Boothe C. Davis, LL. D., President Emeritus

Paul E. Titsworth, Ph. D., President

TO THE CLASS OF 1937

WELCOME:

One of the pleasantest privileges of a college president is to welcome new students. In them he sees, in anticipation, new friends and the finest sort of human material which Alfred, under the guidance of a helping Providence, may assist in preparing for splendid destinies.

It is a peculiar pleasure for me, as the new president of Alfred, to welcome you, for we shall be freshmen together, although it seems now like a long while ago that I entered Alfred, greener than any of you, in September, 1900. As something of an old stager who is entering Alfred for the second time may I make you some suggestions?

In coming to college make up your mind to master the subject matter of your courses. Some of it you will later forget, to be sure, but you will have learned how to acquire information. This immensely important lesson you will use every day in life, whatever your calling or profession.

But getting information or learning how to get facts is not all there is to college. Assembling a pile of brick is not building a house. You must learn how to organize your information into purposeful thought.

Nor is learning to think all of education either; learning to be somebody or something is much more important. I think

I can scarcely put the matter more understandably than by using a well-worn expression and say: the loftiest result of education is character.

Into character are woven those elements of a superior personality developed on the athletic field, in the classroom, on the debating platform, in college plays and entertainments, in companionship with great books, in the daily contact with fellow students, and in the eagerness and sincerity of your interest in culture and religion.

Develop yourself symmetrically in your capacity to learn facts, think straight, and play square with yourself, your fellow students, and with God. Cultivate equally a liking for the True, the Beautiful, the Competent, and the Good.

It is with the confident hope that Alfred will offer you both the opportunity and the stimulus to grow mentally, physically, and spiritually to your utmost capacity that I welcome you to this fine old institution.

PAUL E. TITSWORTH, President.

ADMINISTRATION RULES

REGISTRATION RULES

Students will register at the Registrar's office on registration days. A fee of five dollars (\$5,00) will be charged for late registration.

Students are expected to register for no more than 17 hours, but if a student has an average standing of B in the preceding semester he may register for 18 or more hours upon the approval of the Dean and Registrar.

Physical Training and Assembly may be taken in addition to the maximum of 17 hours.

Regulations concerning standings to be maintained by students to entitle them to the privilege of registration the following semester:

Freshmen are required to have an average scholarship index of 0.

Sophomores are required to have an average scholarship index of 0.15.

Juniors are required to have an average scholarship index of 0.25.

Seniors are required to have an average

scholarship index of 0.30,

For graduation it is required that a student have an average scholarship index throughout his course of 0.80.

Scholarship indices are explained on page 25 in the college catalogue.

Students desiring to drop a subject for which they have registered, must obtain permission from the instructor, and report to the Registrar's office.

No subject can be dropped after the first two weeks of the semester. For exceptions see grade "W" below.

ASSEMBLY

On each Thursday morning at 11:30 o'clock, there is a College Assembly at which an address or entertainment is given. One-half a semester hour credit will be allowed for attendance at Assembly, provided absences do not exceed three for the semester. No excuses for absence from assembly are granted.

STANDINGS

The standings of students are reported to them only by letters, and not by percentages.

"A" signifies excellent or superior work; "B" signifies good work or above the average; "C" signifies average or fair work; "D" signifies poor or unsatisfactory work, and is the lowest passing mark; "E" signifles conditioned failure which may be made up by re-examination, or other conditions

imposed by the instructor; "I" signifies that work is unfinished; "W" signifies that course has been dropped; "F" signifies failure, which may be made up only by repeating the course in which the grade was received.

A condition or "B" grade shall be given whenever a student has failed to do work of a passing grade, but has done sufficient work to be able to complete the course with our repeating the class work. A condition may be removed any time during the following semester. Upon report from the instructor that the condition has been removed, the office will change the grade from "E" to "D".

An incomplete (designated by the letter "I") shall be given to the student whose work has been of passing grade but who has not completed the full amount of work required by the end of the semester. An incomplete may be removed during the following semester, when the student has satisfactorily completed the required work.

The grade "W" will be given to all students who drop a course after the second week of the semester and within two weeks prior to the beginning of final examinations providing the consent of the instructor is secured. If a student drops a course within two weeks of examination time, the final grade shall be "F". The "W" shall count as (-1) in determining an index. A student may be excused from these penalties by vote of the faculty for good and sufficient reasons.

When a student has failed to complete one-half of the work required in a course, the final grade will be "F" and not "I".

An incomplete or a condition which is not removed during the next following semester of residence in the college, shall automatically be changed in the office to a failure (F) grade.

