We, the Upperclassmen, dedicate this handbook to you, the Frosh. We hereby welcome you to Alfred and hope that soon you will feel as much a part of it as we do. At first, the new "college" way of life will seem strange to many of you. Therefore, in this little book, we have presented what might be considered the introduction to Alfred life. After a short time, with increased participation in the various campus activities, the strangeness will pass and you will become one of us.

Throughout this book, there are many things you will need to know in becoming a part of Alfred. There are rules and regulations which you will do well to get familiar with as well as much other information to help in your new campus relationships.

You will have cause to refer to this handbook often while becoming acquainted with Alfred, but if you feel that there are still things you do not understand do not hesitate to ask about them.

College, as you know, is the place to gain knowledge, and it is the purpose of the university to see that you do so. However, we also consider college as a place which will round out your personality, where you will become a more integrated, thinking individual.

Alfred is here to help you become this sort of person, but you must realize that the final responsibility rests with you. This is your challenge, Freshman Class. Go to it, and make us proud of you.

PRESIDENT'S WELCOME

To the Class of 1952:

It is a pleasure for me to extend official and personal greetings to you as you become students in Alfred University. You have been selected for admission because we believe that you possess the qualities of character and scholarship which will enable you to succeed with a college course.

College years are vitally important years in your life experience. They are years of growth and of enlarging horizons. Undoubtedly the years which you will spend at Alfred will be among the most important of your lives.

Alfred's main objective is to promote the full development of its students as individuals and to prepare them to become intelligent, well-adjusted and responsible members of our present day democratic society. In the accomplishment of this objective, the work of classroom and laboratory, participation in extra-curricular activities, and contacts with faculty and fellow students are all important elements.

You will find that the Alfred faculty will be sincerely interested in your progress and that they will do everything possible in helping you to get the most out of your college course. In the final analysis, however, what you get out of college is largely up to you.

I know that you are coming to Alfred with high hopes. You may be sure that we will do everything within our power to assist you in the realization of these hopes.

M. ELLIS DRAKE, Acting President

WHAT TO BRING

The worry caused to the in-coming freshman concerning the "enormous" problem of "what'll I take to college" is one known to us, the freshmen of a few years ago. Therefore, we have decided to present this section as a possible means of remedying this situation.

The university dormitories, the Brick and Bartlett, provide their residents with the necessary furniture, lamps and bedding. Freshmen may wish to bring their own rugs and lamps. The Bartlett does not have laundry facilities but the Brick has a laundry equipped with an automatic washer, irons and ironing boards.

Students in Ag-Tech are provided with the necessary furniture but must bring their own bedding. Otherwise, our recommendations are the same as for the university dorms.

The matter of the proper clothing to bring is an individual problem but the following generalizations can be made. Alfred has a rather long, cold winter season, so warm clothes are recommended. Throughout the year, the various organizations, classes and houses sponsor dances, formal and informal, teas and parties. Picnics and seasonal sports such as tennis, skiing and skating, help fill our social activities.

We realize that none of these suggestions are very specific but this was done purposely to provide elasticity to them. We hope that they are of some help to you in your preparations for Alfred.

