### **Updated Instructions for Support Staff Web Time Entry**

After reviewing the initial practices set up during implementation of Web Time Entry, it has been decided that it would be best to make a slight change in the use of the EXCUSED code. If you are out of the office to attend an approved conference or seminar, this should now be recorded as time WORKED, not EXCUSED time. The EXCUSED code should be used only for time out of the office that is not related to your job; medical/legal appointments, jury duty, bereavement, 1/2 day religious observance, or emergency closing.

Also, over the last year, with new updates to our BannerWeb, additional functionality has also become available that you may not have been aware of. The current instructions include references to these and may make this process more user friendly to you.

Please find the updated Instructions at the following HR link.

### **AU Faculty Research Mentor Award**

Provost Bill Hall is pleased to announce the establishment of the Alfred University Faculty Research Mentor Award.

The University intends to acknowledge and reward faculty who are outstanding undergraduate research and scholarly activity mentors across the campus, i.e., those individuals who are outstanding mentors to students engaged in research or scholarly activity and are actively engaged in being research/visual-performing artists themselves.

One award each year in the following categories: physical and life sciences, undergraduate engineering, social sciences, humanities, visual and performing arts, and professional studies.

The award in the amount of \$500 of faculty development money will be presented at the Honors Convocation on April 26, 2013. The nomination period for this award is Feb. 1 through Feb. 22, 2013; nominations are to be sent to the Awards Committee at [argus@alfred.edu](mailto:argus@alfred.edu). The attached document explains in detail the process and selection of the award.

### **Student Musicians**

Incoming IEA visiting artist Brett Sroka is looking for students who have and play a musical instrument to work with during his one-week residency from Feb. 4-8. Specifically, Brett is looking to make improvisational recordings of various instruments to work into his greater project during his residency.

If you would be interested in participating, please send an email to Devin Henry at [dh7@alfred.edu](mailto:dh7@alfred.edu) with your Name, the Instrument(s) you have and play, and the best way to get in contact with you (email or phone number). This list will be given to Brett when he arrives and he will contact those he is interested in working with to organize a time to get together with you.

### **Student Architecture Exhibit at Hinkle Memorial Library Jan. 22-Feb. 28**

Stop by anytime during library open hours:

Monday-Thursday 7:30 a.m.-11 p.m.; Friday 7:30 a.m. - 5 p.m.; Saturday 1-7 p.m.; and Sunday 1-11 p.m.

Description:

Professor Richard Carlo, an Architecture Professor at Alfred State: SUNY College of Technology, instructed his students to work within a 2ft-by-2ft cube. The objective was to conceptualize and create "texture" in a newly introduced computer software program called "Rivet". Within uniform spacial parameters and the theme of texture, students would design their ideal work space; one which included a private "office area" and an "exhibition space" to display their digital design prints and architectural models.

Students completed their assignment in three weeks, transforming their ideas from sketches on paper, to digital designs, and finally a three dimensional model.

This may sound simple, but it was a very difficult assignment when you consider the amount of variables included in the process. Dreaming of your ideal office might be easy, but going from creating texture with paper then switching to considering how to make texture with wood, metal, concrete and other building materials isn't so easy.

Each student's approach is creative, unique, and personal. It leaves you wondering how you would approach the assignment at hand and provides a glimpse into what practicing architects need to consider designing a functional space successfully.

If you would like to inquire about use of the gallery please email Jenny Hillenbrand at [HillenJB@alfredstate.edu](mailto:HillenJB@alfredstate.edu), or stop by the library homepage for more information: <http://www.alfredstate.ed...>
