## Visiting Artist Lecture: Paul Scott

Wednesday, November 9th  
4:30 - 6:00 pm  
BMH 106 (Room C)  
Free  
Sponsored by: School of Art & Design

Paul Scott is an artist, gardener, author and educator known for characteristic contemporary transferwares. His artworks can be found in many collections and public spaces around the globe, including V&A London, National Museums of Norway, Scotland, Sweden, Wales, The Museum of Art and Design in New York, Newark, Carnegie, Chip stone and other Art Museums in the USA.

He was awarded a PhD from Manchester Metropolitan University in 2011, and is currently Professor 2 at the Oslo National Academy of the Arts (KHIO), Norway. His latest book, Horizon, Transferware and Contemporary Ceramics, was published by Arnoldsche Art Publishers in January 2015. In September 2015 he received an Alturas Foundation Artists Award for his research project New American Scenery.

I create artwork that blurs the boundaries between fine art, craft, and design. Using altered antique wares, digital tools, decals, collage, storytelling and remediation, I re-animate traditional blue and

white transferware for the twenty-first century. My work tells stories that explore the unexpected movement of images through materials, media, cultures, politics, histories, and geographies.
