

All Students To Clean Campus This Thursday

Residences Assigned Various Duties; Union Area To Get Shrubs

A full-scale cleanup of the campus by Alfred's entire student body will begin at 10 a.m., Thursday, as part of the Moving Up Day activities. Blue Key and Alpha Phi Omega have been assigned to the area around the Campus Union and the Kanakadea.

Other parts of the campus will be assigned to the various residence units and the Brick and Bartlett. About \$50 worth of shrubs will be planted in the Campus Union area under the supervision of Mr. Vincent C. Smith, Ag-Tech floriculture instructor. This program will receive the full cooperation of Fred Palmer, superintendent of buildings and grounds.

Eight through ten o'clock classes will be held in the University. Only 8 o'clock classes will meet in Ag-Tech. Thursday and Friday will be considered no-cut days.

Immediately preceding the clean-up program, Ag-Tech will have its assembly at 9 a.m., with presentation of awards, stunts and skits by Ag-Tech students. Renie M. Coates, old president of the Ag-Tech Student Council will present the gavel to the new president, John Magrino. This custom has not been observed since just before the war. Presidents of the various Ag-Tech organizations and residence units will be honored by Director Paul B. Orvis.

The University assembly will be held at 1:30 p.m. in Alumni Hall. Pres. J. Edward Walters will present the scholarship cup for last semester and other awards. John Rice '48, president of the graduating class, will present the class cane to Daniel Kane '49, president of the class of '49. In addition, there will be tapping by the following honorary fraternities: Alpha Tau Theta, Phi Sigma Gamma, Pi Delta Epsilon, Pi Gamma Mu and Blue Key.

After the assembly, the juniors, sophomores and freshmen will leave (Continued on page two)

AT To Move And Erect Gym From Camp Shanks

Assurance of an \$85,000 appropriation to move and erect a 90x120 foot gymnasium, was received by Director Paul B. Orvis last week-end.

A 34x90 foot additional wing will house three laboratories for chemistry, laboratory technology and bacteriology, Director Orvis said.

The gym, which will be moved from Camp Shanks as soon as arrangements can be made and erected on the Ag-Tech athletic field back of Theta Gamma, is similar to the gyms at Brockport and Cortland State Normal Colleges.

WSC Changes To Alfred Outing Club

The Alfred Outing Club will be the new name of the Winter Sports Club, members voted Thursday evening. "We do not wish to give students the impression that we are concerned only with winter sports," said Arthur Chatfield '50, general chairman.

Main function of the club when organized in 1944 was winter sports. Since last September, however, the organization's activities have been expanded to include hiking, camping, hunting and fishing.

Plans are now being made for next year, which include several trips, reconstruction of the ski tow, and an expansion of the skating facilities.

Al Sisson To Talk Before Fiat Staff At Banquet

Al Sisson, feature announcer for WHAM, Rochester, will speak before Fiat Lux staff members at their annual banquet, Wednesday evening, in Social Hall. Roxanne Roberts '48, retiring editor, will be mistress of ceremonies.

The program will include presentation of shingles and keys and awarding of prizes to outstanding freshman or sophomore members of the staff.

Mr. Sisson's speech will be on radio's responsibility to its public.

Campus Officers Recommend Advice To New Students

About 25 new and old campus officers met Saturday at the Alfred Rod and Gun Club for the Student Affairs Committee annual outing sponsored by the SAC and the Student Senate.

The program included a very successful discussion of many aspects of the Freshman Orientation program. A committee will be established to study and implement the recommendations made.

The recommendations to be studied include:

1. That a letter be sent to each new student by the President of the RFA or some other campus leader containing general suggestions and advice. This letter will include the names of other Alfredians to whom the prospective student can write for more specific information.
2. That the general area from which Alfred draws students be districted, and that personal meetings between prospective students and Alfred student advisers in each district be held.
3. That a day be designated on which Alfred would play host to applicants.
4. That the Director of Admissions take trips over a certain area so as to establish contacts with high school guidance officers and students.

These recommendations will be considered by the committee, which will also make specific plans for 1948 Freshman Week.

Dean T. A. Parish of the Agricultural and Technical Institute headed the arrangements committee, assisted by Marie Cherichetti '48, Robert Gray CS, Jack Hillman AT, and Jack Jones AT.

K. Lecakes Elected Editor Of Fiat Lux

Katherine Lecakes '49, was elected editor-in-chief of the Fiat Lux at staff elections Tuesday. Miss Lecakes has been a member of the Fiat staff for three years. Serving as news editor in her sophomore year, she became managing editor when Roxanne Roberts became editor-in-chief in 1947.

Other members of the editorial department include: Jeanette Klimasick '50, managing editor; Matthew Melko '51, news editor; Eugene Skir, head writer; Barbara LeVan '51, society editor; Barbara Theurer '50 and James Quackenbush '51, sports editors; Mary Ingram AT, Ag-Tech editor and Emily Nichol '49, proof-reader. The business staff, under Robert Wightman, business manager, will include: William Spangenberg '51, advertising manager; Phyllis Tarbrake '50, circulation manager; and David Powell '49, secretary.

Undergraduates To Meet With Divisional Heads On Wednesday

Undergraduates who have not chosen major fields of study will meet with divisional heads at 5 p.m., Wednesday, and then go to specific departmental discussions. This is the second step in the setting up of an advisory system which grew out of committee recommendations to the President several weeks ago.

"The meetings will last about an hour and students who have not chosen a major should attend one of the three meetings," said Dean Elizabeth Geen, co-chairman of the committee.

The division heads who will address the groups are: Dr. Ellsworth Barnard, Humanities; Dr. Paul Saunders, Sciences; Dr. Roland Warren, Social Sciences.

According to the plan, as announced by Miss Geen, students interested in specializing in the four departments will meet at the designated halls: Humanities, Kenyon Hall—classics, English, romance languages, speech; Sciences, Physics Hall—biology, chemistry, mathematics, physics; Social Sciences, Alumni Hall—history, political science, psychology, business and sociology.

After the introductory meeting under the divisional heads, the students will go to departmental meetings, Miss Geen said.

