Visiting Artist Lecture in Painting: Van Hanos

Date: Wednesday, Nov. 11

Time: 5-6 p.m.

Location: Holmes Auditorium, Harder Hall

Cost to Attend Event: free

Sponsored by Committee or Division: Division of Drawing, Painting and Photography

"Hanos' approach to painting is valued on difference; one work may be hyperreal - a historical

rendition of painting tradition - while another may be an amalgamation of styles stretching from pre-Raphaelite to the editing techniques of Photoshop. Placed in direct dialogue with each other, neither is privileged and neither is employed ironically or in parody. Hanos' range of approaches is held to the same principles that Hanos values not only in painting, but also in his view of life and the images that fill it." - Tanya Leighton Gallery. Van Hanos, Not The Way [Press Release]. (2014).
<http://www.tanyaleighton....>

Van Hanos (b. 1979) lives and works in New York City. His work has been exhibited widely in New York, including Gavin Brown's Enterprise, PPOW Gallery, Harris Lieberman and Mitchell Innes & Nash, as well as internationally at Tanya Leighton Gallery, Berlin, Galleria Pianissimo, Milan and Gallery Poulsen, Copenhagen. Hanos has had solo exhibitions at West Street Gallery, New York and Retrospective, Hudson.

His work has been written about in The New York Times, Flash Art and Artforum, among other publications. He teaches painting at Columbia University. <http://www.tanyaleighton....>

Visiting Artist Lecture: Roberley Bell

Date: Thursday, Nov. 12

Time: 5-6:30 p.m.

Location: Binns Merrill, Room 106C

Cost to Attend: Free

Sponsored by: Sculpture/Dimensional Studies, School of Art & Design, College of Ceramics

Over the past decade Roberley Bell's work has centered on the production of sculpture and site-specific public projects. Her work explores the natural world both in abstracting from and in borrowing to reveal hyper-realized fantastical landscapes.

The Other Landscapes series continues to explore the space where the artificial meets the real. Her sculptures reconsider or interrogate what is real against what is not, to the point where even nature itself is uncertain. It is her intent to employ our imagination and our senses even with the artifice, while her prints and book works are an extension of the themes explored in the large-scale installations.

Roberley Bell spent her childhood in Latin America and Southeast Asia before returning to the United States to attend the University of Massachusetts and Alfred University where she holds an MFA.

Bell is the recipient of many grants and fellowships including the New York Foundation for the Arts, a Pollock Krasner Fellowship, a summer Fulbright to the Netherlands and a 2010 Senior Scholar Fulbright to Turkey. In 2012 she received Fellowships from the Turkish Cultural Foundation and Dave Bowen Projects.

Bell has received several residency awards both nationally and internationally, including a residency to the Stadt Kunstlerhaus in Salzburg Austria and a Studio fellowship from the international Studio Program in New York.

Bell's work has been exhibited in one person and group exhibitions, nationally and internationally including, many art fairs. Bell has completed public projects in Cambridge; Pittsburgh; Chicago; Baltimore; New York; Kaliningrad, Russia; and Istanbul, Turkey. She lives in a rural community in Upstate New York and teaches in the School of Photography at Rochester Institute of Technology.
