DEAN DEGEN for St. Pat Queen!

There were enough votes cast for the dean of women in the recent St. Pat Queen poll to constitute a good-sized boom. Ten votes, to be exact, were for Mrs. Degen—more than most of the eligible (i.e., junior and senior) women received.

Certain other ineligible polled scattering votes, but the St. Pat's Board was inclined to think the voters were not entirely serious. For instance:

Marcello J. Rollery, Robert J. Eschback and Honey Martin were tied at three votes each.

Snow White had two votes and the Duchess of Windsor one.

SALT LAKE CITY, Utah—(ACP)—The Shakespeare laboratory of the University of Utah announced last week it had authenticated a hitherto unknown signature of William Shakespeare.

Six other signatures of the English dramatist exist. The seventh, subject of 19 months of research by Prof. B. Roland Lewis, is four inches long, on a piece of paper evidently cut off an old document.

Prof. Lewis declined to set an exact value for the scrawl but said \$75,000 has been paid for Shakespeare objects of less value.

WASHINGTON, Pa.—(ACJ)—Student members of Pi Sigma Alpha, honorary political science fraternity at Washington and Jefferson College, not satisfied with present governmental and political conditions, have laid the ground work for a third party.

The fraternity has branded capital gains and surplus profits taxes as discriminatory and not progressive, and advocates their abolition.

They also advocate the extension of Civil Service "within reason". Compulsory arbitration of labor disputes is scored for its "fascist tone," and other "undesirable characteristics."

The Roosevelt administration was especially criticized for its supreme court activity as the organization advocated limiting powers of the legislative bodies with regard to changing decisions or influencing opinions of the federal court.

Students To Vote For Queen Soon

The student body will vote for the St. Patrick's Festival Queen in assembly Thursday, March 3.

Candidates for the crown were selected by a vote in assembly last Thursday. The eleven junior and senior women who polled highest in that balloting will be voted on again March 3.

Names of the 11 candidates will be published in the Fiat Lux Tuesday, March 1, and students will have two days to make their selections.

The woman who polls the biggest vote March 3 will be Queen, and the next 10 will be attendants at the coronation March 18. The identity of the Queen is kept secret, even from the Queen herself, until the evening of the ball.

Journalism First Clinic Subject

"Journalism" will be the subject of discussion Thursday night at the first of a series of clinics sponsored by the newly-created Vocational Guidance committee, beginning at 7:30 at Kenyon Hall chapel.

Louis Buisch, assistant managing editor of the Hornell Evening Tribune, will give an informal talk on the requirements and expectations of journalism as a profession, and will lead a forum discussion afterward.

Newspaper men and women from Wellsville and Rochester have been invited to sit in on the clinic and participate in the discussions.

The committee, headed by A. Burdet Crofoot, hopes to hold five or six similar clinics during the semester. In a recent assembly poll, journalism was one of the most prominently mentioned professions. Other vocations will be taken up at the future clinics.

All students interested in the possibilities of journalism are invited by Prof. Crofoot to attend the discussion.

EARL HINES TO PLAY FOR ST. PAT'S

Wingate Has Played 55 Concerts On Davis Carillon

Carillonneur Practices Four Hours Daily On Alfred's 35-Bell Memorial Carillon

By Frances Polan

Prof. Ray W. Wingate has arranged 162 compositions for a 35-bell carillon. This number will gradually be added to during the rest of the school year. He hopes to have 350 by the end of the year. He will be able to give more varied programs when he has about 500 selections from which to choose.

Alfred is indeed fortunate in having a carillon that is being played, for there are less than ten in North America that are in use at the present time.

THERE IS no carillon music on sale because the music written for one can not be used for any carillon with a different number of bells. Hence each carillon must arrange his own numbers.

Kamiel Lefevre, carillonneur of the Riverside Church of New York City, told Professor Wingate that it is necessary "to get the feel of the bells" in order to arrange music for them.

Imagine, if you can, how Prof. Wingate felt when he could not practice on the carillon and become adjusted to it. Yet he could not arrange music for it until he had played it.

PROF. WINGATE says nevertheless, "I'm just like a kid at a birthday party, I'm so anxious to play that carillon. Yet I never know how it sounds. I gave my 55th concert February 13."

"The best place to hear the carillon played," he says, "is about 500 to 1000 feet from the tower. If you are any nearer you will hear the clappers too much."

