

Visiting Brooklyn College Falls, 20-19, As Saxons Win Third Game In Five

Tarquino Carries Ball 124 Of 284 Total Yards; Alfred Rushes Kicker And Opponents Fail To Tie Score

Staving off an inspired last half drive by the Kingsmen, Alfred emerged victorious by a score of 20-19, Saturday evening at Merrill Field.

Brooklyn, behind 20-6 midway in the third quarter began to move and on two pass plays almost evened the score. All of the

Kingsmen's scores came on pass plays and all on the same play, a pass to the weak side of the line. Still more surprising is the fact that Alfred scored twice on the same play. Tarquino sparked the offense, while, substituting for Brown, he carried the leather 124 yards of Alfred's total of 284 yards gained rushing.

In the first quarter Tarquino set up the first Saxon score carrying to the 5-yard line. Curran plunged over for the tally. Brown's try for extra point was incomplete. Midway in the second quarter starting on their own 19-yard line Alfred carried the ball for 4 first downs in 5 tries, three of them run by Tarquino, only to lose the ball on the 19-yard line by a fumble. A minute later Alfred recovered a Brooklyn fumble on their own 40 and three plays later scored. Curran passed to Spittlnik for a 43-yard gain and on the next play passed again to Argenteri for the touchdown. Brown's conversion was good. Receiving the kick-off Brooklyn reached pay-dirt in two plays. Edwards ran the ball back to the 43 from his own 7 and on the next play Steinbeck passed to Fallek for a gain of 44 yards and the Kingsmen first six-pointer. The try for extra point was wide.

Kicking off to Brooklyn to start the second half, Brooklyn received on the 20, fumbled and Alfred recovered on the 25. Curran then passed again to Argenteri on the weak side for the Saxon's last touchdown. Brown's conversion was good and Alfred led, 20-6. At this point Alfred's lack of reserve strength began to show and the Kingsmen's offensive began to roll. Receiving (Continued on page three)

New Chaperone Plan To Affect House Parties

A new system of chaperonage of informal dances and house parties will be instituted on campus beginning Friday, according to a joint announcement by Deans Elizabeth Geen and Brinton H. Stone. The system will not apply to large, formal dances.

"This idea," the announcement stated, "is based primarily on the desire of the personnel deans to see the different organizations on the campus assume the full responsibility that self-government entails. We feel that the responsibility of the conduct of any organization belongs necessarily to that organization. In line with that thinking, we have suggested to the Interfraternity Council that a system of student chaperonage be instituted at informal dances and house parties."

The system in detail is as follows: An organization, as has always been the custom, will schedule its proposed affair through the office of the Dean of Women. It will signify at the time the name or names of a married couple or couples to act as chaperones. At the same time, the house scheduling the affair will propose the name of a senior member of the house who will act as host. His partner at the affair will become the hostess. They will have not only the social responsibility of seeing that the guests are greeted and taken care of, but also of seeing that the conduct of all at the affair is in keeping with the principles and standards of the house. If anything is amiss, the host and hostess will report to the house committee in charge of the discipline of its members. That committee will then see that the offending member is taken aside and admonished with.

Every Friday at 5 o'clock the hosts and hostesses of the affairs scheduled (Continued on page two)

Dorm Men Put Out Threatening Flames

A fire of undetermined origin destroyed a number of worthless cardboard boxes behind the Bartlett, Friday night, and brought about two dozen would-be firemen to the scene. The flames seriously endangered a near-by car and threatened to spread to the woods.

The blaze was first spotted by Marvin Rosenthal '51, at 12:30 a.m. Eugene Skir '50, and Joseph Katz '51, were the first to arrive, and soon were reinforced by Francis Pixley '51, Richard Nohle '51, and Raymond Miller '51, who brought two fire extinguishers into play. The blaze was extinguished within a short time.

Discussing Autumn Festival Plans

Rennie Coats AT, pauses before the Autumn Festival sign by the Campus Union to clear up a couple of last minute points on the Ag-Tech's gala weekend event with Lewis Golden AT, and Francis Florentino AT. See story with Thursday through Saturday schedule in column 3.

Newly-Formed NSA Plans To Join UNESCO

Membership in the National Commission for UNESCO has been granted the newly-formed United States National Student Association, it was announced at assembly Thursday. Robert S. Smith, association vice-president, will represent the NSA.

The assembly program featured discussions concerning the organization's relation to activities on campus, the international situation and college administration.

The purposes behind NSA were discussed by one of the two Alfred delegates, Jack Jones AT. "So that the students of the United States could have a national voice," it was organized by the 24 American delegates to the International Student Conference in Prague. A constitution was adopted at the initial convention in Chicago, and an eight-day conference was held in Madison, Wisconsin in August.

Jack Caraballo '48, discussed the role of the NSA on the campus. Working through the Student Senate, it will deal with such problems as student apathy in campus government. Among the principles of the organization are: the right of every student to have a college education, the right to establish democratic student governments, the right to petition school administrations for changes in professors and curricula, the right of free publications to exist on campus, the right to (Continued on page two)

Fraternity Parties Changed To Tonight

Rush parties will be held tonight by the University fraternities instead of on Friday evening this week because of the Ag-Tech Autumn Festival Dance, Friday.

Beta Sigma Psi fraternity has been voted to join the Interfraternity Council on a three-year trial basis. If, at the end of this period, the new fraternity shows its good faith and integrity, it will become a full-fledged member of the Council.

During the trial period, Beta Sigma may take part in discussions, but can not have a vote.

New Bulletin Board To Include Official University Notices

Upon the suggestion of the student officers and the Student Affairs Committee, a large-size bulletin board for the official notices will be erected, probably opposite the porch of Burdick Hall, Dean B. H. Stone announced this week.

