years he has been manifesting the same kind of religious activities to his fellow men. He is an eminent servant of his own church, a great helper in the religious growth of the youth of his community and state, and one of the men outstandingly responsible for the creation of the University Chaplin in this institution.

My first business experience with him was twenty-six years ago, my last deal with him only Monday of this week. What I know of the science of life insurance is due to his penetrating instruction. During this period of nearly three decades, he has amassed a competency and become an honorable figure in the business life of the greatest metropolitan center in the world.

His work during the war was notable, as Director in charge of all the Y. M. C. A. Overseas Life Insurance activities.

For many years now he has been a member of the Board of Trustees of this College and within recent years the President of the Board. His help in bringing financial strength and stability to the present administration of this College is comparable to the services of Secretary Mellon to the administration of Presidents Harding, Coolidge and Hoover.

I mention these facts in part to explain the flood tide of emotion which surges through me in this sacred shrine this morning; but more particularly because these personal contacts are, after all, only typical of the contacts of many men in his presence and elsewhere; and explanatory, therefore, of the unanimity that characterized the action yesterday of the Board of Trustees of this University while his name was under consideration.

By reason, therefore, of his business success, by virtue of his services in the church and to the youth of this land, by reason of his eminent scientific work during the great war, and because of his outstanding help to the cause of education and to the growth of this College in particular, the Trustees

of Alfred University desire, Sir, that you now confer the honorary degree of Doctor of Laws upon Orra S. Rogers of the class of 1894, President of the Board of Trustees of Alfred University.

President Davis said:

Son of Alfred, student of finance, expert in the science of insurance, trusted executive of great corporations, loyal and benevolent Alumnus of Alfred, loved and able President of the Board of Trustees of Alfred University, and comrade of Alfred's President for many years in work and play, and in educational achievements for Alfred University, Alfred delights to honor you as a loyal and distinguished son, by conferring upon you the highest degree within its power.

By the authority of the Trustees of Alfred University, I gladly admit you, Orra Stillman Rogers, to the degree of Doctor of Laws, *causa honoris*, in this University, with all the rights and privileges thereunto appertaining, and in token thereof I cause you to be invested with the hood of this degree and present you with this diploma.

SENIOR HONORS

Honors have been awarded to the Senior Class as follows:

HIGH HONORS

Howard Lewis Adams	Ada Mary Piantanida
Leah Milburn Jones	Arlene Winifred Rust
Bernice Mable Sheetz	

HONORS

Ruth Evelyn Claire	Wayland Brown Livermore
Lee Babcock Cottrell	Clarice Marie Thomas
Samuel Franklin Horowitz	Betty Janet Whitford
Paul Howard Lefkowitz	Herbert Smith Willson

DEPARTMENTAL HONORS

1929

Howard Lewis Adams	in Mathematics and in Physics
Ruth Evelyn Claire	in Applied Art
Charles Henry Field	in Biology and Geology, in Mathematics, in Physics and in Philosophy and Education
Ruth Patience Greene	in English
Samuel Franklin Horowitz	in Biology, in Chemistry and in Philosophy and Educa- tion
Leah Milburn Jones	in English
Wayland Brown Livermore	in Chemistry
Ada Mary Piantanida	in History and Political Sci- ence, in Romance Lang- uages and in Philosophy and Education
Warren Willis Rockefeller	in Biology and Geology
Arlene Winifred Rust	in Latin and in Philosophy and Education
Laurence Russel Shardlow	in Ceramic Engineering
Bernice Mable Sheetz	in English, in Mathematics and in Philosophy and Education
Clarice Marie Thomas	in Applied Art and in Phil- osophy and Education
Betty Janet Whitford	in English and in Philosophy and Education
Herbert Smith Willson	in Ceramic Engineering and in Chemistry

CLASS ORATOR

John Enfield Leach

PRIZES AND MEDALS**Mary Wager Fisher Literary Prizes**

Betty J. Whitford	\$20.00
Ruth P. Greene	17.00
J. Enfield Leach	14.00

Burdet B. Brown Senior English Prizes

Grace M. Dassance	Mary K. Rogers
Leah M. Jones	Ada M. Piantanida
	Herbert S. Willson

Ceramic And Chemistry Medal

Herbert Smith Willson

The Charles Fergus Binns Medal

Frank Graham Holmes

Loyalty Medal For Men

Wilbur Charles Getz

Loyalty Medal For Women

Clarice Marie Thomas

ALUMNI ASSOCIATION TREASURER'S REPORT

The forty-third annual report of the Treasurer of the Alumni Association of Alfred University for the year ending May 31, 1929.