The Editors

FRESHMAN WEEK

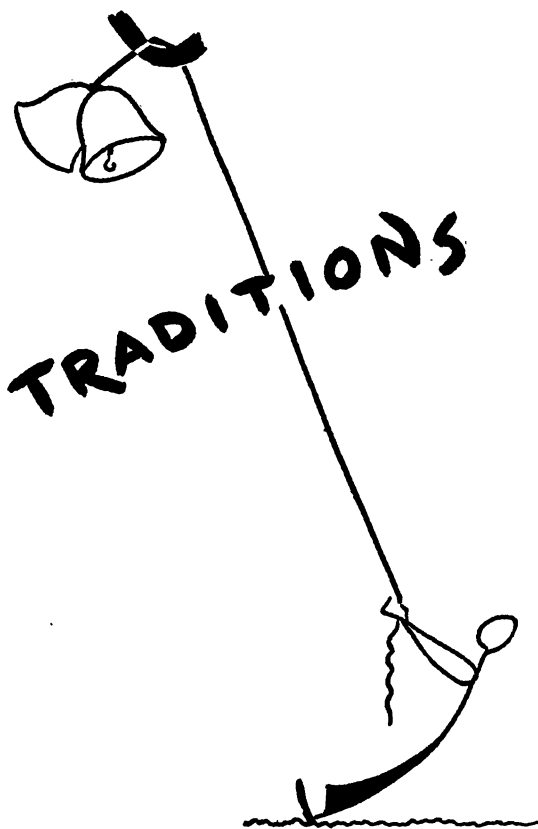

Freshman Week is planned to acquaint the new students with Alfred, its activities, traditions, what we expect to give you and what we expect of you. During this time you will meet the personnel deans, the academic deans and the campus leaders. You will attend meetings, see movies, take a tour of the campus and go to a get-acquainted dance. In addition, you will take an aptitude test, and finally, register for your courses.

AUTUMN FESTIVAL

One of the main social events of the fall season is the Autumn Festival, sponsored by the Ag-Tech Student Council. Last year, the affair included a formal ball, an afternoon tea dance, a weiner roast with various games and contests, and open house at Ag-Tech classes, and shops and labs at the State Farm.

THE BELLS

Whenever an Alfredian thinks of his campus one of his first recollections is of the carillon, for it is impossible to think of Alfred and not think of the bells. The carillon, the only old world one in this country, was brought to Alfred from Belgium in June 1937, and at the present time is composed of thirty-five bells. Nine Hemony bells will be added as soon as they can be shipped from Europe, where they were buried for safekeeping during the war. The derrick-like structure that houses the bells is soon to be replaced by a tower of native fieldstone. Carillonneur Dr. Ray W. Wingate gives Friday and Sunday afternoon concerts.

ARTS FESTIVAL

All schools of the University cooperate to present an Arts Festival each spring. The Festival is relatively new to Alfred's campus, with the third event of its kind being planned for this year. The celebration last year included exhibitions of work done by Ceramic and Craft School students and faculty, two musical events, one featuring chamber music and a chorus and orchestra concert. Also, the Festival included a modern dance concert by Charles Weidman

and Company, "The Antigone" of Sophocles by the drama club, presentation of Alfred's literary magazine, the "Integral," and a discussion on "The World of Franz Kafka." The Festival lasts for five days, and is generally conceded to be one of the high spots of the school year.

THE HELLO COMMUNITY

Alfred prides itself on its friendly spirit. It has long been a custom to say hello to everyone, students or townspeople, whether or not you actually know them. This tradition adds a great deal towards increased friendliness among students and also between students and townspeople.

One of the first things that impress newcomers to Alfred is the fact that all stores, including the Post Office and the Bank, are closed on Saturdays and open on Sundays. This causes a few mistakes during the students' first week or two here, but one becomes easily familiar with the set-up and after a while shopping on Sunday instead of on Saturday turns into a regular habit. Another interesting point about Alfred is the close relationship between the college and the townspeople. The University is the center of village life, and the townspeople here are very friendly towards the students.

HOMECOMING

Homecoming is the first big social event of the year. This is the time when all the grads return for a "big week-end" which includes an alumni banquet, a football game, and maybe a dance. The campus is flooded with strange beaming faces, and everywhere you look people are shaking hands and

saying "Remember the time when?" Their excitement is contagious and soon the whole campus is buzzing. All the fraternities and sororities hold open houses, and the big event, which is, of course, the football game, will be with Hartwick College this year. Needless to say, a good time will be had by all.

MOVING-UP DAY

Moving-Up Day comes in May, just three weeks before finals. The day marks the "moving up" of one class to the next—the frosh become sophs; the sophs, juniors; and the juniors, seniors; and the entire campus honors the outgoing senior class. In the morning, there is a general clean-up, when the entire student body cooperates to improve the appearance of the campus.

