

What kind of music do 'rosin-eating zombies' play?

10/28/03

"Rosin -Eating Zombies From Outer Space?"It's possible. The Alfred University Symphony Orchestra, directed by Dr. Lisa Lantz, associate professor will be hosting a Halloween Costume Concert at 7:30 p.m. Thursday, Oct. 30, in Holmes Auditorium on the AU campus. In addition to some very ghoulish selections from an even more ghoulish orchestra, the Alfred University Chamber Singers will join the orchestra for "Monster Mash." AU student, Robert Baynes, who is also a magician, will present some Halloween magic trickery. Concert-goers are invited to come in their "Halloween Best" (costumes) for this "trick or treat" special concert.