General Fund

Receipts:

Balance on hand June 1, 1928	\$ 26 67
Membership dues, 1928-29	303 00
Transferred from Loyalty Bond Account	300 00
Transferred from sustaining Membership Account..	72 00
Received from Treasury of Twentieth Century Club per Miss Elizabeth Bacon, Treasurer	24 92
	<hr/>
	\$ 726 59

Disbursements:

Paid Chairman Dinner Committee, Miss Ildra Harris, senior tickets	78 00
Chair rent for dinner	4 30
Sun Publishing Association, Printing letters, balloons, etc	66 50
Bulletins: (July)	\$58 50
(October)	45 50
(January)	30 00
(April)	46 00—
Salary, Agnes K. Clarke, Executive Secretary	325 00
Mabel F. Reynolds, Postmistress, Postage, envelopes	65 22
Balance on hand June 1, 1929	7 57
	<hr/>
	\$ 726 59

LOYALTY BOND ACCOUNT

Receipts:

Balance on hand June 1, 1928	805 00
Received from Loyalty Bond holders (per Executive Secretary)	1,010 00
	<hr/>
	\$ 1,815 00

Disbursements:

Paid Alfred University by vote of Directors	800 00
Transferred payment intended for Alfred University	10 00
Transferred to Membership dues account for \$3.00 membership	300 00
Balance on hand June 1, 1929	705 00
	<hr/>
	\$ 1,815 00

SCHOLARSHIP FUND

(War Memorial Graduate Scholarship Twentieth Century Club)

Receipts:

Balance on hand June 1, 1928	\$ 261 66
Received from Treasurer of Alfred	295 14
	<hr/>
	\$ 556 80

Disbursements:

Paid to Chester A. Feig, holder of the scholarship..	260 00
Balance on hand June 1, 1929	296 80
	<hr/>
	\$ 556 80

Kenyon-Allen Endowment Fund

(INCOME ACCOUNT)

Receipts:

Balance on hand June 1, 1928	\$ 633 66
Interest on bonds and mortgages received	642 50
	<hr/>
	\$ 1,276 16

Disbursements:

Paid Alfred University account salary of President Davis	650 00
Balance on hand June 1, 1929	626 16
	<hr/>
	\$ 1,276 16

CHANGES IN PRINCIPAL ACCOUNT

Receipts:

Balance on hand June 1, 1928	793 66
Transferred from sustaining membership account ..	48 00
	<hr/>
	\$ 841 66

Disbursements:

Paid New York Title and Mortgage Company for certificate	800 00
Balance on hand June 1, 1929	41 66
	<hr/>
	\$ 841 66

SUMMARY

The following sums stand in the various accounts as of June 1, 1929:

General Fund	\$ 7 57
Loyalty Bond Account	705 00
Interest Account	626 16
Uninvested principal account	41 66
Scholarship Account	296 80
	<hr/>
	\$ 1,677 19

The Kenyon-Allen Endowment Fund stands at \$12,770 43

Recommendations

The Treasurer recommends:

1. That \$650.00 be paid from the income of the Kenyon-Allen Endowment Fund to the Treasurer of Alfred University toward the salary of President Davis.
2. That \$705.00 be paid from the Loyalty Bond account to the Treasurer of Alfred University.

Respectfully submitted,

J. NELSON NORWOOD, Treas.

Alfred, N. Y., June 10, 1929.

**NEW YORK STATE SCHOOL OF CLAY-WORKING
AND CERAMICS****DIRECTOR'S REPORT**

For the Year Ending June 30, 1929

To the President of Alfred University:
Alfred, New York.

Sir: I have the honor of presenting to you the 28th annual report of the New York State School of Clay-Working and Ceramics.

The registration of the previous year has been slightly exceeded as a whole but the number in the Ceramic Engineering course is somewhat smaller while that in the department of Applied Art has grown larger. It will be recalled that last year the freshman class in Ceramic Engineering was too large and several students had to be advised to change their course. A similar condition arises this year in Applied Art. The freshman class is too large for effective work and the number will have to be reduced. Conditions like this will recur repeatedly because of the provision for free tuition to New York State students. There is no doubt that some select the ceramic course on this account alone and a weeding out process is inevitable. The school does not desire to graduate men and women who are not likely to be interested and successful in their calling.

The Annual Convention of the American Ceramic Society was held at Chicago in February and was attended by five members of the faculty and by several students. The local student societies, the Alfred Branch of the Society, and the Ceramic Guild each sent a delegate. Collections of pottery were contributed to the exhibition held at this time. Four papers by members of the faculty and by students were read. Miss Fosdick, for the third time, was elected Secretary of the Art Division. Mr. G. A. Bole, formerly Professor of Chemistry in the School here, was elected President of the American Ceramic Society for the current year.

Parties of senior students made four trips during the year for the observation of industrial processes in manufactories.

They were accompanied by Professors Westendick and Merritt, who generously lent their private cars.

Professors Fosdick and Nelson with a senior student visited the Onondaga Pottery at Syracuse for the purpose of studying decorative processes.