"We feel that the first meetings after last week's assembly were very successful and succeeding steps will bring the guidance system even closer to the individual student," Miss Geen said.

The third step, which will be the individual advising, will come next week, according to the schedule.

A. Cooper Wins Fourth Place In Nat'l Contest

Alfred Cooper '48, won fourth place in the national American Ceramic Society public speaking contest at the 50th annual convention in Chicago, last week.

Other highlights of the Convention, attended by more than 30 students and faculty, included the awarding of the Binns Medal, meeting of the Alfred Ceramic Alumni Association, and first annual meeting of the Alfred University Research Foundation Board of Directors.

A report given by Dr. L. I. Shaw and J. R. Tinklepaugh on progress of the Air Force jet propulsion ceramic project received nation-wide publicity.

Cooper, who won the local speaking contest, competed in Chicago with nine other students. His topic was "Wollastanite as a Source of Lime in the Glass Batch."

The Charles Fergus Binns medal for excellence in ceramic art was awarded to Edward Winter of Cleveland for work this year with decorative enamels.

More than 200 members of the Chicago area Alumni Association and the (Continued on page Two)

RFA Plans Picnic At Letchworth Park

The annual all-campus picnic, sponsored by the RFA, will be held at Letchworth Park on Saturday, it was announced last week.

Everyone is requested to bring his own sandwiches and refreshments will be served at the park. Those unable to bring a lunch will be able to buy hot dogs and hamburgers at the picnic. The charge for the picnic will be \$.25 per person.

Transportation will be furnished. Those who are driving are asked to be at the library at 1 p.m., to pick up others who are going.

In case of rain the picnic will be held at the same time on Sunday. Everyone is invited to come along and join in the fun.

Ag-Tech Elects New President

Results of the second election for presidency of the Ag-Tech Student Council were announced Wednesday naming John Magrino, business student, president by a majority vote.

Opposing Magrino were: John Pitcher, who came in second, and Jane Lytle and Robert Parsons. About two-thirds of the student body voted.

Stassen Wins GOP Nomination By Great Margin In Straw Vote; Vandenberg Unexpectedly Strong

Stassen Receives Fifty-Five Percent Of Campus Votes; Dewey Runs Second In Tabulation Of Political Parties Class

Harold E. Stassen will be the Republican candidate for President if Alfred University students have any thing to do about it, according to a straw poll taken last week.

The Minnesota man "carried" the campus by 55 percent, according to the tabulation of the cross-section poll conducted by Dean M. E. Drake's political parties class.

Governor Dewey got 25 percent; Senator Vandenberg, 13.6; Senator Taft, 2 percent.

The poll asked three questions covering the Republican party nomination, the party generally supported, and how the interviewee would vote if the candidates ran in four possible combinations.

The statistics show that Stassen was favored by all groups, Senator Vandenberg received more Democratic and independent votes than Governor Dewey, Senator Taft is weak even among Republicans and President Truman can win only if Taft is nominated. Stassen would get 76.6 percent of the total vote if he opposes Truman and Wallace.

The faculty and the Ag-Tech student body, generally all New York Staters, gave Stassen more support than Governor Dewey.

Wallace received the least number of votes against Stassen and progressively more with Vandenberg, Dewey and Taft.

There were 454 students and faculty out of the 819 polled who said they generally favored the Republican party; 218, the Democratic party and 147 who preferred some other party.

According to the poll, The Republican party will have the best chance with Stassen as their candidate. The party probably would win with Vandenberg or Dewey as their candidate, but might lose with Taft.

For the nomination, Stassen got 51.5 percent from Republicans; Dewey, 34.2; Vandenberg, 9.17; and Taft, 2.2. Democrats and Independents supported Stassen with 67.2 percent (Continued on page 2)

Senate To Sponsor Annual Street Dance For Moving Up Day

A Street Dance for Moving Up Day will be held on the evening of May 6, as has been the tradition for many years, it was decided at the Student Senate meeting, Tuesday. The Moving-Up Day committee also was allotted an additional \$50 for shrubs to be planted as part of the Clean-Up program.

Helen Schwartz '49, reported on the Student Leaders Conference which she and Carolyn Thomas '49, attended at Russell Sage College. The theme was "Action or Apathy." Included in the program were discussions of various student organizations and the role that they played on campus. It was reported that Alfred seemed to lack political organizations as most other schools are much more active.

Senate President Jack Jones AT, relayed the Student Affairs Committee's suggestions to the Senate Parking Committee. He reported that the long range plan for additional parking space was to build a lot near Bartlett when the new stadium is finished. The Senate Committee will investigate possible alternate locations and determine how much work will have to be done. A joint committee composed of Senate members, faculty representatives and townspeople will then be formed to take action.

Dean Parish Of Ag-Tech To Lecture At Lima H. S.

Lima High School students will hear Dean T. A. Parish speak on "The Advantages in the Agricultural and Technical Fields" at their assembly program, Friday.

Dean Parish will cover such points in the Ag-Tech program as training, placement, salary and needs of the specific courses.

Weidman Group Dancers

Charles Weidman and Betty Osgood in a scene from The Shrike and the Chipmunk of the Fables of Our Times dance which the Weidman company will include in their Arts Festival performance, May 19-22.

Director Of Craft School To Resign

Herbert W. Sanders, director of the School for American Craftsmen since last September, will resign his duties effective at the end of the semester to teach pottery at San Jose State College, Calif.

No announcement has been made of his successor. Mr. Sanders joined the craft school faculty in September, 1946, shortly after it was moved to Alfred from Hanover, N. H.

He succeeded to the directorship upon the resignation of Mrs. Vanderbilt Webb, who continued as the vice president and treasurer of the Trustees of the American Craftsmen's Educational Council, Inc., joint sponsors of the School with Alfred University.

The school offers courses in wrought iron, metalsmithing, pottery, textiles and woodworking either as a two-year terminal course or leading to a bachelor of science degree in the College of Liberal Arts.

Mr. Sanders received his B. S. in education in 1932 and the M. A. in 1933 from Ohio State University.

