

MIDDLE ATLANTIC EVENT POSTPONED UNTIL NOV. 24TH

Coach McLeod's cross country charges renewed their Middle Atlantic preparations yesterday for the main and final event of the season. The team is using the entire week in training over comparatively level runs in the hope of besting Manhattan on a similar stretch at Van Cortlandt Park in New York City. The Van Cortlandt runway is somewhat flat with rolling hills.

The Saxons, after working into the pink of condition last week, then learned the disappointing news that the coming meet had been postponed from Saturday, November 15, until Monday, November 24. The Middle Atlantic Association officials explained that the later date was preferred due to the large number of races which were being run during mid-November over the course. They also asserted that it would be more convenient for association teams which had plans of competing in the Intercollegiate at Van Cortlandt Park on Monday, November 17. On all future occasions the event will probably be held during the week previous to Thanksgiving Day.

JUNIOR FOLLIES TO BE MUSICAL REVUE

Plans for the Junior Follies are progressing rapidly under the competent leadership of Anne Whitfield, chairman, and Robert Flint, business manager.

It is a musical comedy that will surpass anything of its kind from all indications. Several tryouts have been held and a wealth of good material is at hand.

Student co-operation is desired, however, so that all available talent may be used. The Follies will be held in the spring but an early start is desired due to the tremendous amount of work connected with the production.

A musical comedy with a consistent theme has been chosen instead of the usual musical revue, and it is with this plan that the preparations are going forward.

TRAVELOGUE GIVEN IN ASSEMBLY

Edgar C. Raine gave an illustrated lecture on Alaska in Assembly last Thursday morning in Alumni Hall. Previous to the assembly proper, Dr. Miller gave a report on the progress of the Centennial Fund.

Mr. Raine conducted the students over an 18,000 mile tour, beginning at Seattle, Washington, and thus into Alaska; through many of its cities; and then into the Yukon territory, finally carrying his travelogue into Siberia.

He showed many colored views of the country disproving the opinion that most people have that Alaska is all snow and ice and showing that there really were many beautiful flowers and very picturesque scenery.

FROSH - SOPH PLAYS TO BE GIVEN MONDAY

Frosh-Soph plays will be presented at 8:15 next Monday evening. The casts have been practicing for a period of three weeks.

Dwight Young has been appointed property manager; Avis Stortz, costume director; Mrs. Cortelyou will work with Footlight Club members on make-up. Several underclass men, who are vying for positions on the technical staffs, will be given opportunity to aid the appointees.

PROF. JOSEPH SEIDLIN ANNOUNCES PUBLICATION OF TWO MORE TEXTS ON MATHEMATICS

Math Professor Shows Scholarly Interest In Academic And Social Contact

It is extremely gratifying to both undergraduates and alumni of Alfred to know that members of the faculty are achieving success and recognition in their special fields beyond the confines of Alfred's campus and classrooms. Work of this sort in the academic field does much toward increasing and maintaining the scholastic rating of the college as a Grade "A" College—so that even such as Messer Gallico must admit, however reluctantly, our academic fitness.

Investigation proves that in the field of mathematics, Professor Joseph Seidlin is very active in this type of work and holds an enviable reputation in this department of scholastic activity. Proof of it is abundant for those majoring in mathematics. For others it is the purpose of this article to make known such data. Such evidence can be found not only in the Alfred University library but on the bookshelves of colleges all over the country.

The publishing firm of McGraw Hill has very recently released an epoch-making book. The first edition of five thousand copies is all ready depleted. The title of this work is "Source Book in Mathematics" by David Eugene Smith. It is one of an extensive work being compiled by Gregory D. Walcott entitled, "Source Books in the History of the Sciences". L. D. Copeland in a review of this book says: "It deserves an honored place in every mathematical library."

Over fifty capable and erudite scholars have assisted in the making of this set of books. Professor Seidlin is one of these. The material consists of matter not hitherto available

in the English language and is largely translations of original studies from Latin, French and German. The efforts of the old classic scholars, such as Pappus, Arisaeus, Poncelet, Pascal, Lie and Sylvester are here given.

On page 389 of this volume is the following introduction to a scholarly exposition:

FERMAT

On Analytical Geometry.

Translated from the French by Professor Joseph Seidlin, Alfred College, Alfred, N. Y.

The following extract is from Fermat's "Introduction aux Lieux Plans et Solides. It appears in the 'Varia Opera Mathematica' of Fermat in 1679," and in the "Oeuvres de Fermat," ed. Tannery and Henry, Paris 1896. It shows how clearly Fermat uses the terms "plane and solid loci" in an older sense, somewhat different from the one now recognized.

The French text will be found in the "Oeuvres, vol. III, pp. 85-96.

In addition to this we find that Professor Seidlin has a contribution in the "Fifth Yearbook of the National Council of Teachers of Mathematics". This annual is published by the Bureau of Publications of Teachers College, Columbia University, New York, 1930.

