We, the Upperclassmen, dedicate this handbook to you, the Frosh. We hereby welcome you to Alfred and hope that soon you will feel as much a part of it as we do. At first, the new "college" way of life will seem strange to many of you. Therefore, in this little book, we have presented what might be considered the introduction to Alfred life. After a short time, with increased participation in the various campus activities, the strangeness will pass and you will become one of us.

Throughout this book, there are many things you will need to know in becoming a part of Alfred. There are rules and regulations which you will do well to get familiar with as well as much other information to help in your new campus relationships.

You will have cause to refer to this handbook often while becoming acquainted with Alfred, but if you feel that there are still things you do not understand do not hesitate to ask about them.

College, as you know, is the place to gain knowledge, and it is the purpose of the university to see that you do so. However, we also consider college as a place which will round out your personality, where you will become a more integrated, thinking individual.

Alfred is here to help you become this sort of person, but you must realize that the final responsibility rests with you. This is your challenge, Freshman Class. Go to it, and make us proud of you.

## WELCOME

## PRESIDENT'S WELCOME

To the Class of 1954:

It is a pleasure for me to extend official and personal greetings to you as you become students in Alfred University. You have been selected for admission because we believe that you possess the qualities of character and scholarship which will enable you to succeed with a college course.

College years are vitally important years in your life experience. They are years of growth and of enlarging horizons. Undoubtedly the years which you will spend at Alfred will be among the most important of your lives.

Alfred's main objective is to promote the full development of its students as individuals and to prepare them to become intelligent, well-adjusted and responsible members of our present day democratic society. In the accomplishment of this objective, the work of classroom and laboratory, participation in extra-curricular activities, and contacts with faculty and fellow students are all important elements.

You will find that the Alfred faculty will be sincerely interested in your progress and that they will do everything possible in helping you to get the most out of your college course. In the final analysis, however, what you get out of college is largely up to you.

I know that you are coming to Alfred with high hopes. You may be sure that we will do everything within our power to assist you in the realization of these hopes.

M. ELLIS DRAKE  
President

## WHAT TO BRING

The worry caused to the incoming freshman concerning the "enormous" problem of "what'll I take to college" is one known to us, the freshmen of a few years ago. Therefore, we have decided to present this section as a possible means of remedying this situation.

The university dormitories, the Brick and Bartlett, provide their residents with the necessary furniture, lamps and bedding. Freshmen may wish to bring their own rugs and lamps. The Bartlett does not have laundry facilities but the Brick has a laundry equipped with an automatic washer, irons and ironing boards.

Students in Ag-Tech are provided with the necessary furniture but must bring their own bedding. Otherwise, our recommendations are the same as for the university dorms.

The matter of the proper clothing to bring is an individual problem but the following generalizations can be made. Alfred has a rather long, cold winter season, so warm clothes are recommended. Throughout the year, the various organizations, classes and houses sponsor dances, formal and informal, teas and parties. Picnics and seasonal sports such as tennis, skiing and skating, help fill our social activities.

We realize that none of these suggestions are very specific but this was done purposely to provide elasticity to them. We hope that they are of some help to you in your preparations for Alfred.

The Editors

# TRADITIONS

## FALL FESTIVAL

(Nov. 16-17)

One of the main social events of Ag-Tech is the Fall Festival, sponsored by the Student Council. Events for the Festival include a special assembly program; open houses; a tea dance; luncheons and exhibits of work done in various departments. The program is concluded with the Harvest Ball.

The object of the festival is an interpretation of the school to parents, prospective employers and future students. Each student enrolled in Ag-Tech is expected to take an active part in the week end festivities.

## THE BELLS

Whenever an Alfredian thinks of his campus one of his first recollections is of the carillon, for it is impossible to think of Alfred and not think of the bells. The carillon, the only old world one in this country, was brought to Alfred from Belgium in June 1937, and at the present time is composed of thirty-five bells. Nine Hemony bells will be added as soon as they can be shipped from Europe, where they were buried for safekeeping during the war. The derrick-like structure that houses the bells is soon to be replaced by a tower of native fieldstone. Carillonneur Dr. Ray W. Wingate gives Friday and Sunday afternoon concerts.