At a special assembly, the seniors appear in cap and gown, tapping of new members is done by honorary fraternities, and the new campus officers are introduced. Immediately after assembly a step-singing contest is held on the steps of Kenyon Hall, and most of the residence units on campus participate. A cup is awarded to the group that the judges select as the winners. Later in the afternoon a pushball contest takes place between the Frosh and Soph men, and a softball game is played between the Frosh and Soph women.

PAINTING THE BARN

Very early in the school year, freshman men try to paint their class numerals on the barn on the hill opposite Bartlett Dormitory. Sophomores, however, do not sit idly by, but try to prevent their year being painted out and new numerals put on. If the

sophomores succeed, the freshmen try again until they succeed. Very often, the incoming class finds it rather difficult to accomplish what it sets out to do.

ST. PAT'S DAY

St. Patrick is the patron saint of Alfred University's ceramic engineers, and they celebrate with so many festivities that St. Pat's is always looked forward to. Although there is not a strict program of activities, they usually follow a certain pattern. Last year, there was a tea dance, a parade in which most residence units and clubs entered a float, open house at the Ceramic College featuring glass blowing, movies, and exhibits, a Footlight Club production of "Green Grow the Lilacs," and a formal ball to climax the holiday. The senior ceramic engineer who acts as St. Pat makes a speech at the parade and crowns the campus queen at the Ball. An all-campus election is held to determine the seven most attractive and popular senior women. Then the queen is elected by the Ceramic Guild and the American Ceramic Society. The six runners-up act as her attendants at the Ball.

WINTER CARNIVAL

For the first time last year, the Winter Sports Club, now the Alfred Outing Club, sponsored a Winter Carnival, and they hope to make the affair an annual one. The two-day event last year included a movie, an ice show, skiing and skating competitions, a snow sculpturing contest, and a semi-formal dance. The "Snow Queen" was chosen by the Harry Conover Model Agency from a group of five contestants selected by an all-campus vote.

OTHER DANCES

The Interfraternity and Intersorority Councils sponsor formal dances during the college year. The Interfraternity Ball is held during the fall, and the Intersorority Ball, after rushing, in the spring.

The various social fraternities, sororities, clubs and classes plan closed and all-campus parties throughout the year.

SONGS + YELLS

COLLEGE SONGS

ALMA MATER

Nestled away 'mid the Empire State hills,
'Neath the watch-care of sentinel pines,
Where the murmuring song of the brook hums along,
And a favoring sun ever shines;
In a valley so fair where the forest trees share
Dominion o'er hillside and glen,
Stands the pioneer college of Western New York—
Alfred, the mother of men.

— Chorus —

Hail to thee Alfred, thou guide of our youth,
Sweet, benign mother, all hail!
Sing out thy anthems of duty and truth;
May thy clear ringing music ne'er fail.

She was founded in toil, cemented with blood,
And nurtured thro' yearnings and tears,
Her treasure the hearts of brave heroes who stood
Undaunted throughout trying years:
Each stone was a prayer and her battlements there
Have mem'ries of purposes strong,
Staunch daughters and sons are her monuments fair,
And they lift up the grateful song.

— Chorus —

Others may boast of prestige and size,
Of numbers and treasure and fame
But Alfred's pride lies in manhood's clear eyes,
And womanhood's high stainless name.
O Alfred, dear Alfred, thy fame will abide
With Kenyon and Allen and Main,

With Davis and Titsworth, now Norwood and
Walters, today,
Her honor and power maintain.

— Chorus —

OUR COLLEGE A. U.

Alfred's our college, hail Old A. U.
For the Varsity team give a cheer,
Each manly player so sturdy and true,
Fights on the team without fear,
Encourage each fellow to play a swift game,
And follow the ball best he can;
And when the foes of old Alfred draw nigh,
To fight for her prestige and fame.

— Chorus —

Come give a cheer for your College,
Root for old Alfred A. U.
Cheer her when she is victorious,
Ever be loyal and true.
Purple and Gold are her colors,
Loyal in spirit A. U.
Urge her men on to the victory,
To the praise and the fame of A. U.

