I'm So Happy to See You

Opening: Saturday, May 2

Time: 7-9 P.M.

Location: Fosdick-Nelson Gallery

Kelly Brenner Justice and Kevin Dartt

Showroom

Opening: Saturday, May 2

Time: 7-9 P.M.

Location: Turner Gallery

Kelly Brenner Justice - Ceramic Art:

Optimistic volumes arranged in stacks and tiered levels, elevated to different heights, create tabletop landscapes reminiscent of elegant party displays. Demonstrative, they reference marketing and window displays, products in seductive colors and glittering materials strategically arranged with the intent to allure. Through repetitive casting and playful staging, I create a paradise in which every serving vessel is bright and gleaming; a dream world where everything is perfect. I aim for the implication of many, for the promise of the party, for the anticipation of joy and companionship. The heart of my work is the capturing of an ideal.

Kevin Dartt - Sculpture/Dimensional Studies:

It is my belief that our ecological issues stem from a consumerist society founded in a hierarchy that

privileges human consciousness. My goal is to confront consumers with these issues by making prototypes for mass production that reflect our consuming behavior while at the same time promote a new philosophy of consciousness. The final objects combine natural entities with the aesthetics of consumer products in a satirical manner.

Leadership, Work Motivation, Job Satisfaction, Men and Women at Work...

If these topics sound interesting, these undergraduate and graduate summer course offerings in management are for you! Courses are open to most students but may be subject to instructor permission.

MGMT/WGST 305: Gender and Organizations - This course builds an understanding of gender issues within organizations as well as policies that organizations can implement to create a more equitable work environment.

Topics of discussion encompass the impact of gender on communication, influence, and perceptions of competence, what progress has been made regarding gender equality, and what still remains to be resolved.

Prerequisites: Junior standing or permission of instructor

MGMT 328: Management and Organizational Behavior - Get this business core course out of the way before the fall Management and Organizational Behavior (OB) examines the organization using evidence-based behavioral science. During this course, we will answer the question of why people act the way they do at work. We will study management roles and functions, work motivation, attitudes, teamwork, creativity, decision making, and a lot more!

This class incorporates a multitude of ways to get you involved and engaged so prepare to participate.

Prerequisites: Junior standing or permission of instructor

MGMT 300/MBA 600: People Analytics - This course focuses on the tools, procedures, and analyses used to inform data-based human capital decisions in organizations.

The methods taught in this course will be applied to HR and OB policy in organizations including but not limited to staffing, training, and measuring employee performance and satisfaction. Identification of the appropriate tools and statistical procedures for analyzing human capital will be emphasized along with the ability to effectively interpret and communicate statistical analyses into organizational policy recommendations.

Prerequisites: Statistics, MGMT 300, permission of instructor

MBA 610: Leadership Dynamics - Leadership is a complex phenomenon. In practice, leaders want to inspire and motivate workers to do the best they can for the organization, and must continually monitor the environment they have created for this success to blossom.

In this class, our goal will be to learn and understand the theories that underlie leadership, but at the same time try to put these leadership theories into action. So, our class will be focused around discussing a variety of theories pertaining to leadership, and how these theories inform and explain leadership in organizations. More importantly, we'll give you a chance to reflect on your own leadership style - or discover it for the first time. Prerequisites: graduate standing.

If you're interested in learning more about these course offerings, contact Dr. Jennifer Griffith at griffith@alfred.edu. I look forward to hearing from you!
