Get Out and Vote

Alfred University stands behind the idea that we all benefit when a greater share of Americans register and vote. This year there will be an important general election on Nov. 8, 2016. If you are not already registered to vote, please consider doing so now.

Alfred University students have a choice of registering and voting right here in Allegany County (if you have been a resident in your present address for at least 30 days before the election) or voting by absentee ballot in your home county or state. The choice is yours, but please plan to register and vote.

You can download the registration form and get more information about voting in New York State, including instructions on how to vote by absentee ballot, at this Web site maintained by the NYS Board of Elections: www.elections.ny.gov.

You can also stop by the Center for Student Involvement to pick up a form for NYS. The Center for Academic Success also have forms available.

Please make sure that to register to vote, you must complete the form, print it out, sign it, and mail it to the county's Board of Elections.

To request an absentee ballot for New York State, go to <http://www.elections.ny.gov>.

For information about other states' registration deadlines and absentee ballot request deadlines you can visit <http://campusvoteproject.org>.

Observed and Imagined: Works on Paper by Mario Prisco

September 9- October 16, 2016: Tuesday - Friday 11am - 5pm

Opening Reception: September 9, 6-8pm

Location: Cohen Gallery 55 North Main Street Alfred

Cost: free

The Cohen Gallery will present recent figure drawings and fantastical watercolors by Alfred University Professor Emeritus and Dean Emeritus Mario Prisco from September 9 to October 16. For Prisco, observational drawing using the human form is a touchstone to his larger practice. His figurative work has always influenced essential decisions in his painting--the selection of objects, the relationship between parts, and the handling of edges. His series of watercolors displays fanciful and recurring motifs in imagined landscapes of bold colors and multiple perspectives. The distance he travels from the real to the surreal may seem extreme, but the artist would argue that the painterly skills and compositional connections between the two genres are implicit.

Mario Prisco was born in Brooklyn in 1930. After attending the High School for Music and Art in Manhattan, he went on to receive his BFA and MFA at Syracuse University. His teaching career included positions at Moore College of Art, where he established the Fine Arts Division, and the School of Art and Design at Alfred. Prisco has had a long and successful career at Alfred. Among his many accomplishments were the creation of the design program and the establishment of sophomore drawing. He continues to attend the Thursday night open studio on campus.

Would you like to show off your room?

The Office of Admissions is looking for 3-4 rooms on the first floor of Kruson, Reimer, Tefft and Barresi to showcase during tours for prospective students and their families. This is a paid opportunity and will be based on a contractual agreement for the fall and spring semester. If you are interested, please contact Michelle at pomeroym@alfred.edu for further information.

New SPAM Filter

As many of you know we have been migrating to O365 over the last several weeks. Last night, we took a major step toward completing that migration by eliminating the use of our Barracuda firewall, which is the server/service that provided our SPAM filter.

With the elimination of Barracuda, Microsoft is now managing our SPAM mitigation services through Exchange Online Protection. This means that you no longer need to monitor your Barracuda account. However, you should redirect your attention to routinely checking the "Clutter" and "Junk mail" folders which are located on the left-hand pane of Outlook (or whatever email client you are using).

By default, Exchange stores frequently deleted-items (that you rarely open) in the "Clutter" folder. The "Junk mail" folder is more similar to the Barracuda, in that this is the location where SPAM is filtered. You can restore emails to your in-box from either of these folders.

If you would like more information or have a questions, please call the Help Desk at x2222.
