

Winnipeg May 25/83

Dear Sir

Yours of 21 to hand this am. in reply beg to say I made inquiries regarding the cost of sending trunk to Montreal via Prince Arthur landing about \$4⁵⁰ prepaid. And owing to the fact of the C.P.R. not handling trunks as freight - I would require to case it up and ship as house hold goods. I have made inquiries this morning about your box containing Uniform but so far have not succeed in getting any clue to the purchaser. Every article of unclaimed baggage was sold at the time I purchased the trunk.

With reference to cost - I may say considering time and outlay I could not afford to part with the trunk less than fifty dollars \$50⁰⁰ which may appear large to you but all together I would not then be making much for my trouble

Trusting to hear from you by return of mail as I intend to remove from Winnipeg shortly

I am yours
