Summer Events

Summertime here on campus has become a very busy season filled with many different activities including summer term courses, academic and sports camps, sports clinics, conferences, weddings and receptions as well as meetings and special events. In fact, the schedule for Summer 2019 is already filling up!

If you are planning to hold a summer program, event or activity on campus and have not already notified the Office of Summer Programs, please do so as soon as possible. It is important that you contact us to check on space availability prior to confirming any events that will take place between May 20 and August 9, 2019. The Office of Summer Programs maintains the master summer calendar and will work with everyone involved to avoid scheduling conflicts.

Your understanding and cooperation are much appreciated. We look forward to another busy, successful summer!

Experience German College, Culture, and Cars

Ever wonder what a day in the life of a German college student is like? (College is tuition-free, students are paid by their employer to go to school half the year and work the other half.) How humans and robots can work together? How businesses compete for customer market share globally? What it is like to be inside a medieval city? What makes Munich one of the most popular cities to visit in Europe? How the automobile evolved over the past 100+ years? What would it be like to see two of the most extensive car collections in the world? If you are a junior or senior, this is an excellent APEX opportunity.

As an added bonus, we will be joined by students from Australia, India, China and Belarus making this a unique opportunity for cultural exchange.

All these topics will be covered in the Allen Term 2020 class on the German Auto Industry. If you are interested, come to an information session Tuesday, March 26 at 4:45 pm in Olin 308.

Fitting in and Standing Out: Monica Duncan and Lara Odell

April 6 - August 9, 2019

Opening Reception: Saturday, April 6, 5-8pm
Cohen Gallery

Fitting In and Standing Out showcases a comprehensive sampling of Monica Duncan and Lara Odell's work, starting with the collaborative pieces they created while at Alfred (they met in 2000, when Monica was a BFA student and Lara was working at the IEA as Technical Associate) and ending with their most recent individual projects.

In Duncan and Odell's collaborative works, a recurring theme is the close observation of how bodies fit in or take on the qualities of their environment. Whether it be in a physical space or on a 2-dimensional surface, the artists play with how bodies blend in and out, mimicking shapes, colors and gestures, and in doing so, rearrange the figure-ground relationship. Utilizing custom garments and other props as extensions of the body, Duncan and Odell are interested how we experience and perceive bodies and objects in space-how to be simultaneously seeing and the ones being seen?

Although in different capacities and interpretations, the idea of the "cut-out" has been a common trope in both Duncan and Odell's collaborative and individual artworks. Duncan plays with the notion of the cut-out in video-based performance pieces, using sets, luma-keying and other processing effects and props; Odell takes the concept into the realm of painting and drawing, merging the two practices. Both explore ways in which the body and objects mimic or defy their surroundings; where they deviate, Duncan uses actual bodies and props; Odell creates paper representations. Odell's cut-outs play with ideas of transience, mutability, the fragility of identity. She uses cut paper and paint to create figurative scenes, calling to mind the artifice and ephemeral nature of being.

About the Artists:

Monica Duncan and Lara Odell began their working relationship and friendship at Alfred University in 2000, when Monica was an undergrad art student and Lara (BFA '98) was the Technical Associate at the Institute for Electronic Art. Their first collaborative project, Antibodies (2002), was realized both at Alfred and the Experimental Television Center in Owego, NY.

NEW Electronic Personnel Action Forms (EPAF)

Do you hire Non-Work Study hourly student workers in your department?

Human Resources is excited to announce that we have been piloting a new electronic form for submission of jobs. This form is called an EPAF (electronic personnel action form) this electronic form will eliminate the current paper form and make things easier and quicker for all involved.

Training will be held in the Kenyon/Allen Room in the Powell Campus Center on the following dates:

Tuesday, April 2 from 10:00 am - 11:00 am
Thursday, April 4 from 1:00 pm - 2:00 pm
Monday, April 8 from 11:00 am - 12:00 pm
Friday, April 12 from 2:00 pm - 3:00 pm

Please plan to attend one of these trainings if you are someone who normally prepares the current paper form to hire non-work study hourly students.

For the Fall Semester, for any non-work study hourly student that is hired, we will only be accepting the EPAF form, not the paper form.