Creagh On Communism At I. R. C. Wednesday

A talk on "Communism in the United States" will be given before the International Relations Club tomorrow at 8:30 p. m. by E. F. Creagh, editor of The Fiat Lux.

Creagh in the course of a study of Communism last year interviewed several prominent members of the Communist Party, including the editor of the Daily Worker, in New York City.

that they would like to hear played, but "only certain ones fits the carillon," he declares.

Two concerts are given every week, 4:30 to 4:50 p. m. every Friday, and 3:00 to 3:45 p. m., Sunday.

IN HONOR OF French week a special concert of French dances and French folk songs will be rendered Sunday, February 26, at the regular hour.

Professor Wingate reports that a typical Friday for him is as follows:

9:00 class
10:00 play piano for chapel
10:30 voice lesson
11:00 voice lesson
11:30 voice lesson
12:15 time out for dinner
1:15-1:45 two quartets rehearsing, one upstairs, one downstairs
2:00 organ lesson
3:00 arrange carillon program for that afternoon
3:30 carillon committee meeting
4:00 tune wires of carillon
4:30 carillon concert
5:15 back at studio to pick out selections for organ recital that night
5:30 practice organ
6:00 supper
7:00 practice organ
7:30 organ recital
8:00 through work for the day

A carillonneur, in order to give two concerts a day, is expected to practice on the clavier four hours every day and arrange music for five hours. So far Professor Wingate has been able to practice the full four hours except on one day.

Movie, Carillon Music To Star French Week

With the securing of a French movie, the "Crime de Chatiment" members of the French Club have completed plans for French Week which starts next Monday. The movie will be shown in Alumni Hall at 4 o'clock on March 4th.

The French "Gouté" will be another novel feature. Well known to the school children of France who reckon no day complete without them, the small pastries will be on sale every afternoon from 4 to 4:30 at the Box of Books.

French songs will ring out from Pine Hill when Director Wingate, who has been arranging them for several weeks, plays them on the carillon. They will include children's songs,

Clinton Buehlman To Lead Amateur Night At St. Pat's

Clinton Buehlman, Station WGR's early morning one-man variety show, was signed this week to act as master of ceremonies at an "Amateur Night" Friday, March 18, in a new feature of the Sixth Annual St. Patrick's Festival.

Sebastian Santomieri, member of the board, went to Buffalo to sign Buehlman last Thursday. He wired Jud A. Gustin, chairman of St. Pat's board, that Buehlman had agreed to appear here.

The "Amateur Night" will be substituted for the Footlight Club play usually produced for St. Pat's. Under present tentative plans, Buehlman will be master of ceremonies, and Alfred students will compete for cash prizes.

Buehlman is famous in Western New York for his Musical Clock program, which takes the air from 7 to 9 a. m., every week-day. A born punster and prankster, Buehlman recently has had a friendly feud with Alfred University, the result of several uncomplimentary "fan" letters from Alfred students.

The Musical Clock's cuckoo, as Rod Reed, radio editor of the Buffalo Evening News, dubbed him, was interviewed three years ago by E. F. Creagh, Jr., then a reporter and now editor of The Fiat Lux.

Frats Will Hold Open House First Day Of Festival

Alfred University fraternities will hold "open house" from 5 to 8 p. m. on March 17, the first day of the Sixth Annual St. Patrick's Festival, Jud A. Gustin, chairman of the St. Pat's Board, said today.

Under the novel arrangement, first of its kind to be held during a St. Pat's Festival at Alfred, each fraternity plans to serve supper to its members and their dates. Two chaperones will attend each "open house."

Outsiders may be invited to the house, it was stated.

The open house will begin after the tea dance, which will be held at the ceramic lounge Thursday afternoon, and will end at 8 o'clock, when the ceramic displays open.

Drive Opens For Chinese Ed Relief

F. E. S. E. F.?

"So what?" asked most Alfred students this week when signs with the above cryptic letters appeared on the campus.

"So this," answered Don Faulkner, Kappa Psi:

"The letters stand for Far Eastern Student Emergency Fund, something everybody should support."

"This fund is being raised to help the students of Japan and China continue their education. The drive is being conducted by the two Alfred Christian Associations."

Destination Guaranteed

"There is no possibility," Faulkner said, "that the money will be wasted or misappropriated."

"Already funds of this kind have made possible the establishment of schools far removed from the firing zone."

"The Fiat Lux has already explained the need for educational rehabilitation in China especially. "Even before the war 80 per cent of the population of China was illiterate, and that figure will rise rapidly owing to the destruction of school and college buildings."

