

# Campus Group Will Join Local Campaign Efforts

# Designate October 10 as Date For Dedication of Myers Hall

by a FIAT LUX Staff Member

A campaign participation movement is in the process of organizing on campus. The purpose of such a group is to promote more interest and knowledge in local politics on the part of the student body.

This movement will be organized on a partisan basis. Those interested will be working for and with local organizations according to their political choice.

The Citizenship Clearing House, whose headquarters for this area are located in Syracuse, is sponsoring this unique effort. This marks the first time in recent years that an AU student group will be doing campaign work of this type.

Drs. Frederick C. Engelmann and

Willis C. Russell of the History and Political Science Department are faculty advisers to this venture. Students in charge of each political group are Robert Cohen, Dick Zodikoff, and Archie Bresnick for the Republicans and Maxene Gorewitz, Ronda Shaner and Rosemary McGuire for the Democrats.

The actual type of work which the group will participate in will depend to a great extent on the needs of particular local political leaders and the state of the campaigns.

Students will probably be ringing doorbells, distributing pamphlets, taking polls, explaining such election procedures as registration, "get-ting out the vote" and other such related activities.

The opportunity for practical political experience will be afforded to those who are interested in this endeavor, and all interested, politically curious students are invited to participate.

Besides being an instrument to further political activity at such a temporary level as an election, the campaign participation movement is expected to later result in the revival of political organizations on campus such as the Young Republicans and the Young Democrats.

All interested students may learn more about this political activity by contacting either Dr. Engelmann or Dr. Russell.

## Fireside Chats

This Sunday evening at 8 p.m., the traditional fireside chats for freshmen will take place at the homes of 33 faculty members.

As usual, the freshman class has been divided into groups of approximately ten students. Each group has been invited with its student advisor to the professor's home.

These chats have formed a basic part of AU's orientation program for many years, and are looked forward to by students and faculty alike.

As the orientation schedule for 1958 comes to a close, Dean Klitzke wishes to express her appreciation to the faculty and the advisors who were responsible for this year's program.

## President Drake Discusses Major Problems of Education

President Drake was the feature speaker at the Convocation Assembly which took place last Thursday in Alumni Hall.

After extending his greetings to the audience, Dr. Drake presented the two Scholarship Trophies to the fraternity and sorority with the highest academic indices for 1957-58. The recipients of the trophies this year were Tau Delta Phi fraternity and Pi Alpha Pi sorority.

Dr. Drake then went on to stress that the year ahead could be one of great opportunity and achievement if students worked diligently. "The job is up to you," he said as he told the freshmen, especially, that they are now laying the foundations for their later college years and for their future.

The problem of higher education in our modern age was a topic Dr. Drake particularly emphasized. The aim of a democratic education, he said, is to train youth in wisdom and virtue so that they will be able to assume responsibilities as intelligent citizens and leaders of our society.

"Education has now become the chief problem of the world," stated the president. He stressed that only when the minds of men are free is the society democratic. Education is essential to freedom of thought, enterprise and association.

Another topic covered by Pres. Drake dealt with the specific problems confronting colleges. Increased enrollments have led to the need for more laboratories, dormitories and other facilities. Another cor-

related problem brought out by the president concerned the lack of competent college teachers. The fact is that the number of people entering college teaching is declining while the need for them is continually on the rise.

Dr. Drake ended his speech by stating that the aim of colleges should be to maintain quality. There is not enough emphasis, he said, on the uncommon man. Quality should be ever in mind.

The next assembly will be Founders' Day, October 16.

## New Campus Center Planned For Faculty and Student Use

M. Ellis Drake, President of the University, has released information on the building plans for the new Campus Center to be built on the site of Kenyon Memorial Hall, which is being demolished.

Carl Ade of Rochester is the architect for the Center. Previous campus buildings designed by Mr. Ade are the Herrick Memorial Library, Meyers Hall, and the three new dormitories, Barresi, Cannon and Kruson.

Edward K. Lebohner, treasurer of the University, has the responsibility for the plans and for construction work.

The new center will have three floors; a ground floor, main floor and second floor. On the Main floor students will enter a lounge. This lounge will be for general purposes. At one end of the lounge will be a TV room with sliding walls which can be thrown open to include the room in the main lounge.

On the left will be a service room for receptions, a large dining area and a snack bar.

The main entrance to the Center

On October 10, the University will dedicate the new \$660,000 science building, Myers Hall.

Myers Hall is named in honor of the late Joseph E. Myers of Albany, a member of the graduating class of 1903, whose \$275,000 bequest initiated plans for the structure.

The New York State section of the American Physical Society will hold its fall meeting on the campus October 10 and 11 and the members will participate in the dedication program.

The 2,000 persons invited to the afternoon dedication program are representatives of 25 colleges and universities, high school superintendents and principals in the area.

and donors to the building fund.

Dr. Clifford C. Furnas, Chancellor of the University of Buffalo will be the principal speaker and will receive an honorary degree of Doctor of Laws from President M. Ellis Drake.

Dr. Furnas will serve as moderator of a symposium on "The Education of a Scientist" which will open the program at 2:30 p.m. in Myers Hall auditorium. The speakers will be Dr. Walter Michels, Chairman of the Department of Physics at Bryn Mawr College; Dr. Kurt E. Lowe, Chairman of the Department of Geology, The City College, College of the City of New York; Dr. W. E. Hanford, Vice

President for Research and Development of Olin Mathieson Chemical Corporation, and Dr. Carroll V. Newsom, President of New York University.