W. D. Reeve of Columbia Teachers College is the Editor-in-Chief of this and each year he requests a contribution by some person well-versed in a particular phase of some subject. This year the journal is devoted to mathematics, particularly geometry. It deals with such problems as the place of geometry on the curriculum and in particular with the problem of blend-

ing plane and solid geometry in a single course.

On page 54 is a contribution by Professor Seidlin which is headed: "A Unit of Demonstrative Geometry for the Ninth Year." It has for sub-headings such phrases as: "The Nature of the Unit," "Axioms, Postulates and Definitions," "Simultaneous Introduction of Plane and Solid Geometry". In closing Professor Seidlin says, "With experience more and more of solid geometry will become absorbed in plane geometry."

In still another prominent mathematical journal we see the handiwork of Alfred's "Little Einstein". This is "The Mathematics Teacher" which is the official organ of the National Council of Teachers of Mathematics. In Volume XXII, Number 8, December 1929, is a scholarly review by Professor Seidlin. This begins on page 494 and is a critical analysis of the material and scope of the textbook "Modern Geometry" by Roger A. Johnson. This should be of particular interest to Alfredians as it is the text used on this campus for the teaching of geometry. Those majoring in mathematics would benefit by reading this review of a book which they are using.

The review as written by Professor Seidlin is enlightening. It shows a thorough-going mastery and intimacy with the field as the following excerpt attests: "Many an innocent theorem seems imposing and formidable because of the (unfortunately unavoidable) terminology employed. As, for example the last corollary in Section 484:—'The circumcircle, the Brocard

Continued on page six

FOUR-DAY HOLIDAY AT THANKSGIVING MADE IMPOSSIBLE

At a recent meeting of the faculty it was decided to cut the annual Thanksgiving recess to one day, Thursday, November 27. This added discussion over the vacation question came as a result of student opinion concerning the yearly holiday.

It was felt that the Alfred administration had always been lenient with its vacations and that with the Christmas holidays only two and one-half weeks away a four-day recess would prove to be unnecessary. The local cut system and class schedules have been stretched to the utmost during the past few years and with Friday, November 28, missing from the scholastic calendar the faculty members would be unable to replace the date for their classes on their remaining schedules.

Triple cuts will be the penalty for those who make class absences on November 25, 26, 28 and 30. This added ruling resulted from the intentions of several students who would willingly cut the formerly single-cut day on Friday, November 28.

JUNIOR PROM PLANS NEAR COMPLETION

The plans for the Junior Prom, the biggest social event of the year, are now under consideration. "Sox" Bassett, chairman and Robert Flint, business manager report splendid progress.

The committee has been corresponding with several of the more popular orchestras but no definite decision has been reached as yet.

A novel scheme has been planned which may add immensely to the affair. Through the co-operation of the prom committees of several of the colleges and universities throughout this part of the state, it is hoped to obtain an orchestra which will surpass in number and quality, any ever imported for this delightful occasion.

Definite arrangements as to the time and the place have not been completed as yet.

BACKWARD DANCE OFFERS NOVELTY

Leap year tactics will be resumed this Saturday evening in the "backward" dance at the Field and Track House. This event which is to be sponsored by Phi Sigma Gamma will be danced to the tunes of George Mooney and his Blue Mooners for the occasion.

The dance which was originated three years ago will now become an established custom although it will still give a novel effect. On Saturday, it will become perfectly permissible for a co-ed to enter the rank and file of the male students and to escort her chosen partner to the affair. Tickets will be a dollar per couple and 75 cents for stags.

TWO PIANO RECITALS SCHEDULED FOR HALL

Radiator covers were installed on Saturday, which greatly improve the appearance of the Social Hall.

There was a faculty meeting held here Monday evening.

The concert was postponed Wednesday evening, because of the illness of Miss Sickinger, but it will be given at a future date. Mrs. Joseph Seidlin will give another piano recital at the Social Hall this Sunday evening at 7:30.

The new Hall was somewhat deserted last Saturday evening, due to the three sorority parties which were held on Sayles street.

FIAT LUX

Published every Tuesday during the school year by the students of Alfred University with office in the Gothic.

Entered as second-class matter Oct. 29, 1913, at the post office at Alfred, N. Y., under Act of Mar. 3, 1879. Subscription \$2.50 yearly.

The Thanksgiving Recess

"The old order changeth, giving way to the new."

At a meeting of the Faculty last Thursday a decision was reached regarding the Thanksgiving Recess. This holiday has in the past included Thanksgiving Day itself and the Friday after it. This year the Recess shall be of but one day, the holiday itself.

Triple cuts shall be in effect as they are in other vacation periods. This means that there shall be triple cuts on Tuesday and Wednesday preceding Thanksgiving—(November 25th and 26th)—and on Friday, November 28th, as well as Monday, December the first.

As is to be supposed this announcement has aroused a veritable plethora of criticism among a large number of the undergraduates.

