## Four teachers granted tenure at A-A

By DAVID L. SNYDER  
Editor and Publisher

ALMOND--Personnel matters highlighted the actions of the Alfred-Almond Central School Board of Education at its regular monthly meeting held at 6 p.m. Tuesday, June 9 in the high school auditorium.

Four teachers were granted tenure:

--Molly Turner was granted tenure in the area of education of children with handicapping conditions, effective Sept. 1, 2010. She holds professional certification in Students with Disabilities (Grades 1-6) and an initial certification in literacy (Birth-Grade 6).

--Jessica Dunning was granted tenure in the area of elementary education effective Sept. 1, 2010. She holds initial certification in Early Childhood Education (Birth-Grade 2) and Childhood Education (Grades 1-6).

--Lindsey Bialecki was granted tenure in the special subject area of education of children with handicapping conditions (general special education) effective Sept. 1, 2010. She holds initial certification in Students with Disabilities (Grades 1-6) with a concentration in Childhood Education, and initial certification in Childhood Education (Grades 1-6).

--Benjamin Link was granted tenure in the area of elementary education effective Sept. 1, 2010. He holds initial certification in Early Childhood Education (Birth-Grade 2) and initial certification in Childhood Education (Grades 1-6).

In an effort to restrain district expenses for the 2010-2011 school year, four positions were eliminated.

At the recommendation of Superintendent Richard Nicol, the board agreed to eliminate one cleaner position, one teaching position in the elementary tenure area, one teaching position in the Spanish teaching area and one teaching assistant position.

In another personnel matter, the board appointed Andrew Michalak to a temporary 11-month 7 hours/day substitute typist position effective Sept. 7, 2010 and ending June 30, 2011. His salary will be \$11.40/hour in accordance with the Alfred-Almond Support Staff Association

contract.

The Board of Education approved Summer School appointments as follows:

--Cheryl Kress, reading teacher, permanent certificate in reading, salary of \$45.40/hour for 30 days at 4 hours/day.

--Sheila Palmiter, special education teacher and elementary teacher, permanent certificate in both special education and elementary education, salary of \$38.61/hour for 30 days at 4 hours/day.

--Dave Brady, driver education teacher, certified, salary \$7,200 stipend, 30 days, 8 hours/day.

--Anne Walsh, speech and language teacher, permanent certificate in speech & hearing, salary of \$38.61/hour for 18 days at 4 hours/day.

--Wendy Matalca, teacher aide, salary of \$11.87/hour for 30 days at 4 hours/day in accordance with the AASSA contract.

--Polly Mehlenbacher, teacher aide, salary of \$11.43/hour for 30 days, 4 hours/day in accordance with the AASSA contract.

--Cindy Getman, teacher aide, salary of \$10.93/hour for 30 days, 4 hours/day in accordance with the AASSA contract.

The Board of Education also approved salaries for the classified confidential employees for the 2010-2011 school year as follows:

--Bryan Burdick, Supervisor of Transportation, \$51,531.

--Joanne Demetreu, secretary to the Superintendent and District Clerk, \$17.25/hour.

--Sally Dieter, Sr. Account Clerk-Typist & District Treasurer, \$17.51/hour.

--Crystal Drumm, Cook Manager, \$13.80/hour.

--Rebecca Graves, Sr. Account Clerk-Typist & Tax Collector, \$15.08/hour.

--Gene Snyder, Superintendent of Buildings and Grounds, \$60,371.

Alfred State honors keynote speaker

ALFRED—Nearly 900 two- and four-year graduates, their families, professors, and friends were on hand Sunday, May 16, as Alfred State College honored its 99th graduating class. Presiding over the ceremony was Dr. John M. Anderson, college president. Keynote speaker for the ceremony was Alfred State College alumnus William H. Goodrich, '84, president and CEO of LeChase Construction, Rochester. Goodrich's talk, titled "What Life Are You Waiting For?" outlined the key attributes graduates need to propel themselves on their life journey. Following his address, President Anderson honored Goodrich with the President's Medallion, an exact replica of the medal worn by Anderson, for his support and many contributions to

Alfred State prof to score AP exams 8th straight year

ALFRED—Dr. Earl Packard, assistant professor and chair, Mathematics and Physics Department, Alfred State College, was selected to participate in the annual Reading and scoring of the College Board's Advanced Placement Examinations this June in Kansas City, MO. He will be reading the calculus exams for the eighth consecutive year. More than 2.9 million examinations from more than 30 AP courses will be evaluated by over 10,000 AP Readers from universities and high schools. Representing many of the finest academic institutions in the world, these educators come from the United States, Canada, and abroad. Packard, who joined the ASC faculty in 2003, holds a PhD in mathematics from Tulane University, a bachelor of science of education (BSE) in mathematics from Mansfield University, and a bachelor of science degree in music education from Mansfield State College. Prior to joining the ASC faculty, Packard taught at Kutztown University (PA) and the University of Arkansas, Monticello.

Named to Dean's List

POTSDAM--Nathan M. Torkaman of Alfred, a sophomore majoring in mechanical engineering, has been named to the Dean's List for the spring 2010 semester at Clarkson University. A graduate of Alfred-Almond Central School, Nathan is the son of Masoud Torkaman and Lucinda Snyder of Alfred.

Engagement announced

HONEOYE FALLS--Barbara and Richard Mueller of Honeoye Falls are pleased to announce the engagement and forthcoming marriage of their daughter, Sarah, to Philip Szrama, son of Marcia and John Szrama of Orchard Park. Sarah's grandparents are Gene and Sally Mueller of Canandaigua. A July

the college. Anderson noted that Alfred State is proud of this special alumnus who has accomplished much, personally, professionally, and on behalf of his alma mater and read a proclamation which stated: "Bill has effectively advocated on behalf of the Construction Workforce Development Center at the School of Applied Technology in Wellsville; has consistently served as an advocate for Alfred State College; has consistently served as an advocate for the State University of New York; is recognized as one of Western New York's most effective and successful business leaders; is a leader of LeChase Construction, a company that employs over forty Alfred State College graduates; has been a consistent investor in the College and a persuasive advocate for others to

do the same. Therefore, on behalf of Alfred State College and its constituents, I am delighted to present the President's Medallion to William H. Goodrich in recognition of his outstanding contributions to Alfred State College." Other speakers during the ceremony included AJ LaMere, Rochester, chair, ASC Student Senate, who gave the welcome from students, and student speaker Elizabeth Brutsch, East Chatham, who received a bachelor's degree in architectural technology as well as an associate's degree in interior design at the ceremony. Pictured here, Goodrich, center, displays the framed proclamation; he is flanked by Anderson, right, and Charles Craig, member, Alfred State College Council, who presented him with the medallion.

Scene About Alfred

By SHERRY VOLK  
An occasional column inviting readers to identify the scene and appear at Tinkertown Hardware with the correct answer, the first of whom will receive a monster cookie. The identity of the event or scene will appear in the next edition of the ALFRED SUN.

I LOVE it when people call and let me know that they have a photoworthy "scene." Sandy McGraw knew I would really enjoy seeing this dinner-plate-size fungus growing out of a stump near their campfire site. It's one of the most beautiful ever, as far as both Sandy and I are concerned.

Village Board sets hearing on law change

By LINDA LEWANDOWSKI  
Alfred Sun Reporter

ALFRED—The Alfred Village Board, acting on June 8, set the time for two public hearings to be held prior to the regular July 13 meeting.

At 7:15 p.m. Tuesday, July 13 the Board will hear public reaction to a proposed change to the Housing Law, Section 215.00, Garbage and Refuse, which will expand the law to include single dwellings as well as the current multiple dwelling designation. The current law also bans the storage of garbage or refuse containers in front of or on the front porches of buildings except during the hours for garbage pickup, and the prohibition of storage or accumulation of refuse in public halls and stairways. Under village law, empty trash containers and debris must be removed from the front of buildings before noon on pick-up day, and concerned neighbors may notify the police if they spot violations.

The second hearing, scheduled for 7:20 p.m. Tuesday, July 13, concerns the adoption of the Historic Preservation Tax Exemption Law.

In other actions, the Village Board approved the recommendation of Police Chief Tim O'Grady for the purchase of a used 2007 Chevy Trailblazer for his department at the cost of \$17,250, and discussed the community's preparedness for severe weather or other emergencies, resulting in a decision to work with the Alfred Community Coalition to ensure that an effective village

alert system is in place.

Two applications, one for the demolition of a garage at 85 N. Main Street, and the other for driveway improvements at 37 S. Main Street, were approved at the June 3 meeting of the Alfred Village Planning Board.

A third application, concerning changes to a property in the historic district, was tabled due to incomplete information.

The next meeting of the Alfred Village Planning Board will be at 7:30 p.m. Thursday, July 1 at Alfred Village Hall.

BBQ sauces great on chicken, pork

When we were in the South this year I pulled this recipe out of a magazine and neglected to write on it which magazine it was from. It says that red barbecue sauce is a Southern staple but these two sauces are great with chicken and pork.

White Barbecue Sauce (chicken)

- |                    |                            |
|--------------------|----------------------------|
| 1½ c. mayonnaise   | 2 T. freshly ground pepper |
| ¼ c. cider vinegar | 2 T. white wine            |
| ½ c. lemon juice   | Worcestershire sauce       |
| 2 T. sugar         | 1 tsp. salt                |

Whisk ingredients together.