This glass-enclosed bulletin board will be divided into sections which will include official notices from the university and student organizations, notices of interest to veterans, information from the placement service and fellowships and announcements from the publicity director's office. The bulletin on the Union porch will be reserved for the use of the students.

Director Of Loans Stresses Repaying

The importance of repaying money on Red Cross Veteran's loans as soon as possible was stressed, Saturday, by Miss Peggy Wingate, director of loans.

At present there is \$6500 in the revolving loan fund, she said, available to veterans whose government checks have been delayed. Veterans may obtain loans of up to \$25 a week for their maintenance, to be repaid when the first check arrives.

Miss Wingate and her assistant, Mrs. William Pangborn, have office hours at the Wingate residence at the following times: 10-12 a.m. Monday through Friday, and 1:30-3:30 p.m. Tuesday and Thursday afternoons.

New Alfred Science Club Selects Officers, Board

Robert Young '48, was elected chairman of the Alfred Science Club at an organization meeting held Wednesday in Allen Laboratory. Edith Cohen '50, was elected secretary-treasurer; Phil Crayton '49, and John Bellotti '50 members of the governing board; and Dr. Samuel Scholes, Jr., faculty advisor.

"The Science Club is still in the process of organization, and any students interested in chemistry are invited to attend coming meetings," Young pointed out. Club members, majoring in chemistry, will become affiliated with the American Chemical Society after Jan. 1.

Afternoon Tea Dance To Start Ag-Tech Event

Major social event of the season, the Autumn Festival, sponsored by the Ag-Tech student council will begin with a tea dance from 2 to 4 p.m. Friday in Social Hall. Music will be furnished by the Collegians. Jack Hillman is chairman of the event, and chaperones are: Miss Jane Clark, Mr. Howard Merrill and Mr. and Mrs. Edwin Gere.

On the academic side, open house will be held at the Ag-Tech shops and labs Thursday from 7 to 11 p.m. Students will hold regular classes in order to explain and illustrate the work in their respective courses. Transportation will be available from the Ag-Tech building to the State Farm where most of the labs and shops are located.

From 9 p.m. to 1:30 a.m. Friday, a formal ball will be held in the University Gym. Corsages and favors will be presented at the door. Decorations chairman, Donald Jonas, said that the decorations for the ball will surpass those of last year at the Spring Dance. Music will be supplied by Al Cecchi and his 15-piece orchestra from Olean. Refreshments will also be served.

The grand finale of the Autumn Festival, weather permitting, will be the weiner roast and blanket party on Sugarloaf Hill, Nov. 1, at 1 p.m. Various games and contests will be staged.

Ceramic Research Department Offers Senior Fellowships

"This year, more than ever before, there is great opportunity in senior engineering to work on industrial research and projects sponsored by the United States government," said Prof. John F. McMahon, Acting Head of Ceramic Research Department, in announcing the recipients of nine fellowships on ceramic research projects.

There are three fellowships for research under the Army Air Force Jet-Propulsion Refractories project, and four for the Wollastonite project being financed by funds furnished by the Industrial Research and Development Division of the Office of Technical Services, U. S. Department of Commerce. The Filtros Corporation and the Pacific Tile and Porcelain Co. each are sponsoring one fellowship.

The Army fellowships are held by Ernest Faust '48, Laurence Gravey '48, and W. E. Holman '48. Harvey J. Robillard '49, H. M. Setchel '48, Alfred R. Cooper '48, and Marion R. Nadler '48, hold the Wollastonite fellowships. Filtros and Pacific Tile and Porcelain are held by Gordon Prior '48, and Charles Brady '48, respectively.

"In working on these fellowships it is possible for a Senior to carry on his thesis work and at the same time to receive financial remuneration," Prof. McMahon said.

R. F. A. To Feature Norwegian Speaker

Miss Gerd Arnborg, director of the Student Christian Movement in Norway, will be speaker at the RFA meeting Sunday. It is anticipated that she will emphasize some of the more obscure facts on present conditions in Scandinavia and Europe.

A tentative schedule of weekly RFA meetings is being planned with programs of campus-wide interest and importance. According to present plans, these meetings are to include a program of Jewish folk music as well as several talks by well informed students and faculty on Europe, India, and the Far Eastern countries. Many of the veterans on campus have information on these foreign lands which is not always found in the travel folders and history books. It is hoped that some of these people can be engaged as speakers at the meetings of the near future.

Ceramics College Gets New Draftsmen's Desks

The College of Ceramic Industrial Design is receiving 35 special draftsmen's desks. Each of these new desks costs \$32.

Alfred Barber To Appear Before Senate To Help Clear Haircut Situation

Local Chapter Of AVC First To Bring Out Fact That Negro Students Unable To Get Haircuts In Either Barbershop

(Editor's Note: In an effort to permit a distasteful problem to solve itself, the Editor has withheld from publication any mention of what is becoming known as "the haircut situation." However, we feel now that the time has come to bring it to our readers. See, also, the editorial on page 2.)

In an attempt to clear up both views of the "haircut situation," Mord L. Corsaw, Alfred's only barber for nearly 20 years, will appear before Student Senate, Wednesday evening, to explain to the student representatives the viewpoint of himself and Arnold Matison.

Senate Meeting Postponed

The Student Senate meeting this week has been postponed until Wednesday at 8 p.m. in Physics Hall because of the fraternity rush parties scheduled for Tuesday.

Pine Street Bridge To Open This Week

Opening of the Pine Street bridge, destroyed by high water in the forepart of June, will be before Nov. 1, Leon Sisson, town road commissioner, said yesterday.