After looking into the matter we have decided that the ruling is a good one. We will endeavor to give a few of the reasons which helped us to reach this decision.

For one thing Alfred has more and longer vacations than most colleges.

The ruling on cuts when compared with the measures taken at many colleges is not overly severe. We can name several where the penalty for cutting classes before and after a vacation is no less than suspension.

The ruling was precipitated by a certain large and unthinking element of the student body themselves. Not content with having the usual Thursday and Friday recess with its consequent Saturday and Sunday, this group has for several years been riding the thing to death as it were. Why go to classes Monday, Tuesday and Wednesday? Why not go home on the Friday before Thanksgiving and have a whole week of vacation? No reason why. Thus off they would go pell mell, hurly burly, bags and baggage—to home and mother?

Then too, the Holiday is followed two weeks later by the Christmas vacation, which lasts a very long time. This vacation is followed in turn very shortly by the examinations terminating the first semester's work.

It is evident we think that the new ruling is in conformity with the rules and psychology of good teaching. It is not just another device of the faculty for the bedevilment of the undergraduates. We believe that the primary purpose of the whole enactment is to keep the classrooms filled—not on Friday, November the 28th,—but to have more than a handful to instruct on the Monday, Tuesday and Wednesday preceding Thanksgiving.

We fully expect this bit of writing to receive comment appearing as it does in this position. For those who misjudge us and cry "backsliders" let us say that we can now, as in the past—see the bloom on Celia's cheeks as well as the wart on her nose.

Another Tag Day?

Alfred has and should support one of its strongest hill-and-dale outfits this fall. We feel that our suggestion is in order for a Tag Day previous to the Middle Atlantic meet to show our appreciation of a worthy team. The Varsity "A" Club, Phi Psi Omega, Spike Shoe and several other honorary organizations should now have an opportunity to prove their worth.

Night

Aloft in the azure depths there lies
Serenely in the dark cerulean skies,
A silvery moon, an orb of white,
Throwing its light on the clouds
around,
Tracing vague shadows on the ground,
Setting a spell with its mystic light
From lofty mount to broad sea strand,
O'er every people and every land
That slumbers now in the arms of
night.
The trees their giant branches toss,
The moonbeams play on beds of moss,
On the cool night air there floats a
song
Sung by some lover to his love,
And still that mystic disc above
Floats with its silvery light along.
And all rests calm in the moon's white
light
'Till breaking the silence of the night,
We hear the town clock's solemn gong
Tolling the hour, and all too soon
Breaking the mystic spell of the moon.
V. M. T. '33

"Farewell"

"Where comes the climax to th's flag?"
Miss Tupper's voice was far away
For I was dreaming of that day
When to this college I should say,
"Farewell."
"What is the law of sins, I pray?"
Dimly I heard Prof. Seidlin say
For all my thots were far away
On that day of days when I should
say
"Farewell."
"Translate, 'coms esta' Vd'."
Miss Harris' voice seemed far away
For still was I thinking of that day
When to this college I should say
"Farewell."
"Away from this Campus you may
stray."
I heard the Dean solemnly say
"For if attention you cannot pay
Within this college you need not stay."
"Farewell."

SORORITIES ALL HAVE PARTIES OVER WEEK-END

Theta Theta Chi

On Saturday, Nov. 15th, Theta Theta Chi had its first sorority party of this year. It was a gala affair, the house being decorated with pine boughs, chrysanthemums, candle light, and balloons. Ted Zaph's Orchestra furnished lively music all the evening.

The chaperones were Miss Hewitt, Miss Nelson, Mrs. Place, Mrs. Bassett, Professor and Mrs. Boraas.. Frieda Smigrod, Margaret Skinner and Ier-thel Tracy were the guests. It was a very merry occasion for everyone concerned.

Pi Alpha Pi

With George Mooney's Blue Moon Orchestra furnishing the music, Pi Alpha Pi held its fall informal at the house Saturday night. During the intermission refreshments, sandwiches and coffee were served. Miss Harris, Miss Starr, Coach McLane, Prof. and Mrs. Harder, Prof. and Mrs. Amberg, and Miss Larkin were the faculty guests.

Laura Thompson, Beryle Webber, Emily Jones, Virginia Taylor and Ruth Whitford were guests for dinner Wednesday night.

Marjorie Leach, Marjorie Olmstead and Mary Olney were guests for dinner Thursday night.

Ruth Mitchell and Janet Reamer spent the week-end in Ithaca and attended the Cornell-Dartmouth game.

Betty Swarthout came down from Buffalo for the dance.

Sigma Chi Nu

Sigma Chi Nu entertained at an informal dance at the sorority house Saturday, November 15. Decorations were effectively carried out with a color scheme of jade green and black.

The guests were Professor and Mrs. Seidlin, Professor Eva L. Ford, Professor Bond and Mrs. Santee.

Music was furnished by the Blue Bird Broadcasting Orchestra from Leroy.

Marion Wangman, class of '33, was down from Rochester for the party. Caroline Sutherland left with her family this week-end for Rochester.