## THE "HELLO" COMMUNITY

Alfred prides itself on its friendly spirit. It has long been a custom to say "hello" to everyone, stu-

dents or townspeople, whether or not you actually know them. This tradition adds a great deal towards increased friendliness among students and also between students and townspeople.

One of the first things that impress newcomers to Alfred is the fact that all stores, including the Post Office and the Bank, are closed on Saturdays and open on Sundays. This causes a few mistakes during the students' first week or two here, but one becomes easily familiar with the set-up and after a while shopping on Sunday instead of on Saturday turns into a regular habit. Another interesting point about Alfred is the close relationship between the college and the townspeople. The University is the center of village life, and the townspeople here are very friendly towards the students.

## HOMECOMING

Homecoming is the first big social event of the year. This is the time when all the grads return for a "big week-end" which includes an alumni banquet, a football game, and maybe a dance. The campus is flooded with strange beaming faces, and everywhere you look people are shaking hands and saying "Remember the time when .....?" Their excitement is contagious and soon the whole campus is buzzing. All the fraternities and sororities hold open houses, and the big event, which is, of course, the football game, will be with Clarkson College this year. Needless to say, a good time will be had by all.

## MOVING-UP DAY

Moving-Up Day comes in May, just three weeks before finals. The day marks the "moving up" of one class to the next—the frosh become sophs; the sophs, juniors; and the juniors, seniors; and the entire campus honors the outgoing senior class. In the morning, there is a general clean-up, when the entire student body cooperates to improve the appearance of the campus.

At a special assembly, the seniors appear in cap and gown, tapping of new members is done by honorary fraternities, and the new campus officers are introduced. Immediately after assembly a step-singing contest is held on the steps of Kenyon Hall, and most of the residence units on campus participate. A cup is awarded to the group that the judges select as the winners. Later in the afternoon a pushball contest takes place between the Frosh and Soph men, and a softball game is played between the Frosh and Soph women.

## ST. PAT'S FESTIVAL

Every year for 17 years the campus has celebrated the birthday of St. Pat, the patron saint of ceramic engineers, with the St. Pat's Festival weekend. The Festival starts with a parade of floats entered by various campus organizations followed by two busy days of tea dances, exhibits and the Ceramic open-house with its featured glass-blowing demonstration. Every year, a ceramic senior is elected to act as St. Pat for the week-end and lead the festivities. The high moment of the weekend is the coronation of the Queen of the Festival by St. Pat himself, at the St. Pat's Ball. The queen is chosen

by all-campus election from a group of elected senior girls.

## WINTER CARNIVAL

The Winter Carnival, sponsored by the Alfred Outing Club, is held in February. Skiing and skating contests, snow sculpture, a barbecue, and a ball are scheduled. A queen is elected each year and she presents the trophies.

## OTHER DANCES

The Interfraternity and Intersorority Councils sponsor formal dances during the college year. The Interfraternity Ball is held during the fall, and the Intersorority Ball, after rushing, in the spring.

The various social fraternities, sororities, clubs and classes plan closed and all-campus parties throughout the year.

## SONGS and YELLS

# COLLEGE SONGS

## ALMA MATER

Nestled away 'mid the Empire State hills,  
'Neath the watch-care of sentinel pines,  
Where the murmuring song of the brook hums along.  
And a favoring sun ever shines;  
In a valley so fair where the forest trees share  
Dominion o'er hillside and glen,  
Stands the pioneer college of Western New York—  
Alfred, the mother of men.

— Chorus —

Hail to thee Alfred, thou guide of our youth,  
Sweet, benign mother, all hail!  
Sing out thy anthems of duty and truth;  
May thy clear ringing music ne'er fail.