Those Participating

Alfred's quota, Faulkner said, is \$100. He asked every student to contribute "even a dime."

The list of those accepting contributions is as follows:

Carl Swanson—Klan Alpine
Barnett Friedman—Kappa Nu
Robert Woodruff—Theta Nu
Dighton Polan—Bartlett
John Kalstad—Bartlett
Richard Samuelson—Delta Sig
Bert Lynn—Burdick
Winthrop Davis—Outsiders group, men
Walter Hedden—Outsiders group, men
Elizabeth Crandall—Pi Alpha
Rebecca Vail—Sigma Chi
Susie Kohl—Theta Chi
Alberta Heidel—Outsiders group, girls
Mary Hoyt—Outsiders group, girls

Colored Band From Chicago Is Signed For Formal

Earl Hines and his 13-piece colored orchestra, fresh from the Apollo Theatre in Harlem, today was signed to play for the formal ball of the Sixth Annual St. Patrick's Festival, Friday evening, March 18, at the gymnasium.

Walter Scott, chairman of the ball, said that "Father" Hines, as he is popularly known, has been on tour since early February and will finish an engagement at the Apollo Theatre March 16. Hines, internationally fa-

mous colored jazz pianist, previously had been playing at Ed Fox's Grand Terrace, Chicago, with nightly broadcasts over WENR and the coast-to-coast NBC network.

The formal ball will be held from 9 p. m. to 2 a. m. Friday evening. Women will have 2:30 o'clock permission, and there will be a special booth at the dance for refreshments for the intermission.

Special Coronation Music

Hines was given special instructions by the St. Pat's Board to play "The Wearing of the Green" for the coronation of the popularly-elected St. Patrick's Queen, which will take place after the first half of the dance.

Alvah J. Dorn and Mr. Scott have been in charge of preparations for the ball. Charles Gilbo is at the head of the decorations committee.

Earl Hines, whose popularity as a radio and recording pianist dates back to his debut at the Grand Terrace eight years ago, was signed through Consolidated Radio Artists, Inc., of New York City.

He earned the title of "Father" Hines when Chet Pearson, NBC network announcer in Chicago, recognized his pioneering in "swing" piano playing.

Wrote "Rock 'n Rye"

Born in Pittsburgh, Earl attended Schenley High School and University of Pittsburgh. He began piano playing at nine, at the instigation of his mother, a concert pianist; at 14, was playing in a colored band in Pittsburgh; at 17, had an orchestra of his own.

He does practically all the musical arrangements and plays piano while directing. He is composer of popular tunes, including, "You Can Depend On Me," "Rock 'n Rye," "Think of Me Thinking of You," and "Take It Easy."

Glee Club Will Sing Before New York Alumni

Alfred University Alumni in New York and Northern Jersey will give a dinner April 9, in the Green Dining Room of the Hotel McAlpin, New York City.

There will be dancing in the Blue Ball Room from ten till one. The University Men's Glee Club will sing several numbers.

All friends and present and former students of Alfred are welcome. The time is 7 o'clock, the price \$3.

An Open Letter

To the Members of the St. Pat's Board:

We on The Fiat Lux are glad to see that until now you have gone about arranging for the coming Big Time in a business-like fashion. You may well ask what reason we have to be glad or sorry or anything else. Well, we'll tell you....

The Fiat Lux tries, and has been trying for as long as we can remember, to "get behind" every movement that has the best interests of the students of Alfred University at heart. As a matter of course the paper likes to support the St. Pat's Festival in every possible way.

But somehow or other for the last few years the St. Pat's Board has not co-operated with The Fiat Lux as much as it might have. By maintaining an unreasonable aloofness and an air of secrecy that the British cabinet might envy, at least two Boards did themselves out of publicity that they wanted and that The Fiat Lux tried to give them.

Some of you may remember what happened last year. Asserting that the issue of The Fiat Lux the week before the festival did not give their doings enough ballyhoo, certain members of the Board decided, of all things, not to give The Fiat Lux any further information about the festival!

In other words, because of a real or imagined grievance, this small group set out to deprive the festival of the very life-blood of any such project—publicity.

But we were easy-going even then, and despite this complete lack of co-operation by some members of the Board, put out a special issue of The Fiat Lux on green paper immediately after the St. Pat's parade, singing the praises of the festival to the skies.