Guests at the house this week-end were Mr. and Mrs. McCarthy, Mary McCarthy from Punxsutawney, Mr. and Mrs. Rengleka and Chester Ballard from Eaton.

Italy on October 15th, celebrated the 2,000th anniversary of the birth of Virgil. Celebrations were staged especially in Mantua, the town of his birth, Rome, the city of his career, and Naples, which was the burial place of the poet.

THE PROPOSED NEW \$150,000 GYMNASIUM

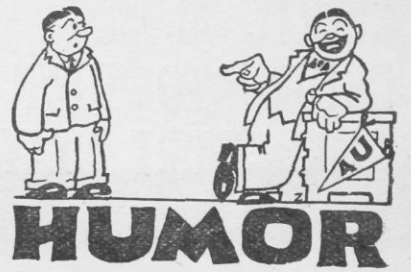

DEAN OF WOMEN TRIES TO RANK THE STUDENT MIND IN LATEST BOOK

New Brunswick, N. J.—(IP)—Writing in "Deans at Work," Miss Leah Boddie, dean of the New Jersey College for Women here asserts that college students are not at all the wild-eyed radicals they some times are pictured to be, but expresses the belief that they desire change only for the future benefit of humanity.

She believes student bodies represent the same variety of thinkers that any other groups do. Thus, she believes, the college campus has its student minds ranging all the way from the most radical to the most conservative.

Last Year there were more college students in the United States than in all the rest of the world combined. There were 1,237,000 students enrolled in colleges and universities in this country.

A FEW CHOICE ADS

LEARN TO BE A DETECTIVE MYSTERY FASCINATES

One of our students tracked the man who killed Cock Robin.

Learn to take the Bertillion measurements of a prune.

Learn to pick Yale and golden locks.

Learn to wear a badge. (We furnish silver polish free).

Famous Athletic Events

Memphis, Tenn., July 4, 1902—Mose Johnson defeated Rastus Brown in the blind alley crap shooting tournament when Brown broke an arm after the 78th pass.

Bingville, Ark., Sept. 3, 1902—Seven-day bicycle race called off after six days' racing when town officials discovered an ordinance prohibiting the running of vehicles on Sunday.

Alfred, N. Y.—New record hung up by Laura LaMachine, Alfred Co-ed, when she had a date two nights in succession. The unique part of this record is the both dates were with the same fellow.

Five Corners, N. Y.—First annual saxophone players endurance contest called off when, after the first five minutes of play, three of the contestants were shot.

Moon Phases

1st-6th New Moon—General falling of cheese prices, and the issuance of copy writes. Lots of necking on the campus.

6th-12th First Quarter—Particularly favorable for Hornell jaunts or joints. Lots of necking on the campus.

12th-18th Second Quarter—The correct phas for still operations and stag parties. Lots of necking on the campus.

18th-24th Third Quarter—The moon is getting stronger, and the period is well adapted for the distilling of alcohol. Lots of necking on the campus.

24th-31st Full Moon—Productive of Moonshine, and stimulative to Cavorting. Lots of necking everywhere.

Movable Feasts

- 1—Hot Dog Sandwiches.
- 2—Cider and Pretzels.
- 3—All Day Suckers.
- 4—Collegiate

ONE WILL ALWAYS STAND OUT

Whole-hearted,
natural, real!

EQUALLY genuine is the response of smokers to Chesterfield's satisfying goodness, its wholesome smoothness.

No one ever has to "acquire" a taste for Chesterfields. You don't have to learn to like them. Smokers take to their pleasing flavor instinctively . . . and here's why:

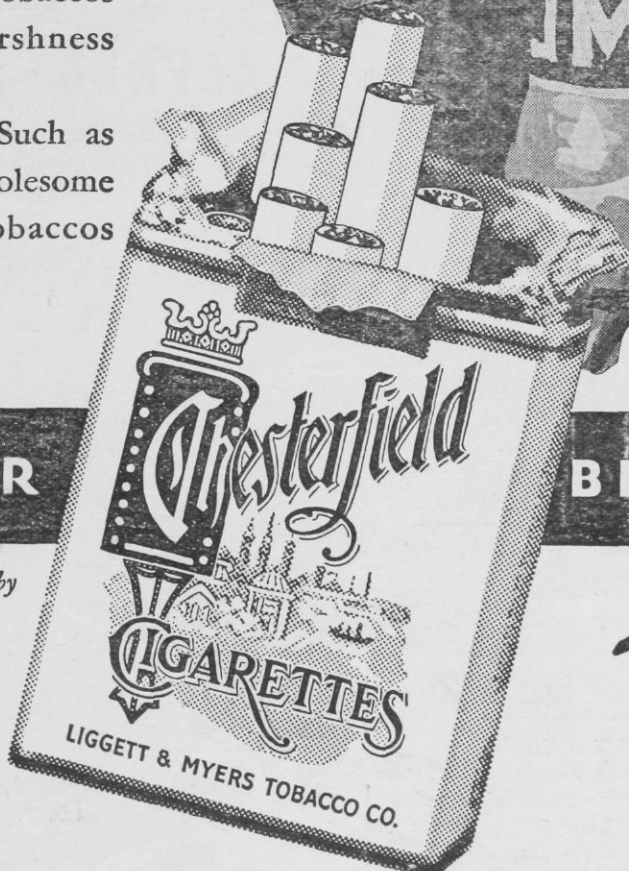

MILDNESS — the entirely natural mildness of tobaccos that are without harshness or bitterness.