A coffee hour will be held in the building for guests and visitors following the symposium and the building will be open for inspection from five to six o'clock.

Myers Hall will be formally dedicated at a convocation in the auditorium at 8:15 p.m. when Chancellor Furnas will speak on "The Shape of Things to Come in Science." President Drake will confer the honorary degree upon Chancellor Furnas at the conclusion of the convocation.

Vol. 46, No. 1 TUESDAY, SEPT. 30, 1958, ALFRED, NEW YORK Phone 5402

## Conductor Brico Speaks Saturday

The eminent American orchestra conductor, Antonia Brico, will speak in Howell Hall this Saturday at 2 p.m.

A close friend of both Albert Schweitzer and Jean Sibelius, Miss Brico will come to Alfred direct from a visit with Schweitzer at Lambarene, Africa. Her topic will concern Dr. Schweitzer and music.

Dr. Brico was founder and conductor of the New York Women's Symphony Orchestra, and is at present conductor of the Denver Businessmen's Symphony.

A graduate of the Berlin State Academy of Music, the only American ever to have been admitted to the school, Miss Brico made her world debut as conductor of the Berlin Philharmonic in 1930. That same year, the much acclaimed conductor made her American debut at the Hollywood Bowl.

In addition to her conducting activities, she also teaches and is a choral director in Denver.

## Jazz Group to Perform At Year's First Forum

by Gail Chasin

The first Forum of the 1958-59 season will take place on October 11 at 8:15 p.m., in Alumni Hall. It will feature "The Jimmy Giuffre 3" a small jazz group. This group was named the "Small Group of the Year" for 1958 by "Metronome."

Jimmy Giuffre with characteristic lucid determination, is becoming a significant though soft individual jazz voice. He is also the freshest spirit to emerge thus far from the widely publicized but relatively conformist villages of modern jazz on the West coast.

At first survey, Giuffre is impressive in a protean sense, for he has established a reputation as a baritone and tenor saxophonist, clarinetist, arranger-composer, and leader; but his essential impact is as a writer and theorist.

Giuffre arranged and played for Boyd Raeburn, played and wrote for Jimmy Dorsey, and in 1947, com-

posed "Four Brothers" for Woody Herman. Before forming his present combo, Giuffre worked and recorded with Shorty Rogers's Giants.

"We three" is the way that Jim Giuffre thinks of his group. But far from the words of the song, "We three, we're all alone, we're not even company, my echo, my shadow and me," the we is a very big and important we, because it indicates a trio in its very complete sense. The three are Giuffre, Bob Brookmeyer and Jim Hall.

Because of his feelings about group playing, Giuffre has taken up with Bob Brookmeyer and Jim Hall, in what might be called the completely melodic trio. The rhythm that is generated is the rhythm from within. "And when we're swinging our hardest" you'll seldom see a foot on any of us tapping." That means that they suppose that a particular ultimate is reached—that the musicians are generating all the available rhythmic power through their horns; turning energy into music.

Jazz has always been popular on the Alfred campus, as was shown when the Modern Jazz Quartet performed at a Forum during the 1956-57 season.

## Dept. of Music Plans for Year

The Music department, under the direction of Dr. Johnson and Mr. Smith, has planned for a busy year. The department, located in Howell Hall, includes an orchestra, band and choir which are open to all students, a men's glee club and a chapel choir.

Orchestra meets Monday night at 7:30 p.m. Some instruments are available but it is advisable for students to bring their own. Its first appearance will be on Founders' Day, October 15th.

Band rehearsals are held every Tuesday at 7:30 in room 3, Greene Hall. The band will play at the home football games, the first one being this Saturday. A band concert is scheduled for November.

All students interested in participating in orchestra, band, or chorus should contact Mr. Smith.

## Spanish Get-Together

The Spanish division of the Romance Languages Department announces that the first activity of the year will be held at Susan Howell Hall this Thursday, at 7:30 p.m.

All those interested in Spanish culture and all students of Spanish are cordially invited.

# Frosh Court Will Prove Crime Does Not Pay ...

by B. Ware  
Your FIAT Court Reporter

This reporter has just returned from an exclusive interview with The Hon. Charles Joseph Bradt, president of Blue Key, and presiding judge at the convening session of Frosh Court to be held this Sunday at 2:00 p.m., in Alumni Hall.

Mr. Bradt pointed out that, "This is only the first of two sessions to be held to consider obvious underclass laxity and infringement upon rules."

Such major, and obviously shocking crimes as: crossing the street without looking both ways, walking on the wrong side of the sidewalk, taking a total of 3,333 steps in the course of the day, and entering the Huddle between the hours of 9:15 and 9:15 a.m., without turning around three times, stamping the left foot and saying, "May I?", have already been reported.

Many minor offences dealing with the wearing of beanies and name tags have also been reported. Though these crimes may seem in-

significant in themselves, but as has been pointed out by many leading criminologists, the successful execution of such crimes may lead the culprit to develop a false shell of security which will cause him to venture on a life of crime. Realizing this, The Hon. Mr. Bradt believes that to counteract such action, crimes should be treated with utmost severity.