Director Announces Cast For 'Antigone'

The cast for the Footlight Club production of "Antigone" was announced this week by Prof. C. D. Smith who will direct the play. The play is now in rehearsal at the men's gym and will be put on as part of the Fine Arts Festival.

The cast includes: Antigone, Joyce Angermann '51, Ismene, Barbara Theurer '50; Creon, Richard Tracy '50, Haimon, Dean Root '50; Teiresias, Jerome Allen '50; Eurydice, Marilyn Neville '50; Chorus, Ingram Pappery '50; sentry, Arthur Wallace '49; chorus, David Guillaume '48, and Robert Roderick '49; guard, William Spangenberg '51.

Social Hall Closes For New Paint Job

The painting of the interior of Social Hall by the Household Art Company of Hornell will begin Friday. The work will be completed by May 16, so that Social Hall may be used for the Arts Festival.

The walls will be painted two shades of soft green, the woodwork white and the floors cleaned and waxed. The decorations committee included Miss Marion L. Fosdick, Dean Elizabeth Geen and Miss Clara K. Nelson.

Social Hall will be closed from May 7-17.

Surprise Nominees Rejected By Tellers

The blank "write-in space" on the straw ballot was used not only for endorsing dark horse candidates, but also for nominating "favorite sons."

The following surprise nominees were rejected, with the reason for rejection scribbled on the reverse side:

Donald Duck: "Walt Disney may not run under an alias."

A good dark horse: "OK—Put 10 across the board for 'citation.'"

Myself: "You forgot to sign your name."

Anyone: "Too vague."

Mrs. Roosevelt: "Candidate must reside in the U. S. for the four years prior to election."

Mrs. Smallback: "Candidate must be at least 35."

Prof. Snyder: "A good choice, but there are not enough golf courses in D. C."

The Dog-catcher: "SCAT."

Of course, the one favorite son nominee who caused no surprise was Freckles, who beat the dog-catcher by four votes.

Jerry Smith Elected Blue Key President

Jerry Smith '50, was elected president of Blue Key national honorary fraternity, in annual elections, Sunday afternoon. Other new officers include: vice-president, John Kane '49; secretary-treasurer, Joseph Crispino '49; and corresponding secretary, Herbert Anderson '49.

Smith has been a member of Blue Key since 1941, when he was elected from the Ag-Tech student body. He was secretary-treasurer last year.

Other business of the meeting included initiation of 14 new sophomore and junior members and reports by various committee heads. Edwin Lorey '48, retiring president, will consult with Treasurer E. K. Lebohner on the possibilities of Blue Key's receiving University aid in securing the new sound system in an attempt to complete the project this year.

Daniel Kane '49, reported on Moving-Up Day plans and reported the part Blue Key would play in the program. Six men will be assigned to supervise area work with the remainder cooperating with Alpha Phi Omega in planting and terracing the area in front of the Campus Union.

Kane also said that the Student Affairs Committee had asked that Blue Key handle Fresh Court again next year. The group decided that the senior members of Blue Key would be on a committee to plan the work on the pre-war basis.

Alfred Chemistry Club Affiliated With ACS

The Alfred Chemistry Club announced this week that it has been made a student affiliate of the American Chemistry Society. The club's charter was recently approved by the national society at a meeting held in Chicago.

Officers elected by the Chemistry Club last week are: Chairman, Philip Crayton '49; secretary-treasurer, Edith Cohen '50; Robert Donadio '49 and Herman Graff '49 were elected to the governing board.

'48 Phone Books Available

A limited number of the 1947-48 telephone directories are available at the Fiat office for those offices and houses on campus which need a new copy.

Fiat Lux

Alfred University's Student Newspaper

Published every Tuesday of the school year by a student staff. Entered as second-class matter October 9, 1913, at the post-office in Alfred, N. Y., under Act of March 3, 1879. Subscription \$2.50 yearly.

TUESDAY, MAY 4, 1948

Advisory System . . .

After a great deal of discussion on the necessity for an advisory system, a plan has been drawn up for the President and faculty. The many good features of the plan include the requirement for all new students to take a psychological examination and a reading test before registration, the establishment of a functional and specific orientation course and the continuation of the successful features of Freshman Week.

The main point of the entire plan is to make available to each student definite advice through faculty members who know how to advise and who will be interested in this work. This is a great improvement over the system used in past years, when the advice given was not always directed.

It seems to us that the plan, as it now stands, is essentially a good one. This does not, however insure a smooth and successful advisory system. What is just as important, if not more so, is an interested, qualified faculty and a student body that is willing to cooperate fully.

A Difficult Task

We feel that the problems facing the group of campus leaders who are planning a social policy for Alfred are many. They have to formulate a general social policy for the entire year, and then make out a definite program to be available at the beginning of the school year.

There might be the danger that the group will make this program too definite. It has to be flexible, so that additional events can be included during the year, and changes made easily if needed. On the other hand, it should be definite enough so that dances and parties can be planned for seasons that are not over-crowded socially, and all-campus affairs can be scattered throughout the school year.

The most difficult task facing this group is to find a medium between these two extremes that will insure a workable program.

"Antigone" Production Staff Improvises Four-Front Stage In Center Of Gym

By David O. Lynch

If a visitor descended the stairs of Men's Gym some evening, he would see the Footlight Club rehearsing "Antigone" the barren emptiness of the gym floor interrupted only by several large tarpaulins scattered to indicate boundaries of a stage area.

In one corner of that stage area stands a nondescript platform pyramided several steps high. With the meager equipment plus Fitts and Fitzgerald editions of "Antigone" the group of players in street clothes bring the play to life. The vigor and life of the play is reflected even offstage as many colorful swatches of cloth are examined for costumes. Meanwhile the cast works to solve a number of unusual problems.

The shape of the stage is itself a problem. There are four stage fronts to be kept in mind, for the audience will sit on all sides of the stage. Pleasing stage patterns must be considered from all angles then, and not just from a view that is "out front." The characters, of course, will face so that each section of the audience may see more than the back of an individual. But this is a mechanical device, and in addition, the characters have to feel into the play so as to move naturally and comfortably.