BETTER TASTE — Such as only a cigarette of wholesome purity and better tobaccos can have.

for Milder

Chesterfield Cigarettes are manufactured by
LIGGETT & MYERS TOBACCO CO.

BETTER TASTE

They Satisfy

— that's Why!

SEVERAL ALUMNI RETURN TO TOWN FOR SHORT STAY

Gordon French is back in Alfred again working on some experimental work in the Ceramic School.

Mr. and Mrs. Walter Gibbs are the guests of Mr. and Mrs. Boyce of Alfred.

Mary Rogers took part in a play that was broadcasting last week from Ithaca. She is attending dramatic school there.

The Misses Lula, Adalyn and Iva Ellis, retired school teachers, and Miss Elizabeth Randolph are en route by bus to Florida for the winter.

Mrs. De Forest Truman has completed five years service as Camp Fire Guardian. She was awarded honor for that service at the Grand Council Fire of the Hornell district at Hornell High School, Saturday night.

COLLEGE HEAD WOULD ABOLISH CREDIT SYSTEM

South Bend, Ind.—(IP)—Although he admits that the system would be difficult to abolish, Rev. Dr. Charles L. O'Donnell, president of Notre Dame University here believes that the credit system is one of the outstanding evils of higher education today.

"It is an obsession on the undergraduate mind today," Dr. O'Donnell said recently. "Students are working by the credit clock. I think it is up to the faculty to create an interest in learning for the sake of learning."

The University head believes that in spite of the interest in football, 95 per cent of the students in American universities and colleges are seriously seeking an education above every thing else.

FOOTLIGHT CLUB PLANS ASSEMBLY PROGRAM

The members of the Footlight Club at present are working on "The Town Hall," a play to be presented in Assembly on November 20. It promises to be a highly entertaining program. The members of the cast are as follows:

Spencer Trett	Robert Stanton
Henry Hicks	Francis McCourt
J. Hawley Booth	James P. Morris
Imogene Montmorency	
Elizabeth Rogers	
Little Josephine	Mildred Kneerim
Mary Green	Annette Clifford

The Frosh-Soph plays are progressing satisfactorily and will be well worth seeing.

Alumni Luncheon Held In Rochester

A week ago last Saturday, there was a teacher's conference at Rochester. After the conference a luncheon was held for the Alfred professors at the West Manor Tea Room; seventeen attended, which was a much smaller number than expected.

Dr. Campbell spoke about the activities and improvements at Alfred. All those present were glad of the opportunity of meeting other alumni and hearing about their Alma Mater.

Barbers Prefer Professional Rank

Washington — (IP) — Barbers may consider their services professional if they wish, but the United States Census Bureau will not change that profession's classification as "domestic and personal service."

The barbers, in attempting to have the census officials recognize them as men with a profession, cited the fact that they now have to go to college to become good barbers.

The survey further indicated that three times as much as was spent on education was spent on tobacco, candy, soft drinks and amusements of various sorts.

ALFRED ALUMNI REPORT ACTIVE WORK IN BOSTON

By Harriette J. Mills

Significant of the much-acclaimed "Alfred's Year" is the interest of her alumni groups scattered about the country. Regardless of the fact that distance disputes the possibility of many "Home-Comings" from the number assembled in Boston, activity in that quarter has not been lacking.

Directly after the decisive victory over Hobart, several of the Boston Alfredians held an informal gathering to discuss the formation of an Alfred Alumni Association of Boston; and to indulge in the reminiscences peculiar to their species. Discarding the subject of peculiarities, however, all concurred in the hope that actual organizing would soon be accomplished and the group identified as a co-operative unit among Alfred graduates. It is of note that a number of those present attended the Yale-Alfred game to support the boys.

Among those harbored in Boston, the following are distinguishing themselves in their chosen fields:

Willard Buckley, ex-'30, has been elected President of the Sophomore class at the Medical School of Boston University, and last year stood third in the scholastic rating of his class;

Samuel Horowitz '29, rated fourth in the same class;

Bruce Daniels, '30, has been chosen president of the freshman class at the same school;

Gilbert Boyd '30, is vice president of his class at Harvard Dental School. Other Alfred spokes in the "Hub of the Universe" are:

Marian Trowbridge, ex-'29
Phyllis Clifford, ex-'30
Harriett Mills, '30
Wesley VanBuren, ex-'30
Lee B. Cottrell, '28
Henry Kaplan, ex-'30

FRESHMEN ELECT PERMANENT OFFICERS

At the last meeting of the Freshman Class the permanent class officers were elected.