Opening of the bridge hinges upon the completion of the riveting and welding of the steel flooring which the town board decided to use at the cost of about \$1200, instead of planking, Mr. Sisson said. The flooring being installed is Irving type V sub-way flooring, a steel decking which the town has found very satisfactory on the Elm Street bridge installed several years ago.

Majority of the abutment construction framework has been done by the Allegany County highway department under a total appropriation of \$10,000.

Syracuse Law Dean To Speak At Assemblies

Dean Paul Shipman Andrews, Dean of the Syracuse College of Law, will address both assemblies, Thursday.

Dean Andrews received his Bachelor of Arts degree at Yale and his

Bachelor of Law degree from Columbia Law School. He became Dean of the Syracuse College of Law in 1927 and since has become recognized as a leader in the field of education for the legal profession. He was an annual speaker at Alfred assemblies until he entered the United States Army as a colonel, during the second World War. He will meet with all pre-law students for questions discussing opportunities in the legal profession at 1 p.m. in Room 3 of Kanakadea Hall.

Dean of Women Returns To Navy For Two Weeks

Dean Elizabeth Geen will return to the Navy for a two week period of active duty on Nov. 1. At the Bureau of Naval Personnel in Washington, she and a small group of others will plan the curriculum for the basic training of Waves.

During Dr. Geen's absence, her secretary, Mrs. Marion Gardiner, will assume her duties.

His appearance, however, hinges upon his health. When interviewed by a Fiat representative Friday afternoon, he was ill with the grippe.

The fact that Negro students on campus could not get haircuts in Alfred's two barbershops was first brought out last Spring by members of the American Veterans Committee Alfred chapter. Little progress was made then, but they revived the problem this Fall and have succeeded in bringing the matter to the attention of Student Senate.

Dean B. H. Stone said he had "high praise" for AVC's conduct of the affair. "They have showed exceptional restraint and cool sense," he said.

In reviewing the situation, Friday, Mr. Corsaw said of preliminary meetings with students and faculty, "I told them that it is a custom throughout the United States for white barbers not to cut Negroes' hair. However, I suggested that their best course of action would be to secure an official ruling from the State Attorney General on racial discrimination in the barber shops and, if the ruling stated that barbershops are compelled by law to cut any person's hair regardless of race or color, then they should inform the master barber's association and the state barber's union that as of a certain date, the law would be enforced. I am willing to cooperate in this manner, but I see no reason why Alfred's two barbers should be the focal point of attention."

In reply to a request from Student Senate this week, the Attorney General stated that he was forbidden by law to make an official interpretation of the ruling to any but state officials. To date, the only interpretation of the law available is that of the National Association for the Advancement of Colored People which some people feel might be biased. Exactly what recourses are open for determining the strength and scope of the law was not determined when the Fiat went to press.

Senate Names Committee For Leader Meeting

Naming a committee to develop a student leader conference, a report from the chairman of the proposed Community Chest drive, and a lengthy discussion of the race discrimination question formed the major part of the Student Senate meeting, Tuesday.

Jack Jones AT, Frances Barnett '49, and William Williams AT, were appointed to a committee by Senate President Kenneth Goss '48, to work on a recommendation from President Walters' Student Advisory Board that Alfred sponsor meetings or conferences of student leaders from other Western New York colleges to discuss student organization problems. In presenting the recommendation President Goss said, "Student apathy in regard to campus organizations is a definite problem here during these post-war years. The Board feels that a meeting with other campus leaders to compare notes would be of benefit to us as well as to others who attend the conference."

Katherine Bascom, SAC, distributed questionnaires for the Community Chest drive to the representatives with in- (Continued on page two)

Alfred University's Student Paper

Published every Tuesday of the school year by a student staff. Entered as second-class matter October 9, 1913, at the post-office in Alfred, N. Y., under Act of March 3, 1879. Subscription \$2.50 yearly.

TUESDAY, OCTOBER 28, 1947, ALFRED, NEW YORK

Irony

It is ironic that the main speaker for the Founder's Day Program should be Senator Irving Ives, former majority leader in the State Legislature and one of the most outstanding promoters of New York's progressive Anti-Discrimination Law. For a month the intolerable situation that exists with regard to the barbershop racial discrimination has been clouded with rumors, suppositions, and indignation, but no action has resulted. It's time the students found out what is going on and used their influence to see that something is done.

Although the Attorney General is forbidden by law to make an official interpretation of the ruling to anyone but state officials, an unofficial statement says that barbershops cannot refuse any person because of race, color, or creed. This should include skilled service of the barber as well as use of equipment. A faculty member who is well acquainted with the facts said, "It seems like an air-tight case."

According to the barber's statement it is a nationwide "custom" for white barbers not to cut negroes' hair. In larger places the problem has not arisen because there are colored barbers. In Alfred, though, the situation is somewhat different; we are supposed to be a heterogeneous group which accepts our fellow students on their personal merit, not color.

Let's be sure of our case and then do something about it.

A Bonus For Veterans

A new veteran's bonus payment will be voted upon in the New York State elections in November. If the people approve the constitutional amendment authorizing the bonus, benefits will become effective the first of next year.

A maximum of \$250 will be received by any veteran who served outside the United States for any length of time. Those serving more than 60 days within the United States will receive \$150, and less than 60 days, \$50.

Certainly every veteran is deserving of this bonus and would welcome anything which would ease his present financial condition. But he must shoulder the responsibility for the payment of the debt. Governor Dewey said, "We do not propose to follow ancient practice of shirking our duty and delaying payment over 30 or 40 years with our children's money. We, of this generation, who owe the debt, will honorably pay our own debt and do so in the next ten years."