The Board wouldn't tell us in confidence who St. Pat was to be, but we sometimes find out those things by ourselves, and we printed his name under a picture not of St. Patrick but of the only bearded saint we could find in our files—St. Nicholas of Bari, perhaps better known as Santa Claus.

Of course, we could have done a much more satisfactory job—more satisfactory to the Board, to ourselves, and particularly to the students, whose festival it should be—if the Board had given us proper information.

However, all that is water over the dam. The present Board has shown no such dilatory tactics, and there is no indication that it will.

We count on you members of the Board to help us give the students an adequate picture of what will take place next March 17 and 18. If we know who St. Pat is to be, we'll print a nice big picture of him on page one and keep it under lock and key until St. Pat himself arrives the morning the festival opens.

We are with you, boys, 100 per cent. We hope you stay with us.

The Editors

Apparently there was some confusion about a faculty meeting last week. Several male professors thought one was to be held almost any evening of the week in the Art Department.

Special Permission Granted Council For Ball; Klan's Jam Session

—BY KAY BORMAN

Despite the recent ruling that no Alfred woman may leave the scene of a college dance, special permission was granted the Intersorority Council to serve refreshments in each house during the intermission of the Intersorority Ball.

The three sororities, Sigma Chi Nu, Theta Theta Chi, and Pi Alpha Pi, will make plans for entertainment in each house during the short intermission period.

Andy Grillo and his eleven-piece orchestra will play for the dance, scheduled to be held Saturday evening in the college gymnasium.

Those women, who will become affiliated with a sorority this week, may attend the ball upon payment of \$1.50, intersorority dues.

The Intersorority Ball, although not as important as the Interfraternity Ball is usually one of the big social functions of the second semester.

Margaret Reilley, President, Dorothy Wilson, Betty Jane Crandall, Margery McIntosh, Irma Komfort, and Virginia Plummer, as well as other sorority women are making plans for the dance.

Kappa Nu Fraternity entertained at the house Saturday evening. Music for dancing was provided by the house amplifying system.

The guests included Robert Molyeux, Jud Gustin, Herman DeLong, Metro Mickritz, Addison Scholes, and John Albright.

Prof. and Mrs. Kaspar O. Myrva-gnes, Prof. and Mrs. Lloyd L. Lowenstein, Dr. and Mrs. Joseph Seidlin, and Chaplain and Mrs. James C. McLeod were the faculty guests.

Barney Friedman, chairman, Al Cohen, Harold Edleson, Irving Milrot, Irving Hirschfeld, and Danny Freed were in charge of the party.

The Green Boy's Jam Session, the first of its kind to appear in Alfred, promises superb entertainment for the informal dance at Klan Alpine this Friday evening, 8-12.

Chuck Gilbo, Max Butler and William Kunes are in charge of the dance.

Pi Alpha Pi Sorority, recent wearers of white carnations, will celebrate the fifteenth year of their founding with a formal banquet, Saturday evening at 5:30.

Blue and white candles and flowers will provide a background for the dinner. Mrs. Elven Oppenheim, first president of the sorority will be the guest speaker. Several alumni are expected to return for the banquet. Mary McCarthy is chairman of the banquet.

After serious consultation with Sebastian Santomieri, chairman of the St. Pat's Festival Tea Dance, it was decided that the women wear Short dresses.

Until last year the women have always worn semi-formal dresses. A year ago most of the women wore short dresses, veiled hats, and gloves. This year the wearing of gloves and hats may be optional. It is possible that a few pastel wool suits or dresses may be worn instead of the traditional silk.

Here's a tip for the co-ed who wants to brighten up her last year's suit. The other day we saw some tweed sweaters in one of the Hornell shops, in yet another place we found them in Mexican String carrying out the popular Mexican Trend. "But make sure it doesn't stretch!"

Then there are the Yankee Doodlers come to town on a suit lapel.... nothing could be more American than a covered wagon or a show boat pin.

Robin Hood and his Merry Men never wore gayer jenkins than the pale pink or blue soft candy suede ones we saw for the Spring wear. You'll find that they make warm windbreakers for cold Spring days on the campus.

Have you seen the country-cousin lisle hose which are becoming popular on some few college campuses? There are new Dureme-lisle mesh hose in birch-blege and cosmetic tan.

The queen situation became so complicated at Kent State College that the student council took matters in hand and abolished three queens. Henceforth the only legal titles are those of Homecoming Queen, Queen of the May, and Miss Kent State.