She was founded in toil, cemented with blood,  
And nurtured thro' yearnings and tears,  
Her treasure the hearts of brave heroes who stood  
Undaunted throughout trying years:  
Each stone was a prayer and her battlements there  
Have mem'ries of purposes strong,  
Staunch daughters and sons are her monuments fair,  
And they lift up the grateful song.

— Chorus —

## OUR COLLEGE A. U.

Alfred's our college, hail Old A. U.  
For the Varsity team give a cheer,  
Each manly player so sturdy and true,  
Fights on the team without fear.

Encourage each fellow to play a swift game,  
And follow the ball best he can;  
And when the foes of old Alfred draw nigh,  
To fight for her prestige and fame.

— Chorus —

Come give a cheer for your College,  
Root for old Alfred A. U.  
Cheer her when she is victorious,  
Ever be loyal and true.  
Purple and Gold are her colors,  
Loyal in spirit A. U.  
Urge her men on to the victory,  
To the praise and the fame of A. U.

Aye and forever, be loyal to her  
With the Varsity spirit let's sing.  
Strong on the line up, and swift in the backs,  
Shout 'till the loud echoes ring—  
With spirit and vigor for Alfred we'll cheer.  
Your whole heart put into the game,  
And when the foes of Old Alfred draw nigh  
We'll fight for her prestige and fame.

— Chorus —

## SONG OF THE BELL

By the roaring, roaring banks  
Of the old Kanakadea,  
Oft I've lingered in the springtime long ago;  
While the waters rushed along,  
And the hills took up the song;  
And a gentle voice was calling sweet and low.

— Chorus —

O, I hear the echoes ringing from the belfry on the  
hill,  
And the song inspires my heart to do and dare;  
Calling me to love and duty, calling me to faith  
and prayer,  
For the bell is ringing, ringing, ringing still.

When the autumn days were on,  
And a brilliant crimson show  
Where the Alfred hill-side glory met the sky,  
Voices whispered in the breeze  
While I sat beneath the trees,  
And communed with master minds of days gone  
by.

— Chorus —

O, the days of frost and snow;  
O, the coasters' ruddy glow;  
O, the evening's long delight with comrades dear,  
When we talked on mighty themes,  
Or indulged in happy dreams  
Of our victories in the future hov'ring near.

— Chorus —

Now my hair is turning gray,  
For those days have passed away  
Seems to bring old Alfred near,  
But their mem'ry lingers sweet and sweeter yet;  
And my fireside's evening cheer  
And the faces which my heart can ne'er forget.

— Chorus —

ALFRED EVENING SONG

Softly the dusk is falling,  
Slowly the sunset dies;  
Tender the benediction,  
Hymned in the fading skies.  
Then, shaken by the magic of  
Moonlight-misted trees,  
And quickened by the kisses  
Dropped by a dreaming breeze,  
Deep in us stirs a spirit,  
Calling a kindred throng  
To wake, arise, assemble,  
And answer with a song.

Alfred, whose grace doth give us  
Joys that we deem divine,  
Set in life's shifting pageant,  
Ever undimmed to shine;  
The throbbing exaltation  
Of homage from our peers,  
The falt'ring fond responses  
Breathed only for our ears;  
Yes, all the jeweled fabric  
We weave from flashing days  
To hold for us, forever,  
Thy glory and thy praise.

CHEER FOR ALFRED

We are out to cheer for Alfred,  
We will help her win the day,  
Make her gain athletic vict'ry,  
By our shouts of ray! ray! ray!  
Alfred, O!  
Purple and the gold triumphant,  
Waving 'neath a smiling sky,  
Make us say we'll fight for Alfred  
'Till the years have all rolled by.

## ON SAXON WARRIORS

On Saxon warriors,  
The Purple and the Gold defend;  
On Saxon warriors,  
Ever on like men.  
Crash thru the opponent's line  
And victory will come our way  
Fight, fight for Alfred.  
And she will win the day.

## OH, HERE WE ARE

Oh, here we are! Oh, here we are!  
You see us marching down the street,  
You hear our cry: "To do or die,  
We have the team that can't be beat.  
We have!" (shouted)  
So give a cheer, a lusty cheer,  
And let the echoes carry true,  
With a tramp, tramp, tramp,  
And a stamp, stamp, stamp,  
For the team of old A. U.

