

## **University receives mini-grant to support alcohol-related PR on campus**

11/29/06

Alfred University has received a state OASAS (Office of Alcoholism and Substance Abuse Services) mini-grant of \$3,000 in support of public relations and related publicity for the campus. These mini-grants are aimed at collegiate AOD (Alcohol and Other Drug) prevention activities, especially as they relate to the planned release of the "Underage Drinking: Not a Minor Problem-College Edition" campaign. AU was among one of 41 campuses to receive funding for a total of an estimated \$123,000 from the OASAS.
