ITS Video Conferencing Policy

Due to an increase in requests, ITS has updated its Video Conferencing policy. Anyone wishing to host a video conference with ITS assistance must make the request at least seven (7) business days prior to the proposed meeting date. The conference organizer is responsible for scheduling the room that will be used for the meeting.

If ITS assistance is requested, the video conference should be held during AU business hours, which are 8:30 am to 4:30 pm, Monday through Friday. ITS has a limited number of staff to provide assistance, and cannot guarantee service for meetings held before or after AU business hours. Assistance requests will be honored on a first come, first served basis and will depend on technician availability. If a technician is requested, please allow 15 minutes for setup and testing.

All arrangements, including room reservations and assistance requests must be made seven (7) business days prior to the meeting date. Requests that are made less than seven (7) business days before the video conference may not be honored.

302 Perlman Hall may be reserved for meeting and video conference purposes. It is available from 8:30 am to 4:30 pm Monday through Friday. Please visit the Video Conferencing Policy web page to access the room reservation form.

To schedule video conferencing assistance, please contact the ITS Helpdesk. This will allow for appropriate record keeping, technician scheduling, and timely service. The ITS Helpdesk can be reached at 607-871-2222 or helpdesk@alfred.edu.
