AU Photo Library Online - Gallery Server Pro

AU has a new searchable photo library, Gallery Server Pro (<http://gsp.alfred.edu>), accessible to AU faculty/staff. This library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, to selected campus events. To access, please go to our.alfred.edu and scroll down the left-hand side to Faculty/Staff. Click on Faculty/Staff and scroll down to Gallery Server Pro.

Gallery Server images are cataloged by semester, by month and by topic, and as new photo assignments are completed, additional images will be cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

NOTE: The images have been carefully selected from more extensive photo sessions that include alternative views and formats (landscape vs portrait). Those images are archived separately and you will need to contact Rick McLay, director of Creative Services at 2736 (mclay@alfred.edu) to inquire about those additional images. There is also a separate folder dedicated to faculty/staff portraits, many of which were completed the week of Aug. 17, 2015.

BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), please contact Rick McLay (mclay@alfred.edu) or Judy Linza (linza@alfred.edu) with information on which images you are downloading, and where they are going to be used.

TO DOWNLOAD

Access to Gallery Server requires AU username/password to review images and to download in three formats: 1. Thumbnail (small image), 2. Web optimized (low resolution but full size), and 3. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

ADDING PHOTOS TO THE AU PHOTO LIBRARY

We welcome the opportunity to obtain images from faculty and staff. Though much effort goes into documenting as many things as possible on campus, it is impossible to cover it all. When there are events such as art shows, or special lab/classroom activities that faculty/staff are photographing, we would very much like to review those images so that the library is as comprehensive as possible. Please contact Rick McLay if you have images that you think should be considered for this.

ATHLETICS PHOTOS

Current images of athletics events are available at (<http://gosaxons.com>). By contractual arrangement with the professional photographer, there will be a charge for athletics images. Mark Whitehouse, AU's Sports Information director (whitehouse.alfred.edu), is the contact regarding usage.

If you have any questions or suggestions for photos you want cataloged and included, please contact Rick McLay at mclay@alfred.edu or Ext. 2736. If a student requests access, please contact Rick McLay.

Cat Problem- Email Me If You Want to Help Cats!

My name is Lauren Schramm and I am the village coordinator for the trap-neuter-return program. Like many others in the village, I have had trouble with the cat problem in Alfred. I sympathize with the cats and therefore wanted a solution to the problem.

After reading what other locations have done, I came to the conclusion that the most effective method to solve the problem was TNR or trap neuter and release. This has worked well for many other towns, cities, and universities.

A group called Ally Cat Allies specializes in helping towns with the process. Since the village has publicly endorsed TNR as a solution to the Alfred cat problem the group has promised financial assistance.

In order for TNR to be effective the public needs to be involved in two ways:

1. caretakers of cats need to stop feeding cats during the trapping process
2. a list of locations and abundance of cats needs to be created.

Lastly, I plan to trap in the spring and help doing so would be greatly appreciated. If you or anyone you know is interested in helping Alfred's cats please let me know. les5@alfred.edu