Lee Harowitz who has so ably headed the class thus far as temporary president was elected president, "Ted" TenBroeck won out for vice president; Dorothy H. Eaton was elected secretary, taking the office from Dorothy B. Eaton, the temporary secretary. "Bill" Henning was elected to the office of treasurer.

The class of '34 is fast assembling in steadfastness of aim. The proposed constitution is now before the members of the class and final action will be taken on it within the near future.

HIGH SCHOOL STUDENTS SHOWN TO DISADVANTAGE AS RESULTS OF CIRCULAR

State College, Pa.—(IP)—Lack of concentration is the greatest handicap which high school students have when entering college, it was found by the Pennsylvania State College authorities in a questionnaire sent to students here.

Other difficulties which the freshmen revealed were lack of knowledge of how to study, of how to budget working time, of how to choose among the various subjects on the curriculum.

Various authorities have found that a business depression tends to increase greatly the number of students in educational institutions of every sort.

N. Y. S. A.

The death of Mr. C. H. Richfield at his home in Belmont last Wednesday night came as sad news to the N. Y. S. A. The deceased was a valuable member of the itinerant staff, and his death is deeply mourned.

The Ag School presented a play at the Grange Hall entertainment Wednesday, Oct. 5. The play was entitled "The Photographer," and was very well received.

Burdick Hall Team Gains Third Leg Of Intramural Plaque

Burdick Hall won the Dr. Russell Ferguson Cross Country Trophy by a perfect score on Wednesday afternoon, November 12th. The race was negotiated over the regular three mile "A" course. TenBroeck led the Burdick Hall runners to victory in the fast time of 15 minutes 33 seconds, closely followed by Bob Lyons and Bill Hubertus, who finished in second and third place respectively, making the perfect score of 6-15.

The Delta Sigma Phi runners finished as follows: Bob Stanton and Goetchius tied for fourth place, Spreen coming in fifth.

There was a humorous touch added to the proceedings by the antics of three of the "harriers". Appalled by the long and heavy course Jaquis, Hallock and Bianca decided to take time out and observe the proceedings from the porch of the Delta Sig Fraternity. They rested comfortably until they saw TenBroeck approaching on the homeward grind so far in the lead that they felt it would be a kind deed to finish a close finish for the benefit of the spectators. They joined in and finished with him to the surprise of the spectators who naturally thought that they had run all the way.

Burdick Hall has now won the Trophy three times and needs only one more victory to retain permanent possession of the plaque.

Summary:

- (1) TenBroeck, 15 min., 33 seconds
- (2) Bob Lyons
- (3) Hubertus
- (4) Goetchius and Stanton
- (5) Spreen
- (6) Taft

GIRLS HOCKEY TEAMS PREPARE FOR MATCHES

True it is that the football men concluded their season in an "arctic finish", but so far the weather has accommodated itself to the "poor feminine hockey players" and they plan for a successful hockey season under Miss Myer's leadership.

The managers of the teams are: Alice Thornton, Helen Dietrich and Beryl Webber.

The upperclass women have also organized a team under the management of Gladys Heard. They have been practicing nights at the field. Interclass games are to start Friday, November 21st.

FIAT LUX CALENDAR

Tonight:

University chorus in Kenyon Hall at 7:00 P. M.

Campus Court meeting in Kenyon Hall at 9:00 P. M.

Wednesday:

Sabbath choir meeting, church at 7:00 P. M.

Sunday choir meeting at Community House at 7:00 P. M.

Fiat Lux Staff meeting in the Gothic at 7:15 P. M.

University Band practice at Music Studio at 8:15 P. M.

Wee Playhouse meeting

Thursday:

Midsemester grades

Friday:

Theta Chi Faculty Tea

Saturday:

S. D. B. services in the church at 11:00 A. M.

Phi Sigma Gamma backward dance at the Field and Track House at 8 P. M.

Sunday:

Union University church services in the church at 11:00 A. M.

Christ Chapel evening prayer at the Gothic at 5:00 P. M.

Theta Chi Freshman Tea

Monday:

Frosh-Soph Plays

Middle Atlantic at Van Cortlandt Park, New York City

Infirmary Notes

Dick Regan has been convalescing here from his recent appendicitis operation. He is improving rapidly.

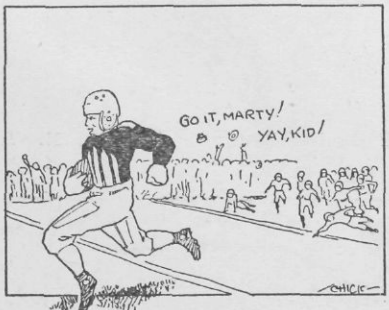

Other visitors last week were, Henrietta Burdick and James Ackerman.