Sweet Mustard Barbecue Sauce (pork)

- |                         |                          |
|-------------------------|--------------------------|
| 1 c. cider vinegar      | 1 tsp. black pepper      |
| 2/3 c. prepared mustard | ¼ tsp. ground red pepper |
| ½ c. sugar              | ½ tsp. hot sauce         |
| 2 T. chili powder       | 2 T. butter or margarine |
| 1 tsp. white pepper     | ½ tsp. soy sauce         |

Stir together first 8 ingredients in a saucepan over medium heat; bring to a boil, reduce heat and simmer 10 minutes. Remove from heat and stir in butter and soy sauce.

Quite frankly, we want to keep the Dream Alive!

Back in 1884, a simple item appeared in the Alfred Sun that said, "Wanted, one thousand subscribers to the Sun."

That goal suggested by Sun co-founder and legendary Editor and Publisher Frank A. Crumb, was met before the new millennium. But now we'd like to keep the dream alive. So we've set a goal of 125 new subscribers to mark the SUN's 125th anniversary.

During Frank Crumb's Dream Campaign, we offer new subscribers 13 months for the year's subscription price of \$27 (\$30 outside of Allegany County). That's \$25 off the news stand price. And you'll read hometown news and interesting stories found nowhere else!

If you would like to help keep Frank Crumb's Dream alive, send your

And the debt grows...

To the Editor:

A Republican congressman on C-Span lamented the profligate spending of the RINOs during the Bush administration as annual deficits occurred at a clip of 160 billion dollars year. That’s pathetic, until he then went on to say that what the Republicans did annually the Democrats are now doing monthly.

The nation’s debt now exceeds 13 trillion. That’s not all. According to a Treasury Department report to the Congress, the debt is expected to rise to \$19.6 trillion by 2015. Vice-President Joe Biden says that we will spend our way out of it and the way things are going the rest of the Democrats agree with him. And President Obama expects us to believe in his message of change?

Remember these words? “I am absolutely certain that generations from now, we will be able to look back and tell our children that this was the moment when we began to provide care for the sick and

good jobs to the jobless; this was the moment when the rise of the oceans began to slow and our planet began to heal.”

Nothing short of delusional, arrogant or egotistical, this quote came straight from our current president when he was on the campaign trail and people bought into it! Considering what’s been spilling into the Gulf of Mexico for days, his planet-healing talk sounds like the empty words of a snake oil salesman. Is this the change he expects us to believe in?

Now the president says that he is going to kick butt (not necessarily the exact expression he used). It wasn’t all that long ago he was telling how America needs to be more civil in the discourse of public affairs.

Ken Salazar, Secretary of the Interior, said that it was the government’s job to keep a boot on the neck of the BP. Not much teamwork there, not to mention leadership in handling a crisis.

Like Tony Blankley commented, “The image of governmental boots has an unfortunate history. The most famous image is, of course, George Orwell’s: If you want a picture of the future, imagine a boot stamping on a human face - forever.”

Is this the change Barack Obama wants us to believe in? It’s the change I’ve had enough of!

That he’d strayed to a pig-headed blunder-land  
Which exposed her to much needless peril.

But all said that Sailorette Sunderland  
Could withstand any torrent or gale,  
Whether sailing through lightning-and-thunder-land  
Or the roil of a sea monster’s tail.

But then, when halfway to Down-Under-Land,  
She encountered a merciless wave:  
The mast from her boat torn asunder, and  
Neither Wild Eyes nor quest could she save.

Adoptions are coming along nicely! Two more signs have been adopted: The Alfred Station and Tinkertown signs near the Alfred Station Post Office have been adopted by Tom and Cindy Mansfield. The Village sign at the south end of the Village and the Alfred Station sign at the intersection of Route 244 and Shaw Road are still waiting to be adopted and cared for. Please let me know if you are willing to weed and maintain the areas during the summer. No money is involved just a bit of sweat labor to pull weeds while getting some great Alfred fresh air and enjoying the outdoors.

The slate is now completed on the back side of 61 South Main Street. The contractors completed that over this past week and have begun the front portion of the roof. It is really looking great. Over the weekend Philip Prigmore and I

had the pleasure of showing about a dozen and a half Klan alums and their spouses the house and heard all sorts of fond stories and memories of their years spent at the house. These gentlemen were in Alfred for Alumni weekend and had graduated in the 50's, 60's and early 70's. It was great fun giving them the tour of the house and they were most appreciative that the house was being restored.

The number of pink envelopes have been finding their way to my mailbox this past week and I would like to thank the following individuals and businesses for their continued support and kind donations: Roy and Benda Yarnell, Suzanne Wood, Jerry and MaryLou Cartledge, Steve and Pat Crandall, Dan Neverett, Choichiro and Nana Yatani, Sally Hopkins, Baker's Bridge Antiques, Tom McDowell and Susan

*Allegany County Legislator*

**DEC REGULATION OVERLOAD**

The New York State Department of Environmental Conservation (“DEC”) is at it again. DEC has proposed new regulations governing the use of outdoor wood boilers (“OWBs”). These regulations are simply the latest example of the arrogance of bureaucrats who think they are smarter and wiser than the average private citizen and local officials. The new regulations will impose a “one size fits all” set of regulations across New York State. It ignores the enormous differences between cities, villages, towns and neighborhoods. This latest intrusion into local affairs needs to be stopped.

DEC has scheduled an informational meeting for the County Office Building in Belmont for Wednesday evening, June 16th, at 5:00 pm. A public hearing will run from 6:00 to 8:00 pm. This is our only opportunity to tell DEC what we think about their regulations. Last year the Legislative Chambers were packed when a similar hearing was held regarding open burning regulations. I hope that local residents will once again take time to come and express their viewpoints to DEC. They need to hear what we think. Your views and ideas can make a difference on what gets adopted.

The new OWB regulations are scheduled to go into effect over the next year. Residential-size new OWBs must be located 100 feet or more from the nearest property boundary line and must be equipped with a permanent stack extending a minimum of two feet above the peak of any roof structure located within 150 feet of the OWB and no less than 18 feet above ground level. Commercial-size new OWBs must be equipped with a permanent stack extending a minimum of two feet above the peak of any roof structure located within 150 feet of the OWB and no less than 18 feet above ground level. Finally, commercial-size new OWBs must be located 200 feet or more from the nearest property boundary line, 300 feet or more from the nearest residential property boundary line, and 1000 feet or more from a school. These regulations will effectively prohibit me from owning and using an outdoor wood boiler since my property is less than 200 feet wide. That is inherently unreasonable.

Effective October 1, 2011, all existing OWBs must be equipped with a permanent stack extending a minimum of two feet above the peak of any roof structure located within 150 feet of the OWB and no less than 18 feet above ground level. Existing OWBs that commenced operation prior to September 1, 2005 must be replaced with a new OWB or must be permanently removed from service no later than August 31, 2015. Existing OWBs that commenced operation between September 1, 2005 and April 14, 2011 must be replaced with a new OWB or must be permanently removed from service within ten years of commencing operation, but not later than August 31, 2020. If the owner of an existing OWB cannot provide sufficient documentation (acceptable to DEC) regarding the commencement date of their OWB, the owner must replace their existing OWB with a new OWB meeting the regulations or must permanently remove the existing OWB from service no later than August 31, 2015. In addition, the regulations prohibit operation of an existing OWB in Western New York between April 15 and September 30, with only limited exceptions.

These regulations go far beyond those of any other state. They will have a huge impact upon many residents in rural areas like Allegany County. Many residents will be forced to stop using their current OWBs, even though they are operating perfectly. Many homeowners will lose their investments since existing OWBs can no longer be used in NYS. Why must we lose a cost effective means of heating our homes and businesses? Most of these regulations will serve no purpose, especially in our rural communities. These matters should be decided locally, not in Albany. Please come and let DEC know where you stand.

**WANTED: one thousand subscribers to the SUN**

**Keeping the Dream Alive**

**Frank Crumb's Dream**

**Subscription Campaign Update**

**75 down, 50 to go**

Back in 1884, a simple item appeared in the Sun that said, “Wanted, one thousand subscribers to the *Alfred Sun*.” It’s been 125 years since legendary Sun Editor Frank A. Crumb, who was with the *Sun* from 1883 to 1951, set the millenary goal.

Not knowing of Frank Crumb’s Dream, I, too, had set a goal of 1000 subscribers when I joined the paper in 1976. That goal was finally reached in January 1999. But we want to keep the dream alive.

The late Eugene T. Van Horn, who owned the newspaper from 1951 until 1973, told us one time that circulation peaked in the 1960s at 700. It’s now over 900. We’ve added 75 new subscribers since Jan. 1, 2009.

We encourage our readers to give a subscription to the *Alfred Sun* as a gift--it keeps giving week after week, all through the year. During Frank Crumb’s Dream Campaign, we offer 13 months for the price of \$27 (\$30 outside of Allegany County). That’s \$25 off the news stand price. And you’ll read exclusive hometown news and interesting stories!

We think the *Alfred Sun* is like a weekly letter from home. If you would like to contribute to Frank Crumb’s Dream, send your name and address or that of a loved one together with your check payable to “Alfred Sun” to: Frank Crumb’s Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802. Happy reading!