Aye and forever, be loyal to her
With the Varsity spirit let's sing.
Strong on the line up, and swift in the backs,
Shout 'till the loud echoes ring—
With spirit and vigor for Alfred we'll cheer.
Your whole heart put into the game,
And when the foes of Old Alfred draw nigh
We'll fight for her prestige and fame.

— Chorus —

SONG OF THE BELL

By the roaring, roaring banks

Of the old Kanakadea,

 Oft I've lingered in the springtime long ago;

While the waters rushed along,

And the hills took up the song;

 And a gentle voice was calling sweet and low.

— Chorus —

O, I hear the echoes ringing from the belfry on the
 hill,

 And the song inspires my heart to do and dare;

 Calling me to love and duty, calling me to faith
 and prayer,

For the bell is ringing, ringing, ringing still.

When the autumn days were on,

And a brilliant crimson show

 Where the Alfred hill-side glory met the sky,

Voices whispered in the breeze

While I sat beneath the trees,

 And communed with master minds of days gone
 by.

— Chorus —

O, the days of frost and snow;

O, the coasters' ruddy glow;

 O, the evening's long delight with comrades dear,

When we talked on mighty themes,

Or indulged in happy dreams

 Of our victories in the future hov'ring near.

— Chorus —

Now my hair is turning gray,

For those days have passed away

Seems to bring old Alfred near,

 But their mem'ry lingers sweet and sweeter yet;

And my fireside's evening cheer

 And the faces which my heart can ne'er forget.

— Chorus —

ALFRED EVENING SONG

Softly the dusk is falling,

Slowly the sunset dies;

Tender the benediction,

Hymned in the fading skies.

Then, shaken by the magic of

Moonlight-misted trees,

And quickened by the kisses

Dropped by a dreaming breeze,

Deep in us stirs a spirit,

Calling a kindred throng

To wake, arise, assemble,

And answer with a song.

Alfred, whose grace doth give us

Joys that we deem divine,

Set in life's shifting pageant,

Ever undimmed to shine;

The throbbing exaltation

Of homage from our peers,

The falt'ring fond responses

Breathed only for our ears;

Yes, all the jeweled fabric

We weave from flashing days

To hold for us, forever,

Thy glory and thy praise.

CHEER FOR ALFRED

We are out to cheer for Alfred,
We will help her win the day,
Make her gain athletic vict'ry,
By our shouts of ray! ray! ray!
Alfred, O!
Purple and the gold triumphant,
Waving 'neath a smiling sky,
Make us say we'll fight for Alfred
"Till the years have all rolled by.

ON SAXON WARRIORS

On Saxon warriors,
The Purple and the Gold defend;
On Saxon warriors,
Ever on like men.
Crash thru the opponent's line
And victory will come our way
Fight, fight for Alfred.
And she will win the day.

OH, HERE WE ARE

Oh, here we are! Oh, here we are!
You see us marching down the street,
You hear our cry: "To do or die,
We have the team that can't be beat.
We have!" (shouted)
So give a cheer, a lusty cheer,
And let the echoes carry true,
With a tramp, tramp, tramp,
And a stamp, stamp, stamp,
For the team of old A. U.

RAY RAY SONG

Way up in Allegany
'Neath the shade of sheltering pines,
There stands a little college
That's for training noble minds,
And when they get together
On the gridiron, field or track,
You hear the students give their yell
And bring the victory back.

— Chorus —

Oh! Ray! Ray! Ray! Ray! Ray!
Hear the students yell,
Ray! Ray! Ray! Ray! Ray!
Notes of victory tell.
Oh! Ray! Ray! Ray! Ray! Ray!
Better move along
When you hear the students
Sing their Ray! Ray! song.

Oh here's the little college
That will help you do your best.
Her girls are true, her men are strong,
They always stand the test,
And when they get together
On the gridiron, field or track,
They put their shoulders to the wheel,
And bring the victory back.

