

'Eelgrass Restoration' Lecture Feb. 9 in Olin

2/03/17

The New York State College of Ceramics at Alfred University will sponsor “Eelgrass Restoration: an Art and Engineering Collaboration” at 4:30 p.m. Thursday, Feb. 9 in Olin 302.

The joint-lecture on Maine&s eelgrass decline and the global state of marine grasses will be led by Dr. Jane E. Disney, Senior Scientist, and Anna Ferrell, Program Coordinator of the Community Environmental Health Laboratory at the MDI Biological Laboratory.

The event is free and open to the public.