## Chicago Afrobeat Project will perform June 25

WELLSVILLE--Chicago Afrobeat Project will be performing on Friday, June 25th, at the Wellsville Creative Arts Center. Show starts at 9:00pm. Come early for dinner (served 5:00pm-9:00pm). Tickets are \$14 advance purchase/\$16 at door. Member tickets are \$12 advance purchase/\$14 at door. Tickets may be purchased online, in advance, at [www.WellsvilleCreativeArtsCenter.com](http://www.WellsvilleCreativeArtsCenter.com) or at the Art Center Coffee House. For more information visit the website or call 593-3000.

Chicago Afrobeat Project, emerging in 2002 from an industrial, urban Chicago art community, has established itself as a leader in the non-traditionalist side of the afrobeat movement. The 7-14 person ensemble energizes the classic afrobeat influences of juju, highlife, American funk, and afro-Cuban music with a formative infusion of experimental jazz and rock elements that thrive in the Chicago music scene. The individual players, coming from diverse backgrounds, each hold their own as soloists to add uniquely musically informed characteristics to the performances.

2009 was a landmark year for

Chicago Afrobeat Project, and 2010 is bound to be no different. They recently won another Chicago Music Award in the

Best African Artist category for the second year in a row (2009, 2010). In 2009, they released an EP titled "Off the Grid" (CABP

Music) and toured non-stop coast-to-coast. Known for their blazing live shows, the band blends pulsating funk, aggres-

sive jazz, and rock elements into an explosive stage performance that is growingly classified as "American Afrobeat."

## Tucker tabbed as Arts and Sciences Dean at ASC

ALFRED--Officials at Alfred State College have announced that Dr. Terry Tucker has been hired as the new dean of the School of Arts and Sciences at the College. He begins his duties Aug. 1.

"I am delighted that Terry has decided to return to Alfred State," said Dr. John M. Anderson, college president. "Terry previously served as a faculty member and department chair during his first stint at Alfred State, where he was involved, even then, in international activities. With Alfred State's re-invigorated focus on community service outreach as well as international education, Terry will be a perfect fit!"

Since leaving Alfred State in 1995, Tucker has initiated and managed several academic, outreach, and international development initiatives at Cornell University (Ithaca). He currently serves as associate director of the Cornell International Institute for Food, Agriculture and Development (CIIFAD) and director of Academic Programs in the College of Agriculture and Life Science's International Programs unit. Much of his work in Asia, Central and Eastern Europe, Latin America, and Africa focused on building the capacity of higher education institutions for advancing community, regional, and national development.

Among Tucker's many accomplishments while at Cornell, he developed, launched, and led

a popular new interdepartmental major in international agriculture and rural development. He also coordinates Cornell's International Studies undergraduate minor and the Hubert H. Humphrey Fellowship Program.

He has organized and co-taught interdisciplinary field-based courses in Haiti, Honduras, India, Mexico, and the Philippines. Additionally, Tucker has managed and co-taught courses with colleagues from around the world using interactive videoconferencing technology. For example, a current joint course initiative links Cornell, Michigan State University, and higher education institutions in Chiapas, Mexico, for a year-long series of team-taught weekly classes and a three-week January field trip. Participating faculty and students come from a diverse set of fields, including development studies, agriculture, social sciences, and the humanities.

Tucker's international development work began at Alfred State in the 1980s through work with non-governmental organizations in Haiti. Later he served as a curriculum consultant on the Alfred-led project for post-civil war strengthening of post-secondary education in El Salvador. During that time, he advised FEPADE, a private sector foundation for educational development in El Salvador, conducting program evaluations at the National School of Agriculture (ENA) and the Central Ameri-

DR. TERRY TUCKER

can Institute of Technology (ITCA).

Also, while at Alfred he initiated and secured funding for an overseas experiential learning initiative that enabled Alfred students to gain exposure to agricultural and rural development issues in Haiti and Bolivia. Tucker also served as a visiting lecturer and curriculum consultant in Hungary while on the Alfred faculty.

While at Cornell, Tucker has continued to serve Alfred State as an advisory committee member and as a collaborator on a Cornell-Alfred State partnership to engage international scholars (through the Humphrey Fellow-

ship Program) with the ASC community.

"I am strongly attracted to Alfred's emphasis on student learning. High quality teaching and advising are hallmarks of an Alfred State education thanks to the talents and dedication of this faculty. I am honored to re-join colleagues whom I consider to be among the world's best classroom teachers.

"Also, Alfred State's commitment to the nascent Center for Organic and Sustainable Agriculture (COSA) holds much interest for me," says Tucker. "Returning to Alfred at a time when I might contribute significantly to more refined conceptu-

alization and building of the Center is an exciting prospect. That said, I am also, of course, fully prepared to enthusiastically support and work tirelessly on behalf of all academic departments and programs within the School of Arts and Sciences."

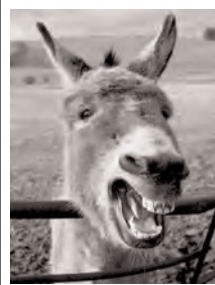

As dean, Tucker is responsible for leading more than 70 faculty and staff. The school, with an annual budget of about \$3 million, includes six departments (Agriculture and Veterinary Technology, English and Humanities, Mathematics/Physics, Physical and Health Sciences, Social and Behavioral Sciences, and the Learning Center) offering 16 programs to approximately 975 students.

The dean provides leadership in strategic planning and implementing a mission to assure that the school is an academic leader in the region and the nation.

Tucker has presented guest lectures and papers across five continents on the potential role of higher education institutions in development. His other scholarly interests include participatory research approaches, farmer-led innovations for sustainable agriculture, and diverse partnerships for community development.

Tucker holds a PhD in agricultural, extension, and adult education from Cornell University; an MEd in agricultural education from Pennsylvania State University, and a BA in economics from the University of Pennsylvania.

## INDEPENDENCE DAYS

No one has ever asked me to give a commencement address, or a termination address for that matter. Even if I were invited, I would only speak to an audience of graduating sixth graders and their guests. The title of the talk? “BE INDEPENDENT.”

I received this advice indirectly at that age myself. I did so by hearing my father say it to my sister, Jeanne, on occasions when a desire for acceptance by her peers seemed more important to her than what he judged it to be. She was my elder by four years. Despite his admonition we each mostly stuck to our own preferred attitudes. She would behave as though those two little words meant that she could act independently, and ignore our father’s age tested wisdom, without penalty. I leaned in the opposite direction, striving to be self-reliant in ways that he thought sensible.

Our father died about five years later and never had a chance to see each of us as adults. However, I think that our youthful reactions to his recommendation gave him a good idea of what we would eventually become. As we continued on our separate paths, often appearing to be unrelated, our mother used to say that she had two “only children.”

The important thing Jeanne and I had in common was that we were both extra tall, skinny girls for our age as we grew up. We rose above most of the boys and all of the girls in our classes throughout nearly all of our public school years. Jeanne resented the discrimination this led to far more than I did.

In seventh grade each of us were enrolled in the local ballroom dancing school. Having two, no three, left feet, and tomboyish interests, I never had any desire to keep up this form of exercise. My only enjoyment came from the popular music played on dance floors at the time, such as “Ole Buttermilk Sky” and “By the Light of the Silvery Moon.” Jeanne liked to dance, but craved a partner tall enough to make her look normal.

We shared an apartment in New York City for two years in the mid-1950’s. During that time an Arthur Murray Dance Studio offered a “free” lesson to anyone who arrived with a dollar bill bearing a serial number ending in a certain sequence. She had me help her in locating two such bills. Then I went with her for the dance lesson. She enjoyed it, and I was tortured. After I left NYC’s concrete jungle for greener pastures, she had time to become more active with the local tall club, Stratoliners. It was similar to ones she had previously joined in Kansas City, Missouri, and Washington, D.C. Men and women respectively had to be at least a certain above-average height to qualify for membership.

This time around Jeanne found her man, or rather he found her. While supposedly behaving independently in college, she had been seduced into taking up smoking. In those days cigarette manufacturers legally offered free packs of cigarettes on university campuses for students to try out. As a perfect customer for “priceless” samples, Jeanne became addicted to nicotine.

This led to meeting her future husband, Barry, years later in NYC while at a Stratoliners Club function. He was the six-foot, seven-inch tall fellow who spotted her a few yards away, withdrawing a cigarette from a pack of the same brand he smoked. He bummed one from her. The marriage which followed initially meant feeling comfortable with her height. However, Jeanne and Barry both suffered from increasingly miserable health conditions resulting from tobacco use. Thus, regrettably from my standpoint, as an adult she found herself not only less independent than our father had hoped for her to be, but far less so than she had set out to be.

As for myself, I am surprised when someone is startled to learn of an activity which I have engaged in alone, such as dining out or going on distant travels. For me it still seems natural to follow my father’s injunction to “be independent.”

I also fervently exercise the human rights laid out in our forefathers’ Declaration of Independence. However, honoring the present day practice of full disclosure, I confess that my behavior does include an item lacking on that document’s list. Whereas I eagerly, and independently, embrace life, liberty and the pursuit of happiness, I utterly reject tobacco dependence.

## Allegany Arts Assn. sponsoring sessions for ‘junior reporters’

By ELAINE HARDMAN  
*Alfred Sun Reporter*

ALFRED--What deserves to be in *The Alfred Sun* and who will read it? I ask myself that while turning an experience into a piece for *The Alfred Sun*.

Sometimes I trip over news – sometimes I search for it. I always try to tell what people say and show. I try to be observant and accurate and that’s not always easy.

For a few days this summer I’d like to talk with some young writers and help them decide what news is, where it is and how they can take an experience and turn it into a page on *The Alfred Sun*. The workshop, Alfred’s Junior Reporters, is for writers ages 9 to 12. Are you interested?

