Bette's pieces will also be in “Force Of Nature” at Plymouth State College's Silver Center for the Arts, 17 High St., Plymouth, NH, beginning Monday, July 6 and running through Friday, Aug. 15. This Women's Caucus for Art National Juried Exhibit will feature work based on the concept of women exhibiting their power and energy in a manner often described as a force of nature. Broadly interpreted concepts will range from myth and legend to the personal or political, and include nature as in Mother Nature and her natural forces, eco art and ecofeminism.

Entries from women artists across the country, working individually or collectively as a force for positive change, will make this exhibit an inspiring and empowering experience. The show is presented in collaboration with Women's Caucus for Art New Hampshire.