The students in Engineering have been quite successful in securing engagements for summer practice and many members of the graduating class have received permanent appointments. Prospective employers have written and some have called at the school in search of suitable men.

Several of the students in Applied Art have obtained positions as instructors in summer camps. In this department also, the Seniors are in demand for teaching in High Schools and for studio work.

Exhibits have been sent to New York, Detroit, Atlanta and to the International Traveling Exhibition of the Federation of Arts.

The Alfred Medal for excellence in Ceramic Art was voted by the jurors to Mr. Frank Graham Holmes, Art Director of Lenox Incorporated of Trenton, New Jersey.

The Engineering laboratory has been improved by the installation of a high temperature electric kiln and by two pyrometric outfits. A small electric test kiln has been placed in the department of Applied Art.

The Engineering department of the state continues to submit refractory materials for testing. Several samples submitted by contractors have been found to be defective.

The Student Branch of the American Ceramic Society has held regular meetings, at two of which speakers were secured from outside sources. It is quite desirable that this plan should again be followed, but it is only possible when suitable persons are willing to come at their own expense. The Legislature should be urged to make an appropriation for visiting lecturers.

The budget this year provides the salary of an instructor in ceramic chemistry, and a small amount for a part time instructor in metal mounting for pottery. Your Director suggests that Miss Erma Hewitt be appointed to the latter position. Miss Hewitt has been unofficially identified with the school for several years and in return for the accommodation provided has given free instruction to those students who de-

sired it. The position of instructor in chemistry has not yet been filled.

The Ceramic Guild has held two very satisfactory exhibits of pottery and the members have succeeded in producing many novel and beautiful effects.

The need for a new building is more urgent every year. The lack of private laboratories is an almost absolute bar to research work. The members of the faculty are eager and capable but space and privacy without which such work cannot be properly done, are lacking. The separation of the departments of Ceramic Art and Drawing and Design from each other and from the main office is a disadvantage which can only be overcome by the provision of a commodious building.

Your Director cannot speak too highly of the loyalty and enthusiasm of the members of the faculty. To their industry and devotion, the success of the school is almost entirely due.

I have the honor to remain,

Yours very respectfully,

CHARLES F. BINNS, Director.

Appendix F

NEW YORK STATE SCHOOL OF AGRICULTURE**DIRECTOR'S REPORT**

To the President of Alfred University:

Sir: I have the honor to submit to you the twenty-first annual report of the New York State School of Agriculture at Alfred University, the same being a report for the fiscal year ending June 30, 1929.

Board of Visitors

Boothe C. Davis, President	Alfred, N. Y.
Alpheus B. Kenyon	Alfred, N. Y.
B. Sheffield Bassett	Alfred, N. Y.
Leonard W. H. Gibbs	Buffalo, N. Y.
John J. Merrill	Albany, N. Y.
D. Sherman Burdick	Alfred, N. Y.
*Frank L. Greene	Alfred, N. Y.
C. Loomis Allen	Stamford, Conn.
William J. Tully	New York City
*Deceased	

Ex-officio Members

Hon. Berne A. Pyrke	State Commissioner of Agriculture, Albany, New York
Dr. Frank Pierrepont Graves	State Commissioner of Education, Albany, New York
Professor Albert R. Mann	Director State College of Agriculture, Ithaca, New York

Faculty

A. E. Champlin, Ph. B., Director
 Rural Economics and Parliamentary Law

Willard R. Cone, B. S.
 Extension Courses

Harlond L. Smith, B. S.
 Animal Husbandry

George S. Robinson
 Poultry Husbandry

Lloyd Robinson, B. S., A. M.
 Extension Courses

Erle M. Myers, B. S.
 Dairy Industry

E. H. Litchfield, B. S.
 Extension Courses

George Wallace Smith
 Superintendent of Farm

Curtis F. Randolph
 Treasurer

Hazel Irene Stevens
 Secretary to the Director

Extension Work

The members of the faculty filled many engagements during the year in giving talks on various agricultural topics before Granges and other farm organizations, as well as at many High School assemblies.

The short course work in outlying communities begun last year, was continued. Many requests for technical advice on farm problems, such as diagnosis and treatment of disease prevalent in a poultryman flock, taking inventory and recording the financial end of a farm business were received and answered by personal visits.

A number of plays and other amusement features were put on by the students before various rural organizations.

Judges for poultry or livestock, or both, were furnished by the School to the following Fairs: Little Valley, Penn Yan, Angelica, Alden and South Wales.

Itinerant Courses

The itinerant course begun two years ago have continued to hold, and in some cases increased in popularity. Thirteen High Schools are now co-operating with the State

School in this work. One change was made in the itinery, Rushford High School being added in place of Friendship.