The jury for the trials to be held this Sunday has already been picked from a select group of very prejudiced seniors, led by Miss Patricia Gorman. According to a previous pole, these seniors are all dedicated to the cause of preventing freshman crime for the betterment of upperclass society.

Mr. Bradt has asked that this reporter point out to every upright upperclass citizen on the campus their responsibility to attend this session of court to help maintain decency, respectability, and justice on the Alfred campus.

## Senate Voice

by Al Tuckman  
Publicity Director

We of the Student Senate would like to welcome the old and the new back to the campus and hope that this year will be a bigger and better one than ever before in Student Government. For those who are new to the campus, the Senate Voice, is the eyes and ears of your Student Senate and it will endeavor each week to keep you, the students, informed of the happenings in YOUR Senate.

Last Tuesday, the objective of this year's Senate was outlined. In the words of our President, Nancy Cashimere, "We will endeavor to stress the student's responsibility in higher education." We hope, in going along with this theme, to establish a Research Committee on Student Responsibility which will aid all College students.

The Senate's function is not only to plan social events. We are here to aid students in Alfred University and area High Schools as well, to learn about current issues and to think for themselves. The time has come when we can no longer stand idly by and let someone else do our thinking for us. As future leaders of our country, we must accept this responsibility. This is our school and our Student Government. Now is the time for us to be a part of it. I am sure that under the very able leadership of Miss Cashimere, we are on the right track to better Student Government, and can promise that, with your help, much will be accomplished in the Senate this year.

Tentative plans are now under way for a campus United Nations Week.

I am also happy to announce that

since the office of treasurer was vacated this semester, Stu Wunsh will be the new Senate treasurer until elections in the spring. I know he will do an excellent job in his new position as he had always done in the Senate in the past.

We have acquired furniture for our new office in the Union and will be moving in shortly.

THE SENATE VOICE IS YOUR VOICE.

## Union Board

The student elected Union Board held its first meeting of the season on Thursday, September 18.

It has been decided that Professor Robert Daiute, of the Economics and Business Department, will be advisor to the Board.

The Union Board sponsored a Jazz Session, starring the "Jim Ellis Combo" on September 19, in the Union Lounge. It was well attended by freshmen and upperclassmen alike.

The Board has also planned dances to be held in the lounge on October 10, October 27, and November 7. These dances will be held from 9 p.m. to 12 p.m. on the above mentioned dates.

## APO

There will be an open meeting of Alpha Phi Omega, national service fraternity, this Thursday at 7 p.m., in the Book-easy, Union Lounge. Freshmen and upperclassmen are invited.

## Fiat Lux

### Alfred University's Campus Newspaper

Published every Tuesday of the school year by a student staff. Entered as second class matter Oct. 9, 1913, at the post office in Alfred, New York, under act of March 3, 1879.

Represented for national advertising by National Advertising Service, Inc., 420 Madison Avenue, New York City, New York. Subscription \$4 yearly.

Alfred, New York, Tuesday, September 30, 1958

## Letter to the Editor

Dear Editor:

After much thought on the subject, I decided to write you this week. I wasn't quite sure exactly what to say, but realized that any thought-about matter would be welcome.

So far, things haven't been going the students have not been properly informed of one way they can help to serve both themselves and their campus. And so, I would like to take this occasion to, if you please, remind you of a necessary function of the campus newspaper. I thought it would be evident, but in view of past events, I guess it hasn't been.

I'm sure many of the student body have important and relevant matters to discuss by this means, and I do hope they take the liberty of doing so.

Oh, I just wanted to check—we do address letters to the editor to Box 754, don't we?

Sincerely,  
A Friend

# Rockefeller Stops Here While on Tour of State

by Olyce Mitchell

Nelson Rockefeller, candidate for governor, and other members of the Republican party were in Alfred Wednesday on a "whistle stop" tour as a part of their 55 county campaign.

Speaking from the steps of the Carnegie Library, Rockefeller stated that young people should get into politics. Those too young to vote can participate by helping to get citizens to the polls, while those in their early 20's may actually become politicians, as did Louis Lefkowitz and Malcolm Lewis, Republican candidates for Attorney General and State Senator, respectively.

"The basic struggle," he continued, "is between people who believe in freedom of the individual vs. people who think of the individual merely as a cog in a big ma-

chine." He stressed the opportunities and freedoms which people in the U.S., and New York State in particular, have and declared that we should make use of them.

"Make the lamp of freedom burn brightly" was his final statement as he descended from the steps into the crowd—the "man in the grey flannel suit," smiling and shaking hands with faculty and students alike. Making his way to his car, he was presented with a beanie which he wore until he left Alfred.

Other Republican candidates traveling with Rockefeller were William MacKenzie, candidate for Assemblyman; Austin W. Erwin, candidate for State Senator; and James A. Lundy, candidate for Comptroller.

## Rush Season Will Start October 4

by Bert Droga and Max Lilling

Saturday, October 4 will mark the revolutionary beginning of another fraternity rush season. Eligible men will be governed by a new set of specific rushing rules which were made public at the I.F.C. smoker of September 23.

Keeping up with Alfred's scholastic requirements, no freshman may pledge a fraternity unless he has a minimum index of 0.7 at mid-semester. Moreover, no man is to be present in any fraternity except at designated rush parties, nor is any fraternity man allowed to enter the quarters of any eligible man during the rush season.

