### New 2009 Master Contract Announced

Alfred University has signed a four-year contract with Toshiba Business Solutions to provide and service all photocopiers for both Statutory and Non-Statutory departments.

Replacement MFPs (Multi-Functional Printers) will be state-of-the-art digital printers of a similar or superior model to what departments currently use. The machines will have connectivity capabilities such as networking, scanning and faxing.

Photocopiers will begin being replaced on Tuesday, June 16 and continue throughout the rest of the month. Toshiba will provide training as needed on the new equipment. Your department will be notified a day or two prior to replacement.

Departments are no longer responsible for negotiating leases or purchasing copiers. Sue Peck, Director

of Office Services, will be the coordinator for this program and ensure that all photocopiers are replaced according to the terms of the agreement.

If your department does not have a MFP and would like one or if you have any questions regarding this new contract, please contact Sue Peck at 2260 or e-mail her at [pecksm@alfred.edu](mailto:pecksm@alfred.edu).

### One Card cutoffs for Year-end

The One Card cutoff date to charge purchases on your credit card will be Thursday, June 25. The transactions that you charge in June and are POSTED to your account in PaymentNet by June 30 will show on your July statement.

Be aware that the merchants do not always update their transactions daily. This could mean your charge may not be posted until July and miss the 2008-09 budget. Please plan accordingly.

The reconciliation schedule for July will be accelerated to get these expenses posted in the current 2008-09 fiscal year. Your reconciled statement with receipts needs to be given to your card manager by Tuesday, July 7.

Remember, you will need to print your statement from the PaymentNet Web site. The card managers need to approve and forward the statements to Sue Peck by Friday, July 10. The transactions posting to Banner will be done on Wednesday, July 15. It is essential that the proper coding be in PaymentNet before this is posted.