Rollery Has Only Highest Praise For New Model In Art School

By Marcello J. Rollery
(Special Fiat Lux Writer)

In the humble and semi-artistic opinion of your scribe, Madeline Farraris, the present professional model who graces the halls of the Ceramic School, would be a fitting subject for a Rubens or a Titian.

Being one of the more fortunate members of Alfred University, I was allowed to interview Miss Farraris and try if I could to get her impressions of Alfred for The Fiat Lux, and to get for myself my first impression of a model.

I succeeded in both. She thinks Alfred is "charming and beautiful," and has answered the inevitable first question herself: "Where is Alfred?"

I found for myself that the old remark "beautiful but dumb" does not apply here.

Miss Farraris conversed on art, music, and football with great ease. She also spoke of trivialities and life's lighter side with equal ease.

In conclusion I wish to re-state what Professor Schreckengost has said: "She knows her work and can enter into the spirit of the subject at hand."

I do not stand alone in my opinion of Miss Farraris. She was acclaimed by the many who visited the World's Fair in Chicago, and as a further proof was kept one whole year at the Cleveland School of Art.

Alfred Co-op Movies

THIN ICE—Thursday and Friday evenings, Feb. 24-25.

Starring: Sonja Henie, Tyrone Power, Arthur Treacher, Raymond Treacher, and Joan Davis.

Here is the picture that everyone has been waiting for. Sonja Henie is presented with all her graceful beauty fittingly enhanced by a background of Alpine slopes, and a tourist hotel.

Sonja as a skating instructress falls in love with Tyrone Power, a prince posing as a reporter, and then both become involved in a whirl of events which leave one breathless with laughter and suspense.

The plot and settings are excellent, but both are overshadowed by Sonja's superb skating and skiing.

SHORT SUBJECTS: Playing the Ponies, a skit featuring the Three Stooges; and The Lyin' Hunter, a Crazy Kat cartoon.

WIFE, DOCTOR, NURSE: Saturday, Feb. 26.

Starring: Warner Baxter, Loretta Young, and Virginia Bruce.

Three great stars present the age-old problem of the triangle in an unusual manner. Delightful comedy and touching scenes are found in this masterful and clever treatment of a serious subject.

SHORT SUBJECTS ARE: Rhythm Wranglers; Fire Plug; a "Scrappy" comedy; and a Newsreel.

A thought detector, which makes use of electrical waves from the brain, to record and classify the different states of mind, has been set up at the University of Iowa.

The detector indicates that the highest mental quality, "abstract thought," considered the sole prerogative of man, operates in an electrical field definitely unlike the field of other activities of the brain.

This highest human function works in an electrical calm as apparently unruffled as the states of sleep or of "mental blankness".

The thought detector was set up by Lee Edward Travis, professor of psychology. It records electrical brain waves, using the same apparatus with which biologists and medical men have been investigating the

A Sandburg In The Hand Is Worth Three Morleys On The Loose

—BY THE EDITORS

We are less disturbed than some of our friends are at the prospect of not hearing Christopher Morley on the university forum, partially because the forum committee now may be able to bring Carl Sandburg here, and in our not particularly humble opinion Mr. Sandburg is worth any three Christopher Morleys's.

By that we do not mean to run down Mr. Morley, who is beyond question a most erudite gentleman and a most astute critic. Ah, but Carl Sandburg plays a gee-tar!

Strictly speaking, he plays what the dictionary spells "guitar" and what he pronounces "Git-tar". But call it what you like, Christopher Morley doesn't play one, at least not in public.

There's a picture of Carl Sandburg all over the front cover of the last LIFE, and the Sandburg git-tar is adequately pictured within the magazine. Mr. Sandburg is shown playing it for his daughter and an admiring ring of goats.

It is as a git-tarist and singer of American folk songs that Mr. Sandburg, who was 60 only last week, would like to be remembered. However we are perfectly content to remember him as a poet who, particularly in *The People, Yes*, gives Whitman a run for his money as champion of the underprivileged.

Most literate people have read *Fog*, and think of it whenever Mr. Sandburg is mentioned. But you should read *The People, Yes*. Lots of people, ourselves included, think it's first-rate poetry. Even if you don't, you'll enjoy the jokes.

There is a story about Mr. Sandburg that we especially like. They tell about the time he "lectured", if you want to call it that, up at Amherst, where Robert Frost is subsidized.