It shall be the policy of all freshmen not to indulge in fraternization off campus other than a polite "hello." No fraternity man or rushee is allowed to purchase articles for the other.

Since this year, prospective fraternity men will be judged not only on their social and athletic ability but on their scholastic aptitude, as indicated by the new minimal index for pledging, the fraternities have installed a new tutorial system to help their pledges scholastically.

In keeping with this fever of academic activity, "hell week" has been officially changed to "help week" and all houses will observe a social silence on weekends before finals of either semester.

## Library Hours

Monday-Thursday  
8:00 a.m.—5:30 p.m.; 7:00 p.m.—10:50 p.m.  
Friday  
8:00 a.m.—5:30 p.m.; 7:00 p.m.—9:00 p.m.  
Saturday  
1:00 p.m.—4:00 p.m.  
Sunday  
3:00 p.m.—5:30 p.m.; 7:00 p.m.—10:50 p.m.

## MSF

The Alfred Methodist Student Fellowship met last Sunday in Howell Hall.

Chaplain Bredenberg spoke on "A Faith to Live By." His talk was followed by recreation and refreshments.

# Mademoiselle Contests Offer Opportunity to College Women

by a FIAT LUX Staff Member

Last week, AU was visited by Miss Elizabeth Hoppin, College and Career Reporter for Mademoiselle Magazine.

The purpose of this visit was twofold. Miss Hoppin especially stressed the fact that Mademoiselle is a magazine for college women. She also wished to acquaint the women on campus with the various opportunities open to them through the magazine.

While on campus, Miss Hoppin was guest at a luncheon in her honor and also was hostess at a tea for all women interested in creative and feature writing and in the graphic and fine arts.

The tea served the purpose of introducing Miss Hoppin to these women and permitted her to discuss Mademoiselle with them.

Mademoiselle offers three contests to those interested in certain creative fields. The contests, College Board, Art, and Fiction were fully explained by the Campus Reporter.

In order to enter the College Board Contest, the applicant must

send in a specified assignment. Upon approval by the magazine, she becomes eligible for a guest editorship on the magazine staff. The group of guest editors publishes the August, College issue.

The Fiction Contest entails the writing of a short story, the winner receiving \$500 and publication of her story.

Applicants for the Art Contest submit drawings, not more than 8" and 11½". If chosen as winners, the women will be asked to illustrate the prize-winning stories.

Miss Hoppin was particularly interested in what Alfred women had to say about the magazine itself. She invited constructive criticism, especially that concerning matters appealing to college women. The question of whether there was too much fashion and not enough in the way of stories or articles was discussed, and opinions differed.

These visits by representatives of Mademoiselle have been made to outstanding colleges. Miss Hoppin told FIAT staff members that Alfred University is both unique and outstanding.

# Glidden Exhibits Works By Alumnus Nate Lyons

Glidden Galleries has recently featured an exhibition of photographs by Alfred alumnus Nathan Lyons, entitled "7 Days a Week."

Lyons' early education was directed towards business administration. During the summer of 1950, he experienced a change of direction and started summer school with a liberal arts education.

From 1950 to 1954, he was a USAF photographer and saw service in Korea from 1952 to 1953. He returned to college in January, 1955 and completed requirements here for a B.A. in English during the summer of 1957.

Lyons' name is familiar to upperclass Alfredians as a result of his having served as Editor-in-Chief of the FIAT during the season of 1956-57. He was also an editor of the Alfred Review.

Lyons' interest in photography started in 1947. He did freelance work for three years prior to entering the service. After his four years as an Air Force photographer, he did free lance work for another two and a half years.

During 1956, Lyons developed an intense interest in the creative potential of photography. Since 1957, he has been working within and towards this expression.

Lyons had a previous exhibition of work at The American Institute

of Graphic Arts in New York. His current exhibition will be exhibited at The George Eastman House of Photography at the beginning of next year.

At present, Lyons is working at the George Eastman House of Photography as Associate Editor of their journal "Image."

## Footlight Club Will Meet on Thursday

The Footlight Club will have a general membership meeting this Thursday at 7 p.m., in Greene Hall. At this time, a new president will be elected and there will be discussion of the first play which will be presented sometime about November 15.

The executive board of the Footlight Club was chosen last May. The members are: vice president Judy Chase; Secretary, Sue Schenker; treasurer and business manager, Carol Rosen; property mistress, Lisa Finelli; makeup, Dixon Shaw; publicity director, Elaine Feinberg.

Other members of the board are lighting director Harrison Gilbert; costumes, Janet Weiss; stage manager Martin Stenzler; construction manager, Glen Van Ingen; sound, Dick Kappas.

SIGH  
BUT IS  
IT ART?

## Guest Speakers Will Be Part of Chapel Service

Chapel services this year will feature guest speakers every other week. The guest speakers will be members of the faculty, chaplains on campus, and clergymen from neighboring towns. Chaplain Bredenberg will be the speaker on the alternating Tuesdays.

Dean Nelson Marshall, who spoke this morning, was the first guest speaker. In his talk he referred to the "Intellectual Life Conference" which he attended during the summer of 1957, and the "Conference on Religion in the Age of Science" which he attended this summer.

Due to the demolition of Kenyon Hall, Chapel services are being held in Alumni Hall. Chapel services are not new to Alumni Hall, for it used to be the University Chapel; built in 1851, it was formerly called Chapel Hall.