During this ten year period the debt will be paid off by two means. Income taxes will be reduced 10% less than was originally planned and a tax of one cent per package of cigarettes will be imposed.

Will the bonus compensate for the additional taxes? Veterans must make a choice.

The Raving Reporter

By Stan Garr

With the freshmen recovering from their first college fraternity rush party, we thought we would ask a few people for their opinion of the system in general. Here's what we got with the question: "What is your opinion of the fraternity rushing system on campus?"

Herbert Anderson '49—"The second semester would be more advantageous to both rushees and fraternity houses."

Allen Cordts '49—"No one should join a fraternity just to call himself a fraternity man because on Alfred's campus, that doesn't hold any additional prestige."

Donald Miller '50—"I think it is a little difficult for freshmen to make a choice on such short acquaintance."

Fred Schaa '51—"Pretty fair. The system gives one a pretty good impression of what fraternity life is like."

William Spangenberg '51—"Rushing on Alfred's campus is superior to the individual bidding system of fraternities on other campuses."

William Tarr '51—"I like the informal atmosphere that the fraternity men create. It makes you feel more at home."

Victor DeProse '50—"The Rushing should be a little more extensive. The fraternities should give din-

ners, etc., so that fraternity men and rushees could get to know each other better."

William Strang '50—"I think there should be smaller groups for rushing parties and a longer rushing period."

Legion To Launch Membership Drive

A membership drive and a fund-raising campaign will be launched by the John Eggleton Post 1662, American Legion, at a meeting 7 p.m. Thursday in Room 2, Greene Hall.

Commander Robert A. Hanright '49, in making the announcement, said that Malcolm Olsen '48, vice commander, would head the membership drive and Rodney E. Penny '48, chaplain, the fund-raising campaign.

Night And Day

By Beverly Button

Requests for an advice to the lovelorn column were flying around the campus, more than usual, this weekend. Who ever wrote Saturday Night is the Loneliest Night of the Week was wrong—Thursday and Friday nights were even lonelier. Anyway, the girls had time to catch up on their knitting, pluck their eyebrows and sleep, under the auspices of the eight fraternities on campus—Beta Sigma Psi, Delta Sigma Phi, Lambda Chi Alpha, Kappa Delta Sigma, Kappa Nu, Kappa Psi Upsilon and Theta Gamma. All their rushing parties were held in the houses, except for Beta Sigma's which was held in Social Hall. Beta Sigma, Kappa Nu and the two Ag-Tech fraternities held their parties on Thursday evening, and the other four on Friday evening, from 8 to 11.

Lambda Chi entertained a sizable crowd of more than thirty-five. Different varieties of roulette were played (with paper money) and other entertainment was provided by Bill Brown at the piano. Refreshments included cokes, donuts and popcorn. Donald Bemus AT, is rushing chairman.

Kappa Psi, under the "rushership" of Keith Elston '48, had about twenty men present. A skit and music by part of the Collegians were the high points of the evening's entertainment. Cider and donuts were served as refreshments.

Kappa Nu featured a skit and a talk by their president, Harvey Kalish '48, explaining the procedures of the organization. Ginger ale, cookies, pretzels, and cigars were passed out to the 12 rushees present.

Klan had Dr. Warren as a humorous speaker. Refreshments were cider and donuts.

Kappa Delta Sigma held the second of their pledge parties. There have been a total of fifty-seven rushees. Refreshments were served. Their pledge dance will be held Nov. 7 at Social Hall. Fred Greenhalgh is rushing chairman.

Delta Sig was very different in their line of refreshments, as stated by rushing chairman Richard Ziegler '49. They had free cider and homemade donuts. Card games and talks by the officers took place.

The second in the series of rush parties was held at Theta Gamma Thursday night. Refreshments were served.

Beta Sigma entertained twenty men at Social Hall. The president of the up-and-coming fraternity, William Bayuk '50, made a speech.

The "witches" of Theta Chi entertained Delta Sig last Friday night at an informal Hubble Dubble party from 10 to 1 p.m. Mrs. Laura Chamberlain and Mrs. Lydia Orcutt were chaperones.

A "lammy-pi" (Lambda Chi and Pi Alpha) exchange dinner was held last Wednesday evening. Twelve members of each organization visited the other house. Prof. and Mrs. M. J. Rice were guests of Lambda Chi.

Beta Sigma Psi were guests of Omicron for a dessert and coffee hour Wednesday evening.

Theta Gamma were dinner guests of the Castle, Wednesday Director Paul B. Orris and Mrs. Helen Cottrell were also there.

The members of Omicron attended a dessert and coffee hour, Wednesday evening at Pi Alpha.

Sigma Chi had a hayride, Sunday evening. Afterwards they returned to their house for cider and donuts.

Eleanor (Butch) Weaver of Johnson City visited her sister Dorris Weaver '48, Friday through Sunday.

Nancy Kelly '50, and Marie Perrotta '50, visited Olean for the weekend. Athlene Everman AT accompanied Norma Miller and Harold Dickenson AT to Penn State for the weekend, to visit Montgomery Mitchell. Saturday afternoon they attended the Penn State-West Virginia game.

J. Eugene Eagle '23, manager of color sales for the Pemco Corp, Baltimore, Maryland, visited his daughter Mary Eagle '49, Thursday.

Margaret Pausewang '50, was a luncheon guest at Omicron Tuesday.

Dr. and Mrs. Benjamin Crandall and Mr. and Mrs. Fred Gertz and children ate Sunday dinner at Sigma Chi.

Chaplain and Mrs. M. K. Sibley and daughter, Marilyn Sue, were at Pi Alpha for dinner, Sunday.