Having nowhere to go after the lecture, Mr. Sandburg hung around for a week or so talking with Frost and playing and singing such early American classics as "Frankie and Johnny" for the students!

Yes, it would be nice if we could have Mr. Sandburg here. The agency says he doesn't always get to the places he starts for—but then, neither did Kit Morley. Or Lowell Thomas. Or Bruce Bairnsfather—remember?

It's worth the gamble. We hope the Forum Committee will go after him..

Professor Wingate had better sleep in the carillonner's cabin of the Davis Memorial Carillon during the Festival.

Earl Hines, you know, the lad who leads the St. Pat's Ball orchestra, is one of the country's foremost swing pianists.

We've heard several people say it would be fun if Mr. Hines could be induced to try "Bob White" on the carillon....

Mere males are invading a field which women have already dominated—that of possessing inferiority complexes.

A Psychiatrist at the University of California who hears the woes of students, states that inferiority complexes harass 25 per cent of the men students entering the institution.

He points out that many students have no social life, no hobbies, no particular friends and no amusements. Their whole life consists of study, classes, three meals a day and sleep.

Mental disturbances under these conditions are very likely, he asserts. Troubles include lack of self-confidence, lack of interest in the opposite sex, inability to concentrate, and self-consciousness.

Saxon Runners May Enter Indoor I. C. 4-A. Track Meet March 5

SIDE LINES

The Homestretch Polan's Plight "King-Pin" Howell Red-Hot Red

By JACK MOORE

"Well boys—we're off for the races!"

Tonight, the cagers start off on what promises to be a merry week for them, what with injuries, past records and, above all—their opponents.

Niagara's erratic cagers, victims of a roller-coaster season, traipse into town this evening, seeking revenge for the 39-36 defeat handed them by the Saxons of the S. O. S. regime last season. Niagara, led by sharp-shooter Fred Liberti, promises the Yonkers-men some fast action and plenty of trouble, despite defeats at the hands of St. Lawrence and Clarkson Tech, among others. The Larries topped the Gallagher men, 39-32, while Clarkson tripped the Eagles by a 34-26 score Saturday night at Potsdam.

Friday night the Saxons open their invasion of North Eastern New York State against John (Ghost) Galloway's Colgate five. Galloway, former Saxon coach, has built his outfit around an eagle-eyed forward by the name of Debus. In the Army game last Saturday, Debus hit the nets for a fifteen point total, although Army edged out the Hamilton men, 45-42.

Beset by injuries on every side, Coach Yunevich, prepping for the Colgate game this week, met with another obstacle as he tried to make up a team without having to shove manager Don Gibbs in as a last resort. Dighton Polan, Saxon reserve filling in for Larry Bizet, will have to sit idly on the sidelines while his teammates meet the Galloway crew. The game is to be played Friday night and Polan, being a Seventh Day Baptist, will be unable to play. Polan will be back, however, for the R. P. I. game at Troy, the following night.

Alfred University's girls sports, hidden by an over-emphasized mens athletic program, forged to the headlines this week as an Alfred Ceramic Art frosh, member of the Saxon Badminton team, won out over Wells College, Elmira College and Cornell University players to take first place honors at the Badminton Play Day in Ithaca, Saturday.

Janet Howell was the king-pin at Play Day while Helen Ehrhorn and Lula Johnson, Alfred's doubles team, took second honors in the doubles matches, being shaded by the Wells entry.

Comparative scores always provide interesting reading although they sometimes become a trifle confusing. At any rate, here are a few—St. Lawrence's grapplers, playing host to Alfred's matmen Saturday night at Canton, hold wins over Syracuse by a 19-11 score and over Colgate University, 27-5. Colgate, you will recall, peppered Alfred in the initial meet of the season, 19-13.

Brooklyn Poly's courtsters, defeated by Alfred earlier this season, shellacked R. P. I. 42-24—The Saxons meet the Troymen Saturday night. St. Lawrence's quintet defeated University of Buffalo 42-31 and Niagara 39-32.

the 600-yard dash, are the possible entrants. Several other men have outside chances of making the trip if they show up well in the next two weeks.

McLane plans to send any or all of his six veterans to the Intercollegiate if they can equal the following times of 14½-lap mile indoor track at the gym: 10:45 in the two-mile; 4:50 in the mile, and 1:25 in the 600-yard dash. These marks would be better than the present indoor records for the gym indoor track.