In those days the chapel services were held at 8 o'clock every morning. The order and components of the service were similar to that of the present service but the music

consisted not only of a choir, but of a pipe organ and orchestra in addition. The congregation was segregated—the women in the east half and the men in the west. During the service, students heard sermons, usually made by the president of the university, on religion and etiquette. Following the Benediction, they were dismissed for classes.

For many years the chapel has been in Kenyon Hall where it has been used for Catholic Mass and Jewish services, as well as Chapel services. Mass is now being held in Alumni Hall, while Jewish services will be held in the Gothic.

## Randall Fills Vacancy Created By Prof. Harder's Retirement

Professor Theodore A. Randall II, has been appointed acting head of the Department of Design for the coming year.

Prof. Randall, who will fill the vacancy created by the retirement of Charles M. Harder, was born in Indianapolis, Ind. After receiving his degree as Bachelor of Fine Arts from Yale in 1938, he followed in the footsteps of his parents, who are both graduates of Alfred, and in 1949 received his MFA at Alfred.

He was appointed part-time instructor here in 1951, and in 1953 was promoted to the position of assistant professor of design. Prof. Randall was also the owner of a pottery shop in Wellsville. The individually produced fine stoneware in which the shop specializes was retailed in interior decoration shops and center throughout the United States.

Prof. Randall is now Chairman of Design Division for the American Ceramic Society, and has recently been appointed to the Academie Internationale de la Ceramique, an organization which meets annually

This week, the FIAT is initiating a series of features on new faculty members. This first article will introduce to the campus Dr. Anna L. Motto, new Chairman of the Department of Classics.—Ed.

A native of New York City, Dr. Motto attended Queens College, from which school she received her B.A. degree. She then enrolled in New York University where she studied for and received her Master's Degree.

Upon completion of her studies at

in various countries. This year's meeting was in Weisbaden, Germany.

He also has recently completed an Architectural Commission for St. Stephen's Episcopal Church in Ellsmere, New York, a suburb of Albany. The sculpture which appears over the church entrance deals with the twelve apostles.

### Frosh Court

Frosh Court will be held this Sunday, October 5, at 2 p.m. in Alumni Hall. All upper classmen are urged to attend.

"George! George! Drop the Camels!"

New York University, she left New York and headed south. At the University of North Carolina, she earned her Ph. D. Here, too, on a teaching fellowship, Dr. Motto served in the capacity of part-time instructor.

Her next job took her to Washington College in Maryland. Her stay at this institution lasted four years during which time she taught Latin, Greek, and Spanish.

The summer of 1956 gave Dr. Motto the opportunity of study in Rome on a Fulbright grant. While in Italy, she studied at both the American Academy in Rome and at the Virgilian Society in Cumae, which is a small city located not far from Naples.

Of this sojourn, Dr. Motto spoke with great enthusiasm. She found

the culture of which we have all studied rich and fascinating; the people, warm and congenial. At the end of this summer abroad, Dr. Motto resumed her duties at Washington College.

### SEIDLIN SPEAKS

Dr. Joseph Seidlin, Dean of the Graduate School, will be the featured speaker tonight at the first meeting of the Wellsville Chapter of the American Association of University Women.

His topic for the evening will be "The Threat of Numbers."

More people are loyal to Camels than any other cigarette today. It stands to reason: the best tobacco makes the best smoke. The Camel blend of costly tobaccos has never been equalled for rich flavor and easy-going mildness. No wonder Camel is the No. 1 cigarette of all brands today!

Fads and fancy stuff  
are for the birds...

Have a real  
cigarette—  
have a CAMEL

R. J. Reynolds Tob. Co., Winston-Salem, N. C.

by Gail Chasin

Here we are back on campus and, perhaps because of the weather, things haven't really gotten into swing yet.

Before we go any further, congratulations to Steve Cohen upon receiving the first med school acceptance of the year, to Seton Hall.

Tau Delt had a Ratskeller Party Saturday night to start the season off right. George Obst is back on campus after a year in Mexico. Josh Fierer is pinned to Mary Bailey of Pi.

Ken Mattuci of Klan is pinned to Pat Gregory of Theta. Willy Warren, Klan '58, married Jean Leardi. Dinner guests at Klan Sunday were Mr. and Mrs. Edward Lebohner, Mr. and Mrs. James Herlick, and Mr. and Mrs. Robert Kelley.

Anne Georganta of Omicron came back after a weekend visit.

Kappa Nu had a Welcome Back Party Saturday night. The boys redecorated the entire house. Stu Wunsh is pinned to Bonnie Sussman of Sigma. KN brothers returning to campus this fall are Al Cohen and Jules Weisman.

Sigma Chi had Dean and Mrs. Gertz and Mr. and Mrs. O'Connor and their families as dinner guests Sunday.

The girls at Theta Chi were given a picnic by their honoraries at the Nelson Farm on September 23. It seems that marriage is a dis-ease up at Theta. Joan Harnett married Norm Tallen; Carolyn Ashley married George Battista; Camille Crofoot married Stan Harris; Phil Hutchinson married Bob Morton; Joan Snyder and Jean Spafford also got married this summer and Sonya Rudy is getting married this weekend.

Dinner guests at Pi Alpha this past Sunday were Dean Margaret Klitzke and her two children. Sue Baker is pinned to Herb Mossman, Annapolis, Class of '60. Nan Coots is engaged to Robert Graves.

