

Glass Academy 3rd Annual Glass Pumpkin Fest Show and Sale

10/04/11

The tradition comes alive when the Glass Academy, Dearborn, MI opens its doors for the 3rd Annual Glass Pumpkin Fest Show and Sale October 15 & 16. A founding partner of the Academy is Michelle Plucinsky, AU Class of 1993. The Exciting glassblowing demonstrations take place both days so customers can commission that one of a kind glass pumpkin they have always desired or they can choose from the other unique glass pumpkins that will be for sale. Admission is free for this all ages show at the Glass Academy, www.GlassAcademy.com, located at 25331 Trowbridge in West Dearborn. "What makes this show so special is the fact that customers can watch the master craftsmen design and color the molten glass, then blow it into the desired shape and form of a pumpkin! It's completely magical", explains Michelle. "We'll have our top artists working that day creating the pumpkins so it becomes a great educational experience as well." Prices for pumpkins start at \$35 and go up to \$250 with all pumpkins crafted at the Dearborn studio. Many customers love the fact that they are made by local artists and they buy them as gifts for out of town relatives and friends showing off 'Michigan Made'. If you like to shop early and avoid the crowds, consider attending the preview party on October 13 where there will be live music, food and beverages, and trained sales staff to help you pick that perfect pumpkin for your home. Tickets cost \$50 for this preview evening. For more information about the "Glass Pumpkin Fest Show and Sale" call 313-561-4527 or visit www.GlassAcademy.com
