

November 17, 1921

Mr. Meredith Davis,
Alfred, New York.

My dear Mr. Davis:-

I have received report from the
Class Counsellors that you are not
doing good work in Physics, Chemistry,
German or Calculus.

I would like to have you come and
see me as soon as you can arrange it,
so that we may talk the matter over
and find out where the difficulty lies.

Yours very truly,

Director.