### Eyes Right

The Eyes Right Club announced that it will sell Fiat Lux cuff links that will match the Fiat Lux pins worn on the ROTC uniform. This sale is open to all students of both sexes.

The club will also sponsor a Drill Team, under the co-ordination of Cadet First Lieutenant Robert C. H. Hildebrandt. There will also be a Rifle Team that will have varsity status. The team is open to all students.

## Alfred Is Second Home To New Indian Student

by Dick Fuchs

The following is an interview with one of AU's foreign students. —Ed.

After giving his name, Guntant Ajemera asked in his native tongue, "Tera Nam Kya Hei?"

This native of India who enrolled here after only two weeks in America, has come to study ceramic technology. A graduate of the University of Bombay, India, Guntant holds a bachelor of science degree.

With all of his family in India, one might think that a stranger wouldn't quite so easily adjust to his new surroundings. But in this case the opposite is true.

Ajemera is highly impressed with America's school system and enjoys the friendly atmosphere of dormitory life here at Alfred.

At meal time, subject to questions from his many newly acquired friends, Guntant barely has time to finish his vegetarian meal. His Hindu religion suggests a diet without meat, however, leaving that culture, he has tried our various dishes but still maintains that he cannot enjoy eating meat.

Guntant heard of Alfred at the U.S. Information Center in Bombay. He hardly realized what this graduate school would hold in store for him.

He enjoys our climate and is

looking forward to the colder weather. His interests lie in driving, swimming, writing and a great desire to learn how to dance. "I don't like Rock and Roll but dancing seems like fun."

Guntant is displeased with the segregation situation in the South and states that at home there is no such discrimination. Only a case system governed by a Senate with legislative offices headed by the Prime Minister exists.

"I plan to return after graduation to my homeland, India," says Guntant, "but I will always remember well my second home at Alfred."

### Newman Club

The Newman Club held its first meeting at Howell Hall on Thursday, September 18th.

The Reverend Donald Beechler, Alfred's new Catholic Chaplain, discussed his plans for this year's Newman Club and its correlated religious classes.

The new president, Bill McDonough, a junior of Lambda Chi fraternity, also proposed some ideas for the reorganization of the Newman Club policy.

These will be based upon the arrangement of the Newman Clubs in the larger universities throughout the U.S. Included in this outline are regular discussions of problems confronting young adults today.

The year's program was to be set up at the next meeting, Thursday, Sept. 25.

## Men at ROTC Summer Camp Receive Sharpshooter Medals

Between June 21, 1958 and August 1, 1958, 37 men of the Alfred University Advance ROTC course attended summer camp at Fort Bragg, N.C. Fifty percent of the men at summer camp received sharpshooter medals.

Fourteen men received Distinguished Military Student awards. They were Roger L. Austin, Robert C. H. Hildebrandt, George C. Hoffner, Samuel E. Iorio, Lenwood D. Pye, Donald J. Ulmer, Franklin J. Bullis, Donald C. Cook, Robert L. Cranston, Konstandenos G. Kokis, Leonard L. Simon, William F. Sturm, Michael A. Tobias, Duane R. Secrist. The requirements for this award are that a man must be in the upper 1/2 of his University class and in the upper 10% of his ROTC class.

Major Walter R. Davis said of summer camp: "It would be hard to over-emphasize the importance of the Summer Camp training to the Advanced Course ROTC student. While all the Alfred students handily met all the rigid training requirements of this camp, several were able, in the annual practiced work program, to demonstrate proficiency and leadership potential that we could only guess at prior to the camp training. For these, the camp was a wonderful experience. They are the highest ranking ca-

dets in the Alfred Cadet Corps today."

This year, in a move to increase proficiency, there will be one hour of drill per week and the men will be formed into companies. There will be drill come rain or shine so that this year all men will be thoroughly accustomed to marching in large groups of men.

If anybody knows anything about the whereabouts of a bowling ball (initials D. H.), bag and shoes, that were taken out of a parked car in the library parking lot, please get in touch with DAN HEIM-BACH, Box 268.

## The Sports Corner

by Jay Henis—Fiat Lux Sports Editor

To Alex Yunevich,  
Alfred Football Coach

Dear Coach:

Well, it was a rough game. We didn't do too well, but I guess you can't expect a team with so many freshmen on it to operate efficiently right off the bat. Coach, we could be optimistic and look on the bright side. I mean we did lose 36 to 0, but then it could have been worse. Oh yes, it could have been a lot worse.

Why, it was just 42 years ago, on October 7, that little Cumberland University sent its gridders to Atlanta, Georgia to play Georgia Tech. Cumberland dropped that decision to the "Ramblin' Wrecks" by a fairly large margin. As a matter of fact, the final score was Tech 222, Cumberland 0. It was and still is, the biggest intercollegiate defeat on record.

The late Grantland Rice summed up the game very well in his on-the-spot account of the day's activities when he reported, "Cumberland's greatest individual play of the game occurred when fullback Allen circled right end for a six-yard loss."

The official scorer's report of the game begins, "Preas kicked off for Tech to Carney, who was downed in his tracks. Gouger made three yards. MacDonald failed to gain and punted to Preas, who ran the ball back to the Cumberland 20. Strupper went around left end for a touchdown. Preas kicked goal. Score: 7-0." All this took one minute of playing time and was typical of the whole game. Cumberland would receive and kick; Tech would go for a touchdown.