— Chorus —

THE WOMEN'S STUDENT GOVERNMENT is the body that makes and enforces the rules for all the women on campus.

RULES AND REGULATIONS OF THE WOMEN'S STUDENT GOVERNMENT

Preamble

The Women's Student Government has formulated the following rules and regulations in an attempt to adapt its members to accept one's own responsibility.

This Association expects its members to be guided by the underlying principles of wholesome social relationships in all situations whether covered by the following definite statements or not. Because this organization is self-governing and makes its

own rules and regulations, it expects its members to follow the honor system in living up to them.

ARTICLE I.

Sec. 1. All W. S. G. rules and regulations are in effect as long as women are on the campus. It is expected that women at all times, whether on or off campus, will conduct themselves in a manner fitting a representative of Alfred University.

Sec. 2. All women are expected to sign out when leaving their places of residence after 8 p.m., indicating their destinations. This is for the convenience and protection of everyone in case of any emergency or calls.

ARTICLE II.—CLOSING HOURS

Sec. 1. Closing hours for women:

UPPERCLASS WOMEN (Junior, Senior, and Graduate Students)

Sunday through Thursday 11:00 o'clock
Friday and Saturday 1:00 o'clock

SOPHOMORE WOMEN

Sunday through Thursday 10:30 o'clock
Friday and Saturday 1:00 o'clock

FRESHMAN WOMEN

Sunday through Thursday 10:00 o'clock
Friday and Saturday 12:00 o'clock

Sec. 2. A first semester freshman woman not maintaining an index of .8 must observe, Sunday through Thursday, closing hours one hour earlier than the prevailing hour for her class.

Sec. 3. All other women not maintaining an index of 1.2 or better must observe, Sunday through

3. Vacation periods end when classes are resumed.

Sec. 5. Seniors may have one week-end 2 o'clock permission a month to be granted at the discretion of the Head of the House; freshmen may have one week-end 1 o'clock permission a month to be granted at the discretion of the Head of the House.

Sec. 6. Unlimited second show permission will be granted to everyone. A woman attending the second show must present upon her return to her residence a time slip signed by the W. S. G. member in charge that night. No slip will be given to a woman entering the movie after her own closing hours.

Sec. 7. Any woman desiring to work outside her residence after her own closing hours at the Ceramic School, Allen Laboratory, or South Hall, must present to her representative upon returning to her place of residence, a slip signed by the faculty member in charge. The approval of the Head of House must also be obtained for such work before the student leaves the house or dormitory.

Women, who because of economic necessity must work, are permitted later hours at the discretion of the Head of the House (however, not later than the closing hours of the house).

ABSENCE REGULATIONS

1. Students are, in general, allowed to exercise a personal discretion in regulating their attendance at classes. This discretion involves a consideration on the part of the student of the effect of his absence from the classroom not only upon his own work

but also upon the group as a whole. Furthermore whenever a student cuts a class he should realize that he has no right to ask the assistance of the instructor in making up the work which he has thus missed.

2. Absence from University exercises 2 days before or after a vacation is regarded as interfering with the collective interests of the University. Such absences will cause either an hour's reduction in credit or a lowering of a grade by one letter, the exact penalty to be applied at the discretion of the Absence Committee. Excuses before or after the vacations may be granted only by the personnel deans.

3. Instructors are expected to investigate causes for absences, and should promptly report to the Dean of Men or the Dean of Women those who are absent three or more times consecutively. This is especially important in the case of students enrolled under the G.I. Bill of Rights. The University is required to report to the Veterans Administration those who are absent five times consecutively.

4. Instructors are expected to keep records of absences on the class cards, and to be ready to make reports of all absences to the administration if requested. This is also necessary to enable the faculty to determine the success or failure of the new absence regulations during the trial period.

5. No excuses for any reason will be granted for absences from Assembly. Three absences from Assembly per semester are allowed.

