

## **Trustees Task Force conducts third meeting**

3/22/02

In keeping with its charge from the Board of Trustees to "evaluate whether the fraternities and sororities have a future role at our University," The Trustee Task Force on Greek Life held its third meeting on March 20 from 12:30 to 6:15 p.m. The Task Force met with 20 people representing various constituencies--including faculty, staff and students (some Greek and some not Greek)--in an effort to further understand and evaluate the impact of Greek life on the university. The Task Force will be meeting again on April 3rd and will be making a recommendation to the Board at its May meeting.