The great reporters have a lot of training but all reporters have to start somewhere. I started after I retired from teaching and took a personal essay class from Carol Burdick. Since then, I’ve experienced events and places from a different perspective. This summer I’d like to pass that on.

We’ll meet in the computer lab at the Herrick Library at 1 p.m. and talk about the project then go out into the community in search of news till 3 p.m. As a long-time member of Girl and Boy Scouts I think this should be done in pairs and as a volunteer reporter I’d like it if each pair had a digital camera to put some of the news into photo form.

Between sessions reporters will get the news on paper and in the next meeting we’ll workshop those words and then submit the work to Dave Snyder, editor of *The Alfred Sun*. Will he print it? That will depend on a few things. It has to be well written and interest him and potentially a number of other readers. It will have to capture details and pass on worthy information. If it does all that, likely the author will have a byline – a name and designation, *Alfred Sun* Junior Reporter.

There will be 2 workshop sets - one on July 12 and 15 and the second on August 16 and 19, always from 1-3 p.m. You can attend in July or August or both. Registration is required so call 585-808-0385 to get your name on the roster. Then meet me in Herrick Library on those days. We’ll try to find and report the news.

There are lots of other workshops too. All free. Look at [www. AlleganyArtsAssociation.BlogSpot.com](http://www.AlleganyArtsAssociation.BlogSpot.com) to find all the summer workshops sponsored by the AAA. Find us on Facebook too. Allegany Arts Association – the people who share.

## Almond 20th Century Club Library

By TAMMY KOKOT  
*Almond Library Director*

It's time to sign-up for Almond Library's Summer Reading Program and this year it will be WET! The New York State theme for 2010's program is Water and your child can "Make a Splash!" and "Make Waves" at the Almond Library.

On Tuesdays in the month of July, starting on the 6th and ending on the 20th, children who will be entering Pre-K through 3rd are invited to listen to age appropriate stories, make simple crafts, have a wonderful snack and hopefully leave with an armful of books starting at 3 p.m. and ending around 4p.m. At that same time, those who will be entering 4th through 6th are also invited to participate in book discussions (books that they are reading) as well as listen to excerpts from books that they very possibly find of interest. There will be quick and fun crafts as well as a snack and again, we hope that their knees are buckling under the weight of many books!

ALL participants in both programs as well as their families are invited to attend a dish-to-pass supper on the at 5 p.m. Tuesday, July 27. Burgers, Dogs and lemonade will be provided but each family is asked to bring either a side-dish or a dessert (please contact the library to let us know what you will be bringing) as well as their own table service. Entertainment will be provided by "Tales 'n Tunes" that evening around 6 p.m.--a family oriented musical duo who will bring the audience to their feet with dancing and fun.

If the weather is such that an outside event is possible, please bring your lawn chairs, etc. Questions? Please call Val or Tammy at 607-276-6311.

## NOTES from the BOX OF BOOKS

Alfred Box of Books Library announces recent staff changes effective June 1st.

Lana Meissner has stepped down as the Directors position at the Box of Books, Lana will continue to work 5 hours a week as a Grant Administrator. Eliza Ordway, former Program Director, has taken over as Interim Director. Kristen Starks has joined the Library staff as the Program Director.

The Summer Reading Program is being lead by Kim O’Brien, an Alfred University Art Education student. Stop in and “Make a Splash” or visit the website to see what events are coming up. Boone Washburn his volunteering his time to lead a “Dungeons and Dragons” Program each Friday during the Summer Reading Program.

All these great changes and new staffing have resulted in new faces, and some great new programs at the Box of Books.

The Library Hours are Monday 10-6, Tuesday 12-6, Wednesday 10-8, Thursday 12-6 and Friday 10-5.

# Victim of laptop theft responds with plans to create production

Dear Friends,

This past Sunday my laptop was stolen. I was staying at a friend's house in Buffalo while I attended the June in Buffalo festival for new music. It was the last day of the festival, and I had gathered all my things together and was loading up my car. After I got everything in my car, I realized I'd forgotten to leave the thank you card and gift inside along with the house-key for my hostess. So I got out of my car, locked it, and ran inside. I was gone for less than two minutes.

When I came back, my car window had been smashed and my GPS and my laptop bag with MacBook pro, wallet, and iPod—none of them insured—had been stolen.

There were no witnesses, nothing to track the thief. I called 911 and reported the crime. The officer who showed up minutes after I called was surly and unhelpful, refusing to file a claim without my ID, which of course had just been taken along with my wallet.

I was shaken, to say the least. About 10 years of work was stored on my computer—literally hundreds of documents, musical compositions, photographs, and all the files for my website; very little had been backed up to an external source. Suddenly it was gone—so much of my music, my life: vaporized. I worried also about personal information stored on my computer. Passwords for email accounts could be changed, credit cards could be cancelled and banks alerted. But my diary was typed into a word document and tucked somewhere inside of my "documents" folder on my desktop. I felt totally vulnerable, violated.

That night, I lay awake in my bed unable to sleep despite the fact that I was exhausted from the past week's busy festival schedule. My brain burned with anger. How could someone take another person's property? Why me? What had I ever done? I found myself imagining what the criminal might be like; from there it was almost inevitable for my mind to drift towards what I would do to this person if I

could.

At about 3 a.m., something hit me that was far more terrifying than having my laptop stolen. I realized that I was beginning to be consumed by anger, revenge, fear, mistrust. My thoughts came to a screeching halt as I realized that these are the very feelings that motivate a person to commit a theft or any crime to begin with: the sense of being wronged by circumstance, society, a person or group of people.

This is why I began thinking about creating a piece that would blur boundaries between perpetrator and victim. I wanted to emit a scream for everyone who has ever felt wronged; to empathize, de-objectify—to grieve. Please read my proposal for the commission of a new piece called "Violations." I'm putting together this commission from personal contributions because we as a society are a collective: everyone has at some point felt violated. The only way we can hope to heal is to realize that no one is alone. Every action we take has consequence, positive or negative.

Contributions to this commission must feel comfortable and manageable to anyone who makes them, so that no one feels burdened or resentful. It is not about a specific amount; it is about the idea that we can create something powerful that has a positive impact if we gather together and work toward a collective goal.

This is very informal; call me up to chat about it before you send me anything, or just write me an email letting me know you're offering moral support. If you do want to contribute, please send me a check at the address below, made out to Hannah Lash, with "The Loading Dock Project" written on the memo line. Please include your contact info so I can keep you apprised of the premiere date and location.

*The Loading Dock Project*  
Hannah Lash, Composer  
VIOLATIONS is a piece that will be performed in any inner-city area, using a loading dock as a stage. It will be scored for singer, percussion, and live electronics. The text for this 45-50 minute piece will be a non-linear compilation of personal stories—stories from people who have committed crime and stories from people who have been the victims of crime.

As the piece progresses, these stories mingle and deepen. There is anger on both sides. Basic human rights have been violated. Revenge and fear become motivators. All are victims, making victims of one another.

The musical texture thickens; words are layered upon words and sounds upon sounds in waves of increasing strength. Images are projected onto the wall of the loading dock: images that range from gritty news-footage of inner-city crimes, to projections of any type of file stored on a laptop representing some important part of a person's life. Personal photographs, evidence—lost things.

Harmonic, melodic, and contrapuntal material will reach a point of screaming intensity—perspectives collide, stories are elided and melodies are brutally slashed. When no more sound or layering of sound seems possible, everything stops except the electronics, suddenly calm: an otherworldly lullaby, seeking solace, looking within.

Performing the piece on a loading dock holds significance because the shape of a loading dock parodies a stage. But its industrial capacity, and the fact that it is in the back of a building where danger potentially lurks and where anyone can go, throws the idea of a stage deeply askew.

The commission for this piece will be gathered from many small personal donations—sometimes of no more than \$5 each. Fundraising will be done in an entirely grass-roots spirit, via Facebook, word of mouth, newspaper announcements, etc. Money will be put directly toward the creation of the piece, and the acquisition of its necessary components: a laptop, sound-system, and costs of performance and travel.

The process of putting together the text will involve interviewing people and gathering their stories. These stories will come from many, many people—from those in prisons, to those in shelters, to those in offices and apartments and houses. Nothing is inviolate: no one is blameless.

Performances of the piece will be entirely free and open to the public; all that is needed is a loading dock in the back of an inner-city building and an area around this loading dock large enough to allow the public to gather.

Awardees honored by The Fountain Arts Center at the recent 2010 Allegany County High School Art Show are: (front row) Trebor Oliver, Allyson Murphy, Taylor Peck, Cassiey Kemp, (Second row) Aaron Wardwell, Mario Rocchio, Rebecca Voss, Kayla Ford, and Demetrius Wzientek.

## Art Show winners listed

BELMONT--The Fountain Arts Center is pleased to announce the winners in the 2010 Allegany County High School Art Show. The show, which consisted of 135 pieces from high school students in seven Allegany County school districts, was held at the Wesley Chapel Gallery at Houghton College. After adjudication, awardees were honored and announced at a reception at the college. At the close of the exhibit, awardees were invited to display their work in an exclusive exhibit at the recently re-opened Fountain Arts Center Gallery in Belmont.

Wendy Skinner, director of the arts center, commented that each year there is typically one category that stands out from the rest of the show, and this year was no exception. The Painting Category, which featured work in watercolor, acrylic, and oil, had entries from all but one school district, and showed a high level of skill, thought, and creativity.