Mr. and Mrs. E. L. Congdon and son, Richard, visited Grace Congdon '48, and Mr. and Mrs. Robert M. Wightman, Saturday and Sunday.

Nancy Curtiss '49, and Marilyn Schneider '48, spent the weekend in Ransomville visiting Mr. and Mrs. Curtiss.

Mr. and Mrs. Albeert Kieselmann and Mrs. Clarence Van Ostrand visited Jeanne Kieselmann '50, over the weekend.

Richard Keagle, from the University of Rochester, visited Joan Slough '49, last Saturday.

Janet Matson '48, is in the St. James Hospital in Hornell recovering from an appendectomy.

These guests of Theta Gamma at homecoming were omitted last week:

Carl G. Smith AT '47, Karl Korthals AT '47 and Daniel Mullane AT '41.

Richard Ziegler '49, was visited by his father, sister and nephew this weekend. His sister, Mrs. Florence Bierl, and son Jack, were overnight guests at Theta Chi, Friday and Saturday nights.

Mr. and Mrs. Walter Lawrence and Mr. Wilbur C. Getz were dinner guests at Kappa Psi, Sunday.

The engagement of Mary Kay Ellis '49, and Robert Baker '48, has been announced.

Mr. and Mrs. Louis Garber and son, Harold, visited Bernice Garber '50, over the weekend. They are from NYC, and Harold is attending Syracuse University.

Newly Formed NSA Plans

(Continued from page one)

enjoy the above rights regardless of race, religion, political beliefs, etc.

That the NSA has been welcomed in all parts of this country by college administrations was affirmed by Dean Brinton H. Stone. "One of the advantages is that we can understand each other and get team feeling," he stated. "The decision to have nothing to do with politics if possible is to be commended, because such participation has wrecked many student organizations," he said. "One of the functions of the NSA could be to find the facts which are the basis for campus gripes, and it could cooperate through the auspices of the Student Affairs Committee for the purpose of finding out what should be done," the dean said.

A meeting, open to anyone on campus will be held Monday at 8:30 p.m. in Kenyon Hall to discuss the NSA.

Chaperone System

(Continued from page 1)

for that week-end will report for a meeting in the office of the Dean of Women, where they will discuss the social problems they may have to meet over the weekend. For a while at least those meetings will be followed by a meeting on Monday at 5 o'clock in the same office at which time student chaperones of the week-end can discuss together the scheduled affairs at which they have acted as hosts and hostesses.

"It may not be necessary for these Monday afternoon meetings to be continued, but at least they will go on for the next month or so," the statement said.

"We hope that this new system of chaperonage of informal dances will be received by the fraternities and organizations on campus in the same spirit that it has been suggested, with a realization of the responsibilities that are entailed in the maintenance of the standards of the organizations to which the privileges are accorded."

Letters To The Editor—

Dear Editor:

Miss Geen's statement in last week's Fiat about the need for "Social Usage Aids" on Alfred's campus would seem to merit some extra thought by the student body.

Alfred is not a university of wealthy students who have the finances to dress above average all the time. As a co-educational school, other more normal interests may quite naturally receive more attention than an extensive wardrobe.

If the students are clean and healthy, is it so important that we are not well-dressed all the time? How important is this factor in the securing of an education and the preparation for democratic living?

I think Miss Geen would discover if she attends many of our social functions that when the occasion arises, Alfred students can not only dress well and with taste, but can and do behave with a social poise and decorum which deserves commendation. One recent example which might support this observation was the behavior at the Forum concert. In my opinion, the audience was well-behaved, and as a faculty member later remarked, "the students did not even commit the social error of applauding between the movements of the symphony."

However, if individual cases of a lack of knowledge of social etiquette are noted, should there not be class or personal instruction for those persons?

We, too, wish to be proud of our campus.

Sincerely
(Name Withheld)

Notice

With the receipt of an unsigned letter this week, we wish to remind our readers that, while we welcome letters on subjects of interest to our readers, all communications for this column must be signed. Newspapers, must take this same necessary precaution. However, we will be glad to withhold a signature of any letter if so requested.

Prof. Fiedler Presents Two Performances

By Robert Roderick

The Alfred Music Department presented its first concert Sunday afternoon, October 26, in Social Hall. The program consisted of chamber music and was as follows: "Pastorale from Concerto Grosso No. 9 for Strings," Corelli; "Trio Sonata in E Flat Major," Handel; "Symphonia No. 5 for Strings and Oboe," Boyce; "Scherzo for Strings," Fiedler; "Concerto in C Major for Two Pianos with String Orchestra," J. S. Bach. Highlight of the concert was the Bach Concerto, which was performed most excellently by William Fiedler and Lois Sutton at the two pianos, assisted by the chamber orchestra.

The atmosphere achieved by this group at Social Hall was delightful. A more appropriate setting could not have been obtained. The audience sat grouped close around the musicians. During intermission tea was served. Representatives from Hornell's FM Station WWHG were present to record the concert on wire, for probable broadcast later this week.

Members of the orchestra, under the direction of William Fiedler, were as follows: Adelbert Purga, concertmaster; Lois Brannen, Joseph Chalk, Jean Slough, Freda Eddy, Harold Slocum, Carole Marie Anderson, Hugo Winterhalder, Joan Baird, Juel Anderson, Carol Corbin, Eloise Billings, Olin Johnson, Clark Eddy, Stephen Sanders, and Agation V. Ronchetti.

The concert was repeated in the Wellsville library auditorium, Sunday evening.

Frosh-Soph Plays Start Production

More than 100 freshman and sophomores will be involved in production of the three Frosh-Soph plays to be presented Nov. 24, H. Dean Root '50, Footlight Club president and production manager announced Sunday after completion of tryouts.

