November 17, 1921

Mr. Meredith Davis,  
Alfred, New York.

My dear Mr. Davis:-

I have received report from the  
Class Counsellors that you are not  
doing good work in Physics, Chemistry,  
German or Calculus.

I would like to have you come and  
see me as soon as you can arrange it,  
so that we may talk the matter over  
and find out where the difficulty lies.

Yours very truly,

Director.