No credit is given, except by special vote of the Faculty, for one semester of any course which the instructor has designated to be pursued for a full year.

EXAMINATIONS

Final examinations are held at the close of each semester, and sometime near the middle of each semester, mid-semester examinations are given. Occasionally, written tests are held during the semester. Fees will be charged for all examinations taken by those not regular members of classes or for examinations or announced hour class tests taken at other times than those appointed. The fee for a special examination or a mid-semester examination is \$5. The fee for any special test to take the place of an announced one-hour class test is \$1.

When the student wishes to take a special examination or class test, he shall bring to the instructor a receipt from the University Treasurer, saying that the fee for the special examination or test has been paid. This receipt must be countersigned by the Dean (or by the Registrar in the absence of the Dean) to show that permission has been obtained to take the special examination. No special examination will be given by an instructor unless this receipt, properly countersigned, has first been presented.

Seniors whose semester standing during the second semester is "A" or not less thon "B" in any subject, shall be exempt from final examinations in that subject.

Juniors whose semester standing for the Second Semester is "A" in any subject, shall be exempt from final examination in that subject.

RULES FOR STUDENT CONDUCT AT EXAMINATIONS

- 1. All books, wraps, etc., not needed for the examination must be placed in the front of the room.
- 2. Any communication between students must go through a professor or proctor in charge.
- The appearance of cheating must be avoided. Circumstantial evidence can lead to dismissal.
- 4. Heavy sweaters are not permitted at examinations of an hour or longer.
- 5. No blue books are to be taken from the examination room. (The proctor may permit question papers to be taken out.)

6. Certain types of home-work and laboratory experiments may receive the regular grades. Other types will merely be S or U, satisfactory or unsatisfactory, accepted or rejected. The instructor in each department will decide to what types of work they will give the regular grades. Any such work receiving the regular marks and all examinations will be subject to the following disciplinary scheme. Work marked S or U, satisfactory or unsatisfactory, will not be subject to the disciplinary scheme.

The disciplinary scheme is as follows:

- 7. When a student is suspected of cheating the evidence shall first be reviewed with the student by the professor or proctor in charge. The proctor shall then review the evidence with another faculty member. At this conference the names of the students involved shall not be mentioned. If the verdict of the proctor is "guilty" the registrar is instructed to record an F for the student with the reasons therefor. An F given for cheating shall be indicated in a special way by the registrar.
- 8. It is not within the power of the proctor to change the penalty.
- 9. A student who receives an F for cheating is given the choice of remaining in the class or of dropping the course. In either case he must repeat the work for which the F was given.
- 10. The dean shall be instructed to write a letter to the parents of the students explaining what has happened. The letter shall explain kindly that the student had a viewpoint on cheating that the school could not tolerate and that an opportunity is given the student to change his viewpoint before it will be necessary to discipline him more severely.

- 11. The registrar will be the only person having a list of those found guilty. When a second offense for the same student is reported the student will be required to leave college unless this second offense is reported simultaneously with the first one.
- 12. Each time an F is given for cheating that fact shall be noted in the Fiat Lux without mentioning the name of the student or the name of the department involved.
- 13. The faculty takes no pleasure in the above proctor system. It is their desire to bring back the honor system and that move will be made when students show themselves capable of managing such a system, but no sooner.

STORY OF ALFRED UNIVERSITY

To you young men and young women coming upon the campus of Old Alfred for the first time, coming to make yourselves Alfred's and Alfred yours; to you I say the questions will naturally arise: "How and when and why did Alfred University start," "What has it been?" "How has it become what we now see?" To be sure, there is a spirit and ideal here that you can learn about only by contact and experience with it; but glimpses at the story of its past can be given, which will aid you to learn of its spirit.

It was ninety-seven years ago the fifth day of next December that thirty-seven young people got together in an upper room in one of the eight or ten houses that made up Alfred Center, as it was then called. forming the select school, the seed of Al-. fred University. The teacher was a young man named Bethuel C. Church. He taught one winter, and was succeeded the second winter by a student from Union College, named James R. Irish. The school was already a success and people had said, "Go to, let us build a school building for our new school." This was done by the fall of 1837. The new building had 28 by 38 feet floor space and was ten feet high to the eaves. It was surmounted by a cupola which caused the students to dulit the "Horned Bug," but more dignified people called it "The Cadmus," It cost \$550.

In 1839, when Mr. Irish resigned, another Union student, famous in Alfred history, took charge and gave his whole life to the building up of Alfred University. When the little select school was chartered as an academy in 1843, his title became Principal, and when it asked in 1857 for a

college charter, but got a university charter, his title was changed to President. He died in the presidential harness ten years later.