6. Three unexcused absences will be permitted each semester in Physical Education. Unexcused absences beyond the three permitted, up to and in-

cluding six in number, may be made up during the last week in the semester. Students with unexcused absences beyond three and up to and including twelve, which are not made up during make-up week, will automatically receive an incomplete. The incomplete may be removed the following semester by making up two hours for each absence. Students with more than twelve absences, excused or unexcused, will receive a grade of F for the semester.

CARNEGIE LIBRARY

The Carnegie Library, located on Main Street, was erected in 1912 as a gift of Andrew Carnegie. The regulations are:

1. Library hours—The library is open for regular work from 8:00 a.m. to 5:30 p.m., and from 7:00 to 10:00 p.m., each day from Monday through Friday. On Saturdays, the library is open from 3:00 to 5:00 p.m. and from 7:00 to 9:00 p.m., and on Sundays, from 3:00 to 5:00 p.m. and from 7:00 to 10:00 p.m.

2. Loan of Books—

(1) Most books may be withdrawn for a period of two weeks, with the privilege of renewal. Recent popular books may be withdrawn for but one week without the privilege of renewal. Reference books, such as dictionaries, encyclopedias, etc., may not be withdrawn at any time.

(2) An overdue charge of two cents a day, holidays included, is made on all books overdue.

(3) Students whose accounts are in arrears must settle the same before receiving their final standing at the end of each semester.

(4) All books must be signed for at the delivery desk before being moved from the building.

Wait for the librarian to check and stamp each book.

3. Reserved books—

(1) Reserved books may be obtained by calling at the delivery desk. Such books should be returned to the desk as soon as you are finished with them, as others may be waiting for them.

(2) Reserved books may be withdrawn from the library a half hour before closing time each night, and must be returned to the library by 10:00 o'clock the following morning, except that books withdrawn on Friday or Saturday night must be returned at 3:00 the following afternoon. Failure to comply with this regulation on the part of any student will subject him to the following overdue charges: 10 cents for the first hour (or fraction thereof) and 5 cents for each additional hour, including hours the library is closed.

4. Periodicals—The current issue of any periodical does not circulate. Unbound back numbers may be withdrawn for one week. Bound periodicals circulate as books.

AG-TECH LIBRARY

The Ag-Tech Library, located in the Ag-Tech Building, is currently expanding its facilities. A full-time librarian, Miss Betty Jane Daniel, has been secured.

Though specializing in technical and agricultural, the library will be expanded to include novels, biographies and other facilities related to the courses in the Ag-Tech Institute. A cross reference file will be set up with the Carnegie Library and students will have access to the material in both libraries.

The library is open every day, except Saturday

and Sunday from 9 a.m. to 5:15 p.m. This schedule may be subject to change, this year.

INFIRMARY

The Clawson Infirmary, located on State Street south of the Brick, provides facilities for the treatment of student illness. The staff consists of the two University physicians, who are assisted by registered nurses. It is equipped for minor X-ray examinations, infra-red and short wave therapy and ordinary clinical laboratory examinations. The regulations of the infirmary are:

1. Office hours at the Infirmary every morning at 9 o'clock except Saturday and Sunday. Students wishing to see the Doctor must be at the Infirmary promptly at nine.

2. Students must have a written order from the Infirmary to see the Doctor in his private office.

3. Only in an emergency is a student justified in calling the Doctor directly.

4. Students calling at the Doctor's office without a written order will be charged the regular price, except in an emergency, that to be determined by the Doctor.

5. Students living in private homes must notify the Infirmary when ill and before calling the Doctor, except in an emergency.

6. Students in their own houses must notify the Infirmary and the nurse will visit them before an excuse can be given.

7. All permanent and temporary excuses from Physical Education will be issued at the Infirmary and must be filed at the Registrar's office.

8. Students' visiting hours at the Infirmary are from 3 to 4 p.m. and 7 to 8 p.m.

9. After being admitted to the Infirmary students are not allowed visitors for the first 24 hours without special permission.

10. Permission to visit the opposite sex must be obtained from the Dean of Women.