Too, there is the very great problem of playing the parts credibly. This

Fitts and Fitzgerald version has discarded much of the archaic and the confusing. In its stead there is an "Antigone" for today's audience that is understandable and dramatic.

The problem of the amateur is to portray the strong personalities in the script so as to capture both the clarity and force that is there. Set in the lines of the script are giants of emotion.

Joyce Angerman has to portray a regal princess, Antigone. She must convey a sense of the great struggle with King Creon, played by Richard Tracy. King Creon must "be a king" with some of the hauteur and proud bearing which Creon has. The thinking of the most insignificant character is penetrating. Even the sentry makes cogent and succinct remarks which require deftness to be convincing.

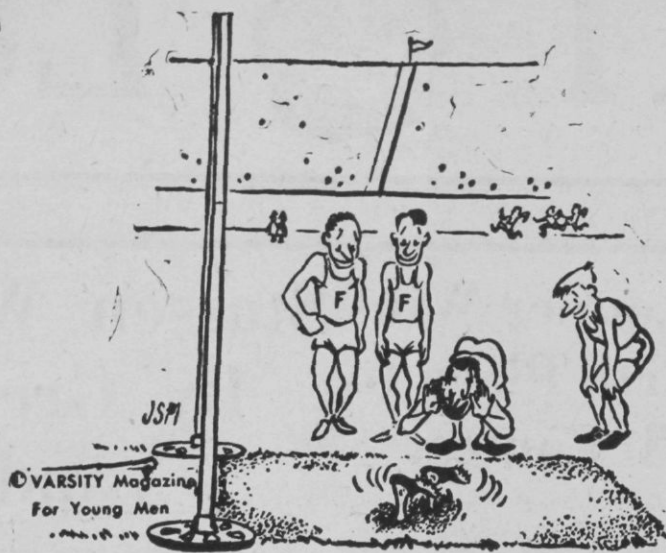

Meanwhile there are the other stage groups working to integrate the stage, the lighting, the costumes and the masks to make "Antigone" a drama.

Movie Time-Table

Wednesday, May 5—John Wayne and Lorraine Day in "Tycoon." Shows at 7:00 and 9:30; features, 7:22 and 9:52.

Friday, Saturday, May 7-8—Dennis

Morgan in "My Wild Irish Rose" and Barbara Stanwyck and David Niven in "The Other Love." "Rose" at 7:00 and 10:22; "Love" at 8:46 only. Last complete show, 8:41.

"I SAY IT'S A NEW RECORD. DAUGHTERY, A NEW RECORD!"

Letters To The Editor—

Let's Not Make The Alma Mater Another Bongo Bongo

Dear Editor:

On the contrary, I think that singing the Alma Mater at every assembly next year is a big step in the wrong direction. The Alma Mater will be killed, just as surely as the Star Spangled Banner was killed when it was sung at every and any event during the war. It will soon be placed in the same category as "Bongo Bongo" or whatever they called the idiotic song that drove everyone to drink a few weeks ago.

You can't infuse spirit into students by forcing them at gun point to sing their school songs. If the assembly committee pictures the student body rising each week as one person to sing their Alma Mater with misty-eyed reverence, they must be reading too many college catalogues. The Alma Mater should be reserved for only the most important occasions if it is to be considered something "special."

Matthew Melko '51

Faculty Represents Alfred At Meeting

Alfred University was represented by five members of the faculty at the Spring meeting of the New York State Group of the College English Association, Saturday, at Wells College, Aurora-on-Cayuga.

They were: Dr. Ellsworth Barnard, English department chairman and association president; Miss Jane Clark of the Agricultural and Technical Institute, and Professors Fred H. Gertz, James M. Ryan and Lelia E. Tupper.

The general subject considered by the round table discussion and speakers was "Introducing College Students to Literature." Speakers included: William H. Bonner, University of Buffalo; Edwin H. Cady, Syracuse University; George Nesbitt, Hamilton College; and Bernard Schilling, University of Rochester. Prof. Leo Rockwell, English department chairman, Colgate University, gave the main address, Saturday evening.

Zeno Club Offers Prizes To Calculus Quiz Winners

A first prize of ten dollars will be given the winner of the Zeno Club Calculus contest to be held at 7 p.m., Tuesday, May 18, in Physics Hall. Other prizes in this two-hour test covering first year college calculus will include movie ticket and a consolation prize of a calculus book.

All undergraduate students from Ag-Tech or the university are eligible. Those desiring to enter the contest must present their application blank to Dr. C. Everett Rhodes on or before May 13.

A. Cooper Wins

(Continued from page one)

Ceramic Alumni group attended the meeting of that group. Edward McNamara '35, was elected president of the Ceramic Alumni Association. Speaking before the group were Dean S. R. Scholes who received a five-minute ovation and President J. E. Walters.

The Research Foundation Director's meeting approved the year's report and gave the Foundation authority to continue the work on isotopes and other future fundamental studies. There will be another meeting in June on campus.

The Air Force report noted a possible solution to the problem of building jet and rocket engines that will withstand temperatures above the melting point of metals. The most likely refractory material is a combination of silicon carbide with graphite.

Dr. Shaw, who headed the program since June 1946, has since joined Bell Aircraft. His work is being continued by Mr. Tinklepaugh.

MEMO

TO: THE BOSSLADY
FROM: JERRYSMITH

For several weeks we have been hearing complaints—with a capital C—on the foul odor which meets anyone entering the main doors of Alumni Hall. They are not idle complaints in this case either. The situation is shocking and shameful.

Faculty who have their offices in the building must be aware of the situation and, we should think, must have made some complaints to the building and grounds department. But nothing seems to have been done to date.

Not only students and faculty frequently visit Alumni Hall, but townspeople, and we blush to think of the number of Assembly and Forum guests who have attended programs there this year. Possibly it results from a serious plumbing difficulty, but it hardly seems likely that the problem would be beyond correction at a reasonable expense.

