

**Help Wanted: Seeking driver to assist bike crew; vehicle provided!**

5/09/13

Help Wanted: Seeking an Alfred University alumnus/alumna willing to drive a small truck capable of carrying 5-6 bicycles plus some luggage from Albany to Alfred for this year's alumni bike ride, from Sunday, June 1 through our arrival in Hornell on Thursday, June 6.

We will provide the truck (owned by one of the bikers) but need a driver. Alas, we will ask you to pay most of your expenses, but grateful bikers will pay for gasoline and expenses for the truck, and will treat you to dinner in a restaurant each evening of the trip. There will be other drivers for the trip driving additional support vehicles, so you will be able to visit interesting locations with them along the way (Finger Lakes wineries were popular with our drivers when we took a similar route through that region in 2011).

Please join us to experience and support this very enjoyable AU Reunion tradition. If transportation to Albany or from Alfred is needed, let us know; we will do our best to arrange it. For information contact Roger Eiss, [rogereiss@comcast.net](mailto:rogereiss@comcast.net) by Friday, May 24.