Hughes and Scott are co-captains of the 1938 track team of Alfred University; Hodnett also is a senior; Barreca and Perkins are juniors, and Dauenhauer is a sophomore.

Grapplers Stage Comeback; Smother Rochester Mechanics By 26-8 Score

ROCHESTER, (Special)—Completely monopolizing the spotlight, Alfred University's grapplers sent the Rochester Mechanics matmen down to an overwhelming 26-8 defeat Friday night. The win was Alfred's second in four starts.

Four pins and two decisions by Alfred men told the story. Not until the fifth match was Rochester able to break into the scoring column when Kliefgan pinned Awny Ohmitie in 6:15 in the 155 class. Navile, R.M.I. 165 pounder, took the decision from Floyd Oliva to complete Rochester scoring.

Mudge Wins Third

Glenn Mudge, 118 Alfred man, won his third match of the season, pinning Ricci of Rochester, in two minutes five seconds. It was his third pin of the season. Phil Brundage,

as shooting was concerned, he was red-hot.

Red Wallace, Scranton-Key-stone center against Danny Minnick's frosh cagers Saturday night, loped in twenty-seven points while his teammates were smashing Alfred's three game win streak by a 40-29 score. His streak, it seemed, was not unusual, Red having swished the nets the night before for a forty-point total against Bucknell Junior College at Wilkes-Barre, Pa.

Mother Nature Stacks The Cards Against Grappler Brundage

MOTHER NATURE was fighting on the Rochester Mechanics Institute wrestling team Friday night as Phil Brundage, 135 lb. Alfred star came from his corner to meet his opponent. The man facing him was Castellano, Rochester City Champion, and never had been pinned, for the simple reason that a broken back rendered it humanly impossible to place both shoulders on the mat at once.

While Phil had his man under control at all times and obtained the referee's decision, he found that a physical impossibility plays no favorites.

Glynn Leads Cage Scoring

Bobby Glynn, blond sophomore forward, paces the Alfred University cagers in individual scoring with a total of 119 points, an average of 9.1 per game, as the Saxons prepare to meet Niagara tonight at the gym here.

Glynn's record is boosted by the unusual feat of completing 37 out of 55 free throws, in his 13 games this season. Ray Buckley comes next with 83 points, and 21 out of 39 free throws.

Alfred has scored 446 points to 452 for its opponents, and has won six and lost seven games.

Minnickmen To Meet Niagara Frosh In Prelim; Varsity Faces Colgate, R. P. I., Later This Week

"Taps" Gallagher, Niagara University's perennial court mentor, brings his 1938 Purple Eagles to town this evening in an attempt to even the score with the Saxons for the 39-36 defeat handed the Falls men last season on their home court.

The main game will begin at eight-thirty.

The Alfred Frosh will meet Niagara's crack Frosh outfit in a preliminary at seven-fifteen.

Bizet Injured As Cagers Win, Lose

Alfred University cagers defeated Hartwick, lost to Cortland, and lost one of their regulars via the injury route on a two-day invasion of eastern New York State last week.

The Saxons tackled Hartwick at Oneonta, Tuesday evening, emerged victorious 34-27. The first half was Hartwick's, and the Alfred quint trailed by about four points most of the time. In the second half, Ray Buckley found the bucket for five doubles and a free throw to put the Saxons in front.

Larry Bizet, regular left forward, went out for the season when his left hand was fractured early in the second half.

At Cortland, Alfred met a rangy, powerful aggregation which came through in the last minute and a half to win 31-28. Alfred was trailing 14-13 at half time, and the Cortland five went out in front on seven points scored by Nuechi, left forward, early in the second stanza.

Alfred pulled up alongside and was tied 27-27 with 1:45 to go. The Saxons sunk a free throw, but Tesori of Cortland came through with a field goal and two free throws to clinch the battle.

Bobby Glynn completed 13 out of 16 free throws in the two games.

By John L. Dougherty, Jr. Buffalo, Feb. 19—A crippled eagle quint from Alfred University was blasted with a second-half fusillade by the Brown Bombers of Bonaventure, which gave the Indians a 50-32 triumph and their eighth consecutive victory, at Broadway Auditorium here Saturday night before 2,000 fans.

Battling along on an even keel in the first half, the Saxons were on the short end of a 22-21 total as the half-time whistle blew. But Irish Mike Reilly had been resting his regular five, and the Indians went to town in the second stanza, scoring 28 points to the tiring Saxons' 11.

