### Calling All Engineers

Want an inside view into world-class manufacturing? How humans and robots can work together? How lean manufacturing/lean engineering works?

We have a unique opportunity to go "behind the scenes" and see BMW, Mercedes, and other German industries. Plus, absorb German culture and go to a German university and compete with German students in a manufacturing simulation.

All this and more will take place Allen Term 2017. If you are interested, come to an information session Wednesday, March 23 at 4:45 p.m. in Olin 308.

### Graduate Assistantship Available

Alfred University's Center for Student Involvement is seeking candidates for a graduate assistantship. The 20-hour/week position is created to provide weekend night supervision to the Powell Campus Center, the hub of campus life at AU.

The graduate student would supervise and/or support student managers, staff, and volunteers who are presenting numerous events in both the Nevins Theater (weekly film series) and our Knight Club (bands, comedians, novelty acts).

AU seeks candidates with experience in event planning, student organization leadership, and crisis management skills.

### 'Delicate Decisions' at Cohen Gallery

"Delicate Decisions" is a two-person show featuring the functional ceramics of recent College of Ceramics graduates Luc Hammond-Thomas and Jess Detweiler.

In her work, Detweiler employs a playful attraction to form, volume, color, and elegance. The still-life, genre style display evokes fantasies about future domestic use.

Hammond-Thomas' work acts on the fundamental relationship between pottery and furniture, and how this pairing further expands each material's function. The work embraces the latent duality of functional objects as sculpture.