We have a suggestion for the WAGB. We learned last week that the award system for women in athletics provides for shingles, the Old English A, the Alfred blazer, and, finally, the new Mitchell-March trophy. There seems to be considerable incentive and, inasmuch as only five blazers per year may be awarded, there is sufficient competition required for the top awards. However, we learned that rarely are any but senior women awarded blazers, although it is possible under the WAGB constitution.

That means a coed gets her blazer as she is leaving the campus, not during her college career when that sort of an honor will be most appreciated. Why not name a few juniors so blazer-winners will have a year left to wear the prize award?

Perhaps we're a little late this year, but with the number of out-of-town cars which appear every Sunday afternoon during the Spring, Summer and Fall for the carillon concerts, something should be done to improve the area around the carillon tower.

The plot within the drive circle in front of the tower could be graded and seeded to lawn grass. Right now, the grass grows at will and from all appearances loads of excess soil were dumped within the circle sometime in the past.

The scene has been just that way ever since we've been around here, so it isn't likely that the buildings and grounds crew will get the time nor the inclination to improve the area. But it would be a nice project for some organization or a major item on the calendar of some future Moving-Up-Day.

Stassen Wins

(Continued from page one)

and 57.2 percent of their vote, respectively. (Independents are all not favoring the Democratic or Republican parties.)

The third question stated: "The candidate may run in any one of the following combinations. For whom would you vote in each combination?" The percentage tabulations on that question are: 1. Stassen, 76.6; Truman, 14.7; Wallace, 5.9; others or no choice, 3.8. 2. Dewey, 53.6; Truman, 31.1; Wallace, 8.2; others or no choice, 8. 3. Vandenberg, 55.5; Truman, 27.2; Wallace, 7.3; others or no choice, 10. 4. Taft, 30.1; Truman, 49.4; Wallace, 8.9; others or no choice, 11.6.

Write-in candidates by campus wags include John L. Lewis, Donald Duck and several students. Approximately 45 percent of the student body is veteran and thus eligible to vote.

Students assisting with the poll included: Grace Congdon '48, Wallace Davidow '49, Richard Dunne '49, William Eisenberg '48, Edith Fagan '48, Mary Ann Goodrick '48, Jeanne Hardenberg '50, Jean Keesler '48, Harriet Kutscher '49, Frank Lobaugh '50, Leonard Lockwood '49, Jack McEnroe '50, Irwin Miller, Frank Mustico '50, Albert Rigoulot '49, Eugene Skir '51, and Robert Wightman '49.

NIGHT and DAY

Barbara LaVan

Blue and white decorations and surprise exchange dances were featured at the Omicron pledge dance at the house Friday night. During the intermission punch and cookies were served while the pledges presented an original skit for the entertainment of the rest of the guests.

More than 100 members of the Sophomore Class and dates enjoyed a class picnic at Stoney Brook Sunday. Hot dogs and soft drinks were served during the afternoon.

Theta Gamma held its spring formal in the Fasset Hotel, Wellsville, Saturday night. Dinner was served in the Gold Room and dancing was from 7-12. Chaperones were Mr. and Mrs. E. J. Brown and Mr. and Mrs. Arthur Ethelman, and general chairman of the dance was William Williams.

Jane Bette '51, Eleanor Lockhardt '51, and Alice Schulmeister '51, spent Friday night at Pi Alpha.

At a formal initiation last Monday night, Theta Chi initiated the following girls: Carolyn Babcock AT, Dorothy Brion '51, Beverly Chase AT, Marian Chudyk AT, Patricia Corigliano '51, Avis Hershey AT, Mary Ann Huntington '51, Gretchen LeSuer '49, Renee Rothmund '51, Ann Schubert CS, Janice Swain '51, Mary Wagner '51, Mary Lou Watt '48, and Normalee Wiegand '49.

Mrs. Alfred Cooper and Mrs. Alfred Cooper Jr. were guests of Sigma Chi on April 28.

Mae Barrus was a guest of the Castle last weekend and Heile Einstein '51 was a dinner guest on Monday night.

Cobweb decorations, old clothes and a fun house were only part of the entertainment of the Brick dance on Saturday night. The girls called for their dates and, after presenting them with crazy corsages, danced round dances, square dances and rhumbas to the music of the Ag-Tech symphonograph. Refreshments and comedy surprises made the evening complete.

Shirley Bernstein '50, and Caryl Levy '50, were dinner guests of Omicron Wednesday night.

Juliette Bentley '50, and Roberta Farnham '50, were recently initiated into Sigma Chi.

Prof. Nathan Platt, Ag-Tech Bacteriology instructor, was a dinner guest at Kappa Nu Thursday.

William Brown, Charles Bryant, Owen Johnson and Ralph Youster were guests, at Lambda Chi Wednesday.

Pi Alpha initiated Constance Crofoot '51, Margaret Griffith '51, and Mary Jane Lewis '49 Monday evening. Mrs. Christine Bailey, an honorary member, was a guest at the formal initiation.

Roxanne Roberts '48, spent the weekend with her mother, Mrs. Gay Roberts, in Wellsville.

Stuart Thomas '40, spent last week at Kappa Psi and George Dodson and Justin Pierce were dinner guests Thursday evening.

Monday evening Omicron initiated

Koch '51, Barbara Selko '51, Mary Tornabene AT, and Adele Whiteman AT.

Mrs. Roy Van Norman and Mrs. William Philblad, Olean, visited Mary Elizabeth Van Norman '49, at Pi Alpha on Tuesday.

Mrs. George Ince, Mrs. C. E. Rhodes, Mrs. C. Kenneth Snyder and Mrs. John Tournoud were initiated into Sigma Chi on April 25.

Guests of Theta Gamma over the weekend were: Carl Househalter, Carl Korthals, John Palumbo AT '48, Luther Perkins ex-AT, Carl Smith AT '47, James Travis AT '48, and Selgfried Wurslin AT '48.

