### Alfred University Online Photo Library - Gallery Server Pro

AU's faculty/staff photo library, Gallery Server Pro (<http://gsp.alfred.edu>) has expanded over the past year!

Hundreds of images have been added since Gallery Server Pro (GSP) was originally launched in the fall of 2015, and new ones continue to be added almost daily.

Below is a refresher for all faculty/staff.

This searchable photo library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, selected campus events, official AU Faculty/Staff portraits, and much more.

GSP images are in folders cataloged by semester, by month and by topic, and as new photo

assignments are completed, selected images are cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

#### WHO CAN ACCESS GALLERY SERVER PRO?

GSP is accessible to any faculty or staff member who has been provided access by ITS. It is NOT accessible to students, or to the public.

#### TO ACCESS GALLERY SERVER PRO

1. Go to [our.alfred.edu](http://our.alfred.edu) and hover over the left-hand side menu item "Faculty/Staff." The Gallery Server link is the 13th item listed in the fly-out menu.
2. Type in <http://gsp.alfred.edu> in your browser

Once GSP launches in your browser, you will need to enter your AU username (not full email) and email password.

#### IF YOU HAVE TROUBLE ACCESSING GSP

Those who haven't yet accessed GSP, must email Steven Bucklaew of ITS ([bucklaew@alfred.edu](mailto:bucklaew@alfred.edu)) who will provide access and confirm it via email soon after he receives the request. It usually happens within minutes!

#### BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), we recommend you email Rick McLay ([mclay@alfred.edu](mailto:mclay@alfred.edu)) or Judy Linza ([linza@alfred.edu](mailto:linza@alfred.edu)) with a brief description of which image(s) you are downloading, and where it is going to be used.

#### DOWNLOADING AN IMAGE

There are two recommended downloadable formats:

1. Web optimized (low resolution but full size), and 2. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

#### ATHLETICS PHOTOS

Please contact Mark Whitehouse, AU's Sports Information director ([whitehouse.alfred.edu](mailto:whitehouse.alfred.edu)) if you have any questions regarding access to and usage of athletics images.

If you have any questions about GSP, or if you have images that you would like to be considered for inclusion, please contact Rick McLay at [mclay@alfred.edu](mailto:mclay@alfred.edu) or Ext. 2736.

### ICU looking for presenters on cultural awareness workshops

Alfred University's Institute for Cultural Unity is looking for professionals interested in presenting twenty-minute talks on relevant topics as part of our "Wednesday Talk & Response" series. The

institute is a source of diversity education and multicultural programming. The institute is a resource center that develops self-awareness and respect for others through the sharing of experiences and cultures. Through this, we hope to create a stronger community here at Alfred and expand our educational philosophy even further.

We would like to invite anyone who would be interested, to hold a short talk of no more than twenty minutes followed by small group discussion based on three questions of your choosing. Our focus areas include diversity, inclusion, tolerance, social justice or any topic that helps unites a community rather than divide. Topics will range from the timely "What is a Sanctuary Campus?" to the lighter "Why Beyoncé's Lemonade Matters?" (right before the GRAMMY Awards).

If you are interested in presenting a topic, or have any questions, you can contact me by e-mail at [ic3@alfred.edu](mailto:ic3@alfred.edu).

Thank you for your consideration.

### Romancing the Toaster: Works by Myles Calvert

Cohen Gallery

January 27-February 22, 2017

Opening reception Friday, January 27, 6-8pm

Artist Talk Thursday, February 2, 4:30pm in Binns C co-sponsored by Print Club

Calvert's work explores the relationships that develop between everyday objects and popular culture references. Following the ideals of Romanticism, emphasis is given to an individual experience of emotion. A moment of spontaneity allows for humour and a subtle twist to avoid an overwhelming glorifications of the past through objects of the mundane. His influences are heavily drawn from contemporary and modern printmakers such as Richard Hamilton, René Magritte, and the self-promoting antics of the YBA (Young British Artist) culture. Myles Calvert was born in Collingwood, Ontario (Canada). He attended the University of Guelph with a focus in printmaking and art history, before traveling to London, UK where he completed his MA in Printmaking at Camberwell College of Art (University for the Arts, London). Major bodies of work included mass installations of screen printed toast and the idolization of popular British celebrity.

### IEA Visiting Artist: Laura Splan

February 20-24, 2017

The Institute for Electronic Arts at the School of Art and Design of the New York State College of Ceramics

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Laura Splan of Brooklyn, NY, will be joining the Institute for Electronic Arts for an artist residency the week of February 20th. Laura, who received her MFA at Mills College in Oakland, California, explores intersections of art, science, technology, and craft in her work. In recent work, she has been using her own body to generate bio-data to be used in the production of sculptures and images, a project that has manifested itself in a variety of materials and formats including computerized jacquard woven tapestries and 3D printed sculptures.

