Artist In Residence Paloma Barhaugh-Bordas.

Date of Event: July 8 - 12, 2019

Location: The Institute for Electronic Arts

Cost: Free

Sponsored by: The Institute for Electronic Arts / NYSCA

Paloma Barhaugh-Bordas is an artist living and working in Upstate New York. Originally from Denver, Colorado, she received a BA in liberal arts from Carleton College in Northfield, MN, and an MFA in Printmaking at Rhode Island School of Design in Providence, RI. Paloma's work adapts and appropriates the vernacular of the many regions she's called home and traces the self-conscious search for cultural roots as a first-generation American.

The Institute for Electronic Art's Experimental Projects Residency is made possible by the New York State Council on the Arts with the support of Governor Andrew M. Cuomo and the New York State Legislature.

Alfred University Policy regarding Drone purchases

Did you know that the operation of drones and other small unmanned aircraft is regulated by the FAA and New York State law? As a result, Alfred University has a Drone Policy that governs the purchase of unmanned aircraft systems and their usage on campus. All requests to purchase drones must go through the purchase order process and be approved by the Drone Flight Review Committee (DFRC). A university one-card cannot be used when purchasing drones.

Should you have any questions about the policy, feel free to contact Procurement Services.
