### Computer Scam That Asks You to Call a Phone Number

This computer SCAM starts with a pop-up window saying that your computer has been infected and you should call a phone number to fix the problem. This is a SCAM. Once they get you on the phone they will try to remote into your computer. When you allow them remote access, they can put anything on your computer and possibly steal passwords to your bank records and/or charge card purchases.

The pop up may try to automatically reconnect claiming to be "Safeway Technologies" company and connect via the "LogMeIn" program.

If you see this pop-up, please reboot your computer without calling them. Once you reboot the pop-up should go away and not return.

However, If you have called the number and have allowed them to remote in, please take your computer off the network immediately and call us for further instruction. 607.871.2222.

If this is your personal computer, please call your service provider as soon as possible.

### **Bergren Forum - 'Deepening Connections'**

The Bergren Forum sponsored by the Division of Human Studies, College of Liberal Arts and Sciences, and the Provost's Office will be meeting at 12:10 P.M. on Thursday, Nov. 12 in the Nevins Theater, Powell Campus Center.

Bring a brown bag lunch; coffee and tea will be provided.

Speaker: D. Chase Angier  
Topic: "Deepening Connections: People, Place and Planet"

Angier will be reflecting on her three most recent works: "Funeral Dress Rehearsal," "Framing New York," and "As the Air Moves Back From You."

What was the common impulse between all three of these seemingly disparate events? How did these pieces serve to deepen the connection to people, place and planet?

### STEM Alumni Conversations

Do you feel knowledgeable about your career options after graduation? Still feel unsure about what you want to do with your life after Alfred? Have questions about how to make your personal and professional goals align? Do you wish you could talk to an Alfred graduate who has been through the process with the same concerns?

If so, expand your Alfred network and participate in our exciting STEM Alumni Conversation project! Come hear alumni share their personal story about their career, how they arrived at their current position, how Alfred University fit into that picture, and most importantly, have an honest question-and-answer session with someone who once sat in your seat.

Though focused on STEM, students from all areas are welcome to attend!

This Thursday, Nov. 12 from 6-7 p.m. in Myers 228 we will speak with Melissa Haahr. Melissa graduated from Alfred University in 2011 with a Bachelor of Arts degree majoring in Chemistry and Environmental Science. Following her time at Alfred, Melissa attended graduate school at the University of Oregon, focusing on physical chemistry and working as a researcher in an environmental laser spectroscopy lab. She earned her Master's degree in 2012 and moved to Silicon Valley in California (San Francisco Bay Area).

Melissa spent two years working for a Japanese material supplier, Tokyo Ohka Kogyo, in the fast-paced semiconductor industry before opting for a position at a smaller company. She now works as a sales engineer for a Swedish laser manufacturer (Cobolt) and is responsible for all research and university activities in the U.S., with an emphasis on Raman spectroscopy and optogenetics.

### IEA Visiting Artist: Alex Lee

Date: Nov. 16-20

Location: The Institute for Electronic Arts at the School of Art and Design of the College of Ceramics

Cost to Attend: N/A

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Alex M. Lee is an artist born in Seoul, Korea, and is currently an assistant professor in the Digital Arts & Sciences Department at Clarkson University in Potsdam. He received a BFA at The School of the Art Institute of Chicago with an emphasis in Photography in 2005 and an MFA at The School of the Art

Institute of Chicago with an emphasis in Art & Technology in 2009.

Lee sees his work as an investigation on the possibilities of digital imagery in an increasingly technical and automated world. Originally born out of pictures theory, his practice focuses on the nature of artifice and immateriality within the digital & virtual image.

Lee will be working on producing an audio mix for his new animation "Soliloquy for Sagan," part of a series that focuses on scientific literature.

More information and Lee's work can be found on his website: <http://www.alexmlee.com/>

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the NYS Council on the Arts with the support of Gov.r Andrew Cuomo and the NYS Legislature.

### Counseling Available in Wake of ASC Student's Death

Dear faculty and staff,

Late Monday afternoon, Alfred State notified us of the passing of Michael Boyd, a second-year student, who passed away Sunday at home in Buffalo. Michael spent time as a Resident Assistant, loved music, was passionate about youth education, and wanted to make a difference with others. Additionally, he became friends with a number of our students.

On Monday evening our counseling services were open late to those who were affected with Michael's passing and wanted to connect. Additionally many students are planning on attending his viewing.

As you know, this is the time of year when stress and emotions run high among our students and when these types of tragedies occur it can significantly affect our community.

If you are concerned for the safety of a student, your 24/7 phone number is 607.871.2108. When Public Safety is not on duty, the call will go to 911. Those dispatchers have phone numbers for our RD on call, our Student Affairs incident coordinator, the counselor on call, the Dean of Students, etc., so please work with 911 just as you would our Public Safety staff.

Please call x2300 during business hours to consult or refer a student. Counseling Service after-hours message has a recording on how to contact the Counselor on Call.

Norm Pollard, Ed.D.  
Dean of Students  
607.871.2132

### AU Photo Library Online - Gallery Server Pro

AU has a new searchable photo library, Gallery Server Pro (<http://gsp.alfred.edu>), accessible to AU faculty/staff. This library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, to selected campus events. To access, please go to [our.alfred.edu](http://our.alfred.edu) and scroll down the left-hand side to Faculty/Staff. Click on Faculty/Staff and scroll down to Gallery Server Pro.

Gallery Server images are cataloged by semester, by month and by topic, and as new photo assignments are completed, additional images will be cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

NOTE: The images have been carefully selected from more extensive photo sessions that include alternative views and formats (landscape vs portrait). Those images are archived separately and you will need to contact Rick McLay, director of Creative Services at 2736 ([mclay@alfred.edu](mailto:mclay@alfred.edu)) to inquire about those additional images. There is also a separate folder dedicated to faculty/staff portraits, many of which were completed the week of Aug. 17, 2015.

#### BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), please contact Rick McLay ([mclay@alfred.edu](mailto:mclay@alfred.edu)) or Judy Linza ([linza@alfred.edu](mailto:linza@alfred.edu)) with information on which images you are downloading, and where they are going to be used.

#### TO DOWNLOAD

Access to Gallery Server requires AU username/password to review images and to download in three formats: 1. Thumbnail (small image), 2. Web optimized (low resolution but full size), and 3. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

#### ADDING PHOTOS TO THE AU PHOTO LIBRARY

We welcome the opportunity to obtain images from faculty and staff. Though much effort goes into documenting as many things as possible on campus, it is impossible to cover it all. When there are events such as art shows, or special lab/classroom activities that faculty/staff are photographing, we would very much like to review those images so that the library is as comprehensive as possible. Please contact Rick McLay if you have images that you think should be considered for this.

#### ATHLETICS PHOTOS

Current images of athletics events are available at (<http://gosaxons.com>). By contractual arrangement with the professional photographer, there will be a charge for athletics images. Mark Whitehouse, AU's Sports Information director ([whitehouse.alfred.edu](mailto:whitehouse.alfred.edu)), is the contact regarding usage.

If you have any questions or suggestions for photos you want cataloged and included, please contact Rick McLay at [mclay@alfred.edu](mailto:mclay@alfred.edu) or Ext. 2736. If a student requests access, please contact Rick McLay.