Arrangement was made with the Board of Regents where-by the student will receive $1\frac{1}{2}$ units of credit for two year's work. For one year he will receive $\frac{1}{2}$ unit as at present. There were 144 boys enrolled in these courses.

Events Held at the School

Annual Potato and Egg Show

The annual Potato and Egg Shows were held at the School on November 22nd, with seventeen (17) High Schools entered in each event.

In the Potato exhibit and judging contest, first place in class A went to Atlanta and Avoca second. In class B Andover received first place and Almond second.

In the Egg and Poultry Judging, Angelica had first place and Belmont second.

Annual Stock Judging Contest

On May 17th, at the farm barn, was held the annual Stock Judging Contest. There were 48 schools participating this year, thirteen more than ever before.

The Schools entered and scores by classes follows:

Class A

Wyoming	735	Newark	645
Randolph	735	Canandaigua	630
Homer	720	Holley	615
Horseheads	705	Portville	615
Chautauqua	675	Dansville	615
Franklinville	675	East Otto	600
Naples	675	Churchville	600
Little Valley	675	Perry	600
Hammondsport	675	Bergen	585
Marion	675	Orchard Park	585
Alden	660	Avon	585
Ellington	660	Prattsburg	585
Cherry Creek	645	Bath	540
Forestville	645	Almond	510

Class B

Friendship	720	Bradford	615
Hinsdale	690	Alfred	615
Breesport	645	Addison	600
Cuba	630	Atlanta	585

Class C

Honeoye	780	Fillmore	615
Andover	705	Rushford	615
Angelica	705	Belmont	600
Canisteo	645	Livonia	600
Groveland	630	Leicester	585
Canaseraga	615	Pike	585

Annual Ayrshire Picnic

The annual Ayrshire Picnic was held at the School on July 25th. Over 200 were present. A picnic dinner was served at noon and a business meeting and program followed in the afternoon.

Annual Alumni Picnic

On Labor Day the regular picnic of the Alumni was held at the School. Ninety-two people were present on this occasion.

Rural Teacher Training

The Rural Teacher Training work was continued as usual with sixteen (16) girls, and Miss Anna Biles as teacher. These girls are all placed now in positions for next year.

Arrangements have been made with the local Board of Education for the continuance of this work another year.

The State Farm

From a business standpoint the State Farm is in the most prosperous condition it has ever been. The milk route here in the village, together with a smaller force of help, is making the farm able to maintain itself for the use of student training without any largess from the State.

The contract with J. Francis Champlin for additional rented land has expired and was not renewed.

New Equipment

A 2½ H. P. steam boiler was added to the equipment of the dairy department during the past year. This again makes it possible to carry on the regular Bacteria work of the dairy courses and also to give valuable assistance to regular dairymen in their bacterial count problems.

Dairy Testing

In addition to the regular supervision of the Ayrshire Herd and Advanced Registry testing of the Ayrshire herds in this vicinity, a large number of butter fat tests were made for other farmers in this section.

Staff Changes

There is to be a change during the coming year in the faculty. Mr. H. L. Smith, who came to the School to take charge of the Animal Husbandry Department in 1922, is leaving July 1st to go to Delhi to succeed Director C. O. DuBois. Director DuBois is retiring. Mr. Paul Orvis, a graduate of the State School of Agriculture and Syracuse University, and for the past four years a teacher of Agriculture at Homer High School, has been secured to fill the vacancy. Mr. Orvis has been one of the most successful teachers in high school agriculture of any man in the State and should prove a valuable aid in filling the vacancy left by Mr. Smith.

Annual Commencement

The annual Commencement exercises were held this year on Sunday, March 24th, and Monday and Tuesday, April 1st and 2nd. Sunday morning, March 24th, in the absence of President Davis, the Baccalaureate sermon was preached by Dr. Gilbert W. Campbell, pastor of the Union Church. Monday evening, April 1st, at Alumni Hall, the Seniors staged a Class Play.

The Graduation exercises were held in Agricultural Hall. The address to the graduates was given by Mr. A. K. Getman, State Supervisor of Agricultural Education of the State of New York.

The Silver Loving Cup donated by the Class of 1924, given each year to the class having the highest scholastic average for the year, went to the class of 1930.

Howard Stewart of the Class of 1929 again repeated his record of a year ago and for the second time has his name engraved upon the alumni cup for the highest individual scholastic rating of the year.

School Enrollment

The School enrollment in agriculture the past year did not increase as was expected. A number of applicants were unable to come when the time arrived due to the fact that potatoes were unsalable. These young men were to be sent to school on the proceeds from this crop. Drawing, as it does, practically its entire student body from the farm, the attendance is affected by any vicissitudes that overtake the farmers of this section.

A list of graduates, with summary of students and financial report for the year is appended.

Respectfully Submitted,

A. E. CHAMPLIN, Director.