SPORTS EDITOR REVIEWS RECENT GRID SCHEDULE

Opening the season with Clarkson Tech on the home field, the Saxons immediately set out to show the home fans what they might expect in future games when they trounced the up-state aggregation by a score of 27-0. Phillips went on a scoring spree and romped across the goal line three times and Murray crossed the line once more to complete the scoring.

The following week Coach Galloway took his proteges to Clinton, where they were held to a scoreless tie. It was evident that the big Purple team was not clicking and bad breaks from the officials prevented another victory. The next Saturday a highly touted Buffalo team came to Merrill Field expecting an easy victory. The Saxons avenged a 20-12 beating they took at Buffalo the previous year when they emerged on the long end of a 20-0 score. Obourn's 80 yard run for a near touchdown featured this upset.

Susquehanna, boasting an undefeated team, was the next outfit to come to Alfred and they returned to the Keystone state smarting under a 7-0 defeat. Susquehanna outplayed the locals in several departments of the game but met an impregnable defense when the Purple fought, under the shadow of their own goal.

The following week the Purple went to Canton, where the engaged St. Lawrence, also undefeated for the conference leadership. Percy, the Larries speed merchant who spelled defeat for the locals on their home field last year, had lost none of his sprinting ability and Alfred went down beneath a 21-0 score.

Traveling to Buffalo a week later in an attempt to tie for the conference lead by downing Niagara, the undefeated title holders for the past four years, the Saxons ran into another stumbling block and were taken over by the Cataract City outfit by a score of 27-0.

In the only afternoon game of the season at home the Saxons closed their conference schedule and clinched the third place by drubbing Hobart 19-0. An 88 yard run by Obourn and a 75 yard run by Gagliano, both for touchdowns, featured the last home game of the season. The locals established a record for future Alfred teams to aim at when they kept their home goal line uncrossed throughout the season.

Following the Hobart game the Saxons broke training for a few days in preparation for the season's final at New Haven with Yale. Alfred threw a scare into the ranks of Eli when they held the Blue eleven to 15 points in the first half. Yale started clicking in the second half and battered their less powerful and less numerous opponents into submission by a 66-0 score. Kickham, Perrone, Capowski, Servatius, Clarke and Brettschneider played their last game of collegiate football. Captain Staiman, McFadden, Olander and Bryant, seniors, were unable to play because of injuries. The graduation of these Seniors will leave a big gap in the ranks of the Purple next year which will be hard to fill, but the start that has been made will undoubtedly serve as an impetus for another successful season next fall.

A. U. C. A.

Ray Sweetman, State Secretary of the A. U. C. A., visited Alfred last week Monday. He was entertained by President Fred Morse, who reports that Mr. Sweetman offered many helpful suggestions in reference to the A. U. C. A.

Frosh And Sophs Meet At Merrill Field In 0-0 Tie

Last Wednesday afternoon the Frosh footballers donned the mole-skins for their last appearance as an organized eleven to do battle against the Sophs for a scoreless tie game. Although neither side could force a tally, the Sophomores' weight and experience carried the ball deep into Freshman territory on two long, hard drives.

In the first half the yearlings held their traditional opponents in mid-field with both outfits fumbling at will. The Sophs, however, started a spirited onslaught in the direction of the goal only to have the half-time whistle halt their proceedings with a sure touchdown in sight.

The third quarter opened with Tarella taking the kickoff at his 10 yard line. The Frosh were forced to punt to their 45 yard line and the Sophs then proceeded to fumble their way back down the field for 21 yards in losses on the next three plays. A blocked punt then placed the first year men into a scoring position as the period ended.

An advance to the nine yard chalker saw the Soph defense tighten and a counter attack begin which lasted for the remainder of the game. With six consecutive first downs to their credit the odd-classmen then found themselves on the yard line, enveloped in darkness. A Sophomore fumble occurred at the same time that Head Linesman Lockwood called the play off-side. Referee Kickham then walked back to the point of fumble and paced off the penalty. Then with seven and one-half yards to go, the Sophs lost the ball on downs, giving the Frosh a tie for the contest.

ALPHA TAU ALPHA MAKES ARRANGEMENTS FOR SWIM

Alpha Tau Alpha, girls' honorary athletic fraternity has sponsored two special bus trips to the Hornell Y. W. C. A. during the past two weeks. Fully a score of girls made the trip for the scheduled training class in swimming.

This new arrangement gives the co-eds the privilege of a weekly swim and prepares them for counselor work in summer camps. A few of the girls plan to arrange for life saving tests in preparation for summer activities as well.

VARSITY COURT FIVE GETS UNDER WAY

At a basketball meeting called by Coach Galloway last Thursday evening at the Davis Field House, about twenty men reported to take part in a short discussion of the season's possibilities.

New changes in the rules were discussed and explained by the coach and a tentative practice schedule was arranged. Practices will probably be held on Monday and Wednesday afternoons and Tuesday and Thursday nights.