Omicron held its first annual May Day caroling on Saturday morning from 7-9 around town. Breakfast was served to the girls by Mrs. William Patchen, Mrs. Henry Langer, Mrs. John Deremer, Mrs. H. P. Barnhardt and Mrs. George Kirkendale, all honorary members of Omicron. Helen Schwartz '49, Miriam Lorey '48, and Iona Bohl '49, were the caroling committee.

Miss Neysa Jean Dixon '49, spent the weekend with her parents in Niagara Falls.

Mr. and Mrs. F. C. Thomas of Springville visited Carolyn Thomas '49, at Theta Chi Sunday.

man AT, Shirley Colley '51, Janice Greene '51, Elaine Gruber '51, Ruth Harding '51, Joan Heise grad., Norma the following girls: Rosemary Cash-

Son Of Fire Chief Becomes One Of Outstanding Concert Dancers In U. S.

Students who will see the performance of Charles Weidman and his Company, a major part of the Fine Arts Festival, will have an opportunity to see one of "the most important concert dancers in the country," according to Prof. C. D. Smith, Festival chairman.

Weidman draws his themes from a wide variety of sources including a set of portraits from his own family. One of these, "On My Mother's Side," will be featured in the program that will be given here.

Students To Clean

(Continued from page 1)

first, forming lines on either side of the walk to Kenyon Hall. The seniors will pass between these lines while all students sing the Alma Mater.

The seniors are reminded by John Rice to wear their caps and gowns down to Alumni Hall.

During this time, Ag-Tech will hold its pushball game and other athletic contests at the Terra Cotta Field.

At 2:30 p.m., the all-campus step-singing contest will be held at Kenyon Hall. Following this there will be the frosh-soph pushball game for men at 3:30 on the Terra Cotta Field. At the same time, the women's frosh-soph softball game will be played.

The Moving-Up Day program will be culminated by a street dance at 7:30 p.m. "We hope to have a five-piece orchestra," said Daniel Kane '49, chairman of the Moving Up Day Committee.

Infirmary Notes

Sheltered by the Infirmary from the evils of this cruel world during the past week were: Norman Koch '51, Hartley Myer AT, and Samuel Tavano '51.

Born in Lincoln, Neb., Mr. Weidman was the son of the local fire chief and a champion Mid-west roller-skater. Mr. Weidman paid tribute to his father in a sketch entitled "And Daddy Was a Fireman."

Weidman first became interested in the theater while working in a junk factory, in which he found photographs of great opera stars in some of the old magazines. When one of the great opera stars visited his home town, Weidman caught on with the company. He became successful because of his natural talent for comedy and burlesque.

He objected, however, to the manner of approaching everything from a characterization standpoint and decided to start out on his own. With Doris Humphrey, another member of the company, they opened their own school in New York in 1928 and gave their first major recital. They were an instant success because of their novel methods of presentation and from that time on they have been continually occupied with concert and stage dances.

The program that Mr. Weidman brings to Alfred should "amuse, entertain, astonish and arouse the audience." It is a well-balanced show which, if we are to believe the critics, should be enjoyable to everyone.

Alfred Drops First Dual Meet At Home In 15 Years, 75.5-58.5; New Field Records Established

The Saxon Track team was defeated 72½-58½, in a dual meet with Ithaca College Team, on the new Terra Cotta Track, Saturday. It was the first time that Alfred has lost a dual meet on the home track since 1933, when they were defeated by Colgate.

Coach James McLane pointed out that these records may be held as the new track records until broken in the future. This was the first meet on the new Terra Cotta field.

Marvin Smith, Amos Dickinson, and Dick Robinson starred for Alfred. Robinson won the 440 and the 220-yard dash. Smith won the mile run in the most thrilling finish of the day. Beginning the last lap of the mile, Smith had a good 20-yard lead, but Mullane of Ithaca came up with a strong finish, narrowly to miss breaking the tape. Dickinson won the 120-yard high hurdles and the 220-yard low hurdles. Bob Wightman was also outstanding for the Saxons.

The results are:

1 mile—5 min, Smith (A), Mullane (I), Wightman (A); 440-yd dash—53.3 sec., Robinson (A), Dubonevich (I), Marks (I); 100-yd dash—10.5 sec., Kolbacher (I), Averell (A), Thompson (I); 120 H.H.—18.8 sec., Dickinson (A), Beaulieu (I), Milligan (I); 880-yd dash—2:14.5 sec., Jones (I), (Continued on page four)

Alfred Tops Niagara In Tennis Saturday

The Purple and Gold Tennis team defeated Niagara College 7-2, on the Hyde Park courts, Niagara Falls, Saturday.

The results were:

Singles—Chuck Ellstein (A) defeated A. Scalfani (N), 6-0, 6-4; Dan Groden (A) defeated Dick Chappell (N), 2-6, 6-2, 9-7; Louis Dejoie (A) defeated Chinkers (N), 6-3, 6-4; Chuck Dodge (A) defeated C. Hays (N), 6-4, 6-3; Bill Beazell (A) defeated Jamnagochain (N), 7-5, 7-5; and John Astrachan (A) was defeated by Lu Tseng Li (I), 8-6, 6-2.

Doubles—Ellstein and Lyons (A) were defeated by Scalfani and Chappell (N), 6-4, 4-6, 9-7; Dodge and Beazell (A) defeated Roka and Chinkers (N), 4-6, 6-3; Astrachan and Dejoie (A) defeated McParland and Hays (N), 6-4, 4-6, 6-1.

Golfers Lose First Match Last Friday

Friday afternoon, Alfred lost its first golf match of the season by a score of 7-2 to a strong Ithaca College team. Journeying to Niagara Saturday afternoon, Alfred again suffered defeat by a score of 13-5 by the Niagara U. Varsity Golfers.

Dan Harris of Alfred was the bright spot on both days, turning in the best medal scores and winning both his matches. He scored 72 on Friday and 78 on Saturday.

The golf team will compete against Cortland State Teachers on May 15 at Wellsville.

Lame Duck, Bartlett Trailer Trumps Lead Intramural Leagues

The Lame Ducks and Bartlett II are leading the American league and the Trailer Trumps are leading the National League as the Intramural Softball contest enters the third round. Delta Sig is also undefeated in the American league.