"It's always exciting when young artists take their skill at rendering and add that emotional and expressive content, Skinner said, "At this age, their creativity is less inhibited, and it makes for some very interesting visual concepts."

Skinner also expressed her appreciation to the faculty who work so hard at guiding students in creative expression, while helping them to master the foundations of art. She applauds the following students and school districts for their exceptional efforts:

**Artist Knot.** 36 Main Street, Andover. "Cut Flowers," its newest exhibit, runs now thru June 18th. Upon entering the exhibition room you are struck by the big, bold paintings of various flowers, cropped very closely (hence "cut flowers"). However, according to Gallery Director Amy Brown, "The paintings are more about composition and color than the subject of flowers." When you consider that all of the works are very large, the largest measuring nearly 7 feet, the impact of the color is almost felt rather than simply seen. Tuesday - Saturday 10am-5pm and until 8pm on Thursdays. Closed Sundays & Mondays FREE ADMISSION. (607) 478-5100.

**Fountain Arts Center,** 48 Schuyler St., Belmont.

**Wellsville Art Association** meets 7 pm on the last Friday of each month at Wellsville Community Center. For information on meetings or classes, call 585-593-3579.

# Rob Falgiano to team with Dee Adams at Angelica cafe

ANGELICA--Perhaps you've heard ROB FALGIANO's original music on the TV shows "Felicity" (WB), "The Black Donnellys" (NBC), "Everwood" (CW-ABC Family), or "Jack and Bobby" (WB). If you've seen him perform, you'll understand why he's been a multi-year winner in the Buffalo Music Awards competition.

DEE ADAMS' compositions have earned her the distinction of a top-30 placement in American Songwriter Magazine's Amateur Songwriters Competition; she's been chosen the Best Original Solo Acoustic Act in the Buffalo Music Awards and was a Grand Prize Winner in the "Songs Inspired by Literature" Songwriting Contest.

These outstanding songwriter-performers will appear together at Black-Eyed Susan Acoustic Café on Saturday, June 19. Café doors open at 4:30 for dinner. Guitarist Jim Schwartz plays at 6 p.m. with FALGIANO and ADAMS performing from 7:30 pm to 9:30 p.m.

Don Ash of Black-Eyed Susan Acoustic Café comments, "Dee and Rob are western New York treasures. They both front their

own bands. They both write remarkable songs. For this collaboration in Angelica without their bands they'll perform solo and they'll harmonize. This will make a uniquely personal evening of fine music for us."

Falgiano, originally from Buffalo has been performing as a singer, songwriter, acoustic guitarist and percussionist for more than 20 years. He breaks 'musical eggs' for the thrill of discovery, and his style evolves with each recording. His music has been influenced by Tom Waits, The Smiths, The Clash and James Taylor. Falgiano has opened for Jakob Dylan as part of the Thursday at the Square Series in Buffalo, as well as for Nickel Creek, Ingrid Michaelson, and Nellie McKay. In 2009, he fronted his "ALL-HANK BAND" for a high-energy afternoon devoted to the music of Hank Williams at the Angelica Sweet Shop.

DEE ADAMS has been likened to some of today's most influential women in music -- women like Bonnie Raitt, Edie Brickell, Jonatha Brooke, and Sheryl Crow. She writes and

sings punchy, poetic, acoustically-driven songs drenched in hooks and harmonies, with a warm, rich, and bluesy voice. With elements of blues, rock, and folk, Adams' voice is the centerpiece of her lyrically and melodically lilting songs, which range in subject matter from birds, to guns, to countless themes of human nature and so-

Award-winning Buffalo musicians **ROB FALGIANO** (above) and **DEE ADAMS** (at left) will appear together (without their bands) at **Black-Eyed Susan Acoustic Café** on **Saturday, June 19, 2010**. The concert begins at **7:30 p.m.** but dinner is served beginning at **4:30 p.m.** with **Guitarist Jim Schwartz** playing at **6 p.m.**

cial maladies. Reviews have coined Dee's style as "earthy" and "sweet to spunky". She has performed all around western New York as well as CBGC's and Arlene's Grocery in New York City, and similar venues in Chicago and San Francisco.

Black-Eyed Susan, located at 22 W. Main St. in Angelica's Park Circle National Historic

District, is open all day Saturday, from 11 a.m. to 11 p.m. for lunch, dinner, specialty coffees and desserts, with the music beginning at 6 p.m. There is no cover charge, but guests are expected to contribute to the musician's tip jar. Reservations for dinner -- while never necessary -- are strongly encouraged. The café serves lunch weekdays from 11 a.m. to 2 p.m. Menus are posted on-line.

Coming soon: THE BARD BROTHERS (Tim Berardi and Damian DeMarco) with a mix of progressive folk and acoustic rock on June 26; Thursday July 1 is ACOUSTIC OPEN MIC night -- café opens at 6 pm with open mic from 7-10 pm; Saturday July 3 brings THE BACKSLIDERS with western swing and honky-tonk music; and folk-rock / gospel tunes with DAVID & BEVERLY SNYDER on July 10. Black-Eyed Susan Acoustic Café seats 90 and is fully handicap-accessible, making it a perfect place for business meetings, showers, private dinners and other events. For more information call 585-466-3399 or visit [www.black-eyed-susan.com](http://www.black-eyed-susan.com).

## Higby again named to Robert C. Turner Chair

ALFRED--D. Wayne Higby will fill the Robert C. Turner Chair in Ceramic Art for a second five-year term. The first-ever endowed chair for the School of Art & Design was created in 2005 with an endowment gift from Marlin Miller Jr., chairman emeritus and long-time member of the Alfred University Board of Trustees and his wife Ginger. Higby was first appointed to the chair that year.

The Turner Chair honors the legacy of Robert C. Turner, a longtime member of the renowned Ceramics Division of the School of Art & Design at Alfred University. According to the agreement creating the chair, the holder "shall be a distinguished faculty member who is also a nationally prominent artist and educator in ceramic art," just as Turner was.

Turner was a 1949 alumnus of Alfred University, earning a Master of Fine Arts degree in ceramic art. He taught at Alfred for 21 years, until his retirement in 1979, and served as chair of the Ceramic Art division.

Higby joined the AU faculty in 1973, and like Turner, is acclaimed as both an artist and an educator. He is a recipient of the SUNY Chancellor's Award; is a Fellow of the American Craft Council and holder of a Gold Medal; and is a member of the International Academy of Ceramics. He received the National Council on Education for the Ceramics Arts' highest honor; is an honorary professor at Shanghai University; an honorary president of San Bao International Ceramic Institute, which he helped to found; and an honorary citizen of Jingdezhen, China, for his efforts to use art as a common language to bridge cultures.

As an artist, Higby was acclaimed by the American Crafts Movement as one of seven people it called "genuine living legends representing the best of American artists." The James Renwick Alliance presented its Board of Governors' Master of the Media Award to Higby.

## Village Band rehearsals set

ALFRED--Only in Alfred can you play terrific music with many interesting people, follow the baton of Mike Shoales, provide summer sounds for the community and be a part of one of Alfred's oldest continuing traditions! Joining the Alfred Village Band, will let you accomplish all of these with just a few rehearsals and four concerts.

REHEARSALS for the Alfred Village Band, under the direction of Mike Shoales, are held every WEDNESDAY in JUNE at 6:30 p.m. in the Andover Central School Band Room. For further information or if you have questions, contact Nancy Luger at [lugerna@yahoo.com](mailto:lugerna@yahoo.com) or

**Business Block, Local Properties Damaged** as Kanakadea Overflows—5.31 Inches of Rain Falls During 24-Hour Period. Torrential rains Tuesday night have given the village crew a considerable work to do, as the east and west branches of the Kanakadea rose to near overflow. Storm sewers, unable to handle the volume of water, soon became clogged with tree twigs, branches and gravel, allowing the water to wash down through the business block. Debris was piled up onto the sidewalks in front of Glovers’ and Bostwick’s stores, with some water going under the door into Bostwick’s. Water spilling down into the stair well leading to Corsaw’s Barber shop and Gignac’s studio, entered both places...

**(Photo) Students** in Mrs. Young’s reading class at Alfred-Almond Central School were treated recently to a visit from Wendy Dailey. Wendy and her fifth grade daughter, Michelle Okoniewski, are descendants of Roger Williams, a Puritan preacher who founded the colony of Rhode Island. Students were able to see Wendy’s large scale family tree, see where Williams fit into their background and learn about the process of researching their genealogy.

**Lorow on Sports** 2000—The 11th annual Greg Norton Memorial golf tournament was held this past Saturday at the Wellsville Country Club in honor of the former Eagle athlete who was killed in a car accident. Norton was a standout cager on the A-A hardcourts, a solid goalie for the soccer squad late in his high school career and a top baseball player on the diamond. The Almond resident later became a charter member of the Alfred-Almond Sports Hall of Fame. After a string (10) of near-msises, tie-breaking losses and disappointing defeats, Team Obie finally broke through this year to grab first place in the event that featured 27 teams, the most ever! Members...Stew (East Rochester), current squad leader Waffle (Almond), designated ringer “Rookie” Firster (Honeoye Falls) and, of course, Obie (Belmont).

