Stay Safe. Respond to Outdoor Warning Siren

Alfred State College has outdoor warning sirens. In the event of life-threatening emergencies, Alfred State will activate the outdoor warning siren.

Any emergency that causes ASC to sound its alarm also has the potential to affect people on our campus. If and when you hear the siren, you should immediately return to a known safe, indoor location. Information about the emergency, including instructions about what to do, will be communicated via E2Campus. If possible, other methods will be used including WALF broadcasts and postings on entrance doors to academic and residence hall buildings.

If you have any questions, please contact the Office of Public Safety at 607-871-2108.
