### Bergren Forum - 'Color in Ceramic Glazes'

The Bergren Forum sponsored by the Division of Human Studies and the College of Liberal Arts and Sciences will be meeting at 12:10 P.M. on Thursday, April 11 in the Nevins Theater, Powell Campus Center.

Bring a brown bag lunch; coffee and tea will be provided.

Speaker: William Carty

Topic: "Color in Ceramic Glazes: A Happy Accident"

Highly prized 12th century Celadon glazes are a luxurious pale green. This color, however, was not a result of an added colorant, but due to the interaction of a clear glaze with a body that contained iron. What research has uncovered is that the firing schedules for these ceramic pieces were much longer than modern firing cycles - up to four days compared to the three hours commonly used today.

This lecture will also give a brief summary of the modern routes used to obtain color in ceramic glazes

today.

### Students in Distress - Who to Contact

Dear faculty and staff,

This is the time of year when stress and emotions run high among our students, and our mental health emergency response calls really start to pick up.

If you are concerned for the safety of a student, your 24/7 phone number is 607.871.2108. When Public Safety is not on duty, the call will go to 911. Those dispatchers have phone numbers for our RD on call, our Student Affairs incident coordinator, the counselor on call, the Dean of Students, etc., so please work with 911 just as you would our Public Safety staff.

The Wellness Center/Counseling Service reserves time at the end of the school year for crisis and walk-in needs. Please call 2300 during business hours to consult or refer a student. Counseling Service after-hours message has a recording on how to contact the Counselor on Call.

For non-life threatening concerns please remember to utilize our Care Network at <https://alfred-advocate.s...>?

Thank you.

### Thank You to the AU Community

On behalf of the Office of Admissions I would like to extend my sincere appreciation to the entire Alfred University community. The two Accepted Students Days were a huge success due to the hard work and dedication of so many on campus.

Special thanks to Michelle Pomeroy for coordinating the events, the faculty and staff who represented their various programs and departments, AVI for an outstanding job providing great food and service, members of our physical plant who worked extremely hard to ensure beautiful grounds and space on campus, public safety for assisting with parking, and members of our administration for taking the time to meet and mingle with our prospective students.

I'm delighted to report that we had 375 students attend, an increase of over 30 students from last year. Many thanks to all for spending part of your weekends to assist the University in meeting our enrollment targets.

Sincerely,

Corry D. Unis  
Director of Admissions

### **Class Opportunity: Concepts of Service Learning**

If you're looking for a 3-credit elective course, consider taking UNIV 115 Concepts of Service Learning.

This course combines weekly class meetings with weekly service hours spent in the local community in an exploration of what it means to be engaged in service learning as a way of accomplishing and demonstrating civic engagement.

Each student selects a service project to satisfy the main requirement of at least 4 hours of service work per week. The class meets together 1 hour per week to discuss assigned readings and each other's reflections, written and oral. This semester's primary service partner will be the newly elected Mayor of Alfred, and we'll be focusing on town-gown service projects.

For more information, please contact Jessica Jennings at [jennings@alfred.edu](mailto:jennings@alfred.edu).

### **Arthur L. and Lea R. Powell Distinguished Lecture in Psychology**

Dr. Frank Farley, psychologist and L.H. Carnell Professor at Temple University, Philadelphia, will deliver the 2013 Arthur and Lea R. Powell Distinguished Lecture in Psychology. The lecture will be presented in Nevins Theater (in the Powell Campus Center) Friday, April 26 at 10 a.m.

The lecture is open to the public and free of charge, though registration is required.

The lecture is entitled "EXTREME PEOPLE - Seeking a Common Thread Among Risk-takers, Heroes, Leaders, Innovators, Entrepreneurs, Thrill Seekers, Delinquents, and More."

Dr. Farley will discuss the nature of risk-taking, both positive and negative, including heroism, creativity, and other topics. He will suggest how various kinds of risk-taking behavior may be linked, as well as their role in child and adolescent development.

Dr. Farley asserts that to understand American society requires an understanding of how risk-taking qualities underlie its enormous creativity on the one hand, and its high-crime rate on the other. He will make recommendations for delinquency and violence reduction, education, healthy child-rearing and family practices, the happy life, and more.