At the end of the first quarter the score was Tech 63, Cumberland 0. "Beginning the second quarter," declares the official report, "MacDonald kicked to Turner, who returned to Cumberland's 20. Senter went for a touchdown. Preas kicked goal. Score: 70-0."

It is pointless to continue. The score of the second quarter matched the score of the first: 63-0. The first two quarters were shortened to 12½ minutes each on request of the Cumberland coach, who probably had an idea before the game that his boys were a little outclassed. The last two quarters were further shortened to 10 minutes on the request of this same gentleman, who was sure by then that his boys were a little over matched.

The Tech coach was somewhat impassive at the halftime. He made the following speech to his team in the dressing room. "You're doing all right, team," he declaimed. "We're ahead."

(Continued on Page 6)

## Finnerty On Coast

After the close of the regular track season last semester, Alfred's Frank Finnerty had the honor of representing his school at the IC AAAA track and field champion ships at Villanova, Pennsylvania, and at the National track and field championships at Compton, California.

At the ICAAAA meet, Finnerty qualified for the finals in the 880 yard run, with a trial clocking of 1:51.9. However, he was pushed off the track at the start of the final event and did not place. His time was 1:54. In the same meet, he also ran the mile in 4:14, but did not qualify for the finals.

The following week, at the Nationals in California, Finnerty ran the 880 in 1:51, and did not qualify for the finals. His mile trial of 4:12.2 also did not qualify him for the finals. As recently as three years ago these times would have assured him of a second or third place finish. In this meet his mile time was only twelfth best.

His clockings of 4:14.2 for the mile and 1:51 for the half mile are the fastest times for those events ever recorded by a Saxon trackman. However, they must remain unofficial records because he did not win the events in which he recorded them.

### Rent a Print!

This year the University has designated October 1, 2 and 3 as Print Days.

On these days, students and faculty members will once again be able to rent reproductions of famous art works at the nominal fee of 50c to \$1.50.

The prints will be available for inspection at the Herrick Memorial Library from 2:30 to 5:30 p.m., during Print Days.

## WAGB Offers Variety Of Sports to University Coeds

As in other years, women's sports will play an important role in the 1958-59 season. Roberta Armstrong, president of The Women's Athletic Governing Board, reminds all co-eds that "... we have a broad field of sports open this year to girls, and we certainly hope a lot of them will participate and get enjoyment out of playing."

This week a tennis tournament for freshmen and transfer students began. Next week the upperclass women will be challenging each other in singles and doubles. Field hockey and volleyball also will get under way next week. WAGB urges all women who can to participate in these fall sports.

There will be inter-house and inter-class competition in the various team sports. If enough interest is shown, several other sports will be offered: swimming (Hornell YMCA pool), fencing, bowling, and modern dance. Sign up sheets will be posted in the dorms later on during the year. WAGB hopes Alfred girls will desire these activities and make them permanent women's sports.

On October 5, Roberta Armstrong and Kathy Erb will travel to Cort-

land to plan various playdays with other schools. In past years, Alfred, a member of the Central New York Women's Athletic and Recreation Association, has had playdays with such schools as Plattsburg State, Cazenovia, Rochester, Wells, Cortland and Cornell.

## Intramural Sched Planned

This year the intramural program at Alfred will prove to be an extensive one. Besides the traditional competition in football, basketball and other minor sports, there will be added competition in bowling and tennis.

The football program calls for participation by the six campus fraternities, who will play on the weekends. The rules governing the pigskin rivalry will be the same as last year's.

Coach Pete Smith hopes to start the basketball season before the Christmas recess. The hoopsters will probably play on weekday nights and available weekends.

## Do You Think for Yourself? (THIS TEST WILL TELL YOU! \*)

Do you often dislike doing favors for others, even though you tell yourself you enjoy it?

YES ☐ NO ☐

Can you compete with another person without feeling hostile?

YES ☐ NO ☐

Do you refuse to worry about things you can't do anything about?

YES ☐ NO ☐

Do you ever say things you don't believe, just to start a discussion?

YES ☐ NO ☐

Would you be completely at ease if you found yourself suddenly in the spotlight at a social gathering?

YES ☐ NO ☐

When you're very hungry, do you like to try out strange foods?

YES ☐ NO ☐

Would you vote for establishing an international language other than English?

YES ☐ NO ☐

Do you enjoy being called upon as an umpire to settle disputes?

YES ☐ NO ☐

## The Man Who Thinks for Himself Knows...

ONLY VICEROY HAS A  
THINKING MAN'S FILTER...  
A SMOKING MAN'S TASTE!

Now answer this one: Do you really think about the filter cigarette you choose? YES ☐ NO ☐  
If your answer is "Yes"... well, you're the kind of person who thinks for himself. You can be depended on to use judgment in everything you do. The fact is, men and women who really think for themselves usually smoke VICEROY. Their reason? Best in the world. They know for a fact that only VICEROY—no other cigarette—has a thinking man's filter and a smoking man's taste.

\*IF YOU HAVE ANSWERED YES TO 6 OF THESE QUESTIONS, YOU ARE A PERSON WHO THINKS FOR HIMSELF!

©1958, Brown & Williamson Tobacco Corp.