The casts for the three plays, "According to Law" by Noel Houston, "The Long Christmas Dinner" by Thornton Wilder and "The Boar" by Anton Tchekoff, will be announced next week, he said. Assistant directors will be Lawrence Kinlon '49, Irene Johnston '49, and Robert Lawson '49.

Rehearsals started Monday evening. Next meeting of the Footlight Club will be at 7 p.m., Monday in Alumni Hall.

College Town

By Muddlehead

Correction—last week's column—the super duper Ag Tech dance will be held Friday night, not Saturday night as your stupid correspondent said. I was in one of the superist of my stupors.

Things are still tuff Dept—I thought "Wild Bill" Harrison was kidding when he told me that he was going to dig up a date for Saturday night—no matter what happened, till I saw him walking dejectedly up towards the cemetery Saturday afternoon.

Tony Calvino to Gail Phillips—"Who was that lady I saw you out with last night?"

Phillips—"I wasn't out; I was only dozing."

Prof. Kohler, correcting Gilbertson's test paper in Sociology: "Idiot, imbecile, moron!"

Gilbertson: "Ho, ho prof. You went right by me and didn't even notice it."

It is so crowded in the Post Office after assembly that a man hasn't got a chance. Last week I finally made my way into the mob—got my bills—reached back to scratch my leg. Well, my case comes up next month.

I was sitting in the Collegiate when a guy six foot fourteen inches tall came through the door. He had two heads and was wearing a dress suit. He noticed me staring at him and snarled, "What's the matter—haven't you ever seen a tux before?" I got talking with him and after he left, one of the guys said, "What a monstrosity!" I agreed with him—a swell guy.

After checking over my test marks—glancing in my wallet etc., I have decided to go in competition with Eleanor but I am going to entitle the column "My D-Day."

Scene—Jerk sitting in the Union—Good looking legs cross the floor—Legs cross—Jerk's eyes cross.

Two hours later—Legs uncross—Jerk's eyes uncross. Then I said to h— with it and went into Hornell to get some corrective lenses.

Then there's the guy who took a girl out—spent twenty dollars wining and dining her—then took her home. He spent his last dollar in the Hornell diner on a fish dinner after the date. Just as he finishes the dinner, the gendarmes come in and arrest him for cannibalism.

Here's one of my favorite stories, where I heard it, I don't know. This wife was getting very sick of her spouse coming in spiffed to the gills every Friday night. Finally she was fed up, went down to his favorite hangout. She said to the bartender—"Give me the same thing my husband is drinking." She then picked it up, drank some of it and then spit it out. "Oh what horrible stuff," she said. "Yah," said her pickled husband. "And you thought I was out having a good time."

Senate Names

(Continued from page one)

structions that, after discussion, each member in the organizations represented is to indicate whether he wants an all campus Community Chest drive or individual drives from the various charities.

After a lengthy discussion on the race discrimination problem, the motion was made that a representative from the local barbers be asked to the next Senate meeting to explain the barbers' stand. Included in the motion was a request to stress the fact that all Senate meetings are open meetings and any student interested is invited to attend.

Also to be invited to the next meeting is the editor-in-chief and the news editor of the Fiat, to answer questions brought up by the representatives concerning news coverage.

The question of faculty advisors was brought up and the group was informed that Mr. William B. Harrison of Ag-Tech and Mr. Philip Morton of the Craft School would be able to serve. Another advisor representing the Liberal Arts and Ceramics Colleges will be elected shortly.

In announcing the Pepsi-Cola graduate fellowships, which are restricted to those in need of financial assistance, President Goss said that there are 26 available and he hopes to see more than himself going out for the full tuition and \$750 a year allotment to any accredited college. Further information may be found at the office of the Dean of Men.

Andy Grillo's proposal to hold two dances per month here was not approved. Student keys will be purchased for the officers of the group, as customary. No further action was taken by the Senate on the food conservation program, pending further national action.

Winter Sports Club Joins Outing Group

Announcement that Alfred University will soon join the Intercollegiate Outing Club Association highlighted the Winter Sports Club meeting Tuesday evening in Social Hall.

The Winter Sports Club will become the 40th group of outdoor sports enthusiasts in Colleges in Northeastern United States to join the IOCA since its inauguration. "Purpose of the IOCA is to foster outdoor activities on the college campus as well as to promote joint field trips with neighboring colleges," Siegfried Wuerslin, AT, club president, stated.

Tentative plans also were made for a hayride for club members in early November.

Frosh Women Win Game Saturday, Remove Caps

The freshman women won their right to decap themselves. Or rather, the 13 who came out, Saturday morning, to play hockey against ten sophomores, won the right for the class. During the game, Richardson made two, and Frost made one point for the frosh, and Jeanette Klimajeski scored the only goal for the sophs, making the final score 3-1.

Today the freshmen are playing the Wellsville High School hockey team on South Hall field. After the game the frosh, under the management of Katie Rigas, hockey manager, will serve refreshments in the Union, to the Wellsville team.

Lafayette, Ind.—(I.P.)—A recent report by the American Society of Engineering Education predicts a surplus of graduates in almost every field of engineering by 1950.

Frosh Football Team To Face U. Of Rochester

Off to a head start with a 12-7 win October 18, over the heavier University of Buffalo frosh, the freshman football squad points for the University of Rochester, at 2 p.m. Friday at Merrill Field. The last home game will be with Hobart, Nov. 8, and the team will journey to meet the Ithaca College frosh squad on Nov. 14 for the final game of the season.