Although "The Cadmus" was enlarged, still bigger ideas were incubating. A tract of forest land was bought on the lower slope of Pine Hill (perhaps you are sitting somewhere on it as you read this) and was slowly made to resemble a campus. By 1846, three new buildings appeared on the hillside. Lumber and labor were cheap. much of both was donated, so that the total cost of these structures was \$16,000. There was North Hall, a dormitory, which had a checkered career. It stood about where the Steinheim now stands. In 1868 it was sold to the school district and moved down to the present site of Kanakadea Hall and used as a school house. its "moving down" propensities had not disappeared, for it was acquired by a private individual and moved still further down the hill and fitted up as a hotel. This private individual was Mr. William C. Burdick, who, in 1896 allowed the University to use the building as a dorinitory. Later his heirs gave it to the school. Have you guessed it? Yes, that's it, its present name is-Burdick Hall.

Then, there was old South Hall, a girls' dormitory. It stood where the Social Hall now is, and went up in smoke one cold February morning in 1858. Middle Hall, a boarding place, and a home for some of the teachers, stood on that old cellar site south of the Steinheim. Later it came to be the home of President Allen, and just after being wholly remodelled as a college dormitory, it was burned early in 1912.

Meantime the old Chapel (Alumni Hail, with the quill-pen weather vane), 1852, and the Brick, 1859, so-called to mark its

contrast with all the other buildings, which were of wood, appeared. In due time (1863-66) was completed the William A. Rogers Observatory (now taken down) introducing the name of one of the most famous men in the field of science Alfred has ever possessed.

When President William C. Kenyon ended his labors in 1867, all eyes turned to a member of the faculty, Jonathan Allen, as his logical successor. Professor Allen had been a student in that first select school. and like some of his classmates, had paid his tuition by chopping six cords of four foot wood. He shrank from the task imposed upon him by the trustees, but proved that they and other friends had been right in naming him president, for under his direction Alfred University prospered, and bis influence spread far and wide in the land.

In 1879 the unique and beautiful structure called the Steinheim was finished. It represented many things, including a Rhine castle, the geological formation hereabouts, and in its interior finish, many local woods. The building and its collections were given to the University by its owners. President and Mrs. Allen.

At President Allen's suggestion, a suitable monument to President Kenyon was erected (1882) in the beautiful Kenyon Memorial Hall. The Gothic was a faculty member's home, and was purchased by the

University in 1885.

President Allen managed Alfred's affairs for an even quarter of a century, dving in 1892. The late Professor A. B. Kenyon, as acting-president for a year, and Dean Arthur E. Main as President for two years. brings our story to 1895, when President Davis began his long and successful service as builder of the New Alfred.

came others of our familiar buildings; Babcock Hall of Physics (1897) (burned in 1929), the Ceramic School (1900), Kanakadea Hall (1908), the School of Agriculture (1909), the Carnegie Library (1912). the central heating plant (1917), Allen Memorial Laboratory (1923), Track and Field House (1929), Susan Howell Social Hall (1930). Bartlett Memorial Dormitory (1931), and the new Ceramic College building (1931). In November (1932), the Brick was largely destroyed by fire. Its remodeling was completed the past summer and we have the beautiful dormitory you now see. These buildings constitute the obvious Alfred of 1932. Again let it be remarked that knowledge of the inner Alfred-the soul of these buildings and campus-is a matter of slow growth in appreciation. Let me drop one hint. It is said that when South Hall was on fire in 1858. one of the loyal supporters of the school, accompanied by his wife, was riding to town in the old farm wagon. pair reached the crest of the hill west of the village and saw the flames and smoke. the wife exclaimed: "South Hall's afire! I see where I wear my old dress another year."

Incidents like this enable us to sense more vividly the meaning of a stanza of Alma Mater which runs:

"She was founded in toil, cemented with blood.

And nurtured through yearnings and fears. Her treasure, the hearts of brave heroes who stood

Undaunted throughout trying years.

Each stone was a prayer and her battle ments there.

Have memories of purposes strong. Staunch daughters and sons are her mouuments fair.

And they lift up the grateful song."

This year (1933), also has seen another spechal change in Alfred. The long term of President Davis, (1895-1933), has come to a close and you are meeting our new President, Dr. Paul E. Titsworth. He is undertaking to carry on the great work of his illustrious predecessors.

THE FRESHMAN CAMP

Alfred University is continuing the custom instituted last year by having a Freshman Camp this fall.