**Allen Ormsby** just completed his eighth year as a volunteer at the Wegmans Rochester International LPGA Golf Tournament at Locust Hill Country Club in Pittsford. It was the second year he worked for ESPN and spent Friday, Saturday and Sunday, June 9-11 driving the course announcer Bill Kratzert around the course while he did “on air” commentary.

**When Dave and Trudi** Schwert acquired Camping at Mariposa Ponds as their retirement project, they never dreamed they’d become someone’s “mission.” But that’s exactly what happened when the men of Shenawana Hall at Houghton College adopted the Schwerts as one of their community projects. More than 30 “Shen Men” spent two days unloading and inventorying the 28 tons of British Columbia red cedar, shingles, plywood, nails, etc. that were to become the Schwerts’ new home. The Linwood Home left Vancouver in early September and traveled by rail to Toronto and then by truck to Houghton. Since only 48 hours were allotted for the unloading, lots of help was needed in a hurry. The result was numerous piles of neatly stacked and counted house parts. The Shen Men’s reward, in addition to a mission successfully completed, kept the Pizza Barn busy for hours. The Schwerts moved into their new home in Houghton in April.

**25 Years Ago, June 19, 1975--25 Years Ago, 1950**—The name of an ice pond where old-timers once skated was given to Alfred’s new street Monday evening when Elm Street Extension was named “Hillcrest Drive...” the name was suggested by Trustee John Jacox, who said a nearby pond owned formerly by John Langworthy, had been called “Hillcrest Pond” 50 years ago.

## Two at Alfred State get Chancellor's Awards

ALFRED—Two members of Alfred State College's staff were honored with the SUNY (State University of New York) Chancellor's Award for Excellence this spring. Those so honored were Deborah Claire, Arkport, senior programming analyst, Technology Services, who received her award for Professional Service, and Annette Burdett, Hornell, secretary, Physical and Health Sciences, who received her award for Classified Service.

Recipients were honored at the college's annual recognition luncheon held at the end of the spring semester.

The two are among more than 100 classroom teachers, librarians, professional and classified service employees in the SUNY system cited for excellence in the performance of their duties.

Announcement of the winners was made by SUNY officials who noted that the selection of recipients follows the recommendation by the SUNY Advi-

sory Committee on Awards. The committee reviews nominations from the faculty, students, and colleagues of the recipients throughout the 64-campus system. Each winner receives a cast bronze medallion, suitable to be worn at academic ceremonies, and an inscribed certificate.

Among Claire's accomplishments, she was especially cited for her reputation for excellence across campus as "the Banner 'go-to' person. Her exceptional work ethic, her ingenuity and creativity, and her significant contributions to the College were noted.

The Chancellor's Award for Excellence in Classified Service was established to give SUNY-wide recognition for superior performance and extraordinary achievement by employees in the Classified Service.

Burdett was cited for her "Excellence in Compassionate Service, Communication Service, Competent Service, Complex Service, Camaraderie Service, Confidential Service, 'Can do' Service, Consistent Service, Copious Service, Cooperative Service, 'Crazy good' Service...and so on.

Burdett's nomination read, in part: "Annette is one of the most efficient, organized, and knowledgeable people you will ever meet. Her cheerful 'can do' attitude and willingness to continually assist others is essential."

Smiles abounded recently as two Alfred State College staff members were honored with SUNY (State University of New York) Chancellor awards. Pictured here, from left, Annette Burdett, the Chancellor's Award for Excellence in Classified Service recipient; Alfred State College President Dr. John M. Anderson; and Deborah Claire, Excellence in Professional Service recipient.

## Empire State College honors graduates

ALFRED--A Graduation Recognition celebration was held recently at the Alfred Unit of SUNY Empire State College located in the Alumni House on the Alfred State College campus. The ceremony, hosted by Unit Coordinator, Dr. Joyce E. Howland, honored those graduates who completed their degrees in the past year. The Alfred Unit is one of four satellite units of Empire State College's Genesee Valley Center in Rochester.

Dr. Jonathan Franz, Dean of the Genesee Valley Center, attended the celebration in Alfred

and spoke briefly to the graduates about the College and its impressive record of graduates. The main speaker of the day, also from the Rochester Center, was Mentor Marc Cirigliano who gave a timely power point presentation on "Lifelong Learning and the Environmental Citizen."

Graduates and their families from the local area who attended the ceremony were Stacie Fountain, Bolivar, who earned her Bachelor of Science degree in Human Services; Nancy Kehl, Wellsville, who received her As-

sociate in Science degree in Human Services; and Dean McKnight, Angelica, with a Bachelor of Science degree in Business Administration.

Other graduates who were honored but unable to attend the ceremony were: from Canisteo, Shawn Annis, B.A. in Painting and Photography; Rebecca Baker, B.S. in Health Care Administration; and Kathryn Boccia, B.S. in Human Resource Management.

Grads from Hornell included Sandra Eveland, B.S. in Human Resource Management; Pamela Manktelow, A.S. in Healthcare Services Administration; and Katie (Neu) Herbert, now of Liverpool, B.S. in Psychology.

Arkport graduates were Kari (Butler) Crosby, B.S. in Psychology; Samantha Roosa, B.S. in Business Management; and Paul Stiles, now of Conesus, B.S. in Finance.

Melissa Armstrong, formerly of Wellsville and now living in Canandaigua, graduated with her B.S. degree in Psychology. Robin Pastore, of Whitesville earned her B.S. in Human Services. Christopher Boccia of Avoca, received both his A.S. in Business Administration and his B.S. in Finance. Lisa Denning of Belfast also earned two degrees -- an A.S. and a B.S. both in Human Services.

Mentor and Unit Coordinator, Joyce Howland, presented each graduate with an orange carnation, an Empire State College pin, and a gift of his or her choice inscribed with the Empire State College logo. Refreshments were provided by Case Catering. Brian Fay, a current student at Empire State College acted as official photographer at the recognition ceremony. His photographs demonstrated the fine quality of his learning under photography tutor, Ms. Diane Martin.

ELLIE AND ROB RIBER on their wedding day.

## Ribers will celebrate golden anniversary

ALFRED STATION--Rob and Ellie Riber of Alfred Station will celebrate 50 years of marital bliss on Friday, June 25.

They met in 1958 on the train to the Rose Bowl where they watched Ohio State University beat Oregon for the National Championship. Both graduates of Ohio State, they married immediately after Rob graduated and then moved across country to Los Angeles where Rob worked in a dairy and Ellie taught school.

While in California they had two children, Julia and Dave before they moved on for a quick stint (6 months) in Cleveland, Ohio. From Cleveland they moved to a suburb of Detroit.

In Detroit they adopted their second son, Dennis, led a senior-high church group, survived the race riots and were founding members of a community church.

They then made a dramatic lifestyle change by moving to northern New York where they purchased a 100-year-old 100-acre farm. There they inherited two dogs, five horses, a flooding basement and a lifetime of stories in four years.

In 1976 they finally settled down in Alfred Station where all

three children attended and graduated from Alfred-Almond Central School. They are both retired and enjoy canoeing, hiking and traveling. They have three grandchildren, Ben Riber and Danny and Katelyn Johnston.

Their kids are hosting a 50th anniversary party in late August at the beach house in North Carolina. If you have any favorite stories or photos of Rob and Ellie that you'd like to share with the family for their anniversary party please send them to splitrailfence406@hotmail.com or to Riber P.O. Box 491 Lewis Center, Ohio 43035-0491.

**By LINDA STAIGER**  
The second in a series of articles on Galatians. What was it that pushed Paul to write his letters anyway? Think about his ministry--he worked incredibly hard doing whatever it took--his zeal and passion characterized all of his ministry! He wanted to make sure that everything he said would be understood so people following his teaching would 'stay the course'.  
Notice his letters weren't written just to educate the churches, but more as a response to a problem that he heard about. Some of the churches were starting to stray from the teachings. Interestingly enough, there were many called Jewish Christians who were teaching that in order to become Christian one had to follow all the laws in the Jewish system--after all Christ was a Jew, too. Definitely not part of Paul's teachings.  
Just what does it mean to be "justified by faith" anyway? Here's an example that parents

must know: ever asked your child if he/she has finished a particular chore? And you know what probably came out of the mouth first, right..."No" Then the next word was "but..." at which point he proceeded to justify why it wasn't done yet. We all do this at one point or another.  
Now here's something for you to chew on: imagine getting to the heavenly throne and God asks if you were righteous. Awed by the presence of God, you might hesitate and say "No...but..." and THEN proceed to justify yourself! (Admit it, you knew that one was coming right?) But worry not, because of your faith in Jesus, you are already justified. You are right with God.  
OK, then--for those looking for trouble in these articles, know this: having faith in Jesus means your sins are forgiven, BUT it is NOT a license to keep on doing wrong! Not how it works. The hard part of ac-

knowledging your faith is to actually live a Christ-like life!  
So, following the law alone is NOT sufficient for making us right with God. Jesus alone IS sufficient for being right with God. Have you put your faith in Him? He died for you, will you live for Him? Live the life that reflects the truth that you are justified before God, through faith in Jesus. And, while you're at it, keep this in mind: Jesus is God....with skin!  
Come join us at Almond Union Church, Main Street, Almond. We're waiting for you!

