My dear Prof:

I am wondering if is not
perfectly all right, for me to jog your
memory a bit, regarding a letter or
something, relative to my year in your
Affed Ceramic School?

It might help me; any way, it
might prove, that my statements, were
true regarding a year of work there.

I am expecting to start on a trip
to Italy. & thought that possibly this
might be of use for I want to see
what I can, in the line of pottery
chairs &c.

I have a very strong feeling,
that I shall find no better school of
it's kind, any where, in this country.
I really enjoyed my work, this
past year, more than I can tell &
consider it a wonderful opportunity.

I appreciate the great privilege of
a year there. It was a treat for me,
* I thank you for it all.

Very sincerely yours.
