AU Chorus with a Common Ground Theme

The AU Chorus is open to all students regardless of musical background. If you can sing, we want you and we will teach you! In the spring semester, the choir will focus on music that celebrates diversity, acceptance and hope. We will be working on "Glory" from the movie "Selma" and alumni Chaz Bruce will come from Rochester to help us sing Gospel and R & B music. We will perform 2-3 selections from a new work "Considering Matthew Shepard" a piece about the tragic death of a young gay man but also focusses on hope for our future. We'll celebrate our Latino community in a Caribbean based "Kyrie" with steel drums and multiple percussion.

Concerned about issues of diversity, inclusion and community? Let's sing about it and through our songs truly become community.

University Chorus is a 2 credit course MUSC 271 and satisfies part of the Arts credit in General Education. The choir meets on Monday from 7:00 pm - 8:30 pm and Wednesday 5:20 pm - 6:50 pm. The group is also open to faculty and community members.

Singing in a choir has been shown to relieve stress and help people to find a community.

Jes Fan: Artist Talk

Date of Event: Wednesday, November 14
Time of Event: 5:00 pm
Location of Event: Binns Merrill, Room C
Cost: Free!
Sponsored by: Sculpture/Dimensional Studies

Jes Fan is a Brooklyn-based artist born in Canada and raised in Hong Kong, China. They received a BFA in Glass from Rhode Island School of Design. Fan's trans-disciplinary practice is based on a material inquiry into otherness as it relates to identity politics. Reflecting on the inter-sections of many identities, they question the concept of "otherness" by creatively exploring materials and substances with social, political, and erotic connotations. Working with glass, latex, silicone, glycerin, and injectable Depo-Testosterone, Fan's playful, poetic objects and drawings explore transgender identity, body modification, and self-determination. Critical of stereotypes and hierarchies, Fan's paradoxical creations (a limp pink silicone dumbbell, testosterone-scented candles) greet viewers as riddles, inspiring complex meditations on the conventions and inventions of gender.

Fan is the recipient of various fellowships and residencies, such as the Edward and Sally Van Lier Fellowship at Museum of Arts and Design, Pioneer Works, and a CCGA Fellowship at Wheaton Arts. Fan has exhibited in the United States and internationally; selected exhibitions include No Clearance in Niche at Museum of Art & Design (New York), Whereabouts at Glazenhuys Museum (Belgium), Material Location at Agnes Varis Gallery (New York), and Ot(her) at Brown University's Sarah Doyle Gallery (Providence).

Monthly Safety Tip

Cold weather, ice and snow can increase the chances of slips and falls, so the Alfred University safety committee would like to remind all Saxons to stay safe throughout this winter season. We remind you to dress warmly and wear suitable attire, and, when appropriate, walk like a penguin. It may sound silly, but short, shuffled steps can decrease your chances of slipping and falling. Be sure to download a copy of our Walk Like A Penguin poster to post in your area.
