Nurses' Home
Johns Hopkins Hosp.,
Baltimore Md July 9.

Dear Mr.Binns:

I find it impossible to
study with you this summer.
If your fall and winter
classes are full how about
your spring classes? When
does the spring trimester begin?
I have studies pottery a year
and have taught it eight months
as a Reconstruction Aide. I am
very anxious to go further into
it. And I want your methods.

Yours sincerely,
Fanny Bell Bowles.