## RAY RAY SONG

Way up in Allegany  
'Neath the shade of sheltering pines,  
There stands a little college  
That's for training noble minds,  
And when they get together  
On the gridiron, field or track,  
You hear the students give their yell  
And bring the victory back.

— Chorus —

Oh! Ray! Ray! Ray! Ray! Ray!  
Hear the students yell,  
Ray! Ray! Ray! Ray! Ray!  
Notes of victory tell.  
Oh! Ray! Ray! Ray! Ray! Ray!  
Better move along  
When you hear the students  
Sing their Ray! Ray! song.

Oh here's the little college  
That will help you do your best.  
Her girls are true, her men are strong,  
They always stand the test,  
And when they get together  
On the gridiron, field or track,  
They put their shoulders to the wheel,  
And bring the victory back.

— Chorus —

The FIAT, as it is referred to in campus jargon, has always maintained a high rating among the college and university publications of the Intercollegiate Association.

Purpose of the FIAT as outlined in its constitution, is "to report accurately the news of students, faculty, and alumni, to comment editorially on all matters affecting college students, to seek constant improvement in the journalistic ability of the staff, to reflect trends in education, and to present an accurate picture of Alfred University to the outsider."

## SCHOOLS and COLLEGES

## SCHOOLS AND COLLEGES

Alfred University had its beginnings in a select school which opened in the village of Alfred on December 5, 1836. This school was chartered in 1843 as "Alfred Academy" and in 1857 the New York State Legislature passed an act creating Alfred University. Courses in liberal arts and theology were instituted from which have evolved the present College of Liberal Arts and the School of Theology.

Near the opening of the present century the State of New York established two schools affiliated with the University. The school which is now the State College of Ceramics was established in 1900. This College is a unit of the State University of New York but is administered by the Alfred University Board of Trustees and is an integral part of Alfred University.

A second state school, now the New York State Agricultural and Technical Institute at Alfred University, was established in 1908. The Institute offers two-year terminal courses in agricultural and technical fields and is a unit of the State University of New York.

In 1947 a Graduate School was organized which coordinates all instruction in the University on the graduate level.

2. Students are, in general, allowed to exercise a personal discretion in regulating their attendance at classes. This discretion involves a consideration on the part of the student of the effect of his absence from the classroom not only upon his own work but also upon the group as a whole. Furthermore, whenever a student cuts a class he should realize that the instructor shall not be expected to aid the student in making up the work he has thus missed.

3. Absence from University exercises two days before or after a vacation is regarded as interfering with the collective interests of the University. Unexcused absences will cause either an hour's reduction in credit or a lowering of a grade by one letter, the exact penalty to be applied at the discretion of the Absence Committee. Excuses before or after the vacations may be granted only by the personnel deans, only for urgent reasons.

4. All unexcused absences beyond the three permitted each semester in Physical Education should be made up by arrangement with the instructors. The Department of Physical Education has special regulations governing required attendance and excuses for men and women.

## TO AG-TECH FRESHMEN STUDENTS

### THINGS TO REMEMBER

#### STUDENT COUNSELING

Each freshman student is assigned to a faculty counselor, with whom he meets at various intervals during his first term. Academic, social, financial and other personal problems are discussed in individual conferences and satisfactory solutions to the student's problems are sought with the help of the faculty member.

#### FIELD TRIPS

Because the work at the Institute is closely related to the work of industry, it is the policy of the school to take field trips to outstanding establish-

ments closely related to the student on-campus studies. The students are required to pay their own expenses of these trips.

### CLASS ATTENDANCE

All students shall be expected to be in attendance at all classes at all times. No faculty member has authority to excuse absences for any reason.

### INTERCOLLEGIATE SPORTS

All those participating in Intercollegiate sports shall abide by the eligibility rules of the M.I.A.A. Constitution.