Throughout her residency, Laura intends to create computer generated animated weavings from bio-data collected via Arduino microcontrollers. The waveforms generated from this data will be used in AfterEffects and other software with animation, sound, parenting, and expressions to create animated weavings that visualize and embody the experiences from which they were derived.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

### Jeff Whetstone Visiting Artist Lecture

February 22, 4pm

Nevins Theater

Cost: Free

Sponsored by: The Division of Drawing, Painting and Photography

The Division of Drawing, Painting and Photography is pleased to present visiting artist Jeff Whetstone.

Jeff Whetstone's photographs and films imagine rural America through lenses of anthropology and mythology. Whetstone's Post-Pleistocene photographs illuminate the depths of wild caves in Alabama and Tennessee, where layers of human markings reveal millennia of cultural evolution. His ongoing New Wilderness project portrays a human-centric American wilderness and questions how our cultural connection to the mythology of the wild is revealed in contemporary times. Whetstone's work interrogates the stereotypes of rural people--ignorance, poverty, and self-destruction--and explores the complicated bond between people and the landscape.

Whetstone's work has been exhibited widely in group and solo exhibitions, including the Nasher Museum of Art at Duke University, Karyn Lovegrove in Los Angeles and Higher Pictures and Wallspace in New York. In 2007 he received a Guggenheim Fellowship his work New Wilderness and his work has been reviewed in the New York Times, the Los Angeles Times, The New Yorker, New York Magazine, and Art News, among others. Whetstone is represented by Julie Saul in New York and is currently a Professor of Visual Arts at Princeton University.

### Faculty Research Mentor Award 2016-17

The Office of the Provost continues to acknowledge and reward faculty who are outstanding mentors for undergraduate research and scholarly activity. The Faculty Research Mentor Award recognizes those individuals who are outstanding mentors to students engaged in research or scholarly activity and are actively engaged themselves in advancing scholarship in their field.

Up to one award will be offered in each of the following categories this academic year: physical/life and mathematical sciences, undergraduate engineering, social sciences, humanities, visual and performing arts, and professional studies.

Students or faculty wishing to nominate a faculty member for this award should send a nomination letter to [argus@alfred.edu](mailto:argus@alfred.edu) by Monday Feb. 27; self-nominations will not be considered.

A more detailed announcement, including the required contents for the recommendation letter, is available on the Office of the Provost website.

If you have questions, email Frederic Beaudry ([beaudry@alfred.edu](mailto:beaudry@alfred.edu)), and if you have an outstanding faculty research mentor, nominate them today!

### About MyAU Portal

ITS is very excited about the launch of the new combined student-employee MyAU portal. Please find attached a document About MyAU portal.

The new portal will serve the educational and informational needs of both students and employees. MyAU is a mobile-responsive design, and provides easy access to frequently sought-after information in a single dashboard display. This portal dashboard is fully-customizable allowing campus users to reorganize the display of information based on their personal need. The portal dashboard has useful components including...

- Ade Dining Hall menu
- Access to the U:Drive
- A daily listing of campus events
- Campus directory of students and employees
- Today's Weather
- Residence Hall laundry machine availability (students)
- Network account password change module
- Personalized Web link organizer
- Local movie listings
- Printing balance (students)

### Soulful Sit-downs

Soulful Sit-downs is a series of student-led conversations intended to address some of life's biggest questions and, ultimately, connect us as human beings. This is NOT group therapy, nor is it a formal lecture. This is a chance to have deeper conversations with your peers on topics such as gratitude, purpose, vulnerability and love. Soulful Sit-downs provides a safe space to exchange ideas and carry on conversations free from judgement.

Come and listen or contribute to the conversation yourself!

Refreshments will be provided.

When: Mondays 7:30-8:30 pm  
Where: Herrick Library Room 106

Feel free to contact one of our facilitators if you have any questions!

### Solar Eclipse 2017

August 21, 2017, there will be a total eclipse of the Sun visible across a long, narrow strip of the US. AU will be leading a trip to Missouri to see it. The next eclipse visible in the US will be in 2024.

There are two ways you can be part of this trip:

1. ASTR 200- Eclipse 2017 is an A block, intro-level course for 2 credit hours that begins with the eclipse. It carries lab credit. (F-I, F1) Students registered for that course will have a big part of the expense for the trip subsidized by the University. (we estimate your cost at under \$200).
2. Alums, faculty, students and friends of the University can attend as "full-pays", with an estimated cost of about \$500. Less if we fill the bus.

For more information contact Dave Toot [tootgd@alfred.edu](mailto:tootgd@alfred.edu) or see Stull Observatory at Alfred University Facebook page