# Alfred Station SDB Church to host CBU musical group

**By KEN CHRONIGER**  
**ALFRED STATION**--California Baptist University (CBU) is one of the top private Christian colleges and universities in Southern California. CBU offers bachelor's, master's and credential programs in Riverside, San Bernardino and online. California Baptist University believes each person has been created for a purpose. CBU strives to help students understand and engage this purpose by provid-

ing a Christ-centered educational experience that integrates academics with spiritual and social development opportunities. Graduates are challenged to become individuals whose skills, integrity and sense of purpose glorify God and distinguish them in the workplace and in the world.  
The University was founded in 1950 by the California Southern Baptist Convention. In the Fall of 2009 enrollment exceeds 4,100 students. California Baptist University has 90 undergraduate majors and concentrations and 25 graduate majors and credentials. The University boasts a 100% Christian faculty and staff. Its accreditations include; Western Association of Schools and Colleges, California Commission on Teacher Credentialing, Association of Collegiate Business Schools and Programs, National Association of Schools of Music, State of California Board of Registered Nursing, Commission on Accreditation of Athletic Training Education, Commission on Collegiate Nursing Education., Board of Registered Nurses.

This year the University has sent out its Christian message to the Eastern United States through the musical tour group LIGHT. LIGHT shares the Good News of the Gospel of Jesus Christ through song and testimony. Serving in this year's version of LIGHT are; Marisa Giorgetti - Leader & Soprano from Norco, CA, Mariah Howell- Soprano from Ukiah, CA, Jade Kriens-Anderson- Alto from Issaquah, WA, Leah Alford- Alto from Fallbrook, CA, Michael Marinello- Tenor from Rancho Cucamonga, CA, Eric Hanson Baritone from Hanford, CA, Scott Smith- Bass from Lake Elsinore, CA, and Jessica Frey- Piano from Castaic, CA.

Your friends and neighbors at the Alfred Station Seventh Day Baptist Church, A 3 C church: Connect-Care- Community invite you to hear LIGHT as they share the Gospel in song during the 11 a.m. Sabbath Worship Hour, Sabbath (Saturday) June 19.

The church's meeting house is the big white building located down from Robert Lawrence Trucking, the Canacadea Country Store and Baker's Bridge Antiques, Up from Way to Grow, the Alfred Knitting Studio, and The Bicycle Man , and across from Hill Bottom Pottery. For further information call the church office at 607-587-9176.

## THE GLORY OF AMERICA Thursday, June 17

On this afternoon in 1775, 2,200 British Redcoats advanced up the hill toward the redoubt. Why didn't they fire? And then the top of the hill erupted in flame. The British fell like scythed wheat--and retreated in confusion down the hill. Where, under General Howe, they reformed and went up again. And again--until the defenders' powder ran out...  
Corporal Amos Farnsworth wrote in his diary: "Oh, the goodness of God in preserving my life, although they fell on my right hand and on my left! O may this act of deliverance of thine, O God, lead me never go distrust thee; but may I ever trust in three and put confidence in no arm of flesh!"

**Alfred Thunder hosts Nitros on Father's Day**

By **KEN CHRONIGER**

**ALFRED**--It's Father's Day June 20, but it is also Alfred Station Seventh Day Baptist Day at the Ballpark. Baseball has been called "America's Pastime". You are invited to a New York Collegiate Baseball League game between the Alfred Thunder and the Allegany County Nitros at the Alfred State College baseball field on Moland Road in Alfred. This game is scheduled for 3 p.m. Sunday, June 20 with a rain date of July 4.

The ticket for the game may be purchased or put on Will Call at the gate by calling the Alfred Station Seventh Day Baptist Church, "A Three C church: Connect -- Care -- Community", office at 607-587-9176 between 8:30 am -12:30 pm, Monday-Friday. The cost of the ticket is \$1.00. Keep the Bottom half of the ticket which entitles you to come to the church meeting-house social rooms for an ice cream sundae and a chance to meet the members of the Alfred

Thunder. The church's meeting house is located at 587 Rt. 244 in Alfred Station.

The Alfred Thunder is a ministry of Campus Crusade for Christ Athletes in Action. Everyday our newspapers, the Internet and television tell the depressing, and sometimes tragic story of a world and its people that is far from realizing its created purpose. Many athletes and coaches, once thought to be ideal role models for today's youth, are swept up in a culture that seems to have abandoned limits and a moral compass for a "win at all cost" mentality.

For billions of people, the stadiums of the world serve as houses of worship. Whether on a sandlot or in a stadium, where there is a scoreboard, there is a crowd. Fans gather to cheer on their favorite team--be it professional, collegiate or Little League. Sports is a universal language with the powerful ability to shape a culture, heal a nation, break down political, racial

and economic barriers and restore national pride. Children dream of being the next LeBron James, Peyton Manning or Serena Williams. Sports speak a language that children around the world understand.

Since 1966, AIA has committed to sharing a victory beyond competition that is found only in a relationship with Jesus Christ. Athletes and coaches around the world who are experiencing this life-changing relationship are telling the story of Jesus -- to their teammates and fellow coaches, to hurting and needy people through their words and acts of compassion and kindness, and to the millions of people through the media. Over 650 staff members and 7,500 volunteers in 94 countries boldly proclaim Jesus Christ, deeply equip believers to lead and urgently mobilize ambassadors of Good News and Good Will in the fulfillment of the Great Commission.

**COMPETING at the Webster Aquatic Center were Kanakadea Valley Aquatic Club members (front from left) Coach Jesse Caccamo, Maddie McConnell, (center from left) siblings Patrick and Alyssa Greaney, and (back from left) Greg Pilgrim, Derek Brown and Nik von Stackelberg.**

**KVAC shines in two pools**

The Kanakadea Valley Aquatic Club swimmers continue to bring home personal best swims. The team competed in both a Short Course meet (25 yard pool) and a Long Course meet (50 meter pool) on Saturday, June 5.

The six swimmers that travelled to Watkins Glen to partake in the short course meet all had some fine swims. Kaitlyn Flaitz dropped over 30 seconds total off her previous best swims in the four events she participated in. She swam to a personal best

in the 200 breast (2:57.28), the 200 IM (2:50.04), 100 breast (1:22.74) and 200 free (2:32.56). Kaitlyn Cook age 10 also dropped time in all three of her events; 50 fly (59.19), 100 IM (2:01.54) and 100 back (1:53.04).

Others swimming to personal best include Bridget Cochran in the 100 breast (1:38.20), 100 IM (1:26.07) and 100 free (1:15.06). Highlights for Eryn Cochran included the 200 breast (3:04.90) and 200 free (2:31.23). Teammate Aaron Haase finished the

200 free in a respectable time of 2:01.98.

Six of the other KVAC swimmers journeyed to the Webster Aquatic Center near Rochester to participate in a long course meet. Patrick Greaney, Greg Pilgrim, Maddie McConnell and Nik von Stackelberg all garnered at least one top three finish. Patrick was able to finish in second place in the 200 breaststroke with a time of 2:50.41. Greg snapped up a third place finish in the 100 fly (1:02.63), Maddie finished up in front of the pack in the 100 free (1:04.11) and Nik hit the touch pad in third place in the 100 back in a time of 1:09.16.

Teammates Alyssa Greaney and Derek Brown finished all of their events with their fastest times ever. Alyssa (age 10) competing in the 50 fly dropped 22 seconds to finish in a time of 51.08. She also finished the 200 free (3:25.22) and 100 breast (1:58.40) in fine style. Derek was able to complete his 100 back in a time of 1:16.54 and 100 freestyle in 1:01.18.

A great showing by all KVAC swimmers! The team competes next in another Long Course meet at Webster and an open water competition in the Binghamton area.

A Trip To Spain By LAUREN LOROW

Last spring our coach at SUNY Geneseo got us together and proposed the idea of going somewhere as a team to sight-see and play soccer. Three years earlier the team had traveled to Brazil and had an amazing time. Due to this and the mere excitement of traveling and playing with our team in arenas other than those in the SUNYAC conference, we all excitedly agreed to take on this adventure together. We later found out that we would be going to Spain and instead of going during our spring break we would be going after graduation to allow us more time to explore. From there we needed to set a tentative itinerary of where we wanted to go and what we wanted to see. Though Portugal and other local Spanish cities were options we eventually decided on Barcelona, Valencia, and Madrid.

**Monday May 17** the 24 SUNY Geneseo Lady Knights, Coach Wiley, Coach Bachl, Mrs. Beale and George, Mrs. Price and her daughter, Laura met at the Massotti household on Long Island along with the SUNY Oswego soccer girls that were joining us on the trip. After a huge cookout feast, pre-departure pictures, and excited talks about all the things we were going to see, we packed up the cars, the bus and headed to JFK. We checked-in and mentally prepared for our 8 hour flight from JFK to Barcelona. Not only was the flight long, but when we woke up our bodies felt like it was 2:30am but it was 8:30am Barcelona time. And we had the whole day ahead of us!