In the UB game, the Bulls received the opening kick-off and scored shortly afterwards on a 50-yard dash through center. The score remained 7-0 until midway in the third quarter, Lester gathered in the pigskin on his own 35-yard line and streaked 65 yards for the first score. Late in the fourth quarter O'Keefe, tagged "Scat-Back" by his teammates, raced 20 yards for the final score.

Thompson, captain for the game, stood out defensively, figuring in on nearly 75% of the tackles. Carr did some excellent punting several times to keep his teammates out of trouble.

Sport Side

By Larry Kinlon

The Alfred gridders will try for their fourth victory in six starts when they play host to the Juniata College Indians, this week-end, for the last home game of the season.

This is the second consecutive post-war meeting of the two, with the Indians set to prove that last year's Saxon victory, 27-0, on their home grounds, Huntingdon Pa., was all a mistake. The Alfred tallies of that game all came in the second half, when the Indian defense weakened under our aerial assault. However, the brilliant Juniata defensive game in the first half had the spectators gapping in wonderment, in view of the steam-rolling reputation of the then undefeated Saxon eleven.

Speaking of taking to the air on the gridiron, the Indian Head Coach, Len Schmaltz, with his brilliant passing arm, was largely responsible for Penn State's upset over the powerful Pittsburgh team of '38. This is his first season as the head pilot of the Indians, and indications are he may have an ace finger out there Saturday evening to upset the favored Saxons.

However, I look for Alfred to win the lucky fourth.

It is fitting that something be said about the splendid enthusiasm of the Saxon cheerleaders, who come out week after week to give Saxon athletes

Buffalo State Triumphs Over Saxon Harriers 19-42 Saturday Placing Seven Of First Ten

The Saxon Harriers fell before the conquering Buffalo State Teachers College, Saturday, as the latter triumphed by rolling up a 19 to 42 score over the boys in purple.

Women's Volleyball Tourney Continues

The interhouse volleyball tournament continued Monday, October 20. That evening Rosebush beat the Brick II team, 45-11. It seems that their special extra practice helped out. Hershey and Mason each scored 13 points for Rosebush. The same evening the Castle downed Brick I, 43-27. Barbara Richardson got over 16 of the Brick's points. Lois Myers was high scorer for the Castle, making nine points. Tuesday evening, PI Alpha beat Theta Chi by a forfeit.

The tourney stands:

	Wins	Losses
PI Alpha	2	0
Sigma Chi	1	0
Omicron	1	0
Rosebush	1	1
Castle	1	1
Theta Chi	0	1
Brick I	0	2
Brick II	0	2

the reception and encouragement they deserve. Also, the new University Band adds to the excitement of a weekend football game, and in the short time in which they have been playing, are doing marvelously well.

We have a double-header this weekend at Merrill Field. In addition to the varsity game, the freshman football squad will kick-off against the University of Rochester Frosh on Friday afternoon at 2:30. The Saxon Frosh will try to make it two in a row, having won their first game two weeks ago. Saxon Frosh Coach, Dan Minnick is confident his boys can do it again.

State placed seven of the first ten men. John Hill of State returned first by touring the four and one-half mile Delaware Park course at a fast pace of 24 minutes and ten seconds with Marv Smith on his heels at 24:14. State then scored again by tallying the next five places, followed by Dick O'Neil and Bob Wightman placing eighth and ninth respectively. Tallying fourth and fifth positions on Alfred's team were Pat Zegarelli and George Pixley who were the 12th and 13th to cross the finish. Also carrying the Purple and Gold were Hal Averell, Luther Perkins, Bill Brandt and Larry Bonhotel, Jim Heasley and Ken Spring.

The Harriers journey to Toronto to meet the University team there, Saturday.

Two Games Played And Two Cancelled In Football Tourney

This week's intramural football activity was reduced to only two games as a result of the cancellation of the Delta Sig-Frozen Foods and Klan Alpine-Beta Sigma games.

Kappa Psi and Lambda Chi staged a battle royal in the first game of the day with Lambda Chi finally winning out by a 6-0 count. Kappa Psi succeeded in stopping Lambda Chi's ground attack for most of the game and the winning margin was provided by a pass which went from Cooper to Stevens. Dick Hallberg and Jim Saunders also were outstanding for Lambda Chi. Ralph Jordan, Jim Snow, and Angie Delmaestro turned in fine performances for Kappa Psi.

The Bartlett I team, moving on the ground and in the air, defeated Kappa Nu by an 18-0 score. Don Drew was outstanding for the Bartlett team both on offense and defense.

Visiting Brooklyn Falls

(Continued from page one.)

ing a punt on their own 19, Brooklyn started to march and ended with another scoring pass from Steinberg to Sirota. The point after was good. Late in the fourth quarter Brooklyn again connected on a pass play which was good for 46 yards and the last score of the game. The kicker was rushed and failed to convert, saving Alfred from a tie score. The game ended seconds later when Brooklyn tried an on-side kick-off, but failed to recover the ball.

The University Band provided entertainment during the half and was well received by the crowd of over 3,000 fans. Next week Alfred plays its last home game against Juniata.

The lineups:

Alfred	Argenter	LE	Brooklyn	Saladino
LaSalle	LT	Townley		
Schweitzer	LG	Feldman		
Hall	C	Aronin		
Sutphen	RT	Rosdol		
Scott	RG	Sachs		
Ivancic	RE	Glasgow		
Curran	QB	Bishop		
O'Malley	RHB	Bottone		
Reuning	LHB	Bressler		
Brown	FB	Cooper		

Substitutions: Alfred—Clark, Gere, Spitulnik, Crenscenzi, Dadalt, McCarty, Barone, Tarquino, Licalzi.