## Saxons Downed By Red Dragons; 36-0

Last Saturday was a most unhappy day for football coach Alex Yunevich, as his charges were defeated 36-0 in the mud and rain at Cortland. It was the worst defeat suffered by an Alfred team since 1947 when the Red Dragons from Cortland whipped them 37-0.

Considering the evil weather, there was an impressively large turnout at the game. A surprisingly large group of students made the trip from Alfred to Cortland to see the season's opening game.

Unfortunately the Alfred rooters had little to cheer about as Cortland jumped into the lead with less than three minutes gone in the game. The first score was an 18

play of Tom Cechini and Joe Yanzuzzi.

Of course, in spite of the rather dismal final score it is to be hoped that the experience gained by the promising but until now, untested freshmen, will help this young team to develop the potential it definitely has.

## I. M. Bowling New to Alfred

The new intramural bowling league was inaugurated last Tuesday night at the Ag-Tech Lanes. The bowling competition is being given equal status with the other major intramural sports.

There are six fraternity and two independent teams in the league. Five members of each team bowl in every game and there are three games each evening. One point is awarded to the winner of each game and one point is awarded for total pins.

The standings of the teams after one night's bowling are:

Kappa Nu	4 0
Kappa Psi	4 0
Delta Sig	4 0
Gutter Dusters	4 0
Klan Alpine	0 4
Coca Cola	0 4
Lambda Chi	0 4
Tau Delt	0 4

High Team Total—Kappa Psi

2334

2nd High Team Total—Gutter

Dusters—2208

High Individual Total—Smith—559

2nd High Individual—Pike—540

## Cross Country Season Opens

by Martin Klein

October 4 will mark the debut of Alfred's cross country team as they play host to Cortland and Canisius in a triangular meet at 2 p.m. on Terra Cotta Field.

Despite the return of seven lettermen from last year's squad, Coach Milton Tuttle is not looking forward to a very bright season. The squad will be hampered by the loss of Joe DiCamillo, last year's number one runner, and Larry Sweet, who has dropped out of competition this year to devote more time to his engineering studies.

However, it is encouraging to note the return of Frank Finnerty, small college cross country champion of 1956. Finnerty also holds the Alfred University mile and half-mile records and is the current state champion in both these events.

Finnerty, and returning veterans Warren Sutton, Carl Blanchard, Larry Eaton and Paul Lucas are expected to carry most of this year's burden. Coach Tuttle, however, does have hopes that some of the nine freshmen on the squad will fill the holes created by the departure of Eaton and DiCamillo. However, before they can they will have to adapt themselves to the college distance of four to five miles.

A freshman meet over a distance of two and one-half to three miles will precede all varsity competition. All spectators are welcome.

### CROSS COUNTRY SCHEDULE

Oct. 4	Cortland & Canisius at Alfred
Oct. 11	Buffalo St. & W. Ontario at Buffalo
Oct. 18	Colgate at Alfred

## Tradition To Be Broken, Afternoon Ball Tried

Afternoon football, an activity hitherto unknown at Alfred, will be tried out for the first time in University history this year. Alfred University, although a non-sectarian institution, has in the past been unwilling to schedule afternoon football, in deference to the traditions of the Seventh Day Baptist Church, whose members observe the Sabbath on Saturday.

However, in recent years, the administration has found it increasingly difficult to schedule Saturday evening football games because of the reluctance of many schools to play at night. There are no facilities in or around Alfred capable of affording sleeping accommodations for a visiting team. As a result our opponents were

faced with a long bus ride back on the same night that they played. Often they would not arrive back at their own school until four or five o'clock the following morning.

Many schools also felt that Alfred had an unfair advantage when they played under the arcs because the Saxons were used to playing under night conditions.

Another factor that has made the change to afternoon football almost inevitable is the cold weather which makes it very uncomfortable to sit through a football game at night.

The University, recognizing these conditions has decided that this was the time to institute afternoon football.

## The Sports Corner

(Continued from Page 5)

(By 126 they were ahead.) "But you just can't tell what those Cumberland players have up their sleeves. They may spring a surprise. Be alert men! Hit 'em clean, but hit 'em hard!" This classic bit of optimism is now football legend.

After the final gun sounded and they had scraped the last vestige of Cumberland off the field, the following records had been set, and have stood through the years: biggest score; greatest number of touchdowns and points after touchdown; highest score for one quarter; most points kicked after touchdown by one player; greatest number of players making touchdowns (13); greatest number of yards gained in one game (978). To these records one other must be added. Neither team made a first down. Cumberland couldn't and Tech made touchdowns instead.

So you see, Coach, it could have been a lot worse.

Sincerely,  
Optimistic editor

THEY SAID IT COULDN'T BE DONE - BUT TODAY'S L&M GIVES YOU-

Four field goals in one game by a man who'd never kicked one before! Bobby Conrad himself said, "I never kicked a field goal in high school or college. In fact, I never even tried." But the amazing Texas A&M back broke two All Star records by booting four three-pointers, including one for 44 yards, as the 1958 college stars upset the Detroit Lions, 35 to 19. Conrad is now a Chicago Cardinal.

Puff  
by  
puff

Less tars  
& More taste

DON'T SETTLE FOR ONE WITHOUT THE OTHER!

Change to L&M and get 'em both. Such an improved filter and more taste! Better taste than in any other cigarette. Yes, today's L&M combines these two essentials of modern smoking enjoyment—less tars and more taste—in one great cigarette.
