Increased Internet Bandwidth

Through an agreement with our Internet Service Provider, ITS has increased the Internet bandwidth

from 60 to 100 Mbps. We hope this increase will help alleviate some of the congestion problems that we have encountered in recent semesters.

We are also exploring long-term solutions to further increase our Internet bandwidth.

The 2010 Census is Coming, and Your Community Needs Your Participation!

The U.S. Census counts everyone residing in the United States and Puerto Rico, and is required by the Constitution to take place every 10 years. A census questionnaire will be delivered to every residential address in March 2010 and to on-campus housing in April and May 2010. When you receive yours, answer the 10 short questions (7 questions for students living on campus) and return your completed form.

People should be counted where they live and sleep most of the year, so if you live at school on April 1, 2010, that is where you should be counted.