**Tuesday:** After arriving at Barcelona we took a bus ride to the hotel to check in. The hotel was beautiful and right in the middle of the city which was perfect for the days and nights that we had to ourselves. We then hopped back onto the bus for a guided city tour. We drove all the way to the top of the hill to see where the 1992 Olympics were held. We got to see the torch, the stadiums, and all the other Olympic oriented city changes. We then stopped at this one point that looked out onto the whole city of Barcelona and the port down below. We continued on the bus tour looking at different buildings and structures that were staples of the Barcelona culture. The next stop was the Barcelona Futbol (soccer) Club stadium. This was really interesting because soccer is as popular in Europe as baseball or football is here in the US. We walked into the training room, the opposing team's locker room, we walked down onto the field and sat in the stands. This was great because that past week Barcelona had just won the champions league finals. After the tour we got back on the bus and began to tour the city again. As the tour went along the number of awake soccer players dwindled. The countless number of hours traveling had started to catch up with us. Thankfully lunch was our next stop. We then took a quick walk to get lunch together at a local café. It was our first taste of the Spanish culture. We learned a lot that week about their food and preferences, one of which being that they put tuna on EVERY salad, no matter where you are. We also learned the proper way to order diet coke (Coca-Cola Light) and all the water comes in glass bottles. One of the coolest things about their meals is the fact that lunch is their biggest meal that includes a first course, a second course, desert, a drink, and bread all for a cheap price. That was nice to have when we were looking for lunch on our own while traveling and exploring the cities. We then had the afternoon to see the city and get a better idea of where we were and what was around us. After a long day we met back at the hotel and went out for dinner at a Spanish restaurant. We then went back to the hotel and I had the best night sleep I have ever had in my life.

**Wednesday:** The day started with an early morning tour. We took the bus to Las Ramblas which is their main, touristy, shopping area. It has all the souvenirs that any visitor could ask for. Las Ramblas is in the city center and is home to the lively La Boqueria market which is filled with candy, fresh fruit, meat, fish, and bread. We continued the tour and found the café that invented the chocolate milkshake, which we all later enjoyed on our own time. We continued through the city seeing different statues and buildings that meant so much to the city. The tour ended right by the beach and the group split up for lunch and the rest of the day to do whatever they wanted. About 10 of us went to a small pizza shop around the corner for lunch. We enjoyed some great food and some good laughs about what we had seen so far and what else was in store for the trip. Then 8 of us went to the Picasso museum in the city which was quite interesting to say the least. We then walked over to a beautiful park that was right next to the arc de Triumpf, similar to that in France. Most of the group took naps while Ashley Keogh and I decided to walk around the park and found a beautiful, breathtaking fountain. We walked up to the top and saw the skyline of Barcelona's tallest buildings. We then continued walking and came across a pond with canoes and some other interesting historical landmarks. We continued to walk around people watching and enjoying the beautiful day. When we returned to the area in which we left the other 6 girls, all but one of them was sleeping. We woke them up and continued to walk around the city towards the arc. We came across some old men playing the Spanish version of Bocce which was quite interesting. When we finally got the arc it was so gorgeous to look back towards the park and then behind the arc towards the city. All views were just so breathtaking. We then headed back at the hotel to get ready for dinner. One of the girls on our team, Karrie, was studying abroad this semester in Barcelona and we got to meet up with her for dinner. She took us to a fun Irish pub which was cool because it was mostly English speaking. We got to catch up, relax as a team and watch one of the soccer games

Four attain rank of Shodan at Alfred Martial Arts

ALFRED STATION--Four students attained the rank of Shodan and received their first degree black belts in the Japanese Martial Art of Hakkoryu Jujutsu on Saturday, May 29 following a test conducted at Alfred Martial Arts.

Daniel Nye of Wellsville, Steven Patterson of Hornell, Gordon Godshalk of Alfred, and Steve Hanes of Westfield, PA underwent a ninety minuter examination under the watchful eyes of a panel of master instructors in Hakkoryu Jujutsu from New York and Ohio.

The four candidates demonstrated their knowledge of "basic waza" which embodies the basic principles that are at the core of the first level of Hakkoryu. This was followed by a demonstration of "henka" which is simulated combat during which time the basic principles are utilized in real-

istic self defense situations.

After successful completion of the test, all four were awarded their black belts as well as diplomas issued by Nidai Soke Ryuho Okuyama, second in line successor and current grand master of the Original House of Hakkoryu Jujutsu in Omiya, Japan. All four students are now vested with the title of "Sensei", a Japanese word that translates as "teacher", in Hakkoryu Jujutsu.

Hakkoryu Jujutsu is a traditional Japanese Martial Art headquartered in Japan and is one of the systems taught at Alfred Martial Arts.

Pictured (from left) are Daniel Nye, Steven Patterson, Sensei Elise Flynn (owner of Alfred Martial Arts) Shihan Walter Mackney (head instructor of Hakkoryu Jujutsu at Alfred), Sensei Scott Misture, Gordon Godshalk and Steve Hanes.

THE DUGOUT continued

on the big screen which was cool. We continued chatting and continuing to be amazed at the fact that we were in Spain as the night went on. We then headed back to the hotel to sleep and get ready for another packed day in Barcelona.

**Thursday:** We had the morning to ourselves so a few of us decided to go back to Las Ramblas. We checked all the local shops, did some souvenir shopping, got the world famous chocolate milkshake, and continued acting like tourists for the rest of the morning. We had lunch and then met back at the hotel for a guided tour of the Gaudi Park. As I mentioned before, Gaudi was an extremely famous architect in Barcelona. He essentially built up the city into the glory that it is today. Park Guell, was built by Gaudi's assistant in homage to his teacher. Within the park there are many different and interesting buildings. One structure was built to look like a centipede with the million legs, while the others consisted of his interpretation of the Hansel and Grettle houses. Finally my favorite structure was one filled with tile and curved pillars. It had different moon painted on the ceiling and was filled with bright colors and warm tones. When you went to the top of the building you could see all of Barcelona and it was breath taking. You could sit on the edge and look over to all the other structures in the park which was also interesting. All the thought and ideas that went into the park truly came out in our tour. After the tour we went back to hotel and got ready for dinner. We went to a Chinese buffet that night and it was interesting to be in Spain, at a Chinese restaurant. It was fun to all be together and talk about what we did that morning since we had the freedom to do what we wanted. Some of the girls went to the beach, others went shopping, and others stayed around the hotel to see the local sights. After dinner, Karrie told us that there was this cool fountain show at night that we had to see. We walked down the main center we had visited the first day we got to Spain, only to find hundreds of people gathered around this huge fountain. We found a seat just at the music and lights began. As the show went on, the colors and music changed and it looked as though the water was dancing along to the music. We took this opportunity to take lots and lots of touristy pictures that included jumping in the air with the fountain behind, making pyramids with the different classes, and attempting to get a huge group picture. After the fountain show we headed back to go back to bed since we were leaving for Valencia in the morning.

(To be continued next week)

HITS AND MISSES:

**Not sure what** the "shifting" of teams in various college conferences is going to do as the Big 12 appears ready to disband with members scattered here and there! Colorado is now in the Pac-10. So? Nebraska is off to the Big 10, which was the Big 11 anyhow and is now a Big 12. Why? With Texas, Texas A&M, Texas Tech and maybe Baylor off to the Pac-10, what are these schools gaining? Travel costs galore now. Will basketball power Kansas be left out in the cold? Seems like all these conferences are try-

ing to become like the Big East is in basketball, which is too crowded in my opinion.

**"Congrats" to former** Alfred-Almond track coach Jim "Dynasty" McEvoy on his induction into the Section Five Track Hall of Fame.

**The LPGA Championship** at Locust Hill CC in Rochester is next week, June 24-27.

**The Bolivar-Richburg** softball team fell in the "D" state finals, 2-1 to Livingston Manor after topping Afton in semi-final play. The Wolverines finished up at 24-2.

**It was loss #1 on the** year for the Gananda (25-1) softball team as they dropped a 3-2 decision in the "C" semi's.

**The Bolivar-Richburg** baseball team also made it to the "D" finals as they lost the championship game, 6-5 to Fort Ann. The Wolverines beat Copenhagen, 6-0 to advance and completed a (22-2) campaign.

**A batch of NYS** vanity plates spotted of late: QWILL, GOT MAX ... "Marvin" in MA, ALL GIRLS, BURKY ... "Fred" in NC, MSGUIDED, ZZZZZZZ8 ... on a BMW? and MR DODGE ... the former Geneseo resident.

**How about Andy Pettitte** (Yanks) starting against Ubaldo Jimenez (Rockies) in the MLB All-Star game in Anaheim?

**If LeBron James** is serious about winning NBA titles aplenty, he should head to Orlando!

**Hoping that Tom Izzo** stays as coach of Michigan State and doesn't head to the NBA with the Cavs. Good for college ball!

**It was off to Ithaca** on Saturday past for 3L and I to do some serious hiking. We headed to the Ithaca Farmer's Market at Steamboat Landing first. Most enjoyable wandering around. Next stop was Butter-milk Falls State Park as we toured up one side and came down the other. Many waterfalls, pools, rock formations were quite the sight. A demanding hike, especially in the beginning. After lunch at BF we stopped at Taughannock Falls S.P. on the way home to check-out the 215' waterfall there. Very impressive! Walked up the creek bed, instead of taking the trail, which was a riot. Not a dry creek. Plenty of people out on this journey. The waterfalls at the end was worth the jaunt. A touch of the Adirondack's in both these places. Taking route 96 home we drove by the state softball tournament in Waterloo. With "ace navigator" sound asleep we didn't make this stop. Former Webster Schroeder soccer teammate, Jess Herbst unable to join us this day with work-soccer-graduation party on her schedule.

**The Alfred-Almond** alumni weekend looms in late July (23-25) and am looking forward to seeing a bunch of former classmates there! Johnston and Griffin (maiden names) plus Bloomquist and Stewart. "The Bookworm" will be in town! Hopefully many more.

**A crazy week of** soccer on tap for Lauren's summer team as they play Monday-Wednesday-Saturday and then have one game in 21-days after that! Screwly schedule. Off to Gates-Chili, Victor and Greece for games this week.
