### **Update your Online Profile**

As a part of the website redesign, we will be highlighting the people that make Alfred University such a special place - all our faculty and staff. To do that effectively, and to create a fully-functioning searchable online directory, we need to update everyone's Alfred University profiles.

We are asking everyone to look at their profiles and make any edits/updates/additions you would like to include in the next 10 days by visiting Edit My Profile found on my.alfred.edu. After that time, we will be turning off your ability to update your profile until after the website launches the end of March. For assistance, be sure to read our tips on How to Edit Your Profile.

### Schedule your New Online Profile Photo

The style of our online portraits is going to be a departure from the standard, studio-formal "head/shoulders shot." At the recommendation of the branding/marketing consultants, we are going to be taking "environmental" portraits that provide more visual interest, a more contemporary impression and if possible, an interesting aspect of your personality.

Ideally, these portraits should be taken in a building where you either teach or have your office. Though these may involve a classroom/lab setting, these will not be in-action classroom shots, nor will they necessarily be in your office, since offices don't always offer the amount of room we need. It may even be a hallway or entranceway in your building.

When you email us to schedule your portrait, we strongly encourage you give some thought and to provide us with your feedback regarding specifically what area in your building will provide the light we need. We want to use natural light (near windows) whenever possible, though if necessary we will supplement the lighting, hence the need for space.

Updated faculty photo portraits are going to be taking place over the next 4 weeks, and you are requesting everyone on campus to participate in this very important component of Alfred University's new marketing plan. It is a big project and we need your full cooperation.

How to schedule? Email Jen Guarasci ([guarascij@alfred.edu](mailto:guarascij@alfred.edu)) with three specific days/times that work for you. Jen will then coordinate the requests, produce a schedule and then email you with the confirmed day/time for the session.

What to wear? These are official portraits, the composition of which can include the subject (you) from the waist up, so "smart business casual" up to "business professional" is the dress code. If some aspects of your choice of clothing is bright and colorful, that is perfectly acceptable (and encouraged). If you have questions, please include those when emailing to schedule your session.

Time needed? We are scheduling 30-minute blocks of time

The photographers: Rick McLay, Director of Creative Services and Zach Lyman, the new Multimedia Production Specialist.