The camp is located about sixty miles from our campus. It has wonderful boating and swimming facilities along with other qualifications to make a good Camp.

The main purpose of this camp is to bring the new Frosh in a man-to-man contact with the faculty members and the upper classmen. With this idea in mind we feel that a better understanding of college life will be founded.

The camp staff is composed of faculty members and selected members from each fraternity on the campus. The camp project comes under the work of the Y. M. C.

A. activities.

FRESHMAN WEEK

Matriculating Freshmen will form the first ties of their acquaintance with Alfred in the week preceding the beginning of Instruction. During this period, they will have an opportunity to gain an insight into the spirit of Alfred's purposes, ideals, and traditions, through an orientation program designed with that end in view.

Freshman Week will enable members of the incoming class to become settled in their places of residence, and find themselves, in a measure, before the varied activity of actual college begins. A sense of class fellowship and unity can be derived from the intimate associations of these introductory college days, and when the Freshmen are finally welcomed at the annual reception held by the Christian Associations at the Library, they will have actively stepped into their beginning of Alfred life.

An editor-in-chief, usually a Senior elected by the staff, administers the policy of the paper in consultation with that body. Each college student automatically subscribes to the Flat Lux when he matriculates, the cost of his subscription being included in the semester bill.

THE KANAKADEA is the University year-book published under the direction of the Junior class. It contains the annual record of all student activities, and the three-year history of the Junior Class, with individual pictures and records. VARSITY

ALMA MATER

Nestled away 'mid the Empire State hills,
'Neath the watch-care of sentinel pines,
Where the murmuring song of the brook
hums along,
And a favoring sun ever shines;
In a valley so fair where the forest trees
share
Dominion o'er hillside and glen,
Stands the pioneer college of Western New
York—

Alfred, the mother of men.

Hail to thee, Alfred, thou guide of our youth,
Sweet, benign mother, all hail!
Sing on thy anthems of duty and truth;
May thy clear ringing music ne'er fail.

She was founded in toil, cemented with blood, And nurtured thro' yearnings and tears, Her treasure the hearts of brave heroes who

stood Undaunted throughout trying years; Each stone was a prayer and her battle-

ments there Have mem'ries of purposes strong, Staunch daughters and sons are her monument fair,

And they lift up the grateful song.

—Chorus—

46

Others may boast of prestige and size, Of numbers and treasure and fame; But Alfred's pride lies in manhood's clear

eyes,
And womanhood's high, stainless name.
Old Alfred, we say; Alfred now and for

Kenyon and Allen and Main, And the gallant young leader we honor

today, Her honor and power maintain.

---Chorus---

ON SAXON WARRIORS

On Saxon warriors,
The Purple and the Gold defend;
On Saxon warriors,
Ever on like men.
Crash thru the opponent's line
And victory will come our way
Fight, Fight for Alfred,
And she will win the day.

OH. HERE WE ARE

Oh, here we are! Oh, here we are!
You see us marching down the street.
You hear our cry: "To do or die,
We have the team that can't be beat.
We have!" (shouted)

So give a cheer, a lusty cheer, And let the echoes carry true, With a tramp, tramp, tramp, And a stamp, stamp, stamp, For the team of old A. U.!

ATHLETICS

ATHLETICS

At Alfred athletics are confined to Football, both Varsity and Freshman; Cross-country, Wrestling, Varsity and Frosh; Basketball, Varsity and Frosh; and Track Every man in the class of 1937 is a potential athlete and should go out for some form of athletics. Come out for Frosh football practice. The class of 1936 has sent some good men to this year's Varsity; see what you can do. Freshmen making a team are awarded class numerals and certificates.

In addition to Freshman and Varsity athletics there are interclass competitions, both for the men and for the women, and intramural sports controlled by the Intramural A. A. and supervised by the Director of Physical Education. A trophy is provided in these intramural contests.

Alfred University should show something in the way of football this year, the result of improvements which have been progressing under the tutelage of Coach Galloway. Night football has been a success at Alfred and will be continued for all home games this year.

Basketball, also should show some improvement this year with the material available. Two fine victories in the first two games were outbalanced by the larger scores of the opponents in the final games last year.

Cross-country is the most successful sport at Alfred as Alfred University has been a consistent winner in the State conference championships and has shown up creditably in the Middle Atlantics.

Track, also, has been successful, three State Conference titles having been captured and the team has been well toward the top in Middle Atlantic Conference rating.

The wrestling team won three and lost four last year and should be more successful this season because of new material and the improvement of last year's matmen.

Tennis includes a university tournament and matches with outside teams. The team makes a good showing despite the small number who turn out for the sport.