Rucinski, Buckley High

Burly Hank Bunoski was errorless from out-court as he sank five long shots in the second half to put the Bonnies away out in front. Skip Rucinski led the scorers with 13, while Ray Buckley, Alfred veteran, had 11. Dight Polan and Blip Greenman did an excellent job in taming the highly-touted "Hooks" Loeven, allowing him eight points. The Alfred team drilled 14 out of 20 free throws to keep them up in the running.

A freak accident put Walter (Bo) Johnson out of the game on the first play, as he ran into Referee McNamara, and twisted his ankle. Buzzy Keefe took his place and did a bang-up job.

Rucinski, Loeven and Gilbert wasted no time in getting started in the first half, and soon had the count to 12-4 for the Indians. Buckley, Glynn, Polan and Greenman ganged up on the basket a few minutes later and drew up to 20-19. A field goal by Keefe put Alfred in front, 21-20, for its only lead of the game, but Hryczyszyn of the Indians retaliated just before half-time.

Reilly withdrew his first five midway in the first half, and put them back into action at the start of the second stanza. Bunoski and Rucinski went on a scoring spree which had the Indians out in front, 33-24, within 10 minutes. The Saxons never threatened again, and Reilly used his reserve five once more.

The crowd came to its feet once in the second half, when a pass from Glynn, intended for Keefe, ricocheted from Bunoski's arm into the basket, only to bounce out again.

A brief fistie tussle between Rucinski and Glynn, the result of a rough-

Bucket Wizard Runs Wild As Frosh Lose

LED BY A BURLY red-haired, bucket-wizard, Scranton-Keystone Junior College's quintet smashed the Frosh cagers' win streak at number three Saturday night, swamping the frosh by a 40-29 score at the gymnasium. The win was the visitors' tenth in twelve starts while the defeat was the first for the Minnickmen in four starts.

Crippled by the absence of Bob Whitwood, the frosh were unable to withstand the last-half spurt put on by the Keystoneers who toppled in twenty-points in the final period.

Red Wallace, pivot for visitors, was easily the outstanding man on the floor as he found the nets for his twenty-seven points total.

Bob Humphrey, forced out of the game in the last half on personals, took floor honors for the frosh while Russ Pardee dropped in five buckets and one charity for an eleven point total.

The Keystoneers came to Alfred fresh from a 80-40 track meet over Bucknell Junior College during which Wallace duplicated the Bucknell score, dropping in a grand total of forty points during the evening.

Prof. Spicer, Thomas Battle In Mat War

A CASUAL VISITOR at the gym would have thought that faculty-student relationships were slightly strained as Dick Thomas and Professor Spicer rolled on the mats of the wrestling room in mortal combat last week.

To the sports fan and the persons who have seen Prof. Spicer proudly wearing his varsity A the explanation is simple.

While an undergraduate here, our Counsellor to Prospective Students held down the 175 lb. berth on the wrestling team. Thus the ominous tangle on the mats resolves into a mere practice session for the Buffalo meet.

Senate To Tabulate Constitution Votes

The Student Senate will meet Wednesday, Feb. 23, for the purpose of tabulating the student votes concerning the constitutional revision.

According to plans already made, each fraternity and sorority held an open meeting Monday evening, Feb. 21, at which time the various houses voted either for or against the revision.

All pledges were admitted to the meeting in order to cast their votes. After the voting the ballots were handed to the Student Senate representative, who will vote accordingly at the next meeting of the Student Senate.

Intra-Mural Standings Slightly Changed

THE FOURTH WEEK of play shows the standings in the Intramural Leagues slightly changed over previous standings.

In League "A", the three-team deadlock for first place was reduced to a two-team tie, followed the defeat of Kappa Nu by the strong Book Shop team.

In League "B", only two of the former four leaders remain undefeated—Kappa Psi Pledges and the Faculty. Kappa Nu Pledges were defeated by Randolph Hall, 17 to 10. The Randolph Hall quintet was in turn defeated by the fast Kappa Psi pledges.

The standings:

Boxing Meets Set Aside

LACK of sufficient equipment and time in which to condition his charges were given as reasons by Prof. H. E. Harrison, boxing coach, when he announced the postponement of intercollegiate boxing matches until next year.

The present season will be spent in instruction for the under-class boxers in preparation for the matches to be held next season.

Prospects for such an inter-collegiate schedule are bright, great material having been uncovered in the heavier weights. As yet, the lighter weights have been lacking in varsity prospects.