The team will open its schedule against the Alumni on December 10th, and on December 13th, will meet Brockport State Normal school. Eighteen games have been scheduled with eight of them played at home.

CAMPUS PERSONALS

Burdick Hall

James Ackerman was the guest of "Tappa Kegga Bea" organization over the week-end. Frank Cozad, president of this club, spent the week-end with his parents at Lyons, N. Y.

Beta Phi Omega

When "Cal" goes hunting, he gets exercise.

"Phil" Benza is a gentleman. He prefers blonds.

Pellone, Bagagliago and Getto were entertained at the house over the week-end.

Theta Kappa Nu

Messimer made a rather quick trip to New York this week-end.

"Sid" Leonard, "Willie" Wansor and Roger Stuart were up for the dances.

Webster went to Chapel last Wednesday.

Huffcut, Henning and "Don" Hollenbeck were away for the week-end.

Theta Theta Chi

Dinner guests, Wednesday night were Saxon Ward and Helen Dietrich.

The girls enjoyed hearing from Harriette about Boston and the Alfred Alumni there.

We hope "Hennie" will be out of the infirmary soon.

We also enjoyed the serenade, Friday night.

Beta Pi Kappa

The ceramic fraternity met at Klan Alpine Wednesday evening and after the usual procedure initiated Dr. M. J. Rice and Leverne Messimer into the fraternity.

A number of the brothers are going to give talks on ceramics before high school student bodies in the near future. A number of these lectures will be given in the high schools from which the speakers were graduated.

Kappa Psi Upsilon

Merck and Murray went to Yale with the team. Just what became of Murray is the thing that is bothering the house detective. Misel felt a calling to the sea and journeyed to Yale with Prof. Cortelyou and some of the Alfredians. Misel got back but left his baggage.

Cibella has become one of the brothers that we look forward to seeing every week-end.

The fraternity takes great pleasure in announcing the pledging of Professor Burditt.

Delta Sigma Phi

Hello, everybody, we're back in print again.

Delta Sigma Phi takes great pleasure in announcing the pledging of Lewis Obourn.

A fine time was reported by the boys attending the sorority parties.

Beware, girls, Monks, Dunbar, and Wood have gotten the picnic complex Galizio, Hughes, Warde, and Vance went to New York with the cross country team, winning the meet by coming in a week ahead of the other teams.

Several of the fellows acquired painter's colic while painting the upper and lower halls this week-end.

Klan Alpine

Brothers Roe and Razey took an overnight trip to New York last Thursday. Roe reports that Alfred was victorious except for the loss of an overcoat.

Brothers "Walt" Gibbs '27, "Rudy" Eller '30, Orval Perry '24, and "Don" Pruden '28, were week-end visitors at the house.

Nice parties, Theta Chi, Sigma Chi and Pi Alpha!

While Coe was trying to keep his birthday a secret, he was receiving congratulations on his brother's marriage. Jim maintains that he is single and wishes to remind his well-wishers again that he thought they were talking about his birthday.

Ceramic Guild

The Ceramic Guild is giving an exhibition in the display windows of the C. F. Babcock Company in Hornell, Friday, Saturday and Sunday, Nov. 21, 22 and 23. The exhibition will consist of pottery and textiles made for the Ceramic Guild.

PROFESSOR JOSEPH SEIDLIN ANNOUNCES PUBLICATION

Continued from page one.

circle, the Lemoine line, and the isodynamic points belong to a coaxial system—the Schoute coaxial system), orthogonal to the circles of Apollonius." We therefore warn the (new) reader to pay due homage to the DEFINITION and in general to adhere rather closely to the sequence laid down by the author."

More of Professor Seidlín's work can be found in "The American Mathematical Monthly." This is the official journal of the Mathematical Association of America, and it is devoted to the interests of collegiate mathematics. In Volume XXXVII Number 1, January 1930, we find on page 34 a critical review by Professor Seidlín. Here he has analyzed and described the points, good and bad, of the textbook, "General Mathematics", by C. H. Currier and E. E. Watson, published by the MacMillan Company, New York, 1929, vii & 413 pages.

As most Alfredians know, Professor Seidlín has written and published a textbook in mathematics, and as they

do not know, is about to publish a book which will be revolutionary as regards methods of teaching employed by teachers in colleges.

A WORD TO THE WISE

Every person in the United States is on the average \$2.32 poorer than he was a year ago.

??? Measurement of noted brains at Cornell University has demonstrated that women are equal mentally to men. ??? D. Y. K.

Less than eight per cent of the families of this country have normal incomes in excess of \$5,000. ??? D. Y. K.

A pessimist is one who makes difficulties of his opportunities and an optimist is one who makes opportunities difficulties. Remember that and you will get along.—Vice Admiral Mansell, R. N.

Yes, the intellectuals always have microscopes before their eyes.—Professor Albert Einstein.

A single letter on a sweater does not constitute an adequate philosophy of life.—Ernest Hatch Wilkins.
