The Last Week to Vote for Art Force 5 in National Competition!

Please consider supporting an AU program that is seeking to win a nationwide USA TODAY grant. The Art Force 5 is hoping to provide their unique outreach on a broader scale. Our mission is to promote equality and non-violence with an art therapy approach.

Here's what you need to do:

1. Follow the link below to the USA Today site and wait five seconds for the Art Force 5 entry to appear. (You do NOT need to watch our video to vote.)
2. Click vote and enter your name, birthdate, e-mail, and zip code.
3. Look for an e-mail confirmation from noreply@secondstreet.com (if you do not get it, check SPAM folder).
4. Click the link in that e-mail to finalize your vote (Save the e-mail!)
5. Please vote daily using that customized account link until noon on May 12, 2017.

Quick note from your custodial department

With the end of the semester rapidly approaching I would like to extend my deepest gratitude to our students for being cooperative and supportive of our efforts. I have received very positive feedback from many staff members concerning their interactions and experiences with you. Although I am sure many of you already know the checkout procedures set forth from Residence Life, I would like to take this opportunity to outline some basics. With your continued help and support the Custodial Department can provide a more positive experience to our summer term/new students, some arriving as early as May 19th. As you can imagine, getting all of the living quarters turned around in a short time frame is a huge undertaking. We ask that all personal belongings be removed from your dorm room and that it is cleaned. Also keep in mind that furniture should be placed back into its original state before you depart. Please let your building's custodian know if you need assistance with cleaning supplies and we will be happy to help. Additionally, I always welcome constructive criticism to guide us towards providing better service and a satisfactory experience at A.U. Please feel free to send me your opinions.

Thank you, enjoy summer! ?
Sincerely
Chad M. Hunt - Custodial Leader

Housing accommodations for students to stay late in the residence halls

In an effort to streamline the process of break closing and early arrivals, Residence Life will be utilizing a Google form to collect and share break housing needs. Please submit the linked form if you have students working in your office who will need alternate closing accommodations, i.e. they need to stay late to work Commencement. If you need to submit a request for a large number of students at a time, please email gebel@alfred.edu for the link to the google sheet to add them directly.

LINES OF MEMORIES

Re-imaging time

An outdoor site-specific installation in front of Alfred Ceramic Art Museum and a video inside.

Anja Margrethe Bache reflects in her artwork on the nature of time and the narrative telling of local history by inverting archeological excavation and creating artifacts manipulated into time axis - LINES OF MEMORIES. With the sediments of earth she hereby construct her own artistic narrative of Alfred.

Chemical Waste Removal

The spring/summer chemical waste removal will occur during May 2017. Both hazardous and non-regulated waste will be accepted.

All chemical waste must be received in your respective Central Accumulation Area (CAA) no later than Thursday, May 25, 2017. All colleges (Harder Hall, McMahon, and Myers CAAs) contact Dean Perry x 2196 or Travis Reed x 2190 for receipt of your hazardous and non-regulated chemical waste.

Completed Hazardous Waste and Non-Regulated Waste Log Forms MUST be sent to EH&S no later than Thursday, May 25th and may be mailed (117 Myers Hall), faxed to x2086, or scanned and e-mailed to: perrydr@alfred.edu. The hazardous waste packers must have this information prior to packing to obtain required approvals from the disposal facility.

All Satellite Accumulation Area labels MUST be filled-out completely with EPA# for respective college, building name, Room # or area name, start date, initials, chemical name(s) of constituents in the accumulation container with volume or weight, and waste characteristics prior to receipt in Central Accumulation. Note: Per EPA regulations you have only 72 hours from an SAA full date to transfer the container to the proper CAA. SAA containers must be capped or sealed with container lid, have clean exterior, and SAA label easily legible. If you have any questions, contact Dean Perry.

All Satellite Accumulation Areas must be empty prior to May 29th, with a notation to that effect made on your submitted May 2017 Satellite Accumulation Area Weekly Inspection sheet. Reminder: Any SAA's which collect waste during the summer and are not empty over the summer must have the weekly inspection log maintained and submitted to EH&S on a weekly basis.

Hazardous and Non-Regulated Waste Log Forms are available at <https://my.alfred.edu/ehs...> under the heading "EH&S Forms".

IEA Visiting Artist: Zorica Colic

May 8-12, 2017

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

The IEA welcomes Zorica Colic of New York, NY, as our artist in residence over the week of May 8th. Zorica, who received her MFA from the Electronic Integrated Arts program of the New York State College of Ceramics at Alfred University. Zorica's work researches how contemporary life is structured and manipulated, with particular emphasis on the implications of the biopolitical management of human life. Through various hybridized forms of display, her works explore the complex relationships between politics, art and consumer worlds, examining how our lives are regulated or defined by taste, by products, and by mass-distributed role models. The goal is to identify new ways to subvert normative mass culture in order to re-contextualize images and signs that have become inflated from over-proliferation.

During her residency Zorica intends to further develop a video project titled Well-beings. These videos bring into focus a person defragmenting into commodity through the technological virtual, while investigating themes such as subtle manipulation of human emotions and behavior amidst current conditions that are hyper-mediated, and increasingly focused on self-presentation. A face no longer functions as the site of identity but rather a terrain equally inhabited by intimacy, familiarity, strangeness, and the anxiety. For her residency, Zorica plans to extend her project into a multi-channel video installation with surround sound, presenting different "heads" or "creatures" put into a conversation.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

New Bottle/Can Recycling Machine at Alfred State College

Are you doing some spring cleaning and want to get rid of those returnables piling up in your room? Don't go all the way to Hornell to get 5 cents back for your bottles and cans, just cross the street! A bottle and can recycling machine just opened last week on Alfred State's campus! It is located on the first floor of the Student Leadership Center (the big glass building), which is open every day from 7am to midnight. Please bring only plastic bottles and metal cans (no glass), and redeem your receipts for cash within 30 days at the Alfred State Campus Bookstore located just upstairs from the machine on the second floor of the Student Leadership Center. Come check it out!