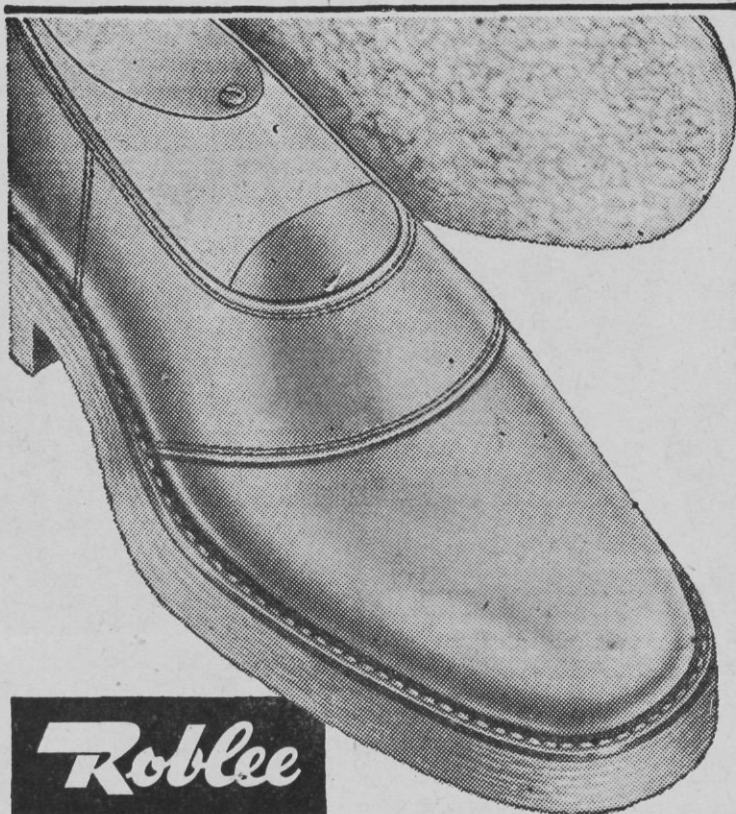

In the most thrilling game of the week, the Lame Ducks defeated the Kappa Psi nine, 12-11, in an eight-inning ball game. Dick MacNamara and Bob Distler pitched for the Lame Ducks and the Kappa Psi players, respectively. The game was played on a sloppy field. The Lame Ducks scored 12 runs on nine hits, while Kappa Psi gathered 11 runs on 11 hits. Graydon Woodworth and Hal Brown were the outstanding hitters, with long solid blows being scored by both.

The Fiat was unable to complete the up-to-date standings because of teams playing in Hornell. These scores will not be posted by Director Dan Minnick until later in the week.

Finish Tennis By Monday

The Women's Spring Tennis Tournament is posted on the South Hall Bulletin Board. Opponents are requested to play off matches before Monday, so that tennis awards can be presented at the Athletic Awards Session.

Niagara Chosen For Scrimmage Saturday Night

A scrimmage game with Niagara University's powerful "Little Three" eleven, under the lights at 7 p.m., Saturday, will wind up the second week of Spring grid training at Merrill Field.

Under-the-lights workout this week at Merrill Field consisted of inter-squad scrimmage drills, which, according to Coaches Yunevich and Jay McWilliams, "are helpful in putting the squad in good shape and in selecting the most promising of the newcomers for the intensive training in the fall."

Last year's varsity veterans out for spring training include: Hal Brown, Charles Clark, Ben Crescenzi, William Hall, Arthur LaSalle, John O'Malley, Sid Schweitzer, Louis Scott, Tom Sutphin, Charles Barone, Paul Antoun, Bruce Tarquino and Nick Licalzi. The seven members of last season's undefeated freshmen squad who joined the varsity candidates are: Sam McQuire, James Boyie, John Magrino, Dale Thompson, Sam Tavano, Marvin Timko and Frank Chapman.

Grid prospects reporting for the first time include Joseph Chorney, Art D'Avanzo, Charles Joy, Fred Schaa, and Pete Rossi.

Over Half Of Men Take Active Part In Athletic Program

About 73 percent of the student body has participated in the men's intramural athletic program since the start of its multiple activities at the beginning of the current school year, according to statistics released by Intramural Director Dan Minnick.

Nearly 1300 students have participated in the program the figures show. A novel phase of the program which has helped raise this figure is the introduction of an extension division, whereby students commuting from Hornell and nearby communities are scheduled for events in their own immediate area.

The figures for the year's sports are:

Touch football, 10 teams, 200 men; basketball, 22 teams, 350 men; ping pong, 8 teams and 32 individual entries, 64 men; volleyball, 16 teams, 160 men; boxing, 26 men; softball,

Daniel Minnick Coach Since '37 Leaves Alfred

Daniel Minnick, a member of Alfred University's coaching staff since 1937, will leave at the end of the semester to accept a position with the Hollywood (Eastern) Sales Co., in Florida.

Mr. Minnick has been connected with Alfred where he graduated with the B. S. degree in 1937. He came here from Salamanca High School, where he was the only student in the school's history to gain a varsity letter in five major sports. During his student life at Alfred, Mr. Minnick was awarded varsity letters in football, basketball, cross country and track. In his senior year he cap-

Sociology Laboratory Compiles New Data On Health Facilities

An analysis of 19 types of health facilities and professional services in a Western New York area has been compiled by the sociology department as the first report of the new sociology laboratory.

With the appearance of the report this week, the sociology and business administration departments announced their joint use of the tri-county area for a "series of studies on social and economic aspects of living."

With Hornell as the center, the area includes 33 townships in Allegany, Steuben and Livingston counties. Students majoring in sociology or business administration will use the area for training in research techniques and community study.

The health survey lists physicians, dentists, nurses and other health personnel as well as ambulance services, drugstores, laboratories and other health facilities.

"It is felt that such a list might be particularly useful to health, school and organization officials," said Dr. Roland L. Warren, head of the sociology department, who supervised compilation of the data.

The survey also shows that there is no considerable concentration of population within the area without at least one physician, most of the 74,000 residents being within five miles of some physician.