Brooklyn—Edwards, Sirota, Gaglia, Steinberg, Ginden, Weiner, Grant, Tobin, Reshick, Christian, Askinas, H. Thompson, W. Thompson, Fallek.

The statistics:

	Alfred	Brooklyn
First Downs	22	6
Yds gained rushing	284	129
Passes	13	9
Completed	4	5

L. B. Hardy To Present First Concert Of Tour At Alfred On Oct. 29 In Village Church

By Nadine Fitzpatrick

An organist for only eight years, Lawrence B. Hardy '49, will present the first of a 25-concert tour at 8 p.m., Oct. 29 at the Village Church. The tour will include cities and towns in New York, Ohio and Illinois.

Although the concert will be mostly Bach, two Corelli pieces for strings and organ will be played by Mr. Hardy accompanied by the Buffalo Chamber Music group, which will provide string music for other concerts on the tour.

For his Alfred appearance, Mr. Hardy will give the first performance of two of his own works, "Prelude on the Hymn in the Bleak Midwinter," and "Tocatto on the Theme That All Together Praise the Lord."

Concerning his local concert Mr. Hardy said, "This concert will not be spectacular. Object of the concert is to represent the music of Bach in the most authentic manner, not to display technical skill."

The concert will be for the Albert Schweitzer Benefit Society which is composed of a group of organists who wish to repay Mr. Schweitzer for the inspiration he has given them by supporting his medical missionary service. An account of Mr. Schweitzer's work was given in a recent issue of Life Magazine.

Mr. Hardy has made an intensive study of organ music under such well-known teachers as Dr. Frank Asper of the Mormon Tabernacle in Salt Lake City, DeWitt Garrison of St. Paul's Episcopal Cathedral in Buffalo, and William E. Nevins of the Guilford Organ School in New York City. He received training in theory and composition under Paul E. Nichols of Buffalo.

During the war Mr. Hardy was asked by the government to make a tour of Army camps.

Mr. Hardy and his wife live in Alfred Station. He is a biology major and his wife is enrolled in the Agricultural and Technical Institute.

WSG Prohibits Smoking On Campus For Women

The WSG Council has declared that no woman at Alfred is to be permitted to smoke anywhere on the campus except in buildings where smoking is not prohibited. Smoking on the steps of buildings is prohibited.

Last week, the freshmen women were given tests on the WSG rules and the Alfred alma mater by this council. Every freshman woman is required to pass this test.

Dean Seidlin Active In Higher Education Group

Dean Seidlin recently has been selected to act on the Committee of Higher Education, along with educators from Iowa, Minnesota and Ohio. The committee is to prepare a monograph on the status of higher education in the country and arrange that part of the program at the annual meeting of the National Society of College Teachers of Education, which will be Feb. 20-26, 1948, at Atlantic City, N. J.

Opens Tour Here Tomorrow

Three Biology Students Carry On Research Work

Research work in the biology department is being carried on by three students this year.

Joan Baird '48, under a grant from the American Medical Association, is studying the effects of synthetic adrenal hormone on reproduction in albino mice.

Marion Coats '48, and John Seidlin '48, under grants by the National Research Council, are determining the potencies of some commercial formulas.

Union Board To Hear Plans For WallDecorating

Prof. Kurt Ekdahl has nearly completed tentative plans for decorating the Campus Union Annex, to be presented at the next meeting of the Union Board.

His plans include use of color, form and light to their fullest extent, using vertical colorstrips on the East and West walls to give the illusion of a higher ceiling. "The walls will be painted by ceramic students in warm colors," Prof. Ekdahl said, "to form interesting contrasts and to create a three-dimensional quality."

A three-dimensional fabricated wall will be constructed at a diagonal from one wall as a display for paintings, sculpture, designs, pottery, and other work done in the College of Ceramics.

New Admissions Director To Replace Miss Coleman

Replacing Miss Mary Coleman who resigned to begin master's work at the University of Colorado, Miss Mary Ross Flowers of Montgomery, Ala., will assume duties as director of admissions, Monday.

Graduating from Goucher College, Baltimore, with an A.B. degree in 1928, Miss Flowers at one time owned a travel bureau in Montgomery. She

Dean Explains New System Of Advisors

"A new system in the selection of faculty advisors for lower classmen is being used this year," Dean M. E. Drake announces.

"All freshmen and sophomores in the Liberal Arts college have been assigned to various faculty members who serve as advisors," said the dean. "In former years the students were assigned on the basis of the classes in which they were enrolled. This year they have been assigned on the basis of expected interest and professional goal. Every freshman and sophomore has been sent a card notifying him of his advisor."

"I urge every student to get in touch with his advisor, if he has not already done so, for a preliminary conference," Dean Drake said. "It is hoped that it will be possible, following the mid-semester grades, to have interviews for all students. All juniors and seniors have as advisors staff members of the department in which they are majoring. This plan," he said, "is the first step in a more adequate counseling system being studied by a special committee of the faculty under the chairmanship of Dean Elizabeth Geen."

re-organized the disbursement section of the Philadelphia Naval Hospital while a WAVE lieutenant during the war and recently has been service section chief of the Montgomery branch of Veterans Administration.

Administration To Aid Student Placement Plan

In regard to the suggestion made by the NSA at the last assembly concerning the University placement for students, Dean B. H. Stone announced, "The administration is ready and anxious to cooperate with the NSA and will welcome any assistance and suggestions that it may make."

In order to give a more adequate service, the assistance of any student interested in this type of work will be greatly appreciated. This work will include upkeep of bulletin boards, writing for information to employers, keeping a file of information about students seeking employment and any other suggestions that the NSA may volunteer.

"With the united efforts of the students, the NSA and the administration, this plan should have a great deal of effect," Dean Stone declared.