The survey is illustrated with several maps that show the distribution of health facilities in relation to the people served. Categories covered include: ambulance service, associations, chiropodists, chiropractors, dental hygienists, dentists, druggists, funeral directors, government departments and offices, institutional homes, hospitals, laboratories, institutions, nurses, optometrists, osteopathic physicians, pest control, physicians and podiatrists.

A map of population density shows three major sections with a sparse population, with two townships—Birdsall and Ward—having less than nine people per square mile. A total of 12,685 persons live in 18 sparsely-populated townships containing no physician. Most communities which have a physician also have a dentist and druggist, the survey shows.

Assisting Dr. Warren in analysis and checking of the statistics in the report were Marion Miller '48, and Claire Weiner '49. The report is the third of the University's area studies.

Minnick Leaves

(Continued from page three) tained the football and cross country squads. He was especially active in track, participating in the quarter mile, broad jump, pole vault, half mile, mile, javelin and relay events. He was a member of the only Alfred relay team to cop first place in the Classic Penn Relays. The Alfred broad-jump record of 20' 9.25" is still held by Mr. Minnick.

Also during his student life he had time to be president of the Spiked Shoe society, the Varsity 'A' Club, and the Athletic Association, besides being a member of Delta Sigma Phi. He was chosen as the most valuable athlete of Alfred University for the year of 1936. He also holds a physical education certificate from Cortland State Teachers College, 1940, and the M. A. degree from New York University, 1937.

Mr. Minnick first worked for the University in 1937 when he was the Ag-Tech basketball coach, and a member of the chemistry department. In 1938 he became assistant freshman football coach, a physical instructor, and freshman basketball and track coach. He was appointed Varsity basketball and golf coach in 1939, in addition to the former positions. In 1940 he helped enlarge the intramural program, and in 1942 became the Director of Intramural Athletics.

Mr. Minnick left Alfred in 1945 to enter the navy, serving in the Pacific theater on a LSN. He returned to Alfred in 1946 to become the Varsity tennis coach plus the numerous other jobs which he held when he left in 1945. This year Mr. Minnick was freshman football coach, freshman track coach, and Intramural Director. He has brought Intramural participation up to an incredible 73%, something which has been attained in only a few colleges and universities in the United States.

For a number of years, Mr. Minnick has been active in high school track, basketball, and football officiating, a member of the Eastern Collegiate Association of Basketball Officials and numerous other organizations. He is a 32nd degree Mason of the Corning Consistory, and is active in the University Lodge, No. 944.

Alfred Drops Meet

(Continued from page three)

Smith (A), Buonano (I); 220-yd dash—23.4 sec., Robinson (A), Lunavich (I), Averell (A); 2 mile—11:02 min., Wightman (A), Pixley (A), Morsch (I); 4/5 Mile relay—won by Alfred in 2:52 minutes, Averell, Bonhotal, Argenti and Robinson.

Shot put—43' 1/4", Saunders (A), O'Malley (A), Wisner (I); Pole Vault—11', Miller (I) Ezzyk (I), Huddle (I) (3-way tie); Discus Throw—114' 9.5", Ryder (I), O'Malley (A), Hult (I); High Jump—5' 6", Zaruka (I), Stapleton (I), Smith (I), (3-way tie). Broad Jump—20' .75", Marks (I), Zaruka (I); Lunuevich (I) Dickinson (A), (2-way tie for third place); Javelin Throw—176' 10", Sykela (I), Smith (I), Holt (I).

The Freshman team lost a track meet to Colgate, Friday at Colgate. The meet was held in the worst possible conditions, rain falling throughout the meet and the track unusually muddy. Outstanding for Alfred were Paul Flurchutz and Red Anderson.

Undergrad Women Eligible For Archery Tournament

The Women's Inter-Collegiate Telegraphic Archery Tournament will be run off May 8-15. The tournament is open to any undergraduate women student with the eight highest scorers being named to the college team. Archery equipment is available to contestants at the South Hall gym and practice and tournament hours are on house bulletins.

Wallace Backers To Hear Lecture On "Third Party"

Mr. E. Walgast of the University of Rochester will speak on the "Third Party and Henry Wallace" at 8:30 p. m. tonight, in the Allen Laboratory lecture room in a program sponsored by the Students for Wallace Group.

Following Mr. Walgast's talk, "Time to Act," a short action film will be shown.

Dr. Seidlin Attends Chicago Conference On College Teaching

Dr. Joseph Seidlin, Graduate School Dean, will attend a conference Wednesday on college teaching called by Chancellor Robert M. Hutchins of the University of Chicago.

"This is the first of such meetings which has ever been held," said Dean Seidlin. "We hope to cover the whole field of college teaching with respect to preparation and qualifications of prospective teachers on the college level," he added. Included in the conference will be a round table discussion among 90 educators from 36 states.

Addressing the Annual Spring Conference of the Chemung County Teachers Association last week, Dean Seidlin spoke on the subject, "Equal Opportunity in Schools to Prepare for Equal Opportunity in Society."

Editors To Represent Fiat

Katherine Lecakes '49, editor, and Jeanette Klimajeski '50, managing editor, will represent the Fiat Lux at the Intercollegiate Newspaper Association Conference, Muhlenberg College, Allentown, Pa., May 8.

The purpose of the conference is to reorganize the INA and discuss problems of the represented newspapers.

paternity in Schools to Prepare for Equal Opportunity in Society."

"Equal opportunity is not average opportunity but means the kind of work each student needs, beginning from the lowest intellectual level to the highest. In a democracy we dare not neglect our pupils at any level of mentality," Dean Seidlin said.

Mr. ABC To Visit Alfred, Give Away Cigarettes

Starting within two weeks Mr. ABC, a representative of the Chesterfield company will visit Alfred to give away free cigarettes.

His plan of action will be to walk around the hallowed halls, stopping various students. If he stops you and finds that you are carrying a package of Chesterfields, you will get a pack free.

If you actually are smoking a Chesterfield, when he stops you, then two free packs will be the reward.
